कुमारी बैंक लिमिटेडको
तेईसौं वार्षिक साधारणसभा सम्बन्धी सूचना

श्री शेयरधनी महानुभावहरु,

मिति २०८०/०९/२४ गते बसेको यस बैंकको सञ्चालक समितिको बैठक संख्या: १४-०८०/०८१ को निर्णयानुसार निम्न लिखित मिति, स्थान र समयमा निम्न प्रस्तावहरु उपर छलफल तथा निर्णय गर्नका लागि यस बैंकको २३औं (तेईसौं) वार्षिक साधारण सभा बस्ने भएको हुँदा कम्पनी ऐन, २०६३ को दफा ६७ बमोजिम सम्पूर्ण शेयरधनी महानुभावहरुको जानकारीको लागि यो सूचना प्रकाशित गरिएको छ ।

सभा हुने मिति, स्थान र समय

मिति : २०८० साल माघ महिना २८ गते आइतबार (तद्नुसार ११ फेब्रुवरी २०२४)

स्थान : त्रिभुवन आर्मी अफिसर्स क्लब, टुँडिखेल, काठमाण्डौं ।

समय : बिहान ११:०० बजे ।

छलफलका विषयहरु:

क. सामान्य प्रस्ताव

१. सञ्चालक समितिको आ.व.२०७९/८० वार्षिक प्रतिवेदन पारित गर्ने ।

२. लेखापरीक्षकको प्रतिवेदन सहितको आ.व.२०७९/०८० को वार्षिक आर्थिक विवरण (आषाढ मसान्त २०८० को वासलात, आ.व.२०७९/०८० को नाफानोक्सान हिसाव र सोहि अवधिको नगदप्रवाह विवरण, नाफानोक्सान बाँडफाँड हिसाब, ईक्विटीमा भएको परिवर्तन लगायत वार्षिक आर्थिक विवरणसँग सम्बद्ध अनुसूचीहरु) उपर छलफल गरी पारित गर्ने ।

३. यस बैंकको सहायक कम्पनी कुमारी क्यापिटल लिमिटेड र के.वि.एल. सेक्यूरिटिज लि.को आ.व.२०७९/०८० को वित्तीय विवरण सहितको एकिकृत वित्तीय विवरण छलफल गरी पारित गर्ने ।

४. कम्पनी ऐन २०६३ को दफा १११ तथा बैंक तथा वित्तीय संस्था सम्बन्धी ऐन, २०७३ को दफा ६३ बमोजिम आ.व.२०८०/०८१ को लागि लेखापरीक्षक नियुक्त गर्ने र निजको पारिश्रमिक तोक्ने ।

५. बैंकको संचालक समितिमा प्रतिनिधित्व हुने संस्थापक समूहका शेयरधनीहरुबाट संचालक पद संख्या ३ (तीन) तथा सर्वसाधारण समूहका शेयरधनीहरुबाट संचालक पद संख्या ३ (तीन) जना गरी ६(छ) जना संचालकहरुको निर्वाचन गर्ने । (प्रचलित कानुन तथा बैंकको नियमावली समेत बमोजिम उपरोक्त कुल ६(छ) जना मध्ये एक जना महिला संचालकको लागि निर्वाचन हुने) ।

ख. विशेष प्रस्ताव

१. बैंकले आ.व.२०७९/०८० मा संस्थागत सामाजिक उत्तरदायित्व वहन गर्ने क्रममा आर्थिक सहायता प्रदान गर्दा कम्पनी ऐनको दफा १०५(१)(ग) बमोजिम भएको खर्चलाई अनुमोदन गर्ने ।

ग. विविध ।

सञ्चालक समितिको आज्ञाले,
कम्पनी सचिव

साधारण सभा सम्बन्धी थप संक्षिप्त जानकारी:

१. बैंकको शेयरधनी दर्ता पुस्तिका मिति २०८०/१०/०९ गते १(एक) दिनका लागि यस बैंकको शेयर दाखिल खारेज बन्द (Book Close) हुनेछ र सो बमोजिम मिति २०८०/१०/०९ गतेको अघिल्लो दिन अर्थात २०८०/१०/०८ गते सम्म नेपाल स्टक एक्सचेन्ज लि.मा कारोवार भई प्रचलित नियमानुसारको समयावधि भित्र यस बैंकको शेयर रजिष्ट्रार कुमारी क्यापिटल लि.ले प्राप्त गरेको शेयर नामसारीको लिखतको विवरणका आधारमा शेयर दर्ता कितावमा कायम शेयरधनीहरुले मात्र तेइसौं साधारण सभामा सहभागी हुन योग्य हुनेछ ।

२. सभामा भाग लिन वा मतदान गर्नको लागि प्रतिनिधि (प्रोक्सी) नियुक्त गर्न चाहने शेयरधनीहरुले सो सम्बन्धी निवेदन, सभा शुरु हुनु भन्दा ७२ घण्टा पहिले बिहान ११:०० बजे भित्र बैंकको रजिष्टर्ड कार्यालय, टङ्गालमा दर्ता गराई सक्नु पर्नेछ । यसरी प्रतिनिधि (प्रोक्सी) नियुक्त गरिएका व्यक्ति बैंकको शेयरधनी हुनु आवश्यक छ ।

३. प्रतिनिधि (प्रोक्सि) नियुक्त गरिसक्नु भएका शेयरधनी आफै सभामा उपस्थित भई हाजिरी किताबमा दस्तखत गर्नु भएमा अघि दिईएको प्रोक्सि स्वत: बदर हुनेछ ।

४. एक जना शेयरधनीले एक भन्दा बढीलाई प्रतिनिधि (प्रोक्सि) मुकरर गरेमा प्रतिनिधि (प्रोक्सि) स्वत: बदर हुनेछ तर प्रतिनिधि (प्रोक्सि) दिने शेयरधनीले आफुले अघि दिएको प्रतिनिधि बदर गरेको व्यहोरा स्पष्ट उल्लेख गरी छुट्टै निवेदन दिई अर्को शेयरधनीलाई प्रतिनिधि नियुक्त गरेमा त्यसरी नियुक्त प्रतिनिधिले सभामा भाग लिन र मतदान गर्न पाउनेछ । यस्तो अवस्थामा अघिल्लो प्रतिनिधि स्वत: बदर भएको मानिनेछ ।

५. छलफलको विविध विषय अन्तर्गत प्रश्न गर्न चाहने शेयरधनी महानुभावहरुले आफुले प्रश्न गर्न चाहेको विषयबारे सभा हुनु भन्दा ७ (सात) दिन अगावै कम्पनीको रजिष्टर्ड कार्यालय, टंगालमा लिखित जानकारी दिनु पर्नेछ । तर सो कुरा अध्यक्षको अनुमति भएमा मात्र छलफल गरिनेछ र पारित विषय अन्तर्गत समावेश गरिने छैन ।

६. साधारण सभा सम्बन्धी संचालक समितिको प्रतिवेदन सहितका कागजातहरु हेर्न वा प्रतिलिपि आवश्यक भएमा बैंकको रजिष्टर्ड कार्यालय, टंगाल वा बैंकको शेयर रजिष्ट्रार कुमारी क्यापिटल लि. को कार्यालय, नक्साल काठमाडौंमा सम्पर्क गर्नुहुन अनुरोध गर्दछौं । वार्षिक प्रतिवेदन पुस्तिका प्राप्त गरी नसकेका शेयरधनीहरुले यस बैंकको वेबसाईट www.kumaribank.com बाट समेत डाउनलोड गर्न वा हेर्न सकिनेछ ।

