ग. विविध ।

सञ्चालक समितिको आज्ञाले,
कम्पनी सचिव

साधारण सभा सम्बन्धी थप संक्षिप्त जानकारी:

१. यस एक्काईसौं वार्षिक साधारण सभा तथा बोनश शेयर तथा नगद लाभांश प्रयोजनको लागि बैंकको शेयरधनी दर्ता पुस्तिका मिति २०७८/०७/०८ गते एक दिन बन्द रहनेछ । शेयरधनी दर्ता पुस्तिका बन्द भएको मिति २०७८/०७/०८ भन्दा अघिल्लो दिनसम्म नेपाल स्टक एक्सचेन्ज लि.बाट कारोवार भएको शेयरधनीहरुले मात्र साधारण सभामा भाग लिन, मतदान गर्न र बोनश शेयर तथा नगद लाभांश प्राप्त गर्न सक्ने व्यहोरा यसै सूचनाद्वारा जानकारी गराइएको छ ।

२. विश्वव्यापि रुपमा फैलिएको कोरनाभाईरस (कोभिड-१९) को महामारी रोकथाम तथा नियन्त्रणको लागि नेपाल सरकारबाट जारी गरिएका स्वास्थ्य सम्वन्धी निर्देशन एवं मापदण्डहरुको सम्मान एव परिपालना गर्दै अनलाईन (भर्च्युअल) (Zoom) माध्यमबाट सभामा सहभागि हुने, आफ्नो मन्तव्य राख्ने तथा मतदान गर्न सक्ने व्यवस्था समेत मिलाईएको हुँदा कोरानाभाईरस (कोभिड-१९) को संक्रमणबाट बच्न र बचाउन अनलाईन (भर्च्युअल) (Zoom) माध्यमबाट सभामा सहभागि भई दिनु हुन शेयरधनी महानुभावहरुमा विशेष अनुरोध छ ।

३. अनलाईन (भर्च्युअल) (Zoom) माध्यमबाट सभामा सहभागि हुने, आफ्नो मन्तव्य राख्ने तथा मतदान गर्न शेयरधनी महानुभावहरुले सभा हुन भन्दा कम्तिमा ४८ घण्टा अगावै आफ्नो परिचयपत्र सहित बैंकले जारी गरेको शेयर प्रमाणपत्र/डिम्याट खाता खोलिएको प्रमाणको स्क्यानकपि समावेश गरी ईमेल ठेगाना kumari.agm@kumaribank.com वा मोवाईल नं. ९८५११३५९१२ वा ९८५१०७८८८८ मा Viber वा ३२००१ मा AGM टाईप गरी SMS पठाउनु पर्नेछ । यसरी प्राप्त भएको ईमेल वा Viber वा SMS मार्फत अनलाईन (भर्च्युअल) (Zoom) माध्यमबाट सभामा सहभागि हुनको लागि Meeting ID र Password उपलब्ध गराईनेछ । सभामा आफ्नो राय मन्तव्य दिन चाहने शेयरधनीहरुले माथि उल्लेखित ईमेल मार्फत दिन सक्ने व्यवस्था मिलाईएको छ ।

४. सभामा भाग लिन वा मतदान गर्नको लागि प्रतिनिधि (प्रोक्सी) नियुक्त गर्न चाहने शेयरधनीहरुले सो सम्वन्धी निवेदन सभा शुरु हुनु भन्दा ७२ घण्टा पहिले अर्थात २०७८/०७/१४ गते विहान ११:३० बजे भित्र बैंकको रजिष्टर्ड कार्यालय, टंङ्गालमा दर्ता गराई सक्नु पर्नेछ । यसरी प्रतिनिधि (प्रोक्सी) नियुक्त गरिएका व्यक्ति बैंकको शेयरधनी हुनु आवश्यक छ ।

५. प्रतिनिधि (प्रोक्सि) नियुक्त गरिसकनु भएका शेयरधनी आफै सभामा उपस्थित भई हाजिरी किताबमा दस्तखत गर्नु भएमा अघि दिइएको प्रोक्सि स्वतः बदर हुनेछ ।

६. एक जना शेयरधनीले एक भन्दा बढीलाई प्रतिनिधि (प्रोक्सि) मुकरर गरेमा प्रतिनिधि (प्रोक्सि) स्वतः बदर हुनेछ तर प्रतिनिधि (प्रोक्सि) दिने शेयरधनीले आफुले अघि दिएको प्रतिनिधि बदर गरेको व्यहोरा स्पष्ट उल्लेख गरी छुट्टै निवेदन दिई अर्को शेयरधनीलाई प्रतिनिधि नियुक्त गरेमा त्यसरी नियुक्त प्रतिनिधिले सभामा भाग लिन र मतदान गर्न पाउनेछ । यस्तो अवस्थामा अघिल्लो प्रतिनिधि स्वतः बदर भएको मानिनेछ ।

७. छलफलको विविध विषय अन्तर्गत प्रश्न गर्न चाहने शेयरधनी महानुभावहरुले आफुले प्रश्न गर्न चाहेको विषयबारे सभा हुनु भन्दा ७ (सात) दिन अगावै कम्पनीको रजिष्टर्ड कार्यालय, टंगालमा लिखित जानकारी दिनु पर्नेछ । तर सो कुरा अध्यक्षको अनुमति भएमा मात्र छलफल गरिनेछ र पारित विषय अन्तर्गत समावेश गरिने छैन ।

८. सम्पूर्ण शेयरधनी महानुभावहरुलाई शेयरधनीको लगतमा कायम रहेको सम्वन्धित ठेगानामा वार्षिक आर्थिक विवरण, सञ्चालकको प्रतिवेदन, लेखापरीक्षकको प्रतिवेदन सहितको वार्षिक प्रतिवेदन पुस्तिका पठाईने छ ।

९. सभामा भाग लिने प्रत्येक शेयरधनी महानुभावले सभा हुने स्थानमा उपस्थित भई त्यहाँ रहेको हाजिरी पुस्तिकामा दस्तखत गर्नुपर्नेछ । साधारण सभाको हाजिरी पुस्तिका बिहान १०:०० बजेदेखि खुल्ला रहनेछ ।

१०. सभामा भाग लिन ईच्छुक शेयरधनी महानुभावहरुलाई आफ्नो आधिकारिक परिचयपत्र सहित शेयरधनी नंबर वा अभौतिकीकरण गरिसकेको शेयरको हकमा BOID (हितग्राही परिचयनंबर) प्रस्तुत गर्नुहुन अनुरोध छ ।

११. संयुक्त रुपमा शेयर ग्रहण गर्ने शेयरधनीहरुको हकमा शेयरधनीको लगत कितावमा पहिले नाम उल्लेख भएको व्यक्तिले वा सर्वसम्मतिबाट आफु मध्ये नियुक्त गरिएको एक जना शेयरधनीले वा सर्वसम्मतबाट नियुक्त प्रतिनिधिले मात्र सभामा भाग लिन र मतदान गर्न पाउनेछ ।

१२. नाबालक वा भिन्न शारीरिक क्षमताका शेयरधनीको तर्फबाट संरक्षकको रुपमा नाम दर्ता भएको व्यक्तिले सभामा भाग लिन तथा प्रोक्सी नियुक्त गर्न सक्नु हुनेछ ।

१३. शेयरधनी महानुभावहरुले व्यक्त गर्नु भएका मन्तव्य तथा प्रश्नहरुको सम्वन्धमा सञ्चालक समितिका तर्फबाट सामुहिक रुपले उत्तर दिन सकिनेछ ।

पुनश्च:-साधारण सभा सम्वन्धी थप जानकारी आवश्यक भएमा बैंकको वेभसाईट www.kumaribank.com मा वा कम्पनी सचिवको कार्यालय, टंगालमा सम्पर्क राख्न सक्नु हुनेछ ।

अघिल्लो वर्षबाटै शुरुभएको विश्वव्यापी महामारी COVID 19 को असर समीक्षा अवधीमा पनि उत्तिकै रह्यो । जसका कारण समग्र आर्थिक गतिविधिहरुमा नकारात्मक असर पर्न गयो । जसको प्रत्यक्ष असर बैंकिकारण समिक्षा अवधि र आगामी वर्षमा समेत नकरात्मक असरका अनुमान नगरिएको होइन । महामारीका कारण जनमानसमा पर्न गएको असर; आर्थिक गतिविधिमा भएको अनिश्चितता र यसका असरहरु स्पष्ट देखिएको छ । नेपाल, कुनै अपवाद पक्कै होइन, जसअनुरुप नेपालको अर्थतन्त्रमा समेत धक्का पर्न जानुका साथै अर्थतन्त्र चलायामान रहन नसकेकाले त्यसको सोझो असर बैंकिग क्षेत्रमा देखिएको छ ।

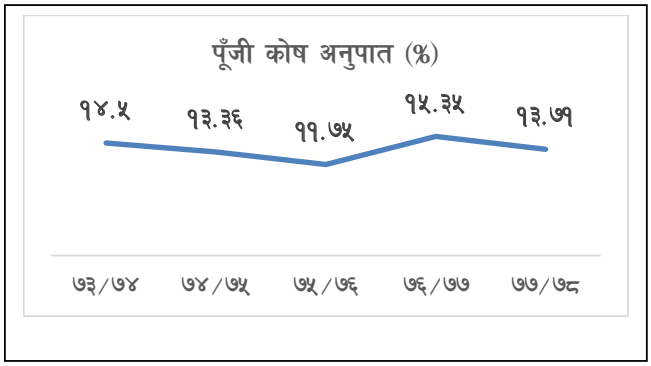

बैंकको विगतका वर्षहरुको वित्तीय परिसूचकहरु सकारात्मक, व्यवस्थित तथा प्रगति उन्मुख रहेतापनि विश्वव्यापी महामारीले निम्त्याएका असहजताका कारण समिक्षा अवधि र आगामी वर्षमा सूचकहरुमा केही नकरात्मक असर पर्न सक्ने प्रक्षेपण गरिएको छ । हालका वर्षहरुमा आएर निष्क्रिय सम्पत्तिहरू निक्कै नै व्यवस्थित भएको छ भने बैंकको व्यापार व्यवसायहरु जोखिमको उचित मूल्यांकन गर्दै सीमित दरमा वृद्धि भैरहेको छ । विश्वव्यापी नेपालको वित्तीय वजार, राजनैतिक माहोल, उद्योगधन्दा आदिको अवस्थामा अप्रत्यासित रुपमा उतार चढाव आइरहने भएकाले हामीले संधै नै हाम्रो व्यापार व्यवसायमा सन्तुलित तथा दिगो वृद्धि गर्नु पर्छ भन्ने अवधाराणा बनाउँदै आएका छौं ।

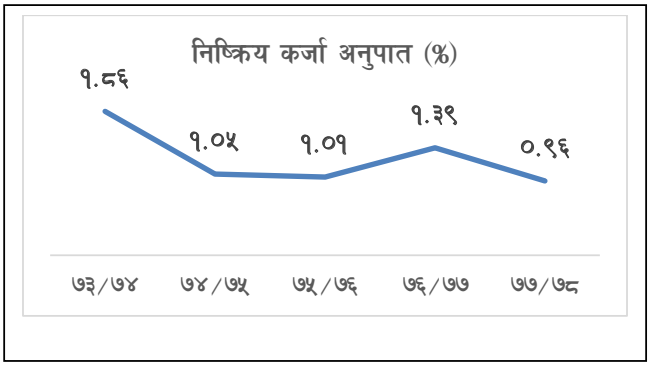

आर्थिक वर्ष २०७६/७७ मा बैंकले देव बिकास बैंकलाई प्राप्ती (अक्विजिसन) गरी अषाढ २८,२०७७ देखि संयुक्त कारोबार सञ्चालन गरेको थियो । जसको कारण अघिल्लो आ. व. मा बैंकको समग्र वृद्धि उल्लेखनीय देखिएको थियो । आ. व. २०७६/७७ को तुलनामा आ.व. २०७७/७८ मा कर्जा, निक्षेप तथा लगानी क्रमशः २४.८७ प्रतिशत, २६.५३ प्रतिशत र ३०.६४ प्रतिशतले वृद्धि भई रु. १४३ अर्ब ७७ करोड, १५७ अर्ब १७ करोड र २३ अर्ब ७ करोड पुग्न गएको छ । यसैगरी खुद ब्याज आम्दानी ४२.१ प्रतिशतले वृद्धि भई रु. ५ अर्ब ०७ करोड पुगेको छ भने अन्य आम्दानी ८१.५१ प्रतिशतले वृद्धि भई रु. १ अर्ब ६३ करोड पुगेको छ । यसैगरि, संचालन खर्च कुल ३९.३९ प्रतिशतले वृद्धि भई रु. ३ अर्ब १९ करोड हुन पुगेको छ । आ.व. २०७७/७८ मा कर्जा नोक्सानी व्यवस्था अघिको संचालन मुनाफा ६३.३४ प्रतिशतले बृद्धि भई रु. ३ अर्ब ८१ करोड हुन पुगेको छ । यद्यपी, विश्वव्यापी महामारी COVID 19 ले ऋणीका वित्तीय स्थितिमा पर्न गएको नकरात्मक असरका साथै आ. व. २०७७/७८ मा ऋणीलाई विशेष कर्जा सांवा तथा ब्याज भुक्तानमा सहुलियत तथा सहजीकरण गरिएका र नेपाल राष्ट्र बैंकले असल कर्जामा थप ०.३० प्रतिशत कर्जा नोक्सानी व्यवस्था कायम गर्नुपर्ने कारणले आ. व. २०७६/७७ मा रु. १ अर्ब १५ करोड रहेको खुद मुनाफा आ.व. २०७७/७८ मा ७०.११ प्रतिशतले मात्र वृद्धि भई रु.१ अर्ब ९७ करोड हुन गएको छ ।

(२) अन्तर्राष्ट्रिय र राष्ट्रिय अर्थतन्त्रको पुनरावलोकन :

आर्थिक मन्दिका कारण शिथिल तथा स्थिर रहेको विश्व अर्थतन्त्र पछिल्ला वर्षहरुमा क्रमशः सुधारोन्मुख एवम् गतिशिल हुँदै गएकोमा सन् २०२० को शुरु देखि वैश्विक रुपमा फैलिएको कोरोना १९ को महामारीले विश्वभर मानवीय संकटका साथै आर्थिक संकट उत्पन्न गरेको छ। एक शताब्दी पछिको अप्रत्याशित महामारीबाट २४ करोड भन्दा बढी मानिस संक्रमित भएका छन् भने ४९ लाख भन्दा बढीले ज्यान गुमाएका छन्। विश्व अर्थतन्त्र सन् १९३० को दशकको महामन्दी पछिको सबैभन्दा ठूलो संकुचनमा गएको छ। विश्वले एकै पटक स्वास्थ्य संकट र आर्थिक संकट व्यहोर्नु परेका कारण गरिबी, बेरोजगारी र आय असमानता बढ्ने अनुमान छ।

नेपाल राष्ट्र बैंकको मौद्रिक नीतिका अनुसार कोभिड- १९ ले अनपेक्षित चुनौती थपेको छ। नेपालको अर्थतन्त्रमा लगातार तीन वर्षको उच्च आर्थिक वृद्धि पछि आर्थिक वर्ष २०७६/७७ मा न्यून २.०९ मात्र आर्थिक वृद्धि रहेको छ र आर्थिक वर्ष २०७७/७८ मा केहि सुधार भई ४.०१ मात्र आर्थिक वृद्धि बिस्तार हुने अनुमान गरिएको छ। मुद्रास्फीति लक्षित सीमाभित्रै रहेको छ भने निर्यातमा उच्चतम वृद्धि भएका कारण व्यापार घाटा तथा चालु खाता घाटामा बढ्न गएको छ। शोधनान्तर बचत उल्लेख्य रुपमा संकुचित हुन पुगेको छ। निक्षेप परिचालनको तुलनामा कर्जा विस्तार बढी रहेको छ। वित्तीय पहुँच उल्लेख्य विस्तार भएको र वित्तीय कारोबारमा विद्युतीय भुक्तानीको प्रयोग बढ्दै गइरहेको छ। वित्तीय विस्तारसँगै आधुनिक भुक्तानी प्रणालीका लागि पूर्वाधार विकासको काम अगाडि बढेको छ। मोबाइल बैंकिङ्गको प्रयोग बढेका कारण कोभिड- १९ को नियन्त्रण गर्न भएको बन्दाबन्दीको समयमा समेत बैंकिङ्ग कारोबार सहज भएको छ। कोभिड-१९ का कारण विश्वभर नै श्रम बजार र विप्रेषण आप्रवाह प्रभावित हुने अनुमान छ। प्रमुख श्रम गन्तव्य मुलुकहरु आर्थिक संकुचनमा गएसँगै विप्रेषण आप्रवाहमा कमी आएमा सो को असर बैंकिङ्ग क्षेत्रको साधन परिचालन, वाह्य क्षेत्र सन्तुलन तथा गरिबी निवारणमा पर्ने देखिएको छ। आर्थिक गतिविधिलाई चलायमान बनाउन कोभिड-१९ बाट प्रभावित क्षेत्रको कर्जा व्यवस्थापन र नेपाल राष्ट्र

बैंक पहुँचमा सहजीकरण गर्नुपर्ने र वित्तीय साधनलाई उद्यमशीलता विकास, उत्पादन अभिवृद्धि र रोजगारी सिर्जना गर्नेतर्फ प्रोत्साहित गर्नुपर्ने भएको छ ।

कोभिड-१९ संक्रमण नियन्त्रण तथा रोकथामका लागि विश्वव्यापी रुपमा अवलम्बन गरिएका उपायहरुबाट उत्पादन देखि आपूर्तिसम्मका श्रृंखला अवरुद्ध भई विश्व अर्थतन्त्र संकुचनमा गएको छ । सन् २०२० मा विश्व अर्थतन्त्र ३.३ प्रतिशतले संकुचन भएको विश्व अर्थतन्त्र सन् २०२१ मा ६.०० प्रतिशतले बिस्तार हुने अन्तर्राष्ट्रिय मुद्रा कोषको अनुमान छ । सन् २०१९ मा विश्व अर्थतन्त्र २.८ प्रतिशतले बिस्तार भएको थियो ।

सन् २०२० मा ४.६ प्रतिशतले संकुचन भएको विकसित मुलुकहरूको अर्थतन्त्र सन् २०२१ मा ५.६ प्रतिशतले बिस्तार हुने प्रक्षेपण रहेको छ । त्यसैगरी, सन् २०२० मा २.१ प्रतिशतले संकुचन हुने अनुमान रहेको उदीयमान तथा विकासशील अर्थतन्त्र सन् २०२१ मा ६.३ प्रतिशतले बिस्तार हुने प्रक्षेपण छ । सन् २०१९ मा विकसित अर्थतन्त्र र उदीयमान तथा विकासशील अर्थतन्त्रको वृद्धिदर क्रमशः १.६ प्रतिशत र ३.७ प्रतिशत रहेको थियो ।

छमेकी मुलुकहरुमध्ये चीनको अर्थतन्त्र सन् २०१९ मा ६.० प्रतिशतले बिस्तार भएकोमा सन् २०२० मा २.३ प्रतिशतले वृद्धि भएको अन्तर्राष्ट्रिय मुद्रा कोषको अनुमान छ । त्यसैगरी, भारतको अर्थतन्त्र सन् २०१९ मा ४.० प्रतिशतले बिस्तार भएकोमा सन् २०२० मा ७.३ प्रतिशतले संकुचन भएको कोषको अनुमान छ । सन् २०२१ मा चीनको आर्थिक वृद्धि ८.१ प्रतिशत र भारतको ९.५ प्रतिशत रहने प्रक्षेपण छ ।

अन्तर्राष्ट्रिय मुद्रा कोषले विकसित अर्थतन्त्रहरुमा सन् २०२० को मुद्रास्फीति ०.७ प्रतिशत रहेकोमा सन् २०२१ मा २.४ प्रतिशत रहने कोषको प्रक्षेपण छ । उदीयमान तथा विकासशील मुलुकहरूको मुद्रास्फीति सन् २०२० मा ५.१ प्रतिशत रहेकोमा सन् २०२१ मा ५.४ प्रतिशत रहने प्रक्षेपण छ ।

विश्व अर्थतन्त्रमा देखिएका चुनौतीहरु सामना गर्न अधिकांश मुलुकहरुले विस्तारकारी मौद्रिक एवम् वित्त नीति अवलम्बन गरेका छन् । कोभिड-१९ संकटबाट सिर्जित अनिश्चितताका वाबजुद धेरै मुलुकहरुले आर्थिक क्रियाकलाप सहज बनाउन बन्दाबन्दी लगायतका व्यवस्थाहरु क्रमशः खुकुलो बनाउँदै लगेका छन् ।

देशको राष्ट्रिय अर्थतन्त्रमा देखिएका उल्लिखित परिदृश्यवाट बैंकको कारोवारमा समेत प्रभाव पर्ने देखिएको छ ।

कुल गार्हस्थ्य उत्पादन

(३) आर्थिक वर्ष २०७७/७८ को बैंकको कार्यसम्पादन समीक्षा तथा भविष्यमा गर्नुपर्ने कुराको धारणा:

समीक्षा अवधिको वित्तीय विवरणको विश्लेषण गर्दा बैंकको कारोबारमा सन्तुलित तवरबाट निरन्तर वृद्धि भईरहेको कुरा प्रष्ट देखिन्छ । यसरी कारोबारमा भएको वृद्धिको कारण बैंकको वासलातको आकार गत आ.व. को तुलनामा ३०.०१ प्रतिशतले वृद्धि भई प्रस्तुत आ.व.मा रु. १ खर्ब ८९ अर्ब ७८ करोड पुगेको छ ।

(क) **पुँजी व्यवस्थापन :** बैंकको हालको चुक्ता पुँजी रु. १३ अर्ब ८७ करोड रहेको छ । आ. व. २०७७/७८ को प्रस्तावित ६ प्रतिशतको शेयर लाभांश वापत रु. ८३ करोड समेत गरेर बैंकको चुक्ता पुँजी रु. १४ अर्ब ७१ करोड पुग्नेछ ।

(ख) **निक्षेप :** विगत आ.व.को तुलनामा समीक्षा अवधिमा निक्षेप २६.५३ प्रतिशतले वृद्धि भई २०७८ आषाढ मसान्तमा कुल निक्षेप रु.१५७ अर्ब १७ करोड पुग्न गएको छ ।

तालिका-२, बैंकको निक्षेपको तुलनात्मक स्थिति: रकम रु.दशलाखमा

निक्षेप	आ.व. ०७७/७८	कुल निक्षेपको प्रतिशत (%)	आ.व. ०७६/७७	कुल निक्षेपको प्रतिशत (%)	वृद्धि रकम	वृद्धि %

(ग) **कर्जा, सापट तथा अधिविकर्ष :** आ.व. २०७६/७७ को अन्त्यमा यस बैंकको कुल कर्जा रु. ११५ अर्ब १३ करोड रहेकोमा समीक्षा वर्षको अन्त्यमा २४.८७ प्रतिशतले वृद्धि भई रु. १४३ अर्ब ७७ करोड पुगेको छ । बैंकले आफ्नो कर्जा तथा सापटीलाई विविधिकरण गर्दै व्यक्तिगत कर्जा, शिक्षा कर्जा, साना तथा मझौला व्यवसाय कर्जा, कृषि तथा उत्पादनशील कर्जा, विपन्न वर्ग कर्जा, संस्थागत कर्जा तथा विकास परियोजना क्षेत्रमा कर्जा प्रदान गर्दै आएको छ । समीक्षा अवधिमा बैंकको कुल कर्जामा निष्क्रिय कर्जाको अनुपात ०.९६ प्रतिशत रहेको छ । समीक्षा वर्षमा कर्जा लगानीमा उल्लेख्य वृद्धि भएको र उल्लेख्य मात्रामा समस्याग्रस्त कर्जाहरुको असुली भएको भएता पनि विश्वव्यापी महामारी COVID 19 ले ऋणीका वित्त स्थितिमा पर्न गएका नकरात्मक असरका साथै आ ब २०७७/७८ ऋणीलाई विशेष कर्जा सांवा तथा ब्याज भुत्तानमा सहुलियत तथा सहजीकरण गरिएका र नेपाल राष्ट्र बैंकले असल कर्जामा थप ०.३० प्रतिशत कर्जा नोक्सानी व्यवस्था कायम गर्नुपर्ने कारणले कर्जा नोक्सानी व्यवस्था बढ्न गएको छ यद्यपी बैंकको निष्क्रिय कर्जा अनुपात बिगत वर्षको तुलनामा यस वर्ष घट्न गएको देखिन्छ । बैंकको निष्क्रिय कर्जाहरुलाई थप नियमित बनाउनका लागि बैंक निकै नै क्रियाशील रहेको कुरा यहाँहरु समक्ष जानकारी गराउँदछौं ।

(घ) **लगानी :** सन्तुलित तरलता कायम गर्दै समग्र श्रोतबाट प्रतिफल आर्जन गर्ने बैंकको उद्देश्य अनुरुप नेपाल सरकार तथा नेपाल राष्ट्र बैंकद्वारा निष्कासित जोखिम रहित सम्पत्ति (ट्रेजरी विल, विकास ऋण पत्र आदि) मा बैंकको लगानी गर्ने नीतिलाई निरन्तरता दिईएको छ । बैंकले अत्यन्त सावधानीपूर्वक स्थानीय तथा अन्तर्राष्ट्रिय मुद्रा बजारमा र विभिन्न संस्थाहरुको शेयर र ऋणपत्रहरुमा लगानी गर्दै आएको छ । नेपाल सरकारको ट्रेजरी विल्समा रु.२ अर्ब ६९ करोड तथा विकास ऋणपत्रमा रु. १८ अर्ब ६० करोडको लगानी तथा अन्य शेयरमा रु १ अर्ब ७८ करोडको लगानी सहित यस बैंकको कुल लगानी आ.व. २०७७/७८ को आषाढ मसान्तमा रु. २३ अर्ब ०७ करोड रहेको छ ।

(ङ) **मुनाफा :** समीक्षा वर्षमा बैंकको समग्र व्यापार व्यवसायमा वृद्धि संगै आम्दानीका हरेक क्षेत्रहरुमा समेत राम्रो वृद्धि भएको छ । यसका अतिरिक्त, समीक्षा वर्षमा संचालन खर्चहरुको वृद्धिलाई ३९.३८ प्रतिशत को दरमा सिमित गर्न सफल भएको छ । आ.व. २०७६/७७ को तुलनामा आ.व. २०७७/७८ मा कर्जा तथा लगानीबाट प्राप्त ब्याज आम्दानी २०.८८ प्रतिशतले वृद्धि भई रु. १२ अर्ब ७८ करोड पुग्न गएको छ भने ब्याज खर्च १०.०४ प्रतिशतले वृद्धि भई रु. ७ अर्ब ७० करोड पुगेको छ । यस प्रकार आ.व. २०७७/७८ मा बैंकको खुद ब्याज आम्दानी करिब ४२.१० प्रतिशतले वृद्धि भई रु. ५ अर्ब ०८ करोड पुगेको छ । बैंकले कर्जा, निक्षेप तथा अन्य सेवा वापत लिने फि तथा कमिसन आम्दानी आ.व. २०७७/७८ मा लगभग ५५.४१ प्रतिशतले वृद्धि भई रु. ८२ करोड पुग्न गएको छ भने विदेशी विनिमय आम्दानी (सटही र पुर्नमुल्यांकन सहीत) १८.४४ प्रतिशतले वृद्धि भई रु. ४२ करोड पुग्न गएको छ । यस प्रकार आ.व. २०७७/७८ मा बैंकको कुल संचालन आम्दानी रु. ६ अर्ब ६७ करोड पुगेको छ जुन अघिल्लो आ.व. को तुलनामा लगभग ५५.८८ प्रतिशतको वृद्धि हो । यसैगरी खर्च तर्फ हेर्ने हो भने बैंकको कर्मचारी खर्च तथा अन्य संचालन खर्च क्रमश: ४३.६८ प्रतिशत र ३२.५१ प्रतिशतले वृद्धि भई रु. २ अर्ब ०२ करोड र रु. १ अर्ब १७ करोड पुगेको छ । यस प्रकार आ.व. २०७७/७८ मा कर्जा नोक्सानी व्यवस्था अघिको बैंकको संचालन मुनाफा अघिल्लो आर्थिक वर्षको तुलनामा ६३.३४ प्रतिशतले वृद्धि भई रु. ३ अर्ब ८१ करोड पुग्न सफल भएको छ । आ.व. २०७६/७७ मा खुद मुनाफा रु. १ अर्ब १५ करोड रहेको तर विश्वव्यापी महामारी COVID 19 ले ऋणीका वित्त स्थितिमा पर्न गएका नकरात्मक असरका साथै आ ब २०७७/७८ ऋणीलाई विशेष कर्जा सांवा तथा ब्याज भुत्तानमा सहुलियत तथा सहजीकरण गरिएका र नेपाल राष्ट्र बैंकले असल कर्जामा थप ०.३० प्रतिशत कर्जा नोक्सानी व्यवस्था कायम गर्नुपर्ने कारणले यस बैंकको खुद मुनाफा आ.व. २०७७/७८ मा ७०.११ प्रतिशतले मात्र वृद्धि भई रु. १ अर्ब ९७ करोड भएको छ ।

(च) **सरकारी राजस्वमा योगदान :** बैंकले आर्थिक वर्ष २०७६/७७ मा नेपाल सरकारलाई रु. ७३ करोड संस्थागत कर तिरेकोमा समीक्षा वर्षमा रु. ८३ करोड संस्थागत कर पेश्कीको रुपमा भुक्तानी गरेको छ ।

(छ) **उत्पादन तथा सेवा** : कुमारी बैंकले आफ्ना ग्राहकहरुको आवश्यकता तथा प्रविधिमा आएको परिवर्तनलाई मध्यनजर गर्दै समय सापेक्ष आफ्ना वस्तु तथा सेवाहरुको विकाश गर्ने गरेको छ। हाल बैंकले संचालनमा ल्याएका सेवाहरु जस्तो, कुमारी परिवार सुरक्षा बचत खाता, नागरिक बचत खाता, कुमारी स्वस्थ जीवन बचत खाता, शेयर डिम्याट एकाउन्ट, ASBA प्रणाली, इन्टरनेट तथा मोबाइल बैंकिंग, प्रिपेड कार्ड, विभिन्न प्रकारका सुविधाले भरिपूर्ण विभिन्न वचत खाताहरु अत्यन्तै लोकप्रिय रहेका छन् । बैंकले कुल ३८ वटा विप्रेषण कम्पनीहरुसंग मिलेर विप्रेषण सेवा प्रदान गर्दै आएको छ जसमध्ये १४ वटा अन्तराष्ट्रिय कम्पनीहरु छन् भने २४ वटा राष्ट्रिय कम्पनीहरु रहेका छन् । बैंकका ३,५०० भन्दा बढी विप्रेषण एजेन्टहरु छन् भने १२,००० भन्दा बढी विप्रेषण पेआउट लोकेसन रहेका छन् ।

यस बैंक आफ्ना ग्राहकहरुलाई आफ्नो उत्पादन र सेवा सहज रुपमा पुऱ्याउनका लागि निरन्तर प्रयत्नशील रहेको छ। यस बैंकले आफ्ना ग्राहकहरुलाई वर्तमान प्रतिस्पर्धी बजारमा लाभ हुने तथा आवश्यकता अनुसारको सेवा प्रदान गर्दै आएको छ। स्थापना कालदेखि नै यस बैंकले विविध प्रकारका नवीनतम् एवं आधुनिक उत्पादन र सेवा प्रदान गर्दै आएको कुरा सर्वविदितै छ । बैंकले आफुले प्रदान गर्ने सेवामा आधुनिक प्रविधिको प्रयोगबाट वित्तीय बजारमा विशिष्ट स्थान बनाउन सफल भएको छ। हाम्रा Visa Electron, डलर डेबिट कार्डहरु नेपाल, भारत र संसारभरि नै VISA को संजाल मार्फत पहुँचगम्य भएका छन् ।

(ज) **शाखा विस्तार** : बैंकले यस आर्थिक वर्षमा थप १० वटा नयाँ शाखा र १ वटा एक्सटेन्सन काउन्टर संचालनमा ल्याएको छ । हाल बैंकका काठमाडौँ उपत्यका भित्र ४६ तथा बाहिर १५० गरि कुल १९६ शाखाहरु संचालनमा रहेका छन् । यसैगरी बैंकका हाल १४ वटा एक्सटेन्सन काउन्टर तथा नेपाल अधिराज्य भरि कुल १७३ वटा स्वचालित टेलर मेसिनहरु (ATM) संचालनमा रहेका छन् ।

(झ) **संस्थागत सुशासन** : संस्थागत सुशासन तथा नैतिक आचरणलाई हामीले संधै उच्च प्राथमिकतामा राखेका छौं । बहुसंख्यक शेयरधनी तथा निक्षेपकर्ताहरुको निक्षेप रकमबाट चल्ने एउटा वित्तीय संस्थामा अनुशासन तथा नैतिक आचरण अत्यावश्यक कुरा हो । संस्थागत सुशासन नै बैंकको प्रशासनिक काम कारवाहीको मार्गदर्शनको रुपमा रहेको तर्फ सचेत हुँदै सोही अनुरुप सञ्चालक समितिका काम कारवाहीहरु अगाडी बढाउने र बैंकको अन्य सबै क्रियाकलापहरुमा समेत बलियो एवं पारदर्शी संस्थागत सुशासनको विकास गर्न र सोको अनुभुती गराउन सञ्चालक समिति निरन्तर क्रियाशील रहेको छ ।

(ञ) **जोखिम व्यवस्थापन** : बैंकमा अन्तर्निहित जोखिमको पहिचान गर्ने तथा भविष्यमा हुन सक्ने जोखिमको समयमै व्यवस्थापन गर्ने उद्देश्यले एउटा छुट्टै जोखिम व्यवस्थापन उप–समिति गठन गरिएको छ ।

बैंकिङ्ग कारोबारको सिलसिलामा आएका र आउने सम्भावना भएका असंख्य जोखिमहरुको व्यवस्थापनको लागि नीति निर्देशिका समेत बनाई सोको कार्यान्वयन गरिएको छ । बैंकले आफ्नो व्यवसायमा निहित कर्जा, संचालन, बजार तथा अन्य जोखिमहरुको उचित व्यवस्थापन गर्दै आन्तरिक नियन्त्रण प्रणालीलाई अझ सुदृढ तथा प्रभावकारी बनाउने नीति लिएको छ । कर्जा व्यवस्थापन, ग्राहक पहिचान, Stress Test तथा दैनिक कारोवारसँग सम्बन्धित विभिन्न विषयहरुमा आवश्यक नीति नियम, परिपत्र तयार गरी कार्यान्वयन गर्ने व्यवस्था मिलाइएको छ ।

अ. **कर्जा जोखिम व्यवस्थापन** : कर्जासंग सम्बन्धित जोखिमको समयमै पहिचान गर्ने उद्देश्यले बैंकमा छुट्टै कर्जा जोखिम व्यवस्थापन विभाग खडा गरिएको छ । यस विभागले कर्जा प्रवाह गर्नु अघि कर्जासँग सम्बन्धित सम्पूर्ण जोखिमहरू, नियमक निकायले तोकेका मापदण्डहरु, बैंकको आन्तरिक नीति नियमहरुको पालना लगायत क्षेत्रगत तथा ऋणीको अधिकेंद्रित जोखिमको बिष्तृत अध्ययन गर्दछ । यस विभागले समसामयिक अवस्थाको अध्ययन गर्ने तथा भविष्यमा आउन सक्ने जोखिमको पूर्व अनुमान गर्ने र सोको आधारमा बैंकका आन्तरिक नीति नियमहरुलाई परिमार्जन गर्न

सिफारिस गर्ने, कर्जा पोर्टफोलियो पुनर्गठन गर्ने र जोखिमको आधारमा कर्जा, कर्जाको क्षेत्र, ऋणी आदिको श्रेणी निर्धारण गर्ने कार्य समेत गर्दछ ।

आ. **सञ्चालन जोखिम व्यवस्थापन :** बैंकिंग कारोबारमा संचालन जोखिम संधै नै बिद्यमान रहेको हुन्छ । प्रविधिको बिकाससंगै नयाँ नयाँ जोखिमहरू आउँछन, जसलाई पूर्ण रुपमा निर्मुल गर्न सकिदैन । यस्ता जोखिमहरुको उचित रुपमा व्यवस्थापन गर्नका लागि बैंकको नीति–नियम तथा आन्तरिक नियन्त्रण प्रणाली चुस्त र दुरुस्त हुनुपर्दछ । संचालन जोखिम व्यवस्थापनको लागि बैंकमा बेग्लै संचालन जोखिम व्यवस्थापन विभाग रहेको छ । यस विभागले बैंकको आन्तरिक प्रणाली, प्रक्रिया तथा जनशक्तिसँग सम्बन्धित सम्भावित जोखिमहरुको समयमै पहिचान गर्दै सोको न्यूनीकरणको लागि आवश्यक राय सुझाव र परामर्श उपलब्ध गराउँदै आएको छ । बैंकको सञ्चालन सम्बन्धी सम्पूर्ण कृयाकलापहरु निर्धारित नियम तथा स्पष्ट परिभाषित कार्यपद्धति र कार्यप्रवाहमा आधारित रहेका छन् । यसले गर्दा सञ्चालन जोखिम उचित रुपमा व्यवस्थापन भएको कुरामा हामी विश्वस्त छौं ।

इ. **तरलता जोखिम व्यस्थापन :** बिगतमा हामीले भोगेको तरलताको अप्रत्याशित उतार चडावको अवस्था र सोको कारणले बैंकको खुद ब्याज आम्दानीमा पर्न गएको असरलाई अनुभवको रुपमा लिएर तरलताको हालको र भोलिका दिनमा हुन सक्ने अवस्थाको सुक्ष्म अध्ययन गर्ने गरिएको र सोहि अनुरुप बैंकले निक्षेप संकलन, ब्याजदर निर्धारण तथा छोटो र लामो समयका लगानी सम्बन्धी रणनीतिहरु बनाउने गरेको छ । बैंकमा बिद्यमान रहेको ALCO/Pricing Committee ले यस किसिमको जोखिमको पुनरावलोकन गर्ने गर्दछ ।

ई. **बजार जोखिम व्यवस्थापन :** बजार जोखिमसँग सम्बन्धित तत्वहरु प्रति बैंक संधै चनाखो रहेको छ र त्यस्ता तत्वहरुको बैंकले नियमित रुपमा बिश्लेशण गरि सोहि अनुरुपको रणनीति बनाउने गरेको छ । विदेशी विनिमयको सटहीदर परिवर्तनबाट हुन सक्ने जोखिमलाई न्यूनीकरण गर्न बैंकले विदेशी मुद्राको अवस्थालाई नियमित अनुगमन गर्ने नीति तथा कार्यविधि बनाएको छ । यसैगरि बजारको व्याजदरलाई समेत नियमित रुपमा पुनरावलोकन गरि आवश्यक नीति नियम बनाउने व्यवस्था मिलाइएको छ । बैंकमा बिद्यमान रहेको ALCO/Pricing Committee ले यस किसिमको जोखिमको पुनरावलोकन गर्ने गर्दछ ।

(ट) **सामाजिक उत्तरदायित्व :**बैंक व्यवसायिक उद्देश्य पूर्तिको साथसाथै आफ्नो सामाजिक उत्तरदायित्व अन्तर्गत दत्तचित्त भई लागि परेको छ । जस अन्तर्गत, बैंकले मूल रुपमा ५ क्षेत्रहरुमा विशेष योगदान पुऱ्याउँदै आएको छ ।

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF KUMARI BANK LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Kumari Bank Limited ("the Bank") and its subsidiaries (the Bank and its subsidiaries together referred to as "the Group")**, which comprise the Consolidated Statement of Financial Position as at Ashad 31, 2078, (July 15, 2021), the Consolidated Statement of Profit or Loss (including Other Comprehensive Income), the Consolidated Statement of Change in Equity and the Consolidated Statement of Cash Flows for the year then ended on that date, and a summary of the significant accounting policies and other explanatory information (hereafter referred to as "the consolidated financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid the consolidated financial statements presents fairly, in all material respects, the financial position of the Group, as at Ashad 31, 2078, (July 15, 2021), and its consolidated financial performance, consolidated changes in equity, consolidated cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information, in accordance with Nepal Financial Reporting Standards with allowed carveouts and comply with Company Act, 2063 and Bank and Financial Institution Act 2073.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the group in accordance with the Handbook of The Code of Ethics for Professional Accountants issued by the Institute of Chartered Accountants of Nepal (ICAN), and we have fulfilled our other ethical responsibilities in accordance with the ICAN's Handbook of The Code of Ethics for Professional Accountants. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key audit matters: our assessment of risks of material misstatement

Key audit matters are those matters that, in our professional judgement, were of most significance in the audit of the financial statements and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. We summaries below the key audit matters, in decreasing order of audit significance, in arriving at our audit opinion above, together with our key audit procedures to address those matters and, as required for public interest entities, our results from those procedures. These matters were addressed, and our results are based on procedures undertaken, in the context of, and solely for the purpose of, our audit of the financial statements as a whole, and in forming our opinion thereon, and consequently are incidental to that opinion, and we do not provide a separate opinion on these matters.