७. सभामा भाग लिने प्रत्येक शेयरधनी महानुभावले सभा हुने स्थानमा उपस्थित भई त्यहाँ रहेको हाजिरी पुस्तिकामा दस्तखत गर्नुपर्नेछ । साधारण सभाको हाजिरी पुस्तिका बिहान १०:०० बजेदेखि खुल्ला रहनेछ ।

८. सभामा भाग लिन ईच्छुक शेयरधनी महानुभावहरुलाई आफ्नो आधिकारिक परिचयपत्र सहित शेयरधनी नम्बर वा अभौतिकीकरण गरिसकेको शेयरको हकमा BOID (हितग्राही परिचय नम्बर) प्रस्तुत गर्नुहुन अनुरोध छ ।

९. संयुक्त रुपमा शेयर ग्रहण गर्ने शेयरधनीहरुको हकमा शेयरधनीको लगत कितावमा पहिले नाम उल्लेख भएको व्यक्तिले वा सर्वसम्मतिबाट आफु मध्ये नियुक्त गरिएको एक जना शेयरधनीले वा सर्वसम्मतबाट नियुक्त प्रतिनिधिले मात्र सभामा भाग लिन र मतदान गर्न पाउनेछ ।

१०. नाबालक वा भिन्न शारीरिक क्षमताका शेयरधनीको तर्फबाट संरक्षकको रुपमा नाम दर्ता भएको व्यक्तिले सभामा भाग लिन तथा प्रोक्सी नियुक्त गर्न सक्नु हुनेछ ।

११. शेयरधनी महानुभावहरुले व्यक्त गर्नु भएका मन्तव्य तथा प्रश्नहरुको सम्बन्धमा सञ्चालक समितिका तर्फबाट अध्यक्ष वा अध्यक्षले तोकेको व्यक्तिले जवाफ दिन सक्नेछन् ।

संचालक निर्वाचान सम्बन्धी थप जानकारी:

(१) निर्वाचन सम्बन्धी कार्यक्रमहरु निर्वाचन अधिकृतले सूचना प्रकाशित गरी तोकेको कार्यक्रम बमोजिम हुनेछ । साधारण सभाको दिनभन्दा कम्तीमा ५ (पाँच) दिन अगाडि निर्वाचन अधिकृतले निर्वाचन कार्यक्रममको सूचना प्रकाशित गर्नेछ । उक्त सूचना बैंकको वेबसाईट www.kumaribank.com मा प्रकाशन हुनेछ ।

पुनश्च: साधारण सभा सम्बन्धी थप जानकारी आवश्यक भएमा बैंकको वेबसाईट www.kumaribank.com मा वा कम्पनी सचिवको कार्यालय, टंगालमा सम्पर्क राख्न सक्नु हुनेछ ।

कुमारी बैंक लिमिटेड
सञ्चालक समितिको वार्षिक प्रतिवेदन
तेईसौं वार्षिक साधारण सभा

शेयरधनी महानुभावहरु,

कुमारी बैंक लिमिटेडको यस २३ औं वार्षिक साधारण सभामा उपस्थित सम्पूर्ण शेयरधनी महानुभावज्यूहरु, आमन्त्रित प्रतिनिधिज्यूहरु, लेखापरीक्षकज्यू, पत्रकार मित्रहरु तथा सहयोगी कर्मचारीहरुलाई सञ्चालक समितिको तर्फबाट हार्दिक स्वागत तथा अभिवादन व्यक्त गर्दछौं ।

बैंकको २३ औं वार्षिक साधारण सभामा मुख्यत: हामी यस बैंकको आ.व.२०७९/८० को वार्षिक वित्तीय विवरण प्रस्तुत गर्न उपस्थित भएका छौं । वार्षिक प्रतिवेदनका साथ साथै हामी यहाँहरु समक्ष बैंकको चालु आर्थिक वर्षको उपलब्धि तथा भावी योजनाहरुको बारेमा समेत संक्षिप्तमा प्रस्तुत गर्नेछौं । विगतका घटनाक्रमहरुबाट पाठ सिक्दै प्राप्त अवसर तथा चुनौतीहरुलाई समयानुकुल बैंकको हितमा उपयोग गर्दै आज हामी स्थापना कालको २३ वर्ष पुरा गरिसकेका छौं । हाम्रो उद्देश्य सधैं नै हाम्रा ग्राहकहरुलाई आधुनिक प्रविधिको प्रयोग र दक्ष कर्मचारीहरुद्धारा उत्कृष्ट सेवा प्रदान गर्ने, छरिएर रहेका पुँजीलाई एकिकृत गरी समूचित लगानी गर्ने, लगानीकर्ताहरुलाई जति सक्दो बढी प्रतिफल दिने, संस्थामा उच्चतम संस्थागत सुशासन र नैतिक आचरण कायम राख्ने र देशले अवलम्बन गरेका नियम तथा कानुनलाई अक्षरस परिपालन गर्ने रही आएको छ । बैंकका यी उद्देश्यहरुलाई सफलतापुर्वक हासिल गर्नका लागि प्रत्यक्ष वा अप्रत्यक्ष रुपमा साथ सहयोग तथा शुभकामना दिनुहुने सम्पूर्णमा हामी मुरी-मुरी धन्यबाद अर्पण गर्दछौं । गत आर्थिक वर्षमा तरलता र कर्जायोग्य कोषमा देखिएको दवाव, उच्च व्याजदर, सरकारी आम्दानी र खर्चमा भएको कमीले देशको समग्र आर्थिक गतिविधि संकुचन आई बैंकिङ्ग प्रणालीमा समेत उच्च दवाव देखियो । यस्तो प्रतिकूल अवस्थामा हामी समान प्रकृतिका कुमारी बैंक लि. र नेपाल क्रेडिट एण्ड कमर्स बैंक लि. एक आपसमा मर्जर भई २०७९/०९/१७ बाट एकीकृत कारोबार गर्न यहाँहरुकै साथ र सहयोगले सफल भएका छौं । दुई ठूला बैंकहरुको मर्जर पश्चात्का चूनौतीहरु र बैंकको कर्जा सम्पतिमा देखिएको दवाबका कारण बृद्धि भएको निष्कृय कर्जाहरूको उचित व्यवस्थापन गरी प्रगती उन्मुख रहन आगामी दिनहरुमा समेत यहाँहरुले यस बैंकको प्रगतिमा उत्तिकै साथ दिनुहुनेछ भन्ने हामीले विश्वास लिएका छौं ।

(१) अन्तर्राष्ट्रिय र राष्ट्रिय अर्थतन्त्रको पुनरावलोकन :

क) विश्व अर्थतन्त्र

रुस-युक्रेन युद्ध, पेट्रोलियम पदार्थको मूल्य वृद्धि र आपूर्ति व्यवधान लगायतका कारण मुद्रास्फीति उच्च रहन गएको पृष्ठभूमिमा हुन गएको ब्याजदरको बढोत्तरीले विश्व अर्थतन्त्रको वृद्धिदर सुस्त भएको छ। अन्तर्राष्ट्रिय मुद्राकोषले विश्व अर्थतन्त्र र विकसित एवम् उदीयमान अर्थतन्त्रको वृद्धिदर सन् २०२३ मा न्यून रहे सरह सन् २०२४ मा पनि सामान्य सुधार मात्र आउने प्रक्षेपण गरेको छ ।

अन्तर्राष्ट्रिय मुद्राकोषको सन् २०२३ अप्रिलको प्रक्षेपण अनुसार विश्व अर्थतन्त्र सन् २०२२ मा ३.४ प्रतिशतले विस्तार भएकोमा सन् २०२३ मा २.८ प्रतिशतले र सन् २०२४ मा ३.० प्रतिशतले विस्तार हुने देखिएको छ। विकसित अर्थतन्त्र भने सन् २०२२ मा २.७ प्रतिशतले विस्तार भएकोमा सन् २०२३ मा १.३ प्रतिशतले र सन् २०२४ मा १.४ प्रतिशतले विस्तार हुने कोषको प्रक्षेपण छ। उदीयमान तथा विकासोन्मुख मुलुकहरुको अर्थतन्त्र सन् २०२२ मा ४.० प्रतिशतले विस्तार भएकोमा सन् २०२३ मा ३.९ प्रतिशतले र सन् २०२४ मा ४.२ प्रतिशतले विस्तार हुने प्रक्षेपण छ।

छिमेकी मुलुकहरु भारत र चीनको अर्थतन्त्र सन् २०२२ मा क्रमशः ६.८ प्रतिशत र ३.० प्रतिशतले विस्तार भएकोमा सन् २०२३ मा क्रमशः ५.९ प्रतिशत र ५.२ प्रतिशतले विस्तार हुने प्रक्षेपण रहेकोमा सन् २०२४ मा भारतको अर्थतन्त्र ६.३ प्रतिशतले र चीनको अर्थतन्त्र ४.५ प्रतिशतले विस्तार हुने कोषको प्रक्षेपण रहेको छ ।

विश्व अर्थतन्त्रले भोग्नुपरेको उच्च मुद्रास्फीतिको स्थितिमा क्रमशः सुधार हुँदै गएको छ । यद्यपि, उर्जाको मूल्य अनिश्चितता, रुस-युक्रेनबीच जारी युद्ध, हालैको इजरायल-प्यालेस्टाइन द्वन्द र आर्थिक मन्दीको सामना गर्न अवलम्बन हुन सक्ने नीतिगत लचकताका कारण मुद्रास्फीति बढ्न सक्ने जोखिम कायमै रहेको छ । सन् २०२२ मा विश्व मुद्रास्फीति ८.७ प्रतिशत रहेकोमा सन् २०२३ मा ७.० प्रतिशत र सन् २०२४ मा ४.९ प्रतिशतमा झर्ने कोषले प्रक्षेपण गरेको छ । सन् २०२२ मा विकसित र विकासोन्मुख मुलुकहरुको मुद्रास्फीति क्रमशः ७.३ प्रतिशत र ९.८ प्रतिशत रहेकोमा सन् २०२३ मा क्रमशः ४.७ प्रतिशत र ८.६ प्रतिशत तथा सन् २०२४ मा क्रमशः २.६ प्रतिशत र ६.५ प्रतिशतमा झर्ने कोषको प्रक्षेपण छ ।

विश्वका अधिकांश केन्द्रीय बैंकहरुले सन् २०२२ को सुरुदेखि अवलम्बन गर्दै आएको कसिलो मौद्रिक नीतिको कार्यदिशालाई कायमै राखेका छन् । अमेरिकी फेडरल रिजर्भले सन् २०२२ मार्चदेखि ३ मे २०२३ सम्ममा फेडरल फण्ड रेट निरन्तर वृद्धि गरी ०-०.२५ प्रतिशतबाट बढाएर ५-५.२५ प्रतिशत पुऱ्याएकोमा पछिल्लो पटक २०२३ जुन १४ मा यथावत राखेको छ । उच्च मुद्रास्फीति अपेक्षामा अंकुश लगाउनुको साथै विकसित मुलुकहरुले अवलम्बन गरेको कसिलो मौद्रिक नीतिको प्रभाव वित्तीय बजारमा पर्न नदिन उदीयमान मुलुकहरुले पनि मौद्रिक नीतिको कसिलो कार्यदिशालाई निरन्तरता दिएका छन् ।

रुस-युक्रेन युद्धपछि बढेको पेट्रोलियम पदार्थ, खाद्यान्न र धातुजन्य बस्तुहरुको मूल्य हाल स्थिर रहेको वा घट्ने प्रवृत्तिमा रहेका छन् । फलस्वरुप, विश्वका अधिकांश मुलुकहरुमा मुद्रास्फीति घट्दै गएको छ । तथापि, मुद्रास्फीति अझै लक्ष्यभन्दा माथि रहेको र जारी भूराजनैतिक तनाबका कारण इन्धनको मूल्यका साथै समग्र मूल्य स्थितिमा जोखिम कायमै रहेको हुँदा विश्वका धेरैजसो मुलुकहरुले अवलम्बन गर्दै आइरहेको कसिलो मौद्रिक नीतिको कार्यदिशालाई सन् २०२४ मा पनि निरन्तरता दिने देखिन्छ ।

विश्व अर्थतन्त्रमा देखिएका चुनौतीहरु सामना गर्न अधिकांश मुलुकहरुले कसिलो मौद्रिक नीति अवलम्बन गरेका छन् । कोभिड-१९ संकट तथा रुस-युक्रेन युद्धबाट सिर्जित अनिश्चितताका बाबजुद धेरै मुलुकहरुले आर्थिक कृयाकलाप सहज बनाउने नीतिमा ध्यान केन्द्रित गर्दे लगेका छन् ।

अन्तर्राष्ट्रिय अर्थतन्त्रमा देखिएका उल्लिखित परिदृश्यवाट बैंकको कारोवारमा समेत प्रभाव पर्ने देखिएको छ ।

ख) देशको अर्थतन्त्र

राष्ट्रिय तथ्याङ्क कार्यालयका अनुसार आर्थिक वर्ष २०७९/८० मा आर्थिक वृद्धि उत्पादकको मूल्यमा १.८६ प्रतिशत मध्ये कृषि क्षेत्रको वृद्धि २.७३ प्रतिशत, उद्योग क्षेत्रको ०.५९ प्रतिशत र सेवा क्षेत्रको वृद्धि २.३३ प्रतिशत रहने अनुमान रहेकोमा आर्थिक वर्ष २०७९/८० मा कुल गार्हस्थ उत्पादनमा कृषि, उद्योग र सेवा क्षेत्रको अंश क्रमशः २४.१२ प्रतिशत, १३.४५ प्रतिशत र ६२.४३ प्रतिशत रहेको छ । आर्थिक वर्ष २०७९/८० मा कुल गार्हस्थ्य बचतको कुल गार्हस्थ्य उत्पादनसँगको अनुपात ६.४१ प्रतिशत रहेको छ । कुल स्थिर पुँजी निर्माण र कुल राष्ट्रिय बचतको कुल गार्हस्थ्य उत्पादनसँगको अनुपात क्रमशः २५.२१ प्रतिशत र ३१.६६ प्रतिशत रहेको छ ।