Key audit matter	The risk	The response
Impairment of Loans and Advances to Customers and B/FIs including Interest Income on Loans & Advances recognized for Bad Loans Total loans and advances: NRs. 146,135 Million as on 15th July 2021 (NRs. 117,151 Million as on 15th July 2020) Total Impairment: NRs. 3,113 million as on 15th July 2021 (NRs. 2,638 million as on 15th July 2020:) Total Impairment Charge: NRs. 475 Million for FY 2020/21 (NRs. 461 Million for FY 2019/20:)	**Subjective Estimate** Bank's policy for the allowance for impairment of loans and advances has been described in Notes 3.4 (Impairment) Based on the application of Incurred Loss Model and the impact of COVID-19, the estimation of credit impairment on loans and advances is uncertain as it involves significant management judgement and estimation. Further, the compulsory carve-out to provide for higher of the incurred loss model or Nepal Rastra Bank's Directive also makes the assessment of impairment important. The carrying value of the loans and advances can be materially misstating if judgements made by	Our audit procedures to verify allowances for impairment of loans and advances included, amongst others, the following: **Control design, observation and operation:** We tested the operating effectiveness of key controls established by the Bank to identify loss events and for determining the extent of provisioning required against non-performing loans and advances. **Test of Controls on impairment:** The testing of controls included testing of: • controls over correct classification of non-performing loans and advances on time-based criteria; • control over statistical models used to calculate the incurred loss as prescribed under Incurred Loss Model; • controls over monitoring of loans and advances with higher risk of default; • controls over accurate computation and

Total accrued interest income is NRs. 676 Million in FY 2020/21 (NRs. 1,049 Million in FY 2019/20) out of total interest income of NRs. 12,793 Million in FY 2020/21 (NRs. 10,590 Million in FY 2019/20)	the management are inappropriate. Further, Interest income of the bank has been recognized on accrual basis as calculated by Core Banking System (CBS) and following the Interest Income Recognition Guidelines 2019 issued by Nepal Rastra Bank (NRB). Recognition of interest income on bad loans involves the judgments on calculating the net realizable value of loans and receivables. Therefore, it is considered as key audit matters. Details of procedures and impact has been disclosed in Notes 3.13 (Interest income)	recording of provisions; and • controls over the governance and approval process related to provisions, including continuous reassessment by the management. **Substantive Procedures:** We selected a sample of loan accounts and performed the following substantive procedures: • checked repayments of loan installments and tested classification of non-performing loans based on the number of days overdue. • evaluated the management's assessment for classification of customer's loan facilities as performing or non-performing based on review of repayment pattern, inspection of credit documentation and through discussions with the management. • Assessment of control over mortgagee value of loans and advances. **Independent re-performance:** We independently recalculated the Probabilities of Default (PD); Loss Given Default (LGD) and exposure at Default (EAD) for a sample of exposures, and compared the results with management's calculations. **Our results:** We considered the impairment charge on loans and advances and interest recognition to be acceptable.
Information Technology (IT)	**Control Performance** The Bank's key financial accounting and reporting processes are highly dependent on the automated controls over the Bank's IT systems. There is a risk that gaps in the change management, segregation of duties or user access management controls (in relation to key financial accounting and reporting systems) may undermine our ability to place some reliance thereon in our audit.	Our procedure included: **User access management and control:** We tested the design, operation and effectiveness of control over granting, removal and appropriateness of access rights on the accounting and reporting system of the bank. **Change management control operation:** Obtained and inspected the change management policies and, for a sample of changes in inputs and control functions on the systems, has been reviewed to confirm that changes had been performed in line with approved decisions. **Segregation of duties:** Tested a sample of the automated controls that are designed to enforce appropriate segregation of duties. **Test of outputs:** We have tested a sample of outputs particularly interest income and expenses on loans and advances of the system through manual calculations. **Findings of IT Audit:** We have reviewed the IT Audit findings performed by the independent IT auditor and the actions undertaken by the bank. **Our results:** We considered the change managements, segregation of duties controls and outputs in relation to financial accounting and reporting systems to be acceptable.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Bank's Management is responsible for the preparation of the other information. The other information comprises the information included in the Management report, Report of the Board of Directors and Chairman's statement but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial Statements in accordance with Nepal Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud and error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion in the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Based on our examination, we would like to further report that:

i. We have obtained all the information and explanations, which were considered necessary for the purpose for our audit.
ii. The Consolidated Statement of Financial Position, Off Balance Sheet Transactions, Consolidated Statement of Profit or Loss (including other Comprehensive Income), Consolidated Statement of Cash Flow and attached Schedules dealt with by this report are prepared as per procedure and format prescribed by Nepal Rastra Bank and agree with the books of account maintained by the Bank.
iii. The proper books of accounts as required by the law have been maintained by the Bank.
iv. During our examination of the books of account of the Bank, we have not come across any cases where any office holder of the Bank has acted contrary to the provisions of law or caused loss or damage to the Bank.
v. The Bank has been functioning as per the Directives of Nepal Rastra Bank.
vi. We have not come across any fraudulence in the accounts, based on our sample examination of the books, and
vii. The returns received from branches of the Bank though the statements are independently not audited were adequate for the purpose of our audit.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

The Financial Statements of Bank for the year ended 15th July, 2021 comprising Statement of Financial Position, Statement of Profit or loss and Other Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and Notes to the Financial Statements (including Significant Accounting Policies), have been prepared in accordance with Nepal Financial Reporting Standards (hereafter referred as NFRS), laid down by the Institute of Chartered Accountants of Nepal and in compliance with the requirements of all applicable laws and regulations.

The bank has applied certain carve-outs which are as described in Notes to Accounts.

2.2 Reporting Period and Approval of Financial Statements

a) Reporting Period

The Bank has prepared the financial statements in accordance with NFRS depicting financial performance for FY 2020/21 and financial position of 15th July 2021 and the comparatives of FY 2019/20.

b) Responsibility for Financial Statements

The preparation and presentation of Financial Statements including consolidated financial statements is the responsibility of the Board of Directors as per the governing provisions.

c) Approval of Financial Statements by Directors

The accompanied Financial Statements have been authorized to issue by the Board of Directors vide its resolution dated 11 Asoj 2078 and recommended for its approval by the Annual General Meeting of the shareholders.

2.3 Functional and Presentation Currency

The Financial Statements of Bank and Group are presented in Nepalese Rupees (Rs.), which is the currency of the primary economic environment in which the Bank operates. There was no change in Bank's presentation and functional currency during the year under review.

2.4 Use of Estimates, Assumptions and Judgments

The preparation of Financial Statements in conformity with Nepal Financial Reporting Standards requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ due to these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

The most significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have most significant effect in the Financial Statements are as follows:

2.4.1 Going Concern

The Directors have made an assessment of Bank's ability to continue as a going concern and satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, the Board is not aware of any material uncertainties that may provide significant doubt upon Bank's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of it. Therefore, the Financial Statements continue to be prepared on the going concern basis.

2.5 New Standards in issue but not yet effective

There has been amendment to the Standards issued by IASB and applicability of the new Standards has been notified for IFRS. But the amendments and new standards become applicable only when ASB-Nepal pronounces them. The new Standards issued but not yet effective up to the date of issuance of the financial statements are set out below. The Bank will adopt these standards when they become effective.

(i) NFRS 9- Financial Instruments

NFRS 9 states a logical principle base to classify financial assets and financial liabilities which is driven by cash flow characteristics and the business model in which an assets or liability is held. Further this standard recommends the assessment of impairment based on more timely recognition of expected credit losses and entities are required to account for expected credit losses from the initial recognition of financial instruments and it lowers the threshold for recognition of full life time expected losses by aligning financial accounting treatment with risk management activities.

NFRS 9 full-fledged has become effective from 1 July 2021 and has an effect on classification and measurement of the Bank's financial assets. IFRS 9, as issued reflects the first phase of work on replacement of IAS 39 and applies to classification and measurement of financial assets and liabilities. The bank is assessing on the impact of the changes.

(ii) Other Standards

NFRS 15 revenue from contract with customer will replace NAS 18 on Revenue and NAS 11 Construction Contracts which will be applicable from FY 2020/21. NFRS 16 on lease will replace NAS 17 on Lease. Insurance contracts are out of scope and so this Standard is not expected to have a significant impact on the Bank.

NFRS 9, NFRS 15 and NFRS 16 is expected to have some impact on the financial statement of the bank however the impact is yet to be assessed.

2.6 Discounting

When the realization of assets and settlement of obligation is for more than one year, the Bank considers the discounting of such assets and liabilities where the impact is material. Various internal and external factors have been considered for determining the discount rate to be applied to the cash flows of company.

Service fees charged by the bank on loans and advances unless immaterial or impracticable to determine reliably is to be considered for computation of Effective Interest Rate. However, bank has opted the Carve-out (optional) pronounced by Institute of Chartered Accountants of Nepal (ICAN) on 10th November 2018; as per the notice issued by ICAN regarding the extension of a year time for its implementation.

Defined Benefit Plan; that includes gratuity has been determined by considering discount rate as the average yield on government bonds issued during the period having maturity of five years or more.

2.7 Materiality and Aggregation

In compliance with Nepal Accounting Standard - NAS 01 (Presentation of Financial Statements), each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or functions too are presented separately unless they are immaterial. Financial Assets and Financial Liabilities are offset and the net amount reported in the Statement of Financial Position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the Statement of Profit or Loss unless required or permitted by an Accounting Standard.

2.8 Comparative Information

The Financial Statement of the Bank provides comparative information in respect of previous periods. The accounting policies have been consistently applied by Bank with those of the previous financial year in accordance with NAS 01 Presentation of Financial Statements, except those which had to be changed as a result of application of the new NFRS or expiry of the carve out period. Further, comparative information is reclassified wherever necessary to comply with the current presentation. The changes in comparative have been duly disclosed in 5.33 of notes.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these Financial Statements, and deviations if any have been disclosed accordingly.

3.1 Basis of Measurement

The Financial Statements of Bank have been prepared on the historical cost basis, except for the following material items in the Statement of Financial Position:

- Equity Investment other than for association are subsidiaries are measured at fair value in separate financial statement.
- Liabilities for defined benefit obligations are recognized at the present value of the defined benefit obligation less the fair value of the plan assets.
- Financial assets and financial liabilities held at amortized cost are measured using a rate that is a close approximation of effective interest rate opting the available Carve Out pronounced by Institute of Chartered Accountants of Nepal.

3.2 Basis of consolidation

a. Business Combinations and Goodwill

Business combinations are accounted for using the acquisition method as per the requirements of Nepal Financial Reporting Standard - NFRS 03 (Business Combinations). The Bank measures goodwill as the fair value of the consideration transferred including the recognized amount of any non-controlling interest in the acquiree, less the net recognized amount (generally fair value) of the identifiable assets acquired and liabilities assumed, all measured as of the acquisition date. When the excess is positive, this will result into goodwill.

b. Non-controlling interest (NCI)

Non-controlling interest (NCI), also known as minority interest, is an ownership position whereby a shareholder owns less than 50% of outstanding shares and has no control over decisions.

Since, the subsidiaries are 100% owned, there is no case of NCI for the bank.

c. Subsidiaries

Subsidiaries are entities that are controlled by the Bank. The Bank is presumed to control an investee when it is exposed or has rights to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. At each reporting date the Bank reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more elements of control mentioned above.

The Financial Statements of Subsidiaries are fully consolidated from the date on which control is transferred to the Bank and continue to be consolidated until the date when such control ceases. The Financial Statements of the Bank's Subsidiaries are prepared for the same reporting period as per the Bank, using consistent accounting policies.

The cost of acquisition of a Subsidiary is measured as the fair value of the consideration, including contingent consideration, given on the date of transfer of title. The acquired identifiable assets, liabilities are measured at their fair values at the date of acquisition. Subsequent to the initial measurement, the Bank continues to recognize the investments in Subsidiaries at cost.

When a Subsidiary is acquired or sold during the year, operating results of such Subsidiary is included from the date of acquisition or to the date of disposal.

This Subsidiary of the Bank has been incorporated in Nepal.

d. Associates

An associate is an entity over which the investor has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee without the power to control or jointly control those policies.

An associate company, in its broadest sense, is a corporation in which a parent company possesses a stake. Usually, the parent company owns only a minority stake of the corporation, as opposed to a subsidiary company, where a majority stake is owned. The accounting treatment for consolidation of associates is as per Equity method while it is shown at cost in the standalone financial statement of the bank as per NAS 27.

e. Loss of Control

When the Bank loses control over a Subsidiary, it derecognizes the assets and liabilities of the former subsidiary from the consolidated statement of financial position. The Bank recognizes any investment retained in the former subsidiary at its fair value when control is lost and subsequently accounts for it and for any amounts owed by or to the former subsidiary in accordance with relevant NFRSs. That fair value shall be regarded as the fair value on initial recognition of a financial asset in accordance with relevant NFRS or, when appropriate, the cost on initial recognition of an

investment in an associate or joint venture. The Bank recognizes the gain or loss associated with the loss of control attributable to the former controlling interest.

f. Transaction elimination on consolidation

Intra group balances and transactions, any unrealized income and expenses arising from intra group transactions, are eliminating in preparing the consolidated financial statements. Unrealized gains/losses arising from transactions with equity accounted investees are eliminated against the investments to the extent of group interest of investee.

3.3 Cash and cash equivalent

Cash and Cash Equivalents include cash in hand, balances with banks, placements with banks and money at call and at short notice with original maturity less than three months from the date of acquisition date that are subject to an insignificant risk of changes in their fair value, and are used for short term commitments.

Details of the Cash and Cash Equivalents are given in Note 4.1 to the Financial Statements.

3.4 Financial Assets and financial liabilities

a. Recognition

All financial assets and liabilities are initially recognized on the trade date, i.e. the date that Bank becomes a party to the contractual provisions of the instrument. This includes 'regular way trades. Regular way trade means purchases or sales of financial assets that required delivery of assets within the time frame generally established by regulation or convention in the market place.

The classification of financial instruments at the initial recognition depends on their purpose and characteristics and the management's intention in acquiring them.

b. Classification and Measurement

Financial Assets

All financial instruments are measured initially at their fair value plus transaction costs that are directly attributable to acquisition or issue of such financial instruments except in the case of such financial assets and liabilities at fair value through profit or loss, as per the Nepal Accounting Standard - NAS 39 (Financial Instruments: Recognition and Measurement). Transaction cost in relation to financial assets and financial liabilities at fair value through profit or loss are dealt with the Statement of Profit or Loss.

Classification and Subsequent Measurement of Financial Instruments

Classification and Subsequent Measurement of Financial Assets

At the inception, a financial asset is classified into one of the following:

a. Financial assets at fair value through profit or loss

b. Financial assets at fair value through Other Comprehensive Income

c. Financial Assets at amortized cost

The subsequent measurement of financial assets depends on their classification.

a. Financial Assets measured at amortized cost

Financial assets whose objective is to collect Contractual Cash flow and Contractual Cash flow received in specified day includes interest and principal; is classified at amortized Cost. These incudes Fixed Deposit investment, Loans and advances to customers and banks, staff loans receivable and trade receivable. These are measured at Amortized cost.

b. Financial assets held at fair value through profit or loss

Financial assets whose objective/ business model is not to collect Contractual Cash flow but to gain from movement in fair value is classified at fair value through profit or loss. These includes investment in equity shares. Gain/ loss on movement of fair value is charged to statement of profit or loss.

c. Financial assets held at fair value through OCI

In rare circumstances, Financial assets whose objective or business model is not to collect Contractual Cash flow is classified at fair value through OCI. Investment in equity which are not regularly traded are classified at fair value through OCI. The company has classified investment as disclosed in 4.8.2 as Fair value through OCI. The gain/loss on movement in fair value is charged to OCI. Its tax impact is also charged into OCI. The gain or loss on disposal of investment classified as fair value through OCI is charged to equity for earlier years while the difference between the fair value realized and the carrying amount at the year of disposal is charged to Profit or loss.

c. Measurement

a. Financial assets measured at amortized cost

Financial assets at this category are measured initially at fair value plus transaction costs and subsequently amortized using the effective interest rate method, less impairment losses if any. Such assets are reviewed at the end of each reporting period to determine whether there is objective evidence of impairment. The amortization is included in 'Interest income' in the Statement of Profit or Loss. The losses arising from impairment of such investments are recognized in the Statement of Profit or Loss.

The Amortized cost of a financial asset or liability is the amount at which the financial asset or liability is measured at initial recognition, minus principal repayments, plus or minus the cumulative amortization using the effective interest method of any difference between the initial amount recognized and the maturity amount, minus any reduction for impairment.

If evidence of impairment exists, an impairment loss is recognized in profit or loss as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the original effective interest rate.

If in a subsequent period the amount of an impairment loss recognized on a financial asset carried at amortized cost decreases and the decrease can be linked objectively to an event occurring after the write-down, the write-down is reversed through profit or loss.

Major Financial Assets classified at Amortized Cost are;

Loans and Receivables from Customers

Loans and receivables include non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than:

- Those that the Bank intends to sell immediately or in the near term and those that the Bank, upon initial recognition, designates as fair value through profit or loss
- Those that the Bank, upon initial recognition, designates as available for sale
- Those for which the Bank may not recover substantially all of its initial investment through contractual cash flows, other than because of credit deterioration.

Loans and Advances mainly represent loans and advances to customers, Banking and Financial Institutions. After initial measurement, loans and receivables are subsequently measured at amortized cost using a rate that closely approximates effective interest rate, less allowance for impairment. Within this category, loans and advances to the customers have

been recognized at amortized cost using the method that very closely approximates effective interest rate method opting the Carve Out pronounced by Institute of Chartered Accountants of Nepal (ICAN); implementation of which has been extended for a year till 2020/21 by ICAN through notice issued by regarding the implementation of EIR. The amortization is included in 'Interest Income' in the Statement of Profit or Loss. The losses arising from impairment are recognized in 'Impairment charge / reversal for loans and other losses' in the Statement of Profit or Loss.

Staff Loans measured at amortized cost

The bank has a policy to provide home loan, hire purchase loan and home loan tied up with insurance to employees at subsidized interest rate. The Bank has measured the staff loans at amortized cost. Difference of book value with amortized value of loans has been shown as deferred employee benefits.

b. Financial assets held at fair value through profit or loss

At initial recognition, the company measures a financial asset at its fair value.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category are presented in the statement of profit or loss within net gains/(losses) on financial instruments held at fair value through profit or loss in the period in which they arise.

The fair value of financial assets traded in active markets is subsequently based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs. The quoted market price used for financial assets held by the company is the closing price.