आर्थिक वर्ष २०७९/८० मा वार्षिक औसत उपभोक्ता मुद्रास्फीति ७.७४ प्रतिशत रहेको छ । अघिल्लो आर्थिक वर्ष यस्तो मुद्रास्फीति ६.३२ प्रतिशत रहेको थियो । अघिल्लो आर्थिक वर्षको तुलनामा आर्थिक वर्ष २०७९/८० मा खाद्य तथा पेय पदार्थ समूह अन्तर्गत रेष्टुरेण्ट तथा होटल उप-समूहको मूल्यवृद्धि १४.४२ प्रतिशत, मरमसलाको १२.५० प्रतिशत, खाद्य तथा खाद्यजन्य पदार्थको १०.७० प्रतिशत, सुर्तीजन्य पदार्थको ९.८८ प्रतिशत र दुग्ध पदार्थ तथा अण्डाको ९.२३ प्रतिशत रहेको छ ।

आर्थिक वर्ष २०७९/८० मा कुल वस्तु निर्यातमा २१.४ प्रतिशतले कमी आई रु.१ खर्ब ५७ अर्ब १४ करोड कायम भएको छ। अघिल्लो वर्ष यस्तो निर्यात ४१.७ प्रतिशतले बढेको थियो।

निर्याततर्फ भैरहवा, सुक्खा बन्दरगाह, जलेश्वर, कृष्णनगर, मेची, रसुवा, तातोपानी र त्रिभुवन विमानस्थल भन्सार कार्यालय बाहेकका अन्य प्रमुख नाकाबाट गरिएको निर्यात घटेको छ। आयात तर्फ रसुवा भन्सार कार्यालय बाहेकका प्रमुख नाकाबाट भएको आयातमा कमी आएको छ।

समीक्षा वर्षमा भारतबाट परिवर्त्य विदेशी मुद्रा भुक्तानी गरी रु.१ खर्ब ५४ अर्ब ४२ करोड बराबरको वस्तु आयात भएको छ। अघिल्लो वर्ष यस्तो आयात रु.२ खर्ब १३ अर्ब ५३ करोड बराबरको भएको थियो।

२०७९ आषाढ मसान्तको तुलनामा २०८० आषाढ मसान्तमा अमेरिकी डलरसँग नेपाली रुपैयाँ २.७९ प्रतिशतले अवमूल्यन भएको छ। अघिल्लो वर्ष नेपाली रुपैयाँ ६.६४ प्रतिशतले अवमूल्यन भएको थियो। २०८० आषाढ मसान्तमा अमेरिकी डलर एकको खरिद विनिमय दर रु.१३१.१७ पुगेको छ। २०७९ आषाढ मसान्तमा उक्त विनिमय दर रु.१२७.५१ रहेको थियो।

आर्थिक वर्ष २०७९/८० मा खुद सेवा आय रु.८३ अर्ब ८५ करोडले घाटामा रहेको छ। अघिल्लो वर्ष खुद सेवा आय रु.१ खर्ब ०८ अर्ब १२ करोडले घाटामा रहेको थियो। समीक्षा वर्षमा सेवा खाता अन्तर्गत भ्रमण आय ८९.६ प्रतिशतले वृद्धि भई रु.६१ अर्ब ५२ करोड पुगेको छ। अघिल्लो वर्ष यस्तो आय रु.३२ अर्ब ४५ करोड रहेको थियो। समीक्षा वर्षमा सेवा खाता अन्तर्गत भ्रमण व्यय ४८.४ प्रतिशतले वृद्धि भई रु.१ खर्ब ४४ अर्ब ४६ करोड पुगेको छ। यसमध्ये शिक्षातर्फको व्यय रु.१ खर्ब ४२ करोड रहेको छ। अघिल्लो वर्ष भ्रमण व्यय रु.९७ अर्ब ३२ करोड रहेकोमा शिक्षातर्फको व्यय रु.६७ अर्ब ७० करोड रहेको थियो।

समीक्षा वर्षमा कुल वस्तु व्यापार घाटा १५.५ प्रतिशतले कमी आई रु.१४ खर्ब ५४ अर्ब ५९ करोड कायम भएको छ। अघिल्लो वर्ष यस्तो घाटा २३.० प्रतिशतले बढेको थियो। समीक्षा वर्षमा निर्यात-आयात अनुपात ९.७ प्रतिशत रहेको छ। अघिल्लो वर्ष यस्तो अनुपात १०.४ प्रतिशत रहेको थियो।

आर्थिक वर्ष २०७९/८० मा विप्रेषण आप्रवाह २१.२ प्रतिशतले वृद्धि भई रु.१२ खर्ब २० अर्ब ५६ करोड पुगेको छ। अघिल्लो वर्ष विप्रेषण आप्रवाह ४.८ प्रतिशतले बढेको थियो। अमेरिकी डलरमा विप्रेषण आप्रवाह १२.१ प्रतिशतले वृद्धि भई ९ अर्ब ३३ करोड पुगेको छ। अघिल्लो वर्ष यस्तो आप्रवाह २.२ प्रतिशतले बढेको थियो।

आर्थिक वर्ष २०७९/८० मा चालु खाता रु.७२ अर्ब १६ करोडले घाटामा रहेको छ। अघिल्लो वर्ष चालु खाता रु.६ खर्ब २३ अर्ब ३८ करोडले घाटामा रहेको थियो। अमेरिकी डलरमा अघिल्लो वर्ष ५ अर्ब १७ करोडले घाटामा रहेको चालु खाता समीक्षा वर्षमा ५५ करोड ७१ लाखले घाटामा रहेको छ। समीक्षा वर्षमा पुँजीगत ट्रान्सफर २४.५ प्रतिशतले कमी आई रु.७ अर्ब ५४ करोड रहेको छ भने खुद प्रत्यक्ष वैदेशिक लगानी रु.५ अर्ब ९६ करोड कायम भएको छ। अघिल्लो वर्ष पुँजीगत ट्रान्सफर रु.९ अर्ब ९९ करोड र खुद प्रत्यक्ष वैदेशिक लगानी रु.१८ अर्ब ५६ करोड रहेको थियो। समीक्षा वर्षमा पुँजीगत ट्रान्सफर २४.५ प्रतिशतले कमी आई रु.७ अर्ब ५४ करोड रहेको छ भने खुद प्रत्यक्ष वैदेशिक लगानी रु.५ अर्ब ९६ करोड कायम भएको छ। अघिल्लो वर्ष पुँजीगत ट्रान्सफर रु.९ अर्ब ९९ करोड र खुद प्रत्यक्ष वैदेशिक लगानी रु.१८ अर्ब ५६ करोड रहेको थियो।

२०७९ आषाढ मसान्तमा रु.१२ खर्ब १५ अर्ब ८० करोड बराबर रहेको कुल विदेशी विनिमय सञ्चिति २६.६ प्रतिशतले वृद्धि भई २०८० आषाढ मसान्तमा रु.१५ खर्ब ३९ अर्ब ३६ करोड पुगेको छ। अमेरिकी डलरमा यस्तो सञ्चिति २०७९ आषाढ मसान्तमा ९ अर्ब ५४ करोड रहेकोमा २०८० आषाढ मसान्तमा २३.१ प्रतिशतले वृद्धि भई ११ अर्ब ७४ करोड कायम भएको छ।