The fair value of financial assets that are not traded in an active market are determined using valuation techniques as disclosed in 5.17.

c. Financial Assets measured at fair value through OCI

After initial measurement, financial assets are subsequently measured at fair value. Unrealized gains and losses are recognized directly in equity through 'Other comprehensive income / expense' in the 'Fair value reserve'. When the investment is disposed of the cumulative gain or loss is recognized in and recycled through OCI. Where Bank holds more than one investment in the same security, they are deemed to be disposed off on a first-in-first-out basis. Dividend earned whilst holding 'Financial investments at fair value through OCI' are recognized in the Statement of Profit or Loss as 'other operating income' when the right to receive the payment has been established.

The gain/loss on movement in fair value is charged to OCI. Its tax impact is also charged into OCI. The gain or loss on disposal of investment in entirety classified as fair value through OCI is charged to equity for earlier years while the difference between the fair value realized and the carrying amount at the year of disposal is charged to Profit or loss.

Financial Liabilities

Classification and Subsequent Measurement of Financial Liabilities

At the inception, Bank determines the classification of its financial liabilities. Accordingly, financial liabilities are classified as:

a. Financial liabilities at fair value through profit or loss

b. Financial liabilities at amortized cost

Financial Liabilities at Fair Value through Profit or Loss

Financial Liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value and changes therein are recognized in profit or loss.

Financial Liabilities at Amortized Cost

Financial instruments issued by Bank that are not classified as fair value through profit or loss are classified as financial liabilities at amortized cost, where the substance of the contractual arrangement results in Bank having an obligation either to deliver cash or another financial asset to another Bank, or to exchange financial assets or financial liabilities with another Bank under conditions that are potentially unfavorable to the Bank or settling the obligation by delivering variable number of Bank's own equity instruments.

After initial recognition, such financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Amortization is included in 'Interest Expenses' in the Statement of Profit or Loss. Gains and losses are recognized in the Statement of Profit or Loss when the liabilities are derecognized.

c. De-recognition

De-recognition of Financial Assets

Bank derecognizes a financial asset (or where applicable a part of financial asset or part of a group of similar financial assets) when:

- The rights to receive cash flows from the asset have expired; or
- Bank has transferred its rights to receive cash flows from the asset or
- Bank has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either Bank has transferred substantially all the risks and rewards of the asset or it has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

De-recognition of Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability.

The difference between the carrying value of the original financial liability and the consideration paid is recognized in profit or loss.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount presented in the Statement of Financial Position when and only when Bank has a legal right to set off the recognized amounts and it intends either to settle on a net basis or to realize the asset and settle the liability simultaneously. Income and expenses are presented on a net basis only when permitted under NFRSs or for gains and losses arising from a group of similar transaction such as in trading activity.

Amortized Cost Measurement

The Amortized cost of a financial asset or liability is the amount at which the financial asset or liability is measured at initial recognition, minus principal repayments, plus or minus the cumulative amortization using the effective interest

method of any difference between the initial amount recognized and the maturity amount, minus any reduction for impairment.

Fair Value Measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of principal market, in the most advantageous market for asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1 - Valuation technique using quoted market price:** financial instruments with quoted prices for identical instruments in active markets.
- **Level 2 - Valuation technique using observable inputs:** financial instruments with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable.
- **Level 3 – Valuation technique with significant unobservable inputs:** financial instruments valued using valuation techniques where one or more significant inputs are unobservable.

Level 1

When available, the Bank measures the fair value of an instrument using quoted prices in an active market for that instrument or dealer price quotations, without any deduction for transaction costs.

A market is regarded as active if quoted prices are readily and regularly available and represent actual and regularly occurring market transactions on an arm's length basis.

Level 2

If a market for a financial instrument is not active, then the Bank establishes fair value using a valuation technique. Valuation techniques include using recent arm's length transactions between knowledgeable, willing parties (if available), reference to the current fair value of other instruments that are substantially the same, discounted cash flow analysis and option pricing models.

The chosen valuation technique makes maximum use of market inputs, relies as little as possible on estimates specific to the Group, incorporates all factors that market participants would consider in setting a price, and is consistent with accepted economic methodologies for pricing financial instruments.

Level 3

Certain financial instruments are recorded at fair value using valuation techniques in which current market transactions or observable market data are not available. Their fair value is determined using a valuation model that has been tested against prices or inputs to actual market transactions and using the Bank's best estimate of the most appropriate model assumptions.

The fair value of a demand deposit is not less than the amount payable on demand, discounted from the first date on which the amount could be required to be paid.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic

benefits by using the asset in its highest best use or by selling it to another market participant that would use the asset in its highest and best use.

The Bank recognizes transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

d. Impairment

At each reporting date, Bank assesses whether there is any objective evidence that a financial asset or group of financial assets not carried at fair value through profit or loss is impaired. A financial asset or group of financial assets is deemed to be impaired if and only if there is objective evidence of impairment as a result of one or more events, that have occurred after the initial recognition of the asset (an 'incurred loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

Objective evidence of impairment may include: indications that the borrower or a group of borrowers is experiencing significant financial difficulty; the probability that they will enter bankruptcy or other financial reorganization; default or delinquency in interest or principal payments; and where observable data indicates that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Impairment of Financial Assets carried at Amortized Cost

For financial assets carried at amortized cost, such as amounts due from banks, held to maturity investments etc., Bank first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant or collectively for financial assets that are not individually significant. In the event, Bank determines that no objective evidence of impairment exists for an individually assessed financial asset, financial assets in a group with similar credit risk characteristics are collectively assesses for impairment. However, assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognized are not included in a collective assessment of impairment.

If there is an objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the assets' carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not yet been incurred). The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognized in the income statement. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current rate closely approximates effective interest rate. If the Bank has reclassified trading assets to loans and advances, the discount rate for measuring any impairment loss is the new closely approximates effective interest rate determined at the reclassification date. The calculation of the present value of the estimated future cash flows of collateralized financial assets reflects the cash flows that may result from foreclosure less costs for obtaining and selling the collateral, whether or not foreclosure is probable.

Impairment of Financial Assets – Loans and Advances

The Bank review it's individually significant loans and advances at each statement of financial position date to assess whether an impairment loss should be recorded in the income statement. The bank has conducted objective evidence test for individual impairment through different parameters like inability to meet loan agreements, substantial drop in profits/ turnover, significant adverse cash flows, significant adverse net worth situation, problematic borrower financial position, etc. Mainly, management judgment is required in the estimation of the amount and timing of the expected future cash flows for determination of the impairment loss.

These estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the impairment allowance.

Loans and advances that have been assessed individually and found to be not impaired and all individually insignificant loans and advances are then assessed collectively, in groups of assets with similar risk characteristics, to determine whether provision should be made due to incurred loss events for which there is objective evidence, but the effects of which are not yet evident. The collective assessment takes in to account data from the loan portfolio such as levels of arrears, credit quality, portfolio size etc. and judgments based on current economic conditions.

Loans and advances have been impaired as the higher of amount derived as per the norms prescribed by Nepal Rastra Bank for loan loss provision and amount determined as per paragraph 63 of NAS 39, as per Carve-out pronounced by Institute of Chartered Accountants of Nepal on 20th September 2018.

The impairment loss on loans and advances is disclosed in Note 4.6 and 4.7 to the financial statements.

Individually Assessed Financial Assets

The criteria used to determine whether there is objective evidence of impairment include and not limited to:

- Known Cash Flow difficulties experienced by the borrowers:
- Past due contractual payments of either principal or interest;
- Breach of loan covenants or conditions;
- The probability that the borrower will enter bankruptcy or other financial reorganization; and
- A significant downgrading in credit rating by an external credit rating agency.

If there is objective evidence that an impairment loss on financial assets measured at amortized cost has been incurred, the amount of the loss is measured by discounting the expected future cash flows of a financial asset at its original effective interest rate and comparing the resultant present value with the financial asset's current carrying amount. The impairment allowances on individually significant accounts are reviewed more regularly when circumstances require. This normally encompasses re-assessment of the enforceability of any collateral held and the timing and amount of actual and anticipated receipts. Individually assessed impairment allowances are only released when there is reasonable and objective evidence of reduction in the established loss estimate. Interest on impaired assets continues to be recognized through the unwinding of the discount.

Loans together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realized or has been transferred to the Bank. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account. If a future write off is later recovered, the recovery is credited to the impairment charges for loans and other losses.

When impairment losses are determined for those financial assets where objective evidence of impairment exists, the following common factors are considered:

- Bank's aggregate exposure to the customer;
- The viability of the customer's business model and their capacity to trade successfully out of financial difficulties and generate sufficient cash flows to service debt obligations;
- The amount and timing of expected receipts and recoveries;
- The extent of other creditors 'commitments ranking ahead of, or pari-pasu with the Bank and the likelihood of other creditors continuing to support the company;
- The realizable value of security and likelihood of successful repossession;

Collectively Assessed Financial Assets

Impairment is assessed on a collective basis in two circumstances:

- To cover losses which have been incurred but have not yet been identified on loans subject to individual assessment; and
- For homogeneous groups of loans that is not considered individually significant.

Incurred but not yet identified impairment

Individually assessed financial assets for which no evidence of loss has been specifically identified on an individual basis are grouped together according to their credit risk characteristics for the purpose of calculating an estimated collective loss. This reflects impairment losses that the bank has incurred as a result of events occurring before the reporting date, which the Bank is not able to identify on an individual loan basis and that can be reliably estimated.

These losses will only be individually identified in the future. As soon as information becomes available which identifies losses on individual financial assets within the group, those financial assets are removed from the group and assessed on an individual basis for impairment.

The collective impairment allowance is determined after taking into account:

- Historical Loss Experience in portfolios of similar credit risk; and
- Management's experienced judgment as to whether current economic and credit conditions are such that the actual level of inherent losses at the reporting date is like to be greater or less than that suggested by historical experience.

Homogeneous groups of Financials Assets

Statistical methods are used to determine impairment losses on a collective basis for homogenous groups of financial assets. Losses in these groups of financial assets are recorded on an individual basis when individual financial assets are written off, at which point they are removed from the group.

Bank uses the following method to calculate historical loss experience on collective basis:

After grouping of loans on the basis of homogeneous risks, the Bank uses net flow rate method. Under this methodology the movement in the outstanding balance of customers into default categories over the periods is used to estimate the amount of financial assets that will eventually be irrecoverable, as a result of the events occurring before the reporting date which the Bank is not able to identify on an individual loan basis.

Under this methodology, loans are grouped into ranges according to the number of days in arrears and statistical analysis is used to estimate the likelihood that loans in each range will progress through the various stages of delinquency and ultimately prove irrecoverable.

Current economic conditions and portfolio risk factors are also evaluated when calculating the appropriate level of allowance required covering inherent loss. These additional macro and portfolio risk factors may include:

- Recent loan portfolio growth and product mix
- Unemployment rates
- Gross Domestic Production (GDP)Growth
- Inflation

- Interest rates
- Changes in government laws and regulations
- Property prices
- Payment status

But, the amount of provision to be created against Loans and Advances shall be higher of the following two amounts:

i) Impairment calculated as per Impairment Assessment Methodology as described above or,

ii) Loan Loss Provision calculated as per the provisions of Unified Directives issued by Nepal Rastra Bank.

Reversal of Impairment

If the amount of an impairment loss decreases in a subsequent period and the decrease can be related objectively to an event occurring after the impairment was recognized, the excess is written back by reducing the financial asset impairment allowance account accordingly. The write-back is recognized in the Statement of Profit or Loss.

Write-off of Financial Assets measured at Amortized Cost

Financial assets (and the related impairment allowance accounts) are normally written off either partially or in full, when there is no realistic prospect of recovery. Where financial assets are secured, this is generally after receipt of any proceeds from the realization of security.

Impairment of Rescheduled Loans and Advances

Where possible, the Bank seeks to restructure loans rather than to take possession of collateral. This may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms and the loan is no longer considered past due. Management continually reviews renegotiated loans to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subject to an individual impairment assessment, calculated using the loan's original effective interest rate (EIR).

Collateral Valuation

The Bank seeks to use collateral, where possible, to mitigate its risks on financial assets. The collateral comes in various forms such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. The fair value of collateral is generally assessed, at a minimum, at inception and based on the guidelines issued by the central bank (Nepal Rastra Bank). Non-financial collateral, such as real estate, is valued based on data provided by third parties such as independent valuator and audited financial statements.

Collateral Repossessed or Where Properties have Devolved to the Bank

Legally Repossessed Collateral represents Non-Financial Assets acquired by the Bank in settlement of the overdue loans. The assets are initially recognized at fair value when acquired. The Bank's policy is to determine whether a repossessed asset is best used for its internal operations or should be sold. The proceeds are used to reduce or repay the outstanding claim. The immovable property acquired by foreclosure of collateral from defaulting customers, or which has devolved on the Bank as part settlement of debt, has not been occupied for business use.

These assets are shown as Legally Repossessed Collateral under "Investment Property."

Impairment of Financial Assets – Available for Sale

For financial investments measured at fair value through OCI, Bank assesses at each reporting date whether there is objective evidence that an investment is impaired.

In the case of debt instruments, Bank assesses individually whether there is objective evidence of impairment based on the same criteria as financial assets carried at amortized cost. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortized cost and the current fair value, less any impairment loss on that investment previously recognized in the Income Statement. Future interest income is based on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. If, in a subsequent period, the fair value of a debt instrument increases and the increase can be objectively related to a credit event occurring after the impairment loss was recognized, the impairment loss is reversed through the Income Statement.

In the case of equity investments classified as fair value through OCI, the impairment is adjustment through fair value movement.

Bank writes-off certain financial investments when they are determined to be uncollectible.

3.5. Trading Assets

Financial assets such as government securities, equity etc. held for short term with an intention to trade have been classified as trading assets. Trading assets are measured at fair value with any changes in fair value being recognized in Profit or Loss.

3.6. Derivative assets and derivative liabilities

Derivative financial instruments such as forward foreign exchange contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation technique is forward pricing model which incorporates various inputs including foreign exchange spot and forward premiums.

Forward contracts are the contracts to purchase or sell a specific quantity of a financial instrument, a commodity, or a foreign currency at a specified price determined at the outset, with delivery or settlement at a specified future date. Settlement is at maturity by actual delivery of the item specified in the contract, or by a net cash settlement.

All freestanding contracts that are considered derivatives for accounting purposes are carried at fair value on the statement of financial position regardless of whether they are held for trading or non-trading purposes. Changes in fair value on derivatives held for trading are included in net gains/ (losses) from financial instruments in fair value through profit or loss on financial assets/ liabilities at fair value through profit or loss.

3.7. Property and Equipment

Recognition

Property, plant and equipment are tangible items that are held for use in the production or supply of services, for rental to others or for administrative purposes and are expected to be used during more than one period. The Bank applies the requirements of the Nepal Accounting Standard - NAS 16 (Property, Plant and Equipment) in accounting for these assets. Property, plant and equipment are recognized if it is probable that future economic benefits associated with the asset will flow to the entity and the cost of the asset can be measured reliably measured.

The freehold land and buildings of the bank are measured at cost and not reflected at fair value and no revaluation has been carried at the reporting date.

Fixed assets except land are stated at acquisition cost less accumulated depreciation. Acquisition cost includes expenditures that are directly attributable to the acquisition of the assets.

Measurement

An item of property, plant and equipment that qualifies for recognition as an asset is initially measured at its cost. Cost includes expenditure that is directly attributable to the acquisition of the asset and cost incurred subsequently to add to, replace part of an item of property, plant & equipment. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to a working condition for its intended use and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalized as part of computer equipment. When parts of an item of property or equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Assets with a value less than Rs. 10,000 are charged off as a revenue expense irrespective of its useful life in the year of purchase.

Leasehold improvements are capitalized at cost and amortized over the period of five years. The amount of amortization is charged as revenue expenses.

Cost Model

Property and equipment is stated at cost excluding the costs of day–to–day servicing, less accumulated depreciation and accumulated impairment in value. Such cost includes the cost of replacing part of the equipment when that cost is incurred, if the recognition criteria are met.

Revaluation Model

The Bank has not applied the revaluation model to the any class of freehold land and buildings or other assets. Such properties are carried at a previously recognized GAAP Amount.

However, the assets transferred from the acquisition of Deva Bikas Bank Limited is recognized at Fair Value of the assets and liabilities at the date of acquisition due to which the land transferred from Deva Bikas Bank is recognized at revalued amount which is close to fair value.

Subsequent Cost

The subsequent cost of replacing a component of an item of property, plant and equipment is recognized in the carrying amount of the item, if it is probable that the future economic benefits embodied within that part will flow to the Bank and it can be reliably measured. The cost of day to day servicing of property, plant and equipment are charged to the Statement of Profit or Loss as incurred.

De-recognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use. The gain or loss arising from de-recognition of an item of property, plant and equipment is included in the Statement of Profit or Loss when the item is derecognized. When replacement costs are recognized in the carrying amount of an item of property, plant and equipment, the remaining carrying amount of the replaced part is derecognized. Major inspection costs are capitalized. At each such capitalization, the remaining carrying amount of the previous cost of inspections is derecognized. The gain or losses arising from de-recognition of an item of property, plant and equipment is included in profit or loss when the item is derecognized.

Depreciation

Depreciation is calculated by on the basis of useful life of the asset on cost or carrying value of property, plant & equipment other than freehold land.

The depreciable amount of an item of property, plant and equipment is allocated on systematic basis over its useful life, under written down value method of depreciation except for Leasehold properties and is depreciated as follows:

Asset Category	Estimated Useful Life of Asset (Years) FY 2077/78	Estimated Useful Life of Asset (Years) FY 2076/77
Buildings	40 Years	40 Years
Vehicles	10 Years	10 Years
Office Equipment	8 Years	8 Years
Furniture & Fixtures (Metal & Wooden)	8 Years	8 Years
Computer Hardware	8 Years	8 Years
Battery	6 Years	6 Years
Leasehold Properties	5 Years	5 Years

Salvage Value is assumed to be 10% of the cost of the asset in case of asset depreciated on Diminishing Value Method.

Depreciation on newly acquired property and equipment are charged from the next month of booking. Depreciation of property and equipment ceases when it is derecognized at the time of its disposal. For the expenses allowance for tax purpose; depreciation is provided as per Income Tax Act. The differences in the calculation of depreciation as per financial and as per Income tax act is taken up for calculation of deferred tax.

Changes in Estimates

The asset's residual values, useful lives and methods of depreciation are reviewed, and adjusted if appropriate, at each financial year end.

Capital Work in Progress

These are expenses of capital nature directly incurred in the construction of buildings, major plant and machinery and system development, awaiting capitalization. Capital work-in-progress would be transferred to the relevant asset when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Capital work-in-progress is stated at cost less any accumulated impairment losses.

3.8. Intangible Assets

Recognition

An intangible asset is an identifiable non-monetary asset without physical substance, held for use in the production or supply of goods or services, for rental to others or for administrative purposes. An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the entity and the cost of the asset can be measured reliably. An intangible asset is initially measured at cost. Expenditure incurred on an intangible item that was initially recognized as an expense by the Bank in previous annual Financial Statements or interim Financial Statements are not recognized as part of the cost of an intangible asset at a later date.

Computer Software

Cost of purchased licenses and all computer software costs incurred, licensed for use by the Bank, which are not integrally related to associated hardware, which can be clearly identified, reliably measured, and it's probable that they will lead to future economic benefits, are included in the Statement of Financial Position under the category 'Intangible assets' and carried at cost less accumulated amortization and any accumulated impairment losses.

Acquired computer software licenses are capitalized on the basis of cost incurred to acquire and bring to use the specific software and are amortized over their useful life estimated as 5 years from the date of acquisition.

Subsequent Expenditure

Expenditure incurred on software is capitalized only when it is probable that this expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standard of performance and this expenditure can be measured and attributed to the asset reliably. All other expenditure is expensed as incurred.

Amortization of Intangible Assets

Intangible Assets, except for goodwill, are amortized on a straight–line basis in the Statement of Profit or Loss from the date when the asset is available for use, over the best of its useful economic life based on a pattern in which the asset's economic benefits are consumed by the bank. Amortization methods, useful lives, residual values are reviewed at each financial year end and adjusted if appropriate. The Bank assumes that there is no residual value for its intangible assets.