कुल विदेशी विनिमय सञ्चितिमध्ये नेपाल राष्ट्र बैंकमा रहेको सञ्चिति २०७९ आषाढ मसान्तमा रु.१० खर्ब ५६ अर्ब ३९ करोड रहेकोमा २०८० आषाढ मसान्तमा २७.४ प्रतिशतले वृद्धि भई रु.१३ खर्ब ४५ अर्ब ७८ करोड कायम भएको छ। बैंक तथा वित्तीय संस्था (नेपाल राष्ट्र बैंकबाहेक) सँग रहेको विदेशी विनिमय सञ्चिति २०७९ आषाढ मसान्तमा रु.१ खर्ब ५९ अर्ब ४१ करोड रहेकोमा २०८० आषाढ मसान्तमा २१.४ प्रतिशतले वृद्धि भई रु.१ खर्ब ९३ अर्ब ५९ करोड पुगेको छ। २०८० आषाढ मसान्तको कुल विदेशी विनिमय सञ्चितिमा भारतीय मुद्राको अंश २२.५ प्रतिशत रहेको छ।

आर्थिक वर्ष २०७९/८० को आयातलाई आधार मान्दा बैंकिङ्ग क्षेत्रसँग रहेको विदेशी विनिमय सञ्चिति ११.७ महिनाको वस्तु आयात र १० महिनाको वस्तु तथा सेवा आयात धान्न पर्याप्त रहने देखिन्छ। २०८० आषाढ मसान्तमा विदेशी विनिमय सञ्चितिको कुल गार्हस्थ्य उत्पादन, कुल आयात र विस्तृत मुद्राप्रदायसँगका अनुपातहरु क्रमशः २८.६ प्रतिशत, ८३.० प्रतिशत र २५.१ प्रतिशत रहेका छन्। २०७९ आषाढ मसान्तमा यी अनुपातहरु क्रमशः २४.६ प्रतिशत, ५७.८ प्रतिशत र २२.१ प्रतिशत रहेका थिए।

नेपाल सरकार, अर्थमन्त्रालय (महालेखा नियन्त्रक कार्यालय) का अनुसार आर्थिक वर्ष २०७८/७९ मा नेपाल सरकारको कुल खर्च रु.१२ खर्ब ९६ अर्ब २४ करोड रहेकोमा आर्थिक वर्ष २०७९/८० मा यस्तो खर्च रु.१४ खर्ब २९ अर्ब ५६ करोड रहेको छ। जसमा चालु खर्च, पुँजीगत खर्च र वित्तीय व्यवस्था वापतको खर्च क्रमशः रु.१० खर्ब ५ अर्ब ७६ करोड, रु.२ खर्ब ३३ अर्ब ७० करोड र रु.१ खर्ब ९० अर्ब ११ करोड रहेको छ।

आर्थिक वर्ष २०७९/८० मा राजस्व संकलन (प्रदेश सरकार तथा स्थानीय तहमा बाँडफाँट हुने रकमसमेत) रु.९ खर्ब ५७ अर्ब १५ करोड रहेको छ। अघिल्लो वर्षको सोही अवधिमा कुल राजस्व संकलन रु.१० खर्ब ६७ अर्ब ९६ करोड रहेको थियो। आर्थिक वर्ष २०७९/८० मा अन्य प्राप्ति समेत गरी नेपाल सरकारले रु.१० खर्ब १० अर्ब ३९ करोड स्रोत परिचालन गरेको छ।

आर्थिक वर्ष २०७९/८० मा नेपाल सरकारले रु.२ खर्ब ५६ अर्ब आन्तरिक ऋण परिचालन गरेको छ भने रु.१ खर्ब १५ अर्ब ९ करोड साँवा भुक्तानी गरेकोछ। यसर्थ, यस अवधिमा रु.१ खर्ब ४० अर्ब ९० करोड खुद आन्तरिक ऋण परिचालन भएको छ। यो रकम कुल गार्हस्थ्य उत्पादनको २.६ प्रतिशत हुन आउँछ। यस अवधिमा सरकारले रु.१ खर्ब २ अर्ब १२ करोड वाह्य ऋण परिचालन गरेको छ।

२०८० आषाढ मसान्तमा नेपाल सरकारको कुल तिर्न बाँकी ऋण रु.२२ खर्ब १८ अर्ब ५४ करोड पुगेको छ। जस मध्ये, वाह्य ऋण रु.१० खर्ब ९३ अर्ब ३५ करोड र आन्तरिक ऋण रु.११ खर्ब २५ अर्ब १९ करोड रहेको छ। आर्थिक वर्ष २०७९/८० मा कुल सार्वजनिक ऋणको कुल गार्हस्थ्य उत्पादनसँगको अनुपात ४१.२ प्रतिशत पुगेको छ। अघिल्लो वर्ष यस्तो अनुपात ४०.७ प्रतिशत रहेको थियो।

ग) वित्तीय क्षेत्रको अवस्था

समीक्षा वर्षमा बैंक तथा वित्तीय संस्थाहरूको निक्षेप १२.३ प्रतिशतले बढेको छ। अघिल्लो वर्ष यस्तो निक्षेप ९.० प्रतिशतले बढेको थियो।

२०८० आषाढ मसान्तमा बैंक तथा वित्तीय संस्थाहरूको कुल निक्षेपमा चल्ती, बचत र मुद्दती निक्षेपको अंश क्रमशः ७.७ प्रतिशत, २६.६ प्रतिशत र ५८.९ प्रतिशत रहेको छ। अघिल्लो वर्ष यस्तो अंश क्रमशः ८.९ प्रतिशत, २७.६ प्रतिशत र ५५.८ प्रतिशत रहेको थियो।

२०८० आषाढ मसान्तमा बैंक तथा वित्तीय संस्थाहरुको कुल निक्षेपमा संस्थागत निक्षेपको अंश ३६.६ प्रतिशत रहेको छ। २०७९ आषाढ मसान्तमा यस्तो निक्षेपको अंश ३८.३ प्रतिशत रहेको थियो।

समीक्षा वर्षमा बैंक तथा वित्तीय संस्थाहरुबाट निजी क्षेत्रमा प्रवाहित कर्जा ३.८ प्रतिशतले बढेको छ । अघिल्लो वर्ष यस्तो कर्जा १३.१ प्रतिशतले बढेको थियो ।

बैंक तथा वित्तीय संस्थाहरुबाट निजी क्षेत्रमा प्रवाहित कर्जामध्ये गैर-वित्तीय संस्थागत क्षेत्रतर्फ प्रवाह भएको कर्जाको अंश ६२.७ प्रतिशत र व्यक्तिगत तथा घरपरिवार क्षेत्रतर्फ प्रवाह भएको कर्जाको अंश ३७.३ प्रतिशत रहेको छ । अघिल्लो वर्षको सोही अवधिमा यस्तो अंश क्रमश: ६३.३ प्रतिशत र ३६.७ प्रतिशत रहेको थियो ।

निजी क्षेत्रतर्फ प्रवाहित कर्जामध्ये वाणिज्य बैंकहरुको कर्जा प्रवाह ३.५ प्रतिशतले, विकास बैंकहरुको कर्जा प्रवाह ७.६ प्रतिशतले र वित्त कम्पनीहरुको ०.६ प्रतिशतले बढेको छ ।

आर्थिक वर्ष २०७९/८० मा रिपोमार्फत रु.४ खर्ब १४ अर्ब ४७ करोड, सोझै खरिदमार्फत रु.८९ अर्ब ७० करोड, स्थायी तरलता सुविधामार्फत रु.२७ खर्ब २७ अर्ब ११ करोड र ओभरनाइट तरलता सुविधामार्फत रु.२२ खर्ब ८६ अर्ब ९० करोड गरी कुल रु.५५ खर्ब १८ अर्ब १९ करोड (कारोबारमा आधारित) तरलता प्रवाह भएको छ भने रिभर्स रिपोमार्फत रु.८८ अर्ब २० करोड र निक्षेप संकलन बोलकबोल मार्फत रु.२० अर्ब गरी कुल रु.१ खर्ब ८ अर्ब २० करोड तरलता प्रशोचन गरिएको छ । अघिल्लो वर्षको सोही अवधिमा विभिन्न उपकरणहरुमार्फत पटकपटक गरी खुद रु.९६ खर्ब ४२ अर्ब ४१ करोड तरलता प्रवाह भएको थियो ।

समीक्षा वर्षमा यस बैंकले विदेशी विनिमय बजार (वाणिज्य बैंकहरु) बाट अमेरिकी डलर ५ अर्ब ४५ करोड खूद खरिद गरी रु.७ खर्ब १२ अर्ब ५० करोड तरलता प्रवाह गरेको छ । अघिल्लो वर्ष विदेशी विनिमय बजारबाट अमेरिकी डलर २ अर्ब ९१ करोड खूद खरिद गरी रु.३ खर्ब ५५ अर्ब ५७ करोड तरलता प्रवाह गरिएको थियो ।

आर्थिक वर्ष २०७९/८० मा वाणिज्य बैंकहरुबीच रु.३९ खर्ब ४२ अर्ब १५ करोड र अन्य वित्तीय संस्थाहरु(वाणिज्य बैंकहरु बीच बाहेक) बीच रु.३ खर्ब ५२ अर्ब ७ करोड गरी कुल रु.४२ खर्ब ९४ अर्ब २२ करोडको अन्तर-बैंक कारोबार भएको छ । अघिल्लो वर्ष वाणिज्य बैंकहरु बीच रु.२७ खर्ब ८४ अर्ब १० करोड र अन्य वित्तीय संस्थाहरु बीच रु.३ खर्ब १६ अर्ब २५ करोड गरी कुल रु.३१ खर्ब ३५ करोडको अन्तर बैंक कारोबार भएको थियो ।

२०७९ असारमा ९१-दिने ट्रेजरी बिलको भारित औसत ब्याजदर १०.६६ प्रतिशत रहेकोमा २०८० असारमा ६.३५ प्रतिशत रहेको छ । वाणिज्य बैंकहरु बीचको अन्तर-बैंक कारोबारको भारित औसत ब्याजदर २०७९ असारमा ६.९९ प्रतिशत रहेकोमा २०८० असारमा २.९८ प्रतिशत रहेको छ । मौद्रिक नीतिको सञ्चालन लक्ष्यको रुपमा लिइने औसत अन्तर-बैंक ब्याजदर २०८० असारमा ३.१४ प्रतिशत रहेको छ ।

वाणिज्य बैंकहरुको औसत आधार दर २०७९ असारमा ९.५४ प्रतिशत रहेकोमा २०८० असारमा १०.०३ प्रतिशत कायम भएको छ । २०८० असारमा वाणिज्य बैंकहरुको निक्षेपको भारित औसत ब्याजदर ७.८६ प्रतिशत र कर्जाको भारित औसत ब्याजदर १२.३० प्रतिशत रहेको छ । अघिल्लो वर्षको सोही महिनामा यस्ता दरहरु क्रमश: ७.४१ प्रतिशत र ११.६२ प्रतिशत रहेका थिए ।

आर्थिक वर्ष २०७९/८० मा १२ वटा वाणिज्य बैंकहरु मर्जर/प्राप्ति प्रक्रियामा सामेल भई ६ वाणिज्य बैंक बनेका छन् । त्यसैगरी, १६ वटा लघुवित्त वित्तीय संस्थाहरु मर्जर/प्राप्ति प्रक्रियामा सामेल भएर ८ संस्था कायम भएका छन् ।

इजाजतप्राप्त बैंक तथा वित्तीय संस्थाहरुको संख्या २०८० आषाढ मसान्तमा ११२ रहेको छ । यस मध्ये २० वाणिज्य बैंक, १७ विकास बैंक, १७ वित्त कम्पनी, ५७ लघुवित्त वित्तीय संस्था र १ पूर्वाधार विकास बैंक रहेका छन्। बैंक तथा वित्तीय संस्थाहरुको शाखा संख्या २०७९ आषाढ मसान्तमा १०,५२८ रहेकोमा २०८० आषाढ मसान्तमा ११,५८९ पुगेको छ । २०७९ आषाढ मसान्तमा प्रतिशाखा जनसंख्या २,५३२ रहेकोमा २०८० आषाढ मसान्तमा २,५१७ कायम भएको छ ।

घ) पुँजी बजार

२०७९ आषाढ मसान्तमा २००९.५ रहेको नेप्से सूचकाङ्क २०८० असार मसान्तमा २०९७.१ कायम भएको छ ।

२०८० आषाढ मसान्तमा धितोपत्र बजार पुँजीकरण रु.३० खर्ब ८२ अर्ब ५२ करोड कायम भएको छ । २०७९ आषाढ मसान्तमा बजार पुँजीकरण रु.२८ खर्ब ६९ अर्ब ३४ करोड रहेको थियो ।

२०८० आषाढ मसान्तमा नेपाल स्टक एक्सचेन्ज लिमिटेडमा सूचीकृत कम्पनीहरूको संख्या २५४ पुगेको छ । सूचीकृत कम्पनीहरुमध्ये १३६ बैंक तथा वित्तीय संस्था र बीमा कम्पनी रहेका छन्भने ७९ जलविद्युत् कम्पनी, १९ उत्पादन तथा प्रशोधन उद्योग, ७ होटल, ६ लगानी कम्पनी, ४ व्यापारिक संस्था र ३ अन्य समूहका रहेका छन् । २०७९ असारमा सूचीकृत कम्पनीहरूको संख्या २३४ रहेको थियो ।

सूचीकृत कम्पनीहरूमध्ये बैंक तथा वित्तीय संस्था र बीमा कम्पनीको धितोपत्र बजार पुँजीकरणको हिस्सा ६३ प्रतिशत रहेको छ । त्यसैगरी, जलविद्युत् कम्पनीको हिस्सा १३.२ प्रतिशत, लगानी कम्पनीको हिस्सा ७.१ प्रतिशत, उत्पादन तथा प्रशोधन उद्योगको हिस्सा ४.४ प्रतिशत, होटेलको हिस्सा ३.४ प्रतिशत, व्यापारिक संस्थाको हिस्सा ०.५ प्रतिशत तथा अन्य समूहका कम्पनीहरुको हिस्सा ८.४ प्रतिशत रहेको छ ।