Asset Category	For the year ended 15th July 2021	For the year ended 15th July 2020
Computer Software	5 years	5 years

De-recognition of Intangible Assets

The carrying amount of an item of intangible asset is derecognized on disposal or when no future economic benefits are expected from its use. The gain or loss arising on de recognition of an item of intangible assets is included in the Statement of Profit or Loss when the item is derecognized.

3.9. Investment Property

Investment property is property (land or a building or part of a building or both) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation or both but not for sale in the ordinary course of business.

Measurement

Investment property is accounted for under Fair Value in the Financial Statements. In the absence of information related to market price of the properties, the amount outstanding at the time of settlement of loan has been considered as the fair value of the asset.

De-recognition

Investment properties are derecognized when they are disposed of or permanently withdrawn from use since no future economic benefits are expected. Transfers are made to and from investment property only when there is a change in use. When the use of a property changes such that it is reclassified as Property, Plant and Equipment, its fair value at the date of reclassification becomes its cost for subsequent accounting.

3.10 Income Tax

The Bank is subject to income tax and judgment is required to determine the total provision for current, deferred and other taxes due to the uncertainties that exist with respect to the interpretation of the applicable tax laws, at the time of preparation of these Financial Statements.

As per Nepal Accounting Standard- NAS 12 (Income Taxes) tax expense is the aggregate amount included in determination of profit or loss for the period in respect of current and deferred taxation. Income Tax expense is recognized in the statement of Profit or Loss, except to the extent it relates to items recognized directly in equity or other comprehensive income in which case it is recognized in equity or in other comprehensive income. The Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to tax authorities.

Current Tax

Current tax assets and liabilities consist of amounts expected to be recovered from or paid to Inland Revenue Department in respect of the current year, using the tax rates and tax laws enacted or substantively enacted on the reporting date and any adjustment to tax payable in respect of prior years.

Deferred Tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination, and at the time of transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carried forward unused tax credits and unused tax losses (if any), to the extent that it is probable that the taxable profit will be available against which the deductible temporary differences, carried forward unused tax credits and unused tax losses can be utilized except:

- Where the deferred tax asset relating to the deductible temporary differences arising from the initial recognition of an asset or liability in a transaction that is not a business combination, and at the time of transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in Subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary difference will be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is probable that sufficient profit will be available to allow the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Current and deferred tax assets and liabilities are offset only to the extent that they relate to income taxes imposed by the same taxation authority.

3.11 Deposits, debt securities issued and subordinated liabilities

Deposits, debt securities issued and subordinated liabilities are the Bank's sources of funding. Deposits include non-interest bearing deposits, saving deposits, term deposits, call deposits and margin deposits. The estimated fair value of deposits with no stated maturity period is the amount repayable on demand. The fair value of fixed interest bearing deposits is considered as the interest receivable on these deposits plus carrying amount of these deposits. The fair value of debt securities issued is also considered as the carrying amount of these debt securities issued. Sub-ordinate liabilities are liabilities subordinated, at the event of winding up, to the claims of depositors, debt securities issued and other creditors.

3.12 Provisions, Commitments and Contingencies

A provision is recognized if, as a result of a past event, the Bank has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. The amount recognized is the best estimate of the consideration required to settle the present obligation at the reporting date, taking in to account the risks and uncertainties surrounding the obligation at that date. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is determined based on the present value of those cash flows. A provision for onerous contracts is recognized when the expected benefits to be derived by the Bank from

a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured as the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

Before a provision is established, the Bank recognizes any impairment loss on the assets associated with that contract. The expense relating to any provision is presented in the Statement of Profit or Loss net off any reimbursement.

All discernible risks are accounted for in determining the amount of all known liabilities. Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefit is not probable or cannot be reliably measured. Contingent liabilities are not recognized in the Statement of Financial Position but are disclosed unless they are remote.

The Bank receives legal claims against it in the normal course of business. Management has made judgments as to the likelihood of any claim succeeding in making provisions. The time of concluding legal claims is uncertain, as is the amount of possible outflow of economic benefits.

3.13 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to Bank and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized.

Interest Income

Interest income is recognized in profit or loss for all interest-bearing instruments on an accrual basis using the method which is approximately the same with effective interest method as allowed by carve-out on NFRS. The effective interest rate is the rate that exactly discounts the expected estimated future cash payments and receipts through the expected life of the financial asset or liability. Where financial assets have been impaired, interest income continues to be recognized on the impaired value, based on the original effective interest rate.

Bank has adopted the guideline issued by Nepal Rastra bank issued on July 2019 for the recognition of Interest Income i.e. the criteria for suspension of interest income and cessation of accrued Interest which requires cessation of recognition interest income for loans which are significantly impaired i.e. bad. As on Asadh End 2078 the bank has ceased acquisition of interest amounting to NPR 217,849,182 related to bad loan which was NPR. 93,260,228 as on Asadh End 2077.

Fee and Commission Income

Fees earned for the provision of services over a period of time are accrued over the period, which include service fees and commission income. The bank has availed the option provided as per carve out of NFRS for transaction cost to be included in computing effective interest rate.

Dividend Income

Dividend income is recognized when the right to receive payment is established.

Net Trading Income

Net trading income comprises gains less losses relating to trading assets and liabilities, and includes all realized interest, dividend on financial assets held for trading and foreign exchange differences as wells as unrealized changes in fair value of trading assets and liabilities.

Net income from other financial instrument measured at fair value through Profit or Loss

Trading assets such as equity shares and mutual fund are recognized at fair value through profit or loss. No other financial instruments are designated at fair value through profit or loss. The bank has no income under the heading net income from other financial instrument at fair value through profit or loss.

3.14 Interest expense

For financial liabilities measured at amortized cost, interest expense is recognized using the EIR to the extent material and practicable. EIR is the rate that exactly discounts estimated future cash payments through the expected life of the financial liabilities or a shorter period, where appropriate, to the net carrying amount of the financial liability.

3.15 Employee Benefits

Employee benefits include:

- Short-term employee benefits such as the following, if expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related services:
  - i. Wages, salaries and social security contributions;
  - ii. Paid annual leave and paid sick leave;
  - iii. Profit sharing and bonuses, and
  - iv. Non-monetary benefits (such as medical care, housing, cars and free or subsidized goods or services) for current employees;

  Short term employee benefits are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid under short term cash bonus or profit sharing plans if the Bank has present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.
- Post-employment benefits, such as the following:
  - i. Retirement benefits (E.g.: pensions, lump sum payments on retirement); and
  - ii. Other post-employment benefits such as post-employment life insurance and post-employment medical care;
- Other long term employee benefits and
- Termination benefits

1. Post employments benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Bank makes fixed contribution into a separate Bank account (a fund) and will have no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employee benefits relating to employee services in the current and prior periods as defined in Nepal Accounting Standards – NAS 19 (Employee Benefits).

The contribution payable by the employer to a defined contribution plan in proportion to the services rendered to Bank by the employees and is recorded as an expense under 'Personnel Expense' as and when they become due. Unpaid contributions are recorded as a liability under 'Other Liabilities' in Notes 4.23.

Bank contributed 10% of the salary of each employee to the Employees' Provident Fund. The above expenses are identified as contributions to 'Defined Contribution Plans' as defined in Nepal Accounting Standards – NAS 19 (Employee Benefits).

Defined Benefit Plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Accordingly, staff gratuity has been considered as defined benefit plans as per Nepal Accounting Standards – NAS 19 (Employee Benefits).

- **Gratuity**

  An actuarial valuation is carried out every year to ascertain the full liability under gratuity.

  Bank's obligation in respect of defined benefit obligation is calculated by estimating the amount of future benefit that employees have earned for their service in the current and prior periods and discounting that benefit to determine its present value, then deducting the fair value of any plan assets to determine the net amount to be shown in the Statement of Financial Position. The value of a defined benefit asset is restricted to the present value of any economic benefits available in the form of refunds from the plan or reduction on the future contributions to the plan. In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirement that apply to any plan in Bank. An economic benefit is available to Bank if it is realizable during the life of the plan, or on settlement of the plan liabilities.

  The Gratuity recognition each year is as per the bank's employee bye laws which stipulates for recognition of gratuity provision / payment as per the latest staff basic remuneration; multiplied by the eligible number of years.

  Bank determines the interest expense on the defined benefit liability by applying the discount rate used to measure the defined benefit liability at the beginning of the annual period. The discount rate is the average yield on government bonds issued during the period having maturity dates approximating to the terms of Bank's obligations.

  The increase in gratuity liabilities attributable to the services provided by employees during the year ended 15th July, 2021 (current service cost) has been recognized in the Statement of Profit or Loss under 'Personnel Expenses' together with interest expense under the Interest Expense of bank. Bank recognizes the total actuarial gain/(loss) that arises in computing Bank's obligation in respect of gratuity in other comprehensive income during the period in which it occurs.

Other long term employee benefits

Other long term employee benefits are all employee benefits other than short term employee benefits, post-employment benefits and terminal benefits.

- **Unutilized Accumulated Leave**

  Bank's policy related to the accumulation of the leave states for accumulation of total 150 days leave (60 days' annual leave and 90 days medical leave), payable on gross salary of the staff on the date of encashment. Thus the liability of the bank is provisioned as per the latest staff remuneration for the leave accumulated, Bank's liability towards the accumulated leave is treated as short term employee benefit and additional cost resulting every year from the accumulation is charged to profit and loss account as per the definition of short term employee benefit of NAS 19.

3.16 Leases

The determination of whether an arrangement is a lease or it contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset.

Finance Lease

Agreements which transfer to counterparties substantially all the risks and rewards incidental to the ownership of assets, but not necessarily legal title, are classified as finance lease.

When Bank is the lessor under finance lease, the amounts due under the leases, after deduction of unearned interest income, are included in, 'Loans& receivables from other customers', as appropriate. Interest income receivable is recognized in 'Net interest income' over the periods of the leases so as to give a constant rate of return on the net investment in the leases.

When Bank is a lessee under finance leases, the leased assets are capitalized and included in 'Property, Plant and Equipment' and the corresponding liability to the lessor is included in 'Other liabilities'. A finance lease and its corresponding liability are recognized initially at the fair value of the asset or if lower, the present value of the minimum lease payments. Finance

charges payable are recognized in 'Interest expenses' over the period of the lease based on the interest rate implicit in the lease so as to give a constant rate of interest on the remaining balance of the liability.

Operating Lease

All other leases are classified as operating leases. When acting as lessor, Bank includes the assets subject to operating leases in 'Property, plant and equipment' and accounts for them accordingly. Impairment losses are recognized to the extent that residual values are not fully recoverable and the carrying value of the assets is thereby impaired. Lease payments under an operating lease are recognized as an expense on a straight-line basis over the lease term.

3.17 Foreign currency translation

All foreign currency transactions are translated into the functional currency, which is Nepalese Rupees, using the exchange rates (i.e. mid-rate) prevailing at the dates when the transactions were affected.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to Nepalese Rupees using the spot foreign exchange rate ruling at that date and all differences arising on non-trading activities are taken to 'Other Operating Income' in the Statement of Profit or Loss. The foreign currency gains or loss on monetary items is the difference between amortized cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortized cost in foreign currency translated at the rates of exchange prevailing at the end of the reporting period.

Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items in foreign currency measured at fair value are translated using the exchange rates at the date when the fair value was determined.

Foreign exchange differences arising on the settlement or reporting of monetary items at rates different from those which were initially recorded are dealt with in the Statement of Profit or Loss.

3.18 Financial guarantee and loan commitments

Contingent Liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefits is not probable or cannot be reliably measured as defined in the Nepal Accounting Standard- NAS 37 (Provisions, Contingent Liabilities and Contingent Assets).

To meet the financial needs of customers, the Bank enters into various irrevocable commitments and contingent liabilities. These consist of financial guarantees, letter of credit and other undrawn commitments to lend. Letters of credit, guarantees and acceptances commit the Bank to make payments on behalf of customers in the event of a specific act, generally related to the import or export of goods. They carry a similar credit risk to loans. Operating lease commitments of the Bank (as a lessor and as a lessee) and pending legal claims against the Bank to form part of commitments of the Bank. Contingent liabilities are not recognized in the Statement of Financial Position but are disclosed unless they are remote. But these contingent liabilities do contain credit risk and are therefore form part of the overall risk of the Bank.

Financial guarantees are initially recognized in the Statement of Financial Position (within 'other liabilities') at fair value, being the premium received. Subsequent to initial recognition, the Bank's liability under each guarantee is measured at the higher of the amount initially recognized less cumulative amortization recognized in the Statement of Profit or Loss, and the best estimate of expenditure required to settle any financial obligation arising as a result of the guarantee.

Any increase in the liability relating to the financial guarantees is recorded in the Statement of Profit or Loss under 'Impairment Charges for Loans & other losses'. The premium received is recognized in the Statement of Profit or Loss under 'Net fees and commission income' on a straight line basis over the life of the guarantee; except for the commission income up to Rs. 1,00,000, which is recognized as realized irrespective of the period of guarantee.

3.19 Share capital and reserves

Share capital and reserves are different classes of equity claims. Equity claims are claims on the residual interest in the assets of the entity after deducting all its liabilities. Changes in equity during the reporting period comprise income and expenses recognized in the statement of financial performance; plus, contributions from holders of equity claims, minus distributions to holders of equity claims.

3.20 Earnings per share including diluted

Bank presents basic and diluted Earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit and loss attributable to ordinary equity holders of Bank by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting both the profit and loss attributable to the ordinary equity holders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares, if any.

Earnings per share is calculated and presented in consolidated statement of profit or loss.

3.21 Segment Reporting

An operating segment is a component of an entity:

- that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity),
- whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and
- for which discrete financial information is available.

The bank has identified the key segments of business on the basis of nature of operations that assists the Executive Committee of the bank in decision making process and to allocate the resources. It will help the management to assess the performance of the business segments. The business segments identified are Banking (including loan, deposit and trade operations), Payment solutions (Cards), Remittance, and Treasury.

3.22 Employee Bonus

Employee bonus shall be calculated at the rate of 10% of Net Profit as per Bonus Act.

3.23 Dividend on Ordinary Shares

Dividend on ordinary shares are recognized as a liability and deducted from equity when they are approved by the Bank's shareholders. Dividend for the year that is approved after the reporting date is disclosed as an event after the reporting date.

3.24 Cash Flow Statement

The cash flow statement has been prepared using 'The Direct Method', whereby gross cash receipts and gross cash payments of operating activities, finance activities and investing activities have been recognized.

3.25 Comparative Figures

The comparative figures and phrases have been rearranged wherever necessary to conform to the current year's presentation. The changes in comparative figures are presented in 5.40.

5. Disclosures and Additional Information

5.1. Risk Management

5.1.1.a. Risk management framework

All of the Bank's activities involve, to varying degrees, the analysis, evaluation, acceptance and management of risks or combinations of risks. The Bank has placed high importance to identification, assessment and well thought out handling of all the prominent risk that it faces or likely to face in execution of its activities. The Bank is quite aware about the risk profile of the business and is committed to establish a strong Risk Management System in the bank. An established risk management framework ensures oversight of and accountability for the effective management of risk at Country and regional business levels. For managing risks effectively, the Bank has an independent risk management department to assess its position regarding each separate risk area including Credit Risk, Market Risk, Operational Risk, Compliance & Legal Risk and Reputation Risk. The management through Risk Management Committee (RMC) comprising 4 members, 2 of which represent BOD and one from Operating Unit and another one from Credit Risk. Risk management is an all-round practice in the bank. Every business unit and department is well informed about its activities and risks corresponding to those activities.

5.1.2.b. Risk appetite and tolerance limits for key types of risks

Risk appetite in the context of Kumari Bank Limited is defined as the level and nature of risk that the bank is willing to take for pursuing its mission on behalf of its shareholders, subject to constraints imposed by other stakeholders, such as debt holders, regulators, and customers. It provides a framework for strategic decision making for the Bank.

The Board of Directors of the bank is responsible for setting the bank's tolerance for the risks. The Bank sets out the aggregated level and risk types it accepts in order to achieve its business objectives in the Risk Management Policy of the Bank. Risk strategy of the bank shall reflect the Bank's business preferences and conduct, and shall be aligned with its risk tolerance capacity.

The Bank's actual performance is reported against approved risk profile and risk appetite, enabling senior management to monitor the risk profile and guide business activity to balance risk and return. The Bank shall state the business it wants to undertake sector wise, location wise and product wise. Accordingly, the Bank shall formulate a risk tolerance level or risk appetite.

Following steps shall be undertaken to formulate a risk appetite statement for the Bank:

Steps	Description
1. Identify & Classify Risks	• Identification of all material risks. • Classify the risks as acceptable or unacceptable risks.
2. Identify risk return matrices	• Identify risk and return measures based on benchmarking with the peers. • For example, proportion of NPL to total loans serves as a good measure to quantify risk appetite for credit risk
3. Identify peer group	• The peer group of the Bank shall comprise of bank's functioning in same or similar geographical regions, comparable size and business strategies
4. Analyze, measure and formulate risk appetite statements	• Measures chosen are scrutinized among the peers for identifying drivers and set tolerance limits for risk measures and target levels for return measures. • These risk appetite statements shall drive the business growth strategy of the Bank

The risk appetite is proposed by the management and reviewed by the board level risk management committee.

5.1.1.c. Stress testing

Stress Testing is the process where a number of statistically defined possibilities are determined based on the most damaging combination of events, and the loss they would produce. It is a valuable risk management tool which studies the impact of unlikely but not impossible stress events. A stress event is an exceptional but credible event to which a bank's portfolio is exposed. As a part of its risk measurement mechanism, Kumari Bank Ltd. puts an emphasis on evaluating where the Bank stands under stressful market conditions. It helps to provide information on the kinds of conditions under which strategies or position, the Bank would be most vulnerable and thus, strategies are devised such that such circumstance doesn't arise and/or to ensure least impact upon the Bank from such scenarios even if they do occur.

In conducting stress tests, the Bank gives special consideration to instruments or markets where concentrations exist as such positions may be more difficult to liquidate or offset in stressful situations. The Bank considers both historical market events as well as forward-looking scenarios and also considers worst case scenarios in addition to more probable events. Ad hoc scenarios are also prepared reflecting specific market conditions and for particular concentrations of risk that arise within the businesses. For example, credit shock scenario is measured in terms of deterioration of assets quality in terms of the adequacy of capital of the bank.

The stress testing methodology assumes that scope for management action would be limited during a stress event, reflecting the stress scenarios in Credit Shocks, Market Shocks, Liquidity Shock and other factors of stress scenarios in the banking sector. The Board of the bank has responsibility for reviewing stress exposures and, where management oversight, monitoring, evaluation and reporting at regular intervals. Regular stress test scenarios are applied and the report on regular basis reviewed by the Board of the bank along with discussions at Risk Management Committee (RMC).

The stress testing mechanism at KBL aims to address:

a) Concentration risk;

b) Illiquidity of markets in stressed market conditions;

c) Credit Shocks- CAR perspectives and NPL perspectives;

d) Market Interest rate risk scenarios;

e) Exchange rate and equity investment fluctuations risks; and

f) Other Risks

KBL's stress tests are both of a quantitative and qualitative nature, incorporating credit risk, market risk and liquidity risk aspects. Quantitative criteria identify plausible stress scenarios to which bank could be exposed. Qualitative criteria emphasize that two major goals of stress testing are to evaluate the capacity of the bank's capital to absorb potential large losses and to identify steps the Bank can take to reduce its risk and conserve capital. This assessment is integral to setting and evaluating the Bank's strategy and the results of stress testing are routinely communicated to RMC and the board of the bank.

The Bank carries out stress testing in three broad areas based on credit shocks, market shocks and liquidity shocks which are discussed below:

I. Credit Shocks:

The Bank subjects its portfolios to a series of simulated stress scenarios. The Bank stresses its portfolios with the shocks of the magnitude experienced elsewhere, even when the Bank has never been exposed to those in the past.

The Bank has formulated stress testing framework where various historical scenarios have been analyzes. The Bank carries out stress testing in line with the stress testing framework on a regular basis as prescribed by Stress Testing Framework or NRB guidelines issued from time to time, under Case basis or collective basis of CAR and NPL perspective along with Concentration stress risks.