नेपाल स्टक एक्सचेन्ज लिमिटेडमा २०८० आषाढ मसान्तमा सूचीकृत ७ अर्ब ३९ करोड शेयरको चुक्ता मूल्य रु.७ खर्ब २८ अर्ब ९५ करोड रहेको छ ।

समीक्षा अवधिमा नेपाल धितोपत्र बोर्डले रु.२२ अर्ब ३८ करोड बराबरको साधारण शेयर, रु.१६ अर्ब १५ करोड बराबरको म्युचुअल फण्ड, रु.१५ अर्ब ९८ करोड बराबरको हकप्रद शेयर र रु.११ अर्ब ६० करोड बराबरको डिबेन्चर गरी कुल रु.६६ अर्ब ११ करोड बराबरको धितोपत्र सार्वजनिक निष्काशनका लागि अनुमति दिएको छ ।

बैंकको विगतका वर्षहरुको वित्तीय परिसूचकहरु सकारात्मक, व्यवस्थित तथा प्रगति उन्मुख रहेका छन् । हालका वर्षहरुमा नेपालको बैंकिङ्ग बजारमा देखिएको दवाव र आर्थिक क्रियाकलाप संकुचन आई बैंकको निष्कृय सम्पत्तिको बृद्धि र सोको व्यवस्थापनमा चूनौति थपिएको छ । बैंकको व्यापार व्यवसायहरु जोखिमको उचित मूल्यांकन गर्दै सीमित दरमा वृद्धि भैरहेको छ । नेपालको वित्तीय बजार, राजनैतिक माहोल, उद्योगधन्दा आदिको अवस्थामा अप्रत्यासित रुपमा उतार चढाव आइरहने भएकाले हामीले संधै नै हाम्रो ब्यापार व्यवसायमा सन्तुलित तथा दिगो वृद्धि गर्नु पर्छ भन्ने अवधारणा बनाउँदै आएका छौं ।

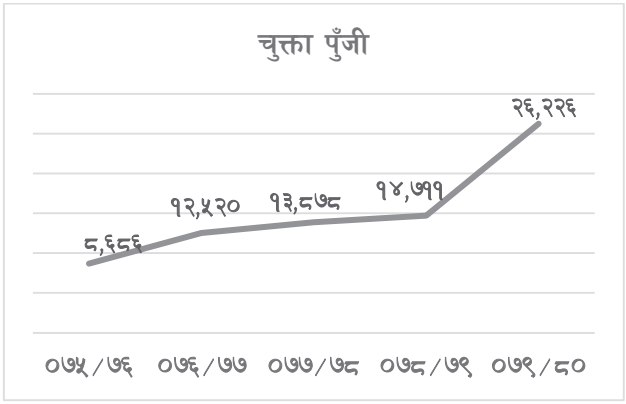

आ.व. २०७९/८० मा भने कुमारी बैंक लि. र नेपाल क्रेडिट एण्ड कमर्स बैंक लि. एक आपसमा मर्जर भई २०७९/०९/१७ बाट एकीकृत कारोबार शुरु भएको थियो । उक्त मर्जर मार्फत नेपाल क्रेडिट एण्ड कमर्स बैंकको देहायानुसारको वित्तीय एवं अन्य विवरण एकिकृत भएको थियो ।

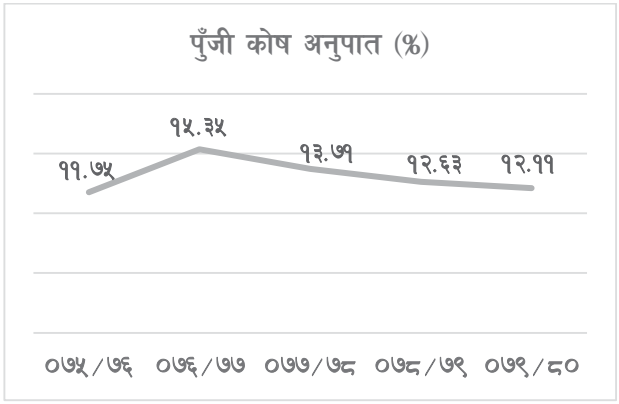

शीर्षक	२०७९/०९/१७
चुक्ता पुँजी	११,५१४,६७८,०१४
निक्षेप	१२६,१६१,१२६,१२१
कर्जा तथा सापटी	११९,४८०,४४०,०९९
लगानी	१२,४२०,६८५,७९३
कुल सम्पत्ति	१५४,५७२,६६०,९९६
शाखा संख्या	१५६
एटिम संख्या	१४५
कर्मचारी संख्या	१,५७७

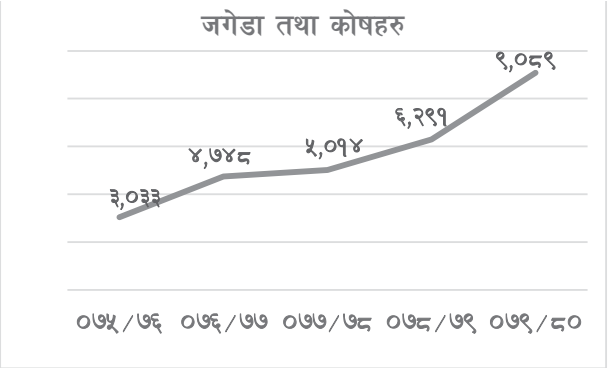

यसरी, आ.व. २०७८/७९ को तुलनामा आ.व.२०७९/८० मा कर्जा, निक्षेप तथा लगानी क्रमशः ८१.५० प्रतिशत, ७७.७९ प्रतिशत र ८९.९३ प्रतिशतले वृद्धि भई रु. २ खर्ब ८९ अर्ब ३९ करोड, रु. ३ खर्ब २५ अर्ब २८ करोड र रु.४४ अर्ब ४८ करोड पुग्न गएको छ । यसैगरी खुद ब्याज आम्दानी ७७.९९ प्रतिशतले वृद्धि भई रु.११ अर्ब ७ करोड पुगेको छ भने सञ्चालन खर्च कुल १२.०७ प्रतिशतले वृद्धि भई रु.३ अर्ब ९८ करोड हुन पुगेको छ । आ.व. २०७९/८० मा कर्जा नोक्सानी व्यवस्था अघिको सञ्चालन मुनाफा १०८.६६ प्रतिशतले बृद्धि भई रु. ९ अर्ब १२ करोड हुन पुगेको छ । यद्यपी आ. व. २०७८/७९ मा रु. २ अर्ब ५८ करोड रहेको खुद मुनाफा आ.व. २०७९/८० मा ७९.९२ प्रतिशतले घटेर रु. ५१ करोड ७९ लाख २१ हजार ६ सय ११ पुग्न गएको छ ।