II. Market Shocks:

In addition to the above credit shocks, the Bank has also developed stress tests which it identifies as most adverse based on the characteristics of its market portfolio. The interest rate risks, exchange rate risks and equity price risks are evaluated and the results are reviewed periodically.

III. Liquidity Shocks:

Stress test scenarios are continually reviewed and updated for the liquidity risk scenarios whereby, various factors as impact of continual withdrawals on case or collective basis on CAR and liquidity positions are stressed. Also, concentration risks are also evaluated and the various scenarios are developed to assess the risks possessed due to high level of deposit concentrations.

Results of stress testing

The result of stress testing is communicated to the Board of Directors and senior management on regular basis. The same is also discussed in detail in Risk Management Committee. The report of stress testing is also shared with Nepal Rastra Bank as per the requirement of Unified Directives issued by Nepal Rastra Bank.

Scenario analysis and Sensitivity Analysis

Scenario analysis and sensitivity analysis is conducted through the model developed by Bank Supervision Department, Nepal Rastra Bank. However, on need basis, the Bank also adopts other techniques and develops other scenarios on case to case basis.

5.1.2.a. Credit Risk

Credit risks are the risk associated with the probability of default of loan provided by the bank. Hence, the credit risks comprise of the highest risk exposure of the bank. Management of the credit risks largely signifies the risk management of the bank as whole.

Credit risk:

- Is measured as the amount which could be lost if a customer or counterparty fails to make repayments.
- Is monitored within limits, approved by individuals within a framework of delegated authorities. These limits represent the peak exposure or loss to which the Bank could be subjected should the customer or counterparty fail to perform its contractual obligations;
- Is managed through a robust risk control framework which outlines clear and consistent policies, principles and guidance for credit risk management.

5.1.2.b. Credit Risk Management

The Bank has its own Credit Risk Policy and Strategy to handle the Credit Risk Management philosophy that involves a continual measurement of probability of default/loss; identification of possible risks and mitigations. In order to manage and eliminate the credit risk, the Bank has a practice of maintaining the best quality assets in its book. The Bank's Credit Policy elaborates detailed procedures for proper risk management. The Bank has delegated credit approval limits to various officials to approve and sanction various amount of credit request based on their individual expertise and risk judgment capability.

As a check and balance mechanism, each credit case requires dual approval. Regular monitoring of the credit portfolio ensures that the Bank does not run the risk of concentration of portfolio in a particular business sector or a single borrower. Similarly, the Bank also exercises controlled investment policy with adequately equipped resource looking after the investment decisions. To cap these all, the Bank has strong Credit processing channels in place comprising of various Directors from the Board of the Bank which reviews all credit proposals beyond a specified amount.

5.1.2.c. Impairment assessment and credit risk mitigation

The Bank creates impairment allowances for impaired loans promptly and appropriately.

Impairment assessment methodology

a. Impairment of Financial Assets carried at Amortized Cost

The Bank first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant. When an account is classified as default or when the Bank no longer expect to recover the principle or interest due on a loan in full or in accordance with the original terms and conditions, it is assessed for impairment. If exposures are secured, the current net realizable value of the collateral will be taken into account when assessing the need for an impairment allowance. When the net present value of the collateral is sufficiently adequate to cover the outstanding facilities, impairment is not calculated for such cases.

In the event Bank determines that no objective evidence of impairment exists for an individually assessed financial asset, it includes the asset in a group of financial assets with similar credit risk characteristics such as collateral type, past due status and other relevant factors and collectively assesses them for impairment. However, assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognized are not included in a collective assessment of impairment.

Impairment is assessed on a collective basis in two circumstances:

- To cover losses which have been incurred but have not yet been identified on loans subject to individual assessment; and
- For homogeneous groups of loans those are not considered individually significant.

Incurred but not yet identified impairment

Individually assessed financial assets for which no evidence of loss has been specifically identified on an individual basis are grouped together according to their credit risk characteristics for the purpose of calculating an estimated collective loss. This reflects impairment losses that the bank has incurred as a result of events occurring before the reporting date, which the Bank is not able to identify on an individual loan basis and that can be reliably estimated.

These losses will only be individually identified in the future. As soon as information becomes available which identifies losses on individual financial assets within the group, those financial assets are removed from the group and assessed on an individual basis for impairment.

The collective impairment allowance is determined after taking into account:

- Historical Loss Experience in portfolios of similar credit risk; and
- Management's experienced judgment as to whether current economic and credit conditions are such that the actual level of inherent losses at the reporting date is like to be greater or less than that suggested by historical experience.

Homogeneous groups of Financials Assets

Statistical methods are used to determine impairment losses on a collective basis for homogenous groups of financial assets. Losses in these groups of financial assets are recorded on an individual basis when individual financial assets are written off, at which point they are removed from the group.

Bank uses the following method to calculate historical loss experience on collective basis:

After grouping of loans on the basis of homogeneous risks, the Bank uses net flow rate method. Under this methodology, the movement in the outstanding balance of customers into default categories over the periods are used to estimate the amount of financial assets that will eventually be irrecoverable, as a result of the events occurring before the reporting date which the Bank is not able to identify on an individual loan basis.

Under this methodology, loans are grouped into ranges according to the number of days in arrears and statistical analysis is used to estimate the likelihood that loans in each range will progress through the various stages of delinquency and ultimately prove irrecoverable.

Current economic conditions and portfolio risk factors are also evaluated when calculating the appropriate level of allowance required covering inherent loss. These additional macro and portfolio risk factors may include:

- Recent loan portfolio growth and product mix
- Unemployment rates
- Gross Domestic Production (GDP)Growth
- Inflation
- Interest rates
- Changes in government laws and regulations
- Property prices
- Payment status

But, the amount of provision to be created against Loans and Advances shall be higher of the following two amounts:

i) Impairment calculated as per Impairment Assessment Methodology as described in Pt. 5.1.2. c above or,

ii) Loan Loss Provision calculated as per the provisions of Directive No. 2, Unified Directives, 2077 and Circular issued by Nepal Rastra Bank (Circular 01/078/79).

Impairment calculation by following the methodology described in Pt. 5.1.2.c above

i) Firstly, top borrowers constituting around 25%-30% of total funded exposure of the Bank is subjected to Individual Impairment Testing in FY 2077-78

ii) Loans and advances as filtered out following pt-(i) were tested for individual impairment including following criteria but not limited to:
   - Known Cash Flow difficulties experienced by the borrowers:
   - Past due contractual payments of either principal or interest;
   - Breach of loan covenants or conditions;
   - The probability that the borrower will enter bankruptcy or other financial reorganization; and
   - A significant downgrading in credit rating by an external credit rating agency.
   - Bank's aggregate exposure to the customer;
   - The viability of the customer's business model and their capacity to trade successfully out of financial difficulties and generate sufficient cash flows to service debt obligations;
   - The amount and timing of expected receipts and recoveries;
   - The extent of other creditors 'commitments ranking ahead of, or pari-pasu with the Bank and the likelihood of other creditors continuing to support the company;
   - The realizable value of security and likelihood of successful repossession;

iii) As per the impairment testing conducted as per Pt. (ii), only few loans and advances were identified as individually impaired in each FY 2077-78

Amount (Rs.)

Particulars	2077/78
Total Individual Impairment as per NAS 39	350,875,382

iv) All loans and advances were then grouped into homogenous types such as home loans, auto loans, term loans, etc. to calculate collective impairment.

v) Collective impairment was calculated following net flow rate method. Under this methodology, the movements in the outstanding balance of customers into default categories over the periods are used to estimate the amount of financial assets that will eventually be irrecoverable, as a result of the events occurring before the reporting date which the Bank is not able to identify on an individual loan basis.

vi) Collective impairment as per the method mentioned in Pt. (v) in each FY 2077-78 is shown below:

Amount (Rs.)

Particulars	2077/78
Total Collective Impairment as per paragraph 63 of NAS 39	351,893,446

Write off of loans and receivables

Loans (and the related impairment allowance) are normally written off, either partially or in full, when there is no realistic prospect of recovery. Where loans are secured, this is generally after receipt of any proceeds from the realization of security. In circumstances where the realizable value of any collateral has been determined and there is no reasonable expectation of further recovery, write off may be earlier.

Collateral management

The Bank seeks to use collateral, where possible, to mitigate its risks on financial assets. The collateral comes in various forms such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. The fair value of collateral is generally assessed, at a minimum, at inception and based on the guidelines issued by the Nepal Rastra Bank. Non-financial collateral, such as real estate, is valued based on data provided by third parties such as independent valuator and audited financial statements.

Credit Risk Mitigants availed under CRM

Types of eligible credit risk mitigants used and the benefits availed under CRM as at 15 July 2021 are as follows:

Particulars	Eligible CRM (Rs. 000)
Deposit with Bank & Cash margin	615,296
Deposit with Other Bank / FI	-
Total	615,296

b. Impairment of Financial Assets – Held for Trading

For available for sale financial investments, Bank assesses at each reporting date whether there is objective evidence that an investment is impaired.

In the case of debt instruments, Bank assesses individually whether there is objective evidence of impairment based on the same criteria as financial assets carried at amortized cost. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortized cost and the current fair value, less any impairment loss on that investment previously recognized in the Income Statement. Future interest income is based on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. If, in a subsequent period, the fair value of a debt instrument increases and the increase can be objectively related to a credit event occurring after the impairment loss was recognized, the impairment loss is reversed through the Income Statement.

In the case of equity investments classified as available for sale, objective evidence would also include a 'significant' or 'prolonged' decline in the fair value of the investment below its cost. Where there is evidence of impairment, the cumulative loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that

investment previously recognized in profit or loss is removed from equity and recognized in the Statement of profit or loss. However, any subsequent increase in the fair value of an impaired available for sale equity security is recognized in other comprehensive income.

Bank writes-off certain available for sale financial investments when they are determined to be uncollectible.

5.1.3.a. Liquidity Risk

Liquidity is crucial to the ongoing viability of any financial institution. Liquidity risk is the potential for loss to a bank arising from either its inability to meet its obligations or to fund increases in assets as they fall due without incurring unacceptable cost or losses. Liquidity is the ability of an institution to transform its assets into cash or its equivalent in a timely manner at a reasonable price to meet its commitments as they fall due. Liquidity risk is considered a major risk for banks. It arises when the cushion provided by the liquid assets are not sufficient enough to meet its obligation. In such a situation banks often meet their liquidity requirements from market. Funding through market depends upon liquidity in the market and borrowing bank's liquidity.

Liquidity risk is:

- **Measured** using maturity ladder analysis
- **Monitored** against the Bank's liquidity risk management framework and overseen by Asset and Liability Management Committee.
- **Managed** on a stand-alone basis with no reliance on any related party or the Nepal Rastra Bank, unless this represents routine established business as usual market practice.

Management of liquidity risk

The board has ensured that the bank has necessary liquidity risk management framework and bank is capable of confronting uneven liquidity scenarios. The bank has formulated liquidity risk management policy, risk management policies which are recommended by senior management and approved by the Board of Directors. The bank utilizes flow measures to determine its cash position. A maturity ladder analysis estimates a bank's inflows and outflows and thus net deficit or surplus (GAP) over a time horizon. A maturity ladder is a useful device to compare cash inflows and outflows both on a day-to-day basis and over a series of specified time periods as presented in the NRB Ni.Fa.No.5.1 under NRB Directives No. 5.

Liquidity of the bank is assessed, measured and maintained by Financial Market Department by ensuring minimal compliance with Nepal Rastra Bank prescribed ratios such as CRR, SLR, and Credit to Deposit Ratio and Liquidity Coverage Ratio. The department also maintains investments over and above the prescribed limit to cope up with the unprecedented liquidity risks that the Bank is ever exposed to.

5.1.3.b. Market Risk

Market risks are the risk of losses in on-balance sheet and off- balance sheet positions arising from adverse movements in market prices. The major constituents of market risks are:

a) The risks pertaining to interest rate related instruments;

b) Foreign exchange risk (including gold positions) throughout the bank; and

c) The risks pertaining to investment in equities and commodities.

Management of Market Risk

The Bank has Asset Liability Management (ALM) Policy, Market Risk Management Policy, Investment Policy along with Treasury manuals in place, which serves as a guide to address the market risk of the Bank. As for the monitoring of market and liquidity risk, the Bank has an active Assets and Liability Management Committee (ALCO) in place which meets regularly and takes stock of the Bank's assets and liability position and profile of assets & liabilities, monitors

risks arising from changes in exchange rates in foreign currencies. All foreign exchange positions are managed by financial market consisting of front office dealers with specific dealing limits and an independent back office. The back office executes the deals made by the dealers and also monitors the liquidity position of the Bank. For the purpose of proper check and control, the front dealing room of financial market and the back office has different reporting line.

Apart from Financial Market (or front office) and back office, the bank also has Treasury Mid Office; which works as a third eye which assesses the risks and timely evaluates and report to the senior management, whose reporting chain is also separate to the front and back office.

Market Risk Assessment Methodology

Out of the various components of market risk, foreign exchange risk is the predominant risk in Nepal. Thus, a net open position approach has been adopted to measure the operational risk exposure of the bank in aggregation and the capital requirement in commensurate of the same as set out by Capital Adequacy Framework issued by Nepal Rastra Bank.

5.1.3.c. Operational Risk

Operational risks are risk of loss resulting from inadequate internal processes, people and systems, or from external events. Operational risks are highly important as it entails cent percent loss to the bank in the event of its occurrence.

Management of Operational Risk

As a part of monitoring operational risks, the Bank has devised operational manuals for various Banking functions, which are reviewed and modified time to time as per the changing business context.

The Bank has adopted dual control mechanism in its all operational activities where each and every financial and non-financial transaction is subject to approval from an authority higher than the transaction initiator. Regular review meetings are conducted to assess the adequacy of risk monitoring mechanism and required changes are made as and when felt necessary. Independent reconciliation unit is established to conduct daily reconciliation of all Nostro / agency accounts, Inter-Branch and Inter-Department account.

The Bank has independent internal audit, which reports to the Audit Committee of the Bank. The Audit Committee meets frequently and reviews the business process and financial position of the Bank. In order to have better focus on managing operational risks across branches and to monitor them from Head Office level, the Bank has separate Branch Operation Department and Operation Risk Management & Compliance Department at Head Office. The Bank has strong MIS in place to monitor the regular operational activities.

Operational Risk Assessment Methodology

Operational risks are assessed employing the Basic Indicators Approach as set out by Capital Adequacy Framework issued by Nepal Rastra Bank. The Basic Indicators Approach assesses operational risk in aggregation and is calculated by multiplying the operational risk capital charge by 10. Bank assesses the operational risk based on the past operational loss due to system failure, staff embezzlement and other external factors which is considered at the time of calculation of economic capital.

5.1.4.a. Fair value of financial assets and liabilities

Fair value is a market-based measurement, not an entity specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same – to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Fair values are determined according to the following hierarchy:

Level-1 inputs

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. Held for trading and available for sale investments have been recorded using Level 1 inputs.

Level-2 inputs

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level-3 inputs

Level 3 inputs are unobservable inputs for the asset or liability.

5.2. Capital Management

i. Qualitative disclosures

Capital management approach is driven by its desire to maintain a strong capital base to support the development of its business and to meet the regulatory capital requirements.

Capital planning and management is essential to ensure adequate level of capital is available at all times. In order to be prepared for distressed economic environments, capital management plan of the Bank incorporate various potential scenarios and is responsive to changes in the economy, market, competitive or political landscape, or other external factors.

Following elements are taken into consideration while devising an effective capital management plan for the Bank:

- Minimum capital requirements as per NRB
- Business growth prospects and risks
- Potential capital raising instruments such as equity, preference stocks, bonds etc
- Various stress scenarios
- Others as considered necessary by the senior management

- **Internal approach of the Bank to assess capital adequacy**

  In order to be prepared for distressed economic environments, the Bank assesses the adequacy of its capital by incorporating various potential scenarios and being responsive to changes in the economy, market, competitive or political landscape, or other external factors.

  Banks are faced with the challenge of developing internal procedures and systems in order to ensure that they possess adequate capital resources in commensuration with all material risks posed to it by its operating activities. The bank has devised Internal Capital Adequacy Assessment Process (ICAAP), which is a set of policies, methodologies, techniques and procedures to assess the capital adequacy requirements in relation to bank's risk profile and effectiveness of its risk management, control environment and strategic planning.

  Following elements are taken into consideration while assessing capital adequacy of the Bank:

- Minimum capital requirements as per NRB
- Business growth prospects and risks
- Potential capital raising instruments such as equity, preference stocks, bonds etc
- Various stress scenarios
- Others as considered necessary by the senior management

Bank has adopted the guideline issued by Nepal Rastra bank issued on July 2019 for the recognition of Interest Income- the criteria for suspension of interest income and cessation of Accrued Interest. Out of total accrued interest income recognized during the year the aforementioned suspended amount has not been transferred regulatory reserve. The Net Realizable Value (NRV) of collateral is adequate to cover the principal and accrued interest of the borrowers with arrears of more than three months and within 12 months, and therefore, accrued interest is recognized as interest income. For the purpose of classification of interest income/expense to BFIs, average rate on loan/deposit to BFIs have been considered.

5.8. Related parties' disclosures

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions and include major shareholders, subsidiary companies, associates, retirement funds, directors and key management personnel and their close family members.

Banking transactions with the related parties are executed substantially on the same terms, including mark-up rates and collateral, as those prevailing at the time for comparable transactions with unrelated parties and do not involve more than a normal risk.

a) Subsidiary

Transactions between the Bank and its subsidiary, Kumari Capital Limited, K.B.L Securities Limited meet the definition of related party as defined under NAS-24 "Related Party Disclosures".

b) Associates

Associates are an entity over which the investor has significant influence. Where an entity holds 20% or more of the voting power (directly or through subsidiaries) on an investee, it will be presumed the investor has significant influence unless it can be clearly demonstrated that this is not the case. If the holding is less than 20%, the entity will be presumed not to have significant influence unless such influence can be clearly demonstrated. The existence of significant influence by an entity is usually evidenced in one or more of the following ways:

- representation on the board of directors or equivalent governing body of the investee;
- participation in the policy-making process, including participation in decisions about dividends or other distributions;
- material transactions between the entity and the investee;
- interchange of managerial personnel; or
- provision of essential technical information

5.9. Additional disclosures of non-consolidated entities

Nepal Financial Reporting Standard (NAS 24) "Disclosure of Interests in Other Entities", is applicable when an entity has interest in any of the following:

- Subsidiaries
- Joint arrangements (joint operations or joint ventures)
- Associates
- Unconsolidated structured entities

The Bank has already disclosed its interests in subsidiaries and associates in 5.7. Related parties' disclosures. The Bank does not have any interest in any form of joint arrangements or unconsolidated structured entities as on Asadh 31, 2078 as well as Asadh 31, 2077.

5.10 Events after reporting period

Events after the reporting date are those events, favorable and unfavorable, that occur between the reporting date and the date the Financial Statements are authorized for issue.

The Bank follows NAS-10 "Events after the Reporting Period" to account for and report the events that have occurred after the reporting period.

5.12 Availment of Carve-outs notified by Institute of Chartered Accountants of Nepal

The Institute of Chartered Accountants of Nepal has notified 7 Carve-outs in NFRS which allows alternative treatment. Out of the 7 Carve-outs, the Bank has availed following Carve-outs while preparing its financial statements for FY 2076/77:

a) Carve-Out: 3 - NAS 28: Investment in Associates and Joint Venture

b) Carve-Out: 5 - NAS 39: Financial Instruments: Recognition and Measurement (Incurred Loss Model to measure the Impairment Loss on Loan and Advances)

c) Carve-Out: 6 - NAS 39: Financial Instruments: Recognition and Measurement (Impracticability to determine transaction cost of all previous years which is the part of effective interest rate); one year extended for implementation.

d) Carve-Out: 7 - NAS 39: Financial Instruments: Recognition and Measurement (Impracticability to determine interest income on amortized cost)

a) Carve-Out: 3 - NAS 28: Investment in Associates and Joint Venture)

As per Par 35 of NAS 28, The entity's financial statements shall be prepared using uniform accounting policies for like transactions and events in similar circumstances. However, carve-out is available for Associates which allows that unless, in case of an associate, it is not required if it is impracticable to do so. The investment in Associates that includes National Micro Finance Bittya Sanstha, First Microfinance Laghu Bittiya Sanstha, Mero Microfinance Bittiya Sanstha, General Insurance Company is reported in financial statement.

b) Carve-Out: 5 - NAS 39: Financial Instruments: Recognition and Measurement (Incurred Loss Model to measure the Impairment Loss on Loan and Advances)

As per NAS-39, an entity shall assess at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets measured at amortized cost is impaired. If any such evidence exists, the entity shall apply paragraph 63 to determine the amount of any impairment loss.

The Carve-out requires Banks to measure impairment loss on loans and advances as the higher amount derived as per norms prescribed by Nepal Rastra Bank for loan loss provision and amount determined as per paragraph 63 of NAS-39; and shall apply paragraph 63 to measure the impairment loss on financial assets and other assets other than loan and advances. The Bank shall disclose the impairment loss as per the Carve-out and the amount of impairment loss determined as per paragraph 63.

The Bank has availed the Carve-out and has accordingly recognized impairment loss on loans and advances as the higher amount derived as per norms prescribed by Nepal Rastra Bank for loan loss provision and amount determined as per paragraph 63 of NAS-39. The detail of impairment loss on loans and advances are as follows:

Amount (Rs.)

Particulars	2075/76	2076/77	2077/78
Total Loan loss provision as per norms prescribed by Nepal Rastra Bank (NRB Directive No. 2) and circular issued.	1,368,098,314	2,637,978,332	3,113,258,690
Total Impairment as per paragraph 63 of NAS 39	495,283,916	971,079,514	702,768,829

As, Loan loss provision as per norms prescribed by Nepal Rastra Bank is higher, impairment loss on loans and advances is made accordingly.

The Bank has classified total loan loss provision mentioned above into 2 categories viz. Individual Impairment and Collective Impairment. The Bank has classified general loan loss provision as Collective Impairment and specific loan loss provision as Individual Impairment.

c) Carve-out: 6- NAS 39: Financial Instruments: Recognition and Measurement (Impracticability to determine transaction cost of all previous years which is the part of effective interest rate)

As per NAS-39, an entity shall estimate cash flows considering all contractual terms of the financial instrument (for example, prepayment, call and similar options) but shall not consider future credit losses while calculating the effective interest rate. The calculation includes all fees and points paid or received between parties to the contract that are an integral part of the effective interest rate (see NAS 18 – Revenue).

The Carve-out states that the effective interest rate calculation shall include all fees and points paid or received, unless it is immaterial or impracticable to determine reliably. The Bank has availed this Carve-out and opted for the extended time limit for its implementation and has not considered all fees and points paid or received which are impracticable to measure reliably while determining effective interest rate.

d) Carve-Out: 7 - NAS 39: Financial Instruments: Recognition and Measurement (Impracticability to determine interest income on amortized cost)

As per NAS-39, once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is thereafter recognized using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

The Carve-out states that once a financial asset or group of similar financial assets has been written down as a result of an impairment loss, interest income is thereafter recognized using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. Interest income shall be calculated by applying effective interest rate to the gross carrying amount of a financial asset unless the financial asset is written off either partially or fully.

The Bank has availed this Carve-out and has calculated interest income on gross carrying amount of financial assets rather than calculating the interest income on amortized cost.

5.13 Dividend and Bonus

INDEPENDENT AUDITOR'S REPORT
TO THE SHAREHOLDERS OF KUMARI CAPITAL LIMITED

Report on the audit of the Financial Statements

Opinion

We have audited the financial statements of **Kumari Capital Limited** ('the Company'), which comprise the Statement of Financial Position as at Ashad 31, 2078 (corresponding to July 15, 2021), Statement of Profit or Loss and Other Comprehensive Income, Cash Flow Statement and Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory notes.

In our opinion, and to the best of our information and according to the explanations given to us, the accompanying financial statements, present fairly, in all material respects, the financial position of the Company as at Ashad 31, 2078 (15 July 2021), and of its financial performance, changes in equity and its cash flows for the year ended on that date in conformity with Nepal Financial Reporting Standards (NFRS) and the Companies Act 2063.

Basis for opinion

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Those standards are further described in the Auditor's responsibilities for the audit of the financial statement section of our report. We are independent of the Company in accordance with the Institute of Chartered Accountants of Nepal (ICAN) Handbook of Code of Ethics for Professional Accountants together with the ethical requirement that are relevant to our audit of the financial statements and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Nepal Financial Reporting Standards (NFRS) and for such internal control as management determines is necessary to enable preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

G. Prakash & Associates Chartered Accountants Kathmandu

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Company.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent underlying transactions and event in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

P. Prakash & Associates Chartered Accountants Kathmandu

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirement

Based on our examination, we further report that:

a. We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit and found them to be satisfactory.
b. In our opinion, the proper books of accounts as required by law have been maintained by the company and they are in agreement with the Statement of Financial Position, Statement of Profit or Loss and Other Comprehensive Income and Cash Flow Statement referred to in this report.
c. To the best of our information and according to the explanation given to us and from our examination of books of account of the company we have not come across cases where board of directors, any director or employee of the company has acted contrary to the provision of law (except as referred in basis of qualified opinion section) or has committed any misappropriation or has caused loss or damage to the company.

2. Basis of Preparation of Financial Statements

2.1 Statement of Compliance

The Financial Statement of the entity which comprises components mentioned above have been prepared in accordance with Nepal Financial Reporting Standards comprising of Nepal Financial Reporting Standards and Nepal Accounting Standards (hereafter referred as NFRS), laid down by the Institute of Chartered Accountants of Nepal and in compliance with the requirements of the Securities Act, 2063 and its regulation and in conformity with the Company Act 2063 and other relevant laws.

2.2 Reporting Period and Approval of Financial Statements

a. Reporting Dates

The company follows the Nepalese financial year based on the Nepalese calendar starting from first day of Shrawan (Mid July) of each year to the last day of Ashadh (Mid July) of the next year. The corresponding dates for the English calendar are as follows:

Relevant financial statements date / period	Nepalese calendar	English calendar
Reporting date	Ashadh 31, 2078	July 15, 2021
Comparative reporting date	Ashadh 31, 2077	July 15, 2020
Reporting period	Shrawan 01, 2077 to Ashadh 31, 2078	July 16, 2020 to July 15, 2021
Comparative reporting period	Shrawan 01, 2076 to Ashadh 31, 2077	July 16, 2019 to July 15, 2020

b) Responsibility for Financial Statements

The preparation and presentation of Financial Statements including consolidated financial statements is the responsibility of the Board of Directors as per the governing provisions.

c) Approval of Financial Statements by Directors

The accompanied Financial Statements have been authorized to issue by the Board of Directors vide its resolution dated 12th August 2021 and recommended for its approval by the Annual General Meeting of the shareholders.

2.3 Functional & Presentation Currency

The Financial Statements of Entity are presented in Nepalese Rupees (Rs), which is the currency of the primary economic environment in which the Entity operates. Financial information is presented in Nepalese Rupees. There was no change in Entity's presentation and functional currency during the year under review.

2.4 Significant Accounting Judgments, Estimates and Assumptions

The preparation of Financial Statements in conformity with Nepal Accounting Standards requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected. Disclosures of the accounting estimates have been included in the relevant section of the notes wherever the estimates have been applied along with the nature and effect of changes of accounting estimates, if any.

The most significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have most significant effect in the Financial Statements are as follows:

2.4.1 Going Concern

The Directors have made an assessment of Entity's ability to continue as a going concern and satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, Board is not aware of any material uncertainties that may cast significant doubt upon Entity's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of it. Therefore, the Financial Statements continue to be prepared on the going concern basis.

2.4.2 Useful lives of Property Plant & Equipment

Useful life is the period over which an asset is expected to be available for use by an Entity. Various factors may limit the useful life of a vessel. These factors may be due to physical wear and tear, technological advancement, economic factors and legal factors. The entity asses the remaining useful lives of its Property Plant & Equipment at each reporting date. An assessment is made to determine whether there is any indication of impairment in each asset.

2.5 Presentation of Financial Statements

The assets and liabilities of entity presented in the Statement of Financial Position are grouped in an order of liquidity. An analysis on recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in the Note.

The statement of profit or loss has been prepared using classification 'by nature' method.

The cash flows from operation within the statement of cash flows have been derived using the indirect method.

The accounting policies have been consistently applied by entity with those of the previous financial year in accordance with NAS 01 Presentation of Financial Statements, except those which had to be changed as a result of application of the new NFRS. Further, comparative information is reclassified wherever necessary to comply with the current presentation.

2.6 Materiality & Aggregation

In compliance with Nepal Accounting Standard - NAS 01 Presentation of Financial Statements, each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or functions too are presented separately unless they are immaterial.

Financial Assets and Financial Liabilities are offset and the net amount reported in the Statement of Financial Position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the Statement of Profit or Loss unless required or permitted by an Accounting Standard.

2.8 Discounting

When the realization of assets and settlement of obligations is for more than one year, the company considers discounting of such assets and liabilities where the impact is material.

2.7 Comparative Information

The comparative information is re-classified wherever necessary to conform with the current year's classification in order to provide a better presentation. The details of such re-classifications have been provided in Notes to the financial statements.

3. Summary of Significant Accounting Policies

3.1 Basis of Measurement

These are prepared under accrual basis of accounting in accordance with the historical cost convention, except for certain items as follows:

a. Investment in equity instruments and units of mutual fund are measured at fair value.
b. Provision against unused accumulated leave as at reporting date has been made. However, actuarial valuation of the same has not been done as management is of the view that difference would not be significant.

The principle accounting policies are adopted in preparation of financial statements, which have been consistently applied unless otherwise stated.

3.2 Revenue Recognition

Revenue is recognized on accrual basis and is measured at the fair value of the consideration received or receivable net of sales returns, trade discounts and revenue related taxes. The management of the Company determines the amount of revenue based on the applicable service agreement. Fees and commission arising from transactions are recognized on basis of completion of underlying transaction. Accounting policies, estimates and judgments used by management for each item of revenue is detailed below:

3.2.1 Issue Management Fees

The issue management fee is recognized when the related service as specified in the agreement is performed. The management also considers the degree of recoverability and probability that the economic benefit will flow into the company.

3.2.2 ASBA Fee and Other Collection Commission

The ASBA fee and other collection commission is recognized as revenue after the allotment is completed.

3.2.3 Underwriting Fee

The issue management fee is recognized when the related service as specified in the agreement is performed. The management also considers the degree of recoverability, non-refundability and probability that the economic benefit will flow into the company.

3.2.4 RTS/RTS Fee

The Registrar to Shares (RTS) fee is recognized as income on an accrual basis over the period covered by the related agreement.

3.2.5 Depository Participant (DP) Fee

The income related to DP service is recognized on cash basis. This is because of the high uncertainty on recoverability of DP income. The management estimates that the income when recognized on cash basis shall provide reliable and more relevant information about the effects of transactions, and conditions of financial performance of the company.

3.2.6 Dividend Income

Dividend income is recognized in profit or loss on an accrual basis when the Entity's right to receive the dividend is established.

Dividends are presented as net gain/ (loss) on Financial Assets held at fair value based on the underlying classification of the equity investment along with the trading gain/(loss) from financial assets measured at fair value through profit & loss account.

3.2.7 Interest Income

Interest income are recognized in profit or loss using the effective interest rate. The "effective interest rate" is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset or financial liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates future cash flows considering all contractual terms of the financial instrument, but not future credit losses.

The calculation of the effective interest rate includes transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset.

Interest income on all trading assets are considered to be incidental to the Entity's trading operations and are presented together with all other changes in the fair value of trading assets in net trading income.

3.2.8 Gain on Disposal and Fair valuation of FVTPL Financial Instruments

Gain on disposal of "FVTPL Financial Investments" comprises realized trading gains on disposal of government securities, quoted shares and listed debentures, are presented in direct income as net gain/(loss) from financial investments in the statement of profit or loss.

Fair valuation changes on "FVTPL Financial Investments" comprises unrealized gains on fair valuation (marked to market valuation) of government securities, quoted shares, investment in unit trust and listed debentures, are presented in profit or loss as Net Unrealized gain/(Loss) on Financial Assets held at fair value in the statement of profit or loss.

3.2.9 Other Income

Other incomes are recognized when it is probable that consideration associated with the transaction will flow to the company and the amount of revenue can be measured reliably.

3.3 Interest Expenses

The interest expense on financial liabilities measured at amortized cost is recognized using the effective interest rate. The "effective interest rate" is the rate that exactly discounts the estimated future cash payments through the expected life of the financial asset or financial liability (or, where appropriate, a shorter period) to the carrying amount of the financial liability.

3.4 Income Tax

Income tax expense comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to items recognized directly in equity or in Other Comprehensive Income (OCI).

Current tax assets and liabilities and deferred tax assets and liabilities are offset only to the extent that they relate to income taxes imposed by the same taxation authority, there is a legal right and intentions to settle on a net basis and it is allowed under the tax law of the relevant jurisdiction.

Current Tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted on the reporting date, and any adjustment to tax payable in respect of previous years.

Provision for taxation is based on the profit for the year adjusted for taxation purposes in accordance with the provisions of the Income Tax Act, 2058 and the amendments thereto.

Deferred Tax

Deferred taxation is computed for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the tax base of assets and liabilities, which is the amount attributed to those assets and liabilities for tax purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted on the reporting date.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

3.5 Foreign Currency Transactions

Transactions in foreign currencies are translated into the respective functional currency of Entity at the spot exchange rates at the date of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the spot exchange rate (Closing rate) at that date. The foreign currency gain or loss on monetary items is the difference between the amortized cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortized cost in the foreign currency translated at the spot exchange rate at the end of the year.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the spot exchange rate at the date on which the fair value is determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated using the spot exchange rate at the date of the transaction.

Foreign currency differences arising on translation are generally recognized in profit or loss.

3.6 Financial Instrument

Recognition

The company initially recognizes a financial asset or a financial liability in its statement of financial position when, and only when, it becomes party to the contractual provisions of an instrument. The company initially recognizes loans and advances, deposits and debt securities/subordinated liabilities issued on the date that they are originated which is the date that the company becomes party to the contractual provisions of the instruments. The investments in equity instruments, units of mutual funds, bonds, debenture, government securities and NRB bond are recognized on trade date at which the company commits to purchase/acquire the financial assets. Regular purchase and sale of financial assets are recognized on trade date.

Classification

The company classifies its financial assets and financial liabilities as per NFRS 9 into the following measurement categories:

Financial assets

a. Financial assets held at fair value through profit or loss;
b. Financial assets held at fair value through other comprehensive income, and
c. Financial assets held at amortized cost.

Financial liabilities

a. Held at fair value through profit or loss, or
b. Held at amortized cost.

Financial assets

The company classifies the financial assets as subsequently measured at amortized cost or fair value on the basis of the company's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Interest income from these financial assets is included in Interest Income using the effective interest rate method. The two classes of financial assets are as follows:

a. Financial assets recognized at amortized cost

The company classifies a financial asset measured at amortized cost if both of the following conditions are met:

i. The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and;
ii. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets recognized at fair value

Financial assets other than those measured at amortized cost are measured at fair value. Financial assets measured at fair value are further classified into two categories as below:

i. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are classified as FVTPL if they are held for trading or are designated at fair value through profit or loss. Upon initial recognition, transaction costs that are directly attributable to the acquisition are recognized in profit or loss as incurred. Such assets are subsequently measured at fair value and changes in fair value are recognized in statement of profit or loss.

ii. Financial assets at fair value through other comprehensive income (FVTOCI)

Investment in an equity instrument that is not held for trading and at the initial recognition, the company makes an irrevocable election that the subsequent changes in fair value of the instrument is to be recognized in other comprehensive income are classified as FVTOCI. Such assets are subsequently measured at fair value and changes in fair value are recognized in other comprehensive income.

Financial Liabilities

The company classifies financial liabilities as follows:

a. Financial liabilities recognized at fair value through profit or loss (FVTPL)

Financial liabilities are classified as FVTPL if they are held for trading or are designated at fair value through profit or loss. Upon initial recognition, transaction costs that are directly attributable to the acquisition are recognized in statement of profit or loss as incurred. Subsequent changes in fair value is recognized at statement of profit or loss.

b. Financial Liabilities recognized at amortized cost

All financial liabilities other than measured at fair value though statement of profit or loss are classified as subsequently measured at amortized cost using effective interest method.

Measurement

a. Initial Measurement

Financial assets and financial liabilities are recognized when the company becomes party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities unless the same is measured at fair value through profit or loss. The transaction cost of financial assets and financial liabilities measured at fair value through profit or loss are expensed in profit or loss.

b. Subsequent Measurement

A financial asset or financial liability is subsequently measured either at fair value or at amortized cost based on the classification of the financial asset or liability.

Financial asset or liability classified as measured at amortized cost is subsequently measured at amortized cost using effective interest rate method. The amortized cost of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured at initial recognition minus principal repayments, plus or minus the cumulative amortization using the effective interest rate method of any difference between that initial amount and the maturity amount, and minus any reduction for impairment or non-collectability.

Further, once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is thereafter calculated by applying effective interest rate to the gross carrying amount of a financial asset. Interest income on financial assets which has been individually impaired are not recognized.

Financial assets classified at fair value are subsequently measured at fair value. The subsequent changes in fair value of financial assets at fair value through profit or loss are recognized in statement of profit or loss whereas of financial assets at fair value through other comprehensive income are recognized in other comprehensive income.

Derecognition

a. Derecognition of Financial Assets

Financial assets are derecognized when the right to receive cash flows from the assets has expired, or has been transferred, and the company has transferred substantially all of the risks and rewards of ownership. Financial assets are also derecognized upon write off. Any gain or loss arising on the disposal or retirement of an item of financial asset is determined as the difference between the sales proceeds and its carrying amount and is recognized in the statement of profit or loss. The cumulative gain or loss that was recognized in other comprehensive income, is recognized to statement of profit or loss except for investment in equity instruments measured at fair value through other comprehensive income.

b. Derecognition of Financial Liabilities

A financial liability is derecognized when, and only when it is extinguished (i.e. when the obligation specified in contract is discharged, cancelled or expired). If the liability is renegotiated with the original lender on substantially different contractual terms, the original liability is derecognized and new liability is recognized.

The difference between the carrying amount of a liability (or portion) extinguished or transferred to another party (including

related unamortized cost) and the amount paid for it (including any non-cash assets transferred or liability assumed), are included in statement of profit or loss.

Determination of Fair Value

"Fair value" is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the company has access at that date.

The fair value of a liability reflects its non-performance risk. When available, the scheme measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction. The company uses

The fair value measurement hierarchy is as follows:

Level 1: These are quoted prices in active markets for identical assets or liabilities that the company can access at the measurement date. For the majority of its investments, the scheme relies on information provided by independent pricing services for the valuation of its investments.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from NEPSE and are traded frequently.

Level 2: These are the inputs other than quoted prices that are observable for the assets or liabilities, either directly or indirectly. These would include prices for the similar, but not identical, assets or liabilities that were then adjusted to reflect the factors specific to the measured asset or liability.

Level 3: These are unobservable inputs for the assets or liability.

The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price i.e. the fair value of the consideration given or received. Where available, the company measures the fair value of an instrument using quoted prices in an active market for that instrument. If a market for a financial instrument is not active, the company, establishes fair value using an appropriate fair valuation technique.

For all unquoted investment in equity instruments, their cost has been considered as their fair value and accordingly these are recognized at cost, net of impairment if any.

Impairment

At each reporting date, the company assesses whether there is objective evidence that a financial asset or group of financial assets not carried at fair value through the Statement of Profit or Loss are impaired.

A financial asset or a group of financial assets is impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset(s), and that the loss event has an impact on the future cash flows of the asset(s) that can be estimated reliably.

Objective evidence that financial assets are impaired can include significant financial difficulty of the borrower or issuer, default or delinquency by a borrower, restructuring of a loan or advance by the company on terms that the company would not otherwise consider, indications that a borrower or issuer will enter bankruptcy, the disappearance of an active market for a security, or other observable data relating to a group of assets such as adverse changes in the payment status of borrowers or issuers in the group, or economic conditions that correlate with defaults in the group.

In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

a. Impairment of financial assets measured at amortized cost

Impairment of financial assets measured at amortized cost is based on the judgments of past experience of the assets' behavior. In assessing collective impairment, the company uses historical trends of the probability of default, the timing of recoveries and the amount of loss incurred, adjusted for management's judgment as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends. Further, management has taken additional external risk (inflation, market risk and risk of data incompleteness) for the impairment of loans and advances.

Default rates, loss rates and the expected timing of future recoveries are regularly benchmarked against actual outcomes to ensure that they remain appropriate. Impairment losses on assets measured at amortized cost are calculated as the difference between the carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate. Loans together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realized or has been transferred to the company.

If in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account. If a write off is later recovered, the recovery is recognized in the 'recovery of loan written off'.

b. Impairment of investment in equity instrument classified as fair value though other comprehensive income

Objective evidence of impairment of investment in an equity instrument is a significant or prolonged decline in its fair value below its cost. Impairment losses are recognized by reclassifying the losses accumulated in the fair value reserve in equity to profit or loss. The cumulative loss that is reclassified from equity to profit or loss is the difference between the acquisition cost, net of any principal repayment and the current fair value, less any impairment loss recognized previously in profit or loss.

3.7 Derivative assets and derivative liabilities

The company does not have any derivative assets and liabilities.

3.8 Trade and Other Payables

Amounts payable to creditors, TDS Payable, amounts refundable to investors, RTS and custodial dividend payable, Advance received/ transfer from DP clients are categorized as trade and other payables.

3.9 Cash and Cash Equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks and other short-term investments in an active market with original maturities of three months or less and bank overdrafts.

3.10 Property, Plant and Equipment

Property, plant and equipment are tangible items that are held for use in the production or supply of goods or services or for administrative purposes and are expected to be used during more than one period.

Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

If significant parts of an item of property or equipment have different useful lives, then they are accounted for as separate items (major components) of property and equipment.

Any gain or loss on disposal of an item of property and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognized within other income in profit or loss.

The low value minor equipment below NRs 5,000 are not booked as Property, Plant and Equipment to ease record keeping and is shown under Office Accessories & Equipment's under Other Administrative Expenses in Explanatory Notes 4.20 as

the cumulative impact of such amount is considered immaterial.

Subsequent Costs

Subsequent expenditure is capitalized only when it is probable that the future economic benefits of the expenditure will flow to the Entity. Ongoing repairs and maintenance are expensed as incurred.

Depreciation

Depreciation is calculated to write off the cost of items of property and equipment less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognized in profit or loss. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Entity will obtain ownership by the end of the lease term. Land is not depreciated.

The estimated useful lives of significant items of property and equipment lives for the current and comparative periods are as follows are as follows:

Asset Type	Useful Life Time (Years)
Laptop and Computers	8 Years
Furniture & Fixtures	8 Years
Office Equipment	8 Years
Motor Vehicles	10 Years
Other Office Equipment	8 Years
Leasehold Developments	As estimated by the management, or within the lease period where applicable.

Derecognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from derecognition of an item of property, plant and equipment is included in profit or loss when the item is derecognized.

3.11 Intangible Assets

Software

Software acquired by the Company is measured at cost less accumulated amortization and any accumulated impairment losses.

Subsequent expenditure on software assets is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

Software is amortized on a straight-line basis in profit or loss over its estimated useful life, from the date on which it is available for use. The estimated useful lives for the current and comparative periods are as follows:

Asset Type	Useful Life Time (Years)
Software	5 years

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

3.12 Assets held for sale and discontinued operations

Non-current assets (such as property) and disposal groups (including both the assets and liabilities of the disposal groups) are classified as held for sale and measured at the lower of their carrying amount and fair value less cost to sell when:

i. their carrying amounts will be recovered principally through sale;

ii. they are available-for-sale in their present condition; and

iii. their sale is highly probable.

Immediately before the initial classification as held for sale, the carrying amounts of the assets (or assets and liabilities in a disposal group) are measured in accordance with the applicable accounting policies described above.

There are no assets that meet the recognition criteria for assets held for sale and discontinued operation.

3.13 Provisions

A provision is recognized if, as a result of a past event, the Entity has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

3.14 Commitments & Contingencies

All discernible risks are accounted for in determining the amount of all known liabilities.

Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefit is not probable or cannot be reliably measured. Contingent liabilities are not recognized in the Statement of Financial Position but are disclosed unless they are remote.

3.15 Employee Benefits

Short-term Employee Benefit

Short-term employee benefits are those expected to be settled wholly before twelve months after the end of the annual reporting period during which employee services are rendered, but do not include termination benefits. Salaries, leave benefits, bonuses and non-monetary benefits paid to current employees.

The undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in an accounting period is recognized in that period. The expected cost of short-term compensated absences is recognized as the employees render service that increases their entitlement or, in the case of non-accumulating absences, when the absences occur, and includes any additional amounts an entity expects to pay as a result of unused entitlements at the end of the period.

Defined Contribution Plan

A defined contribution plan is a post-employment plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay a further amount. Obligations for contributions to defined contribution plans are recognized as expense in the profit or loss as and when they are due.

a. Employee's Provident Fund

The company and employee contribute 10% of basic salary (including grade) of each employee to an approved retirement fund.

b. Gratuity

The company contributes 8.33% of basic salary (including grade) of each employee to an approved retirement fund.

Defined Benefit Plan

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

a. Annual Leave Encashment

The company's liability towards the accumulated leave which is expected to be utilized beyond one year from the end of the reporting period is treated as other long-term employee benefits. The company's net obligation towards unutilized accumulated leave is calculated on the basis of number of days of eligible leaves multiplied by the encashment available which is calculated on the basis of basic salary and grade. Provision against unused accumulated leave as at the reporting date has been made. However, actuarial valuation of the same has not been done as management is of the view that difference would not be significant.

Gain or loss arising as a result of changes in assumptions is recognized in other comprehensive income (OCI) in the period in which it arises.

4.34 Interim Financial Reporting

NAS 34, "Interim Financial Reporting" doesn't mandate Kumari Capital Limited to publish interim financial reports. Since, the shares of KCL are not listed and is wholly owned by Kumari Bank Limited, KCL is not required by any regulatory or other bodies which may govern its operating activities to publish interim financial reports.

4.35 Risk Management

The Board of Directors has the overall responsibility for the establishment and oversight of the company's risk management framework. The wide-ranging risk categories that includes Market, Liquidity, Credit, and Operational Risk are reviewed, measured, monitored and controlled.

A. Market Risk

Market risk is the risk that changes in market prices, interest rate, foreign exchange rate will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

B. Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the company. The company manages the credit quality of financial assets using internal credit ratings. The company's exposure and the credit rating of its counterparties are continuously monitored.

C. Liquidity Risk

Liquidity risk is the risk that the Entity will not have adequate financial resources to meet Entity's obligations as when the fall due. This risk arises from mismatches in the timing of cash flows. The management of liquidity risk includes taking steps to ensure, as far as possible, that it will always have adequate financial resources to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

D. Operational Risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Entity's involvement with financial instruments, including processes, personnel, technology and infrastructure, and from external

factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. The company's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the business reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity. The compliance with company's internal controls and procedures is supported by a program of periodic reviews undertaken by internal audit. The results of internal audit reviews are discussed with the management of the business units with summaries submitted to the Audit Committee.

INDEPENDENT AUDITOR'S REPORT

To The Shareholders of
K.B.L. Securities Limited

Opinion

We have audited the accompanying financial statements of K.B.L. Securities Limited, which comprises statement of financial position as at Ashadh 31, 2078 (July 15, 2021), statement of profit or loss, statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended and a summary of significant accounting policies and notes to the financial statements.

In our opinion and to the best of our information and according to explanations given to us, the financial statements give a true and fair view of the financial positions of the company as at Ashad 31, 2078, its financial performance and its cash flows for the year ended in accordance with Nepal Financial Reporting Standards (NFRS).

Basis for Opinion

We conducted our audit in accordance with Nepal Standard on Auditing (NSAs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent in accordance with the ICAN's Handbook of Code of Ethics for Professional Accountants and we have fulfilled our other ethical requirements in accordance with the ICAN's Handbook of Code of Ethics for Professional Accountants. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Audit Key Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the FY 2077/78. We do not have noticed any such type of matters.

Responsibilities of the Management and Those Charged with Governance for the Financial Statements.

Management is responsible for the preparation and fair presentation for the consolidated financial statements in accordance with Nepal Financial Reporting Standards (NFRSs) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements management is responsible for assessing the company's ability to continue as a going concern, disclosing as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations or has no realistic alternative but to do so, those charged with governance are responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatements of consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's Internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern, if we conclude that a material uncertainty exists we are required to draw attention in our auditor's report to the related disclosures in the financial statements or if such disclosures are inadequate to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the company to cease to continue as a going concern.

We communicate with those charged with governance regarding among other matters the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

On the basis of our examination we would like to further report that:

a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of audit.
b. The accounts and records of the Company have been maintained as required by law.

c. Financial statements are in agreement with the books of account maintained by the Company.

d. In our opinion and to the best of our information and according to the explanations given to us the Board of Directors, the representative or any employee of the Company has not acted contrary to the provision of law relating to accounts nor caused direct loss or damage to the Company deliberately or acted in manner that would jeopardize the interest and security of the Company.

e. We have not come across any fraudulence in the accounts so far as it appeared from our examination of the books of account.

The company is registered at Inland revenue department with the PAN No 609514456 with the objective of dealing with brokerage of stock. K.B.L. securities Limited is fully owned subsidiary of Kumari Bank Limited.

2 Basis of Preparation

The financial statements are prepared on accrual basis in accordance with Nepal Financial Reporting Standards (NFRS) pronounced by Accounting Standard Board of Nepal as effective on September, 13, 2013 and the manner required by the Nepal Companies Act.

The financial statements comprises the Statement of Financial Position, Statement of Income and Statement of Other Comprehensive Income, the Statement of Changes in Equity, the Statement of Cash Flows and the Notes to the Accounts.

2.1 Statement of Compliance

The financial statements of the company have been prepared in accordance with Nepal Financial Reporting Standards (NFRS), as pronounced by the Institute of Chartered Accountants of Nepal (legally delegated authority under Companies Act to do so) issued by the Accounting Standard Board of Nepal so far as applicable. The applicable laws; Company Act, 2063 and Nepal Accounting Standards issued by ICAN, Bonus Act, Labour Act and other applicable laws.

The principal accounting policies adopted in the preparation of these financial statements are presented below and apply to the company. These policies have been consistently applied to all years presented, unless otherwise stated.

2.2 Reporting Period and Approval of Financial Statements

2.2.1 Reporting Period

The company follows the Nepalese financial year based on the Nepalese calendar. The reporting period for the financial statement is 2077.04.01 to 2078.03.31.

2.2.2 Responsibility for Financial Statements

The Board of Directors acknowledges the responsibility for the preparation and fair presentation of the financial statements of "K.B.L Securities Limited" in accordance with NFRS.

2.2.3 Approval of Financial Statements

The accompanied financial statements for the year ended on 15 July 2021 (Ashadh 31, 2078) have been adopted by the Board of Directors vide resolution passed through meeting held on 28/7/2021 and recommended for its approval by the Annual General Meeting of the shareholder in the 2nd AGM of the company.

2.3 Functional and Presentation Currency

The financial statements are presented in Nepalese Rupees (Rs) which is the functional and presentation currency. All financial information presented in NPR has been rounded to the nearest rupee except where indicated otherwise.

2.4 Use of Estimates, Assumptions and Judgments

The company, under NFRS, is required to apply accounting policies to most appropriately suit its circumstances and operating environment. Further the company is required to make judgement in respect of items where the choice of specific policy, accounting estimate or assumption to be followed could materially affect the financial statements. This may later be determined that a different choice could have been more appropriate.

NFRS requires the company to make estimates and assumptions that will affect the assets, liabilities, disclosure of contingent assets and liabilities, and profit or loss as reported in the financial statements.

The company applies estimates in preparing and presenting the financial statements. The estimates and underlying assumptions are reviewed periodically. Revision to accounting estimates are recognized in the period in which the estimates are revised and are applied prospectively.

Disclosures of the accounting estimates have been included in the relevant sections of the notes wherever the estimates have been applied along with the nature and effect of changes of accounting estimates, if any.

2.5 Going Concern

The financial statements are prepared on a going concern basis, as the Board of the company is satisfied that the company has the resources to continue in business for the foreseeable future. In making this assessment, the Board of Directors have considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.6 Changes in Accounting Policies

The company has applied unifrom accounting policy as permited by NFRS and applying NFRS in measurement of recognised assets and liabilities.

3. Significant Accounting Policies

3.1 Basis of Measurement

The company, while complying with the reporting standards, makes critical accounting judgement as having potentially material impact on the financial statements. The significant accounting policies that relate to the financial statements as a whole along with the judgements made are described herein.

Where an accounting policy is generally applicable to a specific item, the policy is described within that relevant note. NFRS requires the company to exercise judgement in making accounting estimates. Description of such estimates has been given in the relevant sections wherever they have been applied.

3.2 Cash and Cash Equivalent

Cash and cash equivalents include cash in hand, balances with BFIs, money at call & short notice and highly liquid financial assets with original maturities of three months or less from the acquisition dates that are subject to an insignificant risk of changes in their fair value and are used by the company in the management of its short-term commitments.

3.5 Income tax

Tax expenses comprises of current tax and deferred tax and are recognised in profit and loss except to the extent that they relate to items recognised directly in equity or in other comprehensive income.

A. Current Tax

Current tax is the expected tax payable or recoverable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. Current tax payable also includes any tax liability arising from the declaration of dividends.

B. Deferred Tax

Deferred income tax is provided in full on all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. However, if the deferred income tax arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit nor loss, it is not accounted for. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted at the reporting date and are expected to apply when the related deferred

income tax liability is settled. Deferred income tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized. Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the company and it is probable that the temporary difference will not reverse in the foreseeable future.

The measurement of deferred tax reflects the tax consequences that would flow from the manner in which the company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if certain criteria are met.

3.6 Provisions

A provision is recognized when as a result of a past event, the licensed institution has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

A) Provision for Redundancy

It shall include benefits payable as a result of employment being terminated or based on a dismissal plan of the licensed institution. It also includes provision for employees' termination benefits like voluntary retirement scheme.

B) Provision for Restructuring

Restructuring includes sale or termination of a line of business, closure of business locations or relocation in a region, changes in management structure, fundamental reorganizations that restructuring that is recognized as per the requirement of NFRSs. Provision for the same shall be done.

C) Pending Legal Issues and Tax Litigation

It includes provisions for pending legal issues and tax litigation.

3.7 Revenue Recognition:

Revenue are recognized on an accrual basis when the service has been provided or significant act performed whenever the benefit exceeds cost in determining such value.

3.8 Share capital and reserves

Financial instruments issued are classified as equity when there is no contractual obligation to transfer cash, other financial assets or issue available number of own equity instruments. Incremental costs directly attributable to the issue of new shares are shown in equity as deduction net of taxes from the proceeds.

Dividends on ordinary shares and preference shares classified as equity are recognised in equity in the period in which they are declared.

Incremental costs directly attributable to the issue of an equity instrument are deducted from the initial measurement of the equity instruments considering the tax benefits achieved thereon.

The reserves include retained earnings and other statutory reserves such as general reserve,assets revaluation reserve, capital reserve and other reserve etc.

कुमारी बैंक लिमिटेड
टंगाल, काठमाडौं।

विषय: लाभांश घोषणा/वितरण तथा वित्तीय विवरण प्रकाशन सम्बन्धमा।

महाशय,

त्यस बैंकबाट पेश गरिएका वित्तीय विवरण तथा अन्य कागजातका आधारमा बैंक तथा वित्तीय संस्था सम्बन्धी ऐन, २०७३ को दफा ४७ को उपदफा (२) का प्रावधानहरु पालना गरेको देखिएको हुँदा, उक्त ऐनको उपदफा (१) बमोजिम प्रस्तावित रु.८३,२७,०८,४९०।१६ (अक्षरेपि त्रियासी करोड सत्ताईस लाख आठ हजार चार सय नब्बे पैसा सोह्र मात्र) बराबरको बोनस शेयर र रु.३७,०५,५५,२७८।१२ (अक्षरेपि सैतिस करोड पाच लाख पचपन्न हजार दूई सय अठहत्तर र पैसा बाह्र मात्र) नगद लाभांश (लाभांश कर समेत) वितरण गर्न आयकर ऐन र अन्य प्रचलित कानूनी व्यवस्थाको समेत पालना गर्ने गरी त्यस बैंकको वार्षिक साधारण सभाबाट स्वीकृत भएको अवस्थामा मात्रै वितरण गर्न स्वीकृति प्रदान गरिएको, साथै आ.व. २०७७/७८ को वार्षिक हिसाब वार्षिक साधारण सभामा स्वीकृतिको लागि पेश गर्ने प्रयोजनार्थ देहायका निर्देशन सहित सार्वजनिक गर्न सहमति प्रदान गरिएको व्यहोरा निर्णयानुसार जानकारी गराउँदछु।

१. लेखापरीक्षण प्रतिवेदनमा उल्लेख गरिएका कैफियतहरु पूर्ण रुपले सुधार गर्न तथा त्यस्ता कैफियतहरु पुनः दोहोरिन नदिन आवश्यक व्यवस्था मिलाउनु हुन।

२. बैंक तथा वित्तीय संस्था सम्बन्धि ऐन २०७३ को दफा ११ को उपदफा ३ मा बैंकको चुक्ता पूंजीको २ प्रतिशत वा सो भन्दा बढी शेयर धारण गरेका संस्थापकहरुले आफ्नो नाममा रहेको शेयर बिक्री तथा धितो बन्धक राख्दा नेपाल राष्ट्र बैंकको स्वीकृति लिनु पर्ने व्यवस्था रहेकोले नेपाल राष्ट्र बैंकको स्वीकृति नलिई आफ्नो नाममा रहेको शेयर धितो बन्धक राखी अन्य बैंक तथा वित्तीय संस्थाबाट कर्जा उपयोग गरेका संस्थापक शेयरधनीहरु रहेमा ती संस्थापक शेयरधनीहरुलाई सोको स्वीकृति नलिएसम्म वा शेयर धितो बन्धक राखी उपयोग गरेको कर्जा पूर्ण रुपमा चुक्ता गरी शेयर फुकुवा नगरेसम्म प्रस्तावित नगद लाभांश तथा बोनस शेयर वितरण रोक्का राख्ने व्यवस्था मिलाउनु हुन।

३. यस बैंकबाट जारी गरिएको निर्देशन नं. १० को बुँदा नं. ७ बमोजिम इजाजतपत्र प्राप्त कुनै एक बैंक तथा वित्तीय संस्थाको संस्थापक सेयरमा लगानी गर्दा चुक्ता पूँजीको बढीमा १५ प्रतिशत र अन्य बैंक तथा वित्तीय संस्थाहरुमा चुक्ता पूँजीको बढीमा १ प्रतिशतसम्म मात्र लगानी गर्न सकिने व्यवस्था रहेकोले उल्लिखित सीमाभन्दा बढी शेयर धारण गर्ने संस्थापक शेयरधनीहरु रहेमा ती संस्थापक शेयरधनीहरुले आफ्नो नाममा रहेको शेयर सो सीमाभित्र नल्याएसम्म प्रस्तावित नगद लाभांश तथा बोनस शेयर वितरण रोक्का राख्ने व्यवस्था मिलाउनु हुन।

उपरोक्त निर्देशनहरुलाई त्यस बैंकको वार्षिक प्रतिवेदनको छुट्टै पानामा प्रकाशित गर्नु हुन।

भवदीय,

(पितम्बर पोखरेल)
उप-निर्देशक