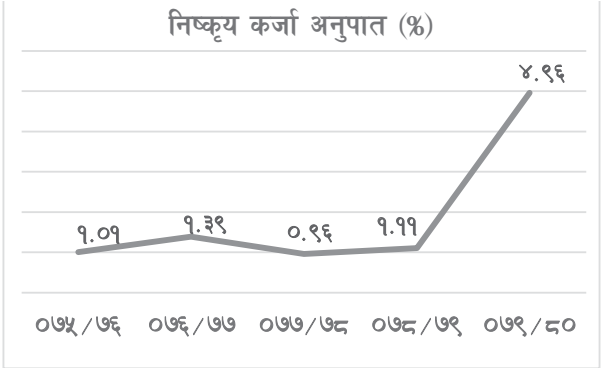

बैंकको बिगत पाँच वर्षको केहि प्रमुख वित्तीय परिसूचकहरुको रेखा चित्र यस प्रकार रहेको छ ।

(ग) कर्जा, सापट तथा अधिविकर्ष :

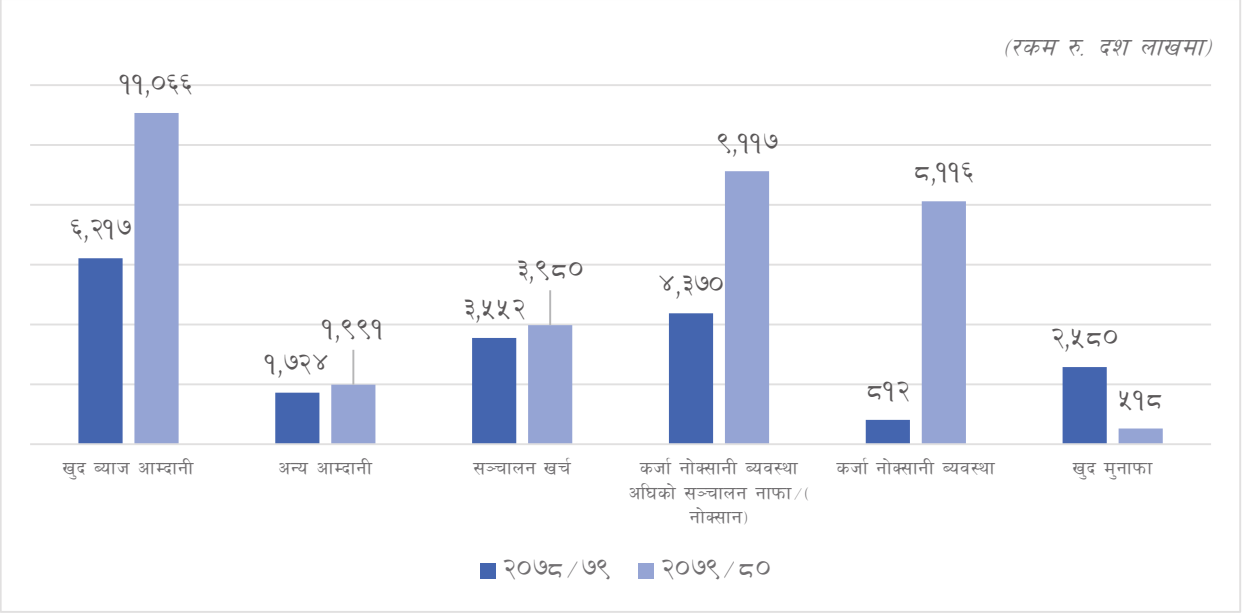

आ.व. २०७८/७९ को अन्त्यमा यस बैंकको कुल कर्जा रु.१ खर्ब ५९ अर्ब ४४ करोड ४१ लाख रहेकोमा समीक्षा वर्षको अन्त्यमा ८१.५० प्रतिशतले वृद्धि भई रु.२ खर्ब ८९ अर्ब ३८ करोड ७६ लाख पुगेको छ। बैंकले आफ्नो कर्जा तथा सापटीलाई विविधिकरण गर्दै व्यक्तिगत कर्जा, शिक्षा कर्जा, साना तथा मझौला व्यवसाय कर्जा, कृषि तथा उत्पादनशील कर्जा, विपन्न वर्ग कर्जा, संस्थागत कर्जा तथा विकास परियोजना क्षेत्रमा कर्जा प्रदान गर्दै आएको छ। समीक्षा अवधिमा बैंकको कुल कर्जामा निष्कृय कर्जाको अनुपात बढेर ४.९६ प्रतिशत रहेको छ। ती निष्कृय कर्जाहरुलाई नियमित एवं व्यवस्थापन गर्नका लागि बैंक निकै नै क्रियाशील रहेको कुरा यहाँहरु समक्ष जानकारी गराउँदछौं।

(घ) लगानी :

सन्तुलित तरलता कायम गर्दै समग्र श्रोतबाट प्रतिफल आर्जन गर्ने बैंकको उद्देश्य अनुरुप नेपाल सरकार तथा नेपाल राष्ट्र बैंकद्वारा निष्कासित जोखिम रहित सम्पत्ति (ट्रेजरी विल, विकास ऋण पत्र आदि) मा बैंकको लगानी गर्ने नीतिलाई निरन्तरता दिईएको छ। बैंकले अत्यन्त सावधानीपूर्वक स्थानीय तथा अन्तर्राष्ट्रिय मुद्रा बजारमा र विभिन्न संस्थाहरुको शेयर र ऋणपत्रहरुमा लगानी गर्दै आएको छ। नेपाल सरकारको ट्रेजरी विल्समा रु.१४ अर्ब ५४ करोड तथा विकास ऋणपत्रमा रु. २५ अर्ब ६८ करोडको लगानी सहित यस बैंकको कुल लगानी आ.व. २०७९/८० को आषाढ मसान्तमा रु ४४ अर्ब ४८ करोड १६ लाख रहेको छ।

(ङ) मुनाफा :

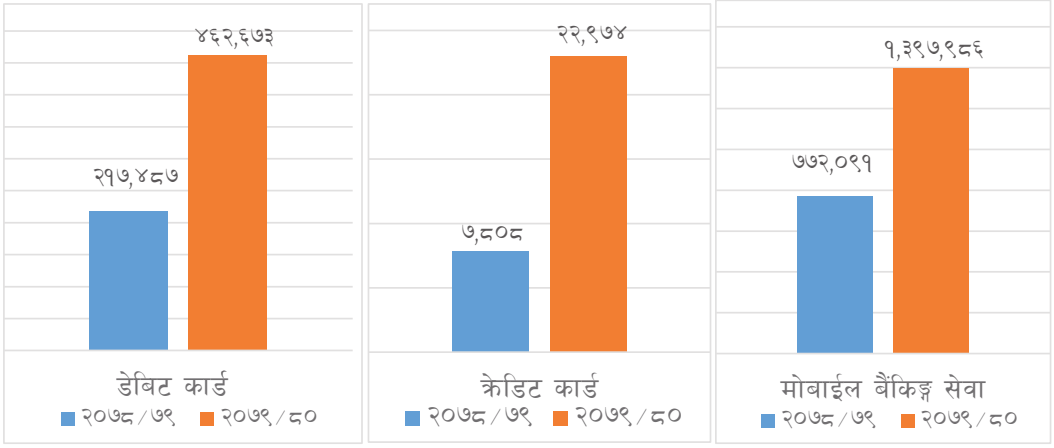

समीक्षा वर्षमा बैंकको समग्र व्यापार व्यवसायमा वृद्धि सँगै आम्दानीका क्षेत्रहरुमा समेत वृद्धि भएको छ। सञ्चालन खर्चहरुको वृद्धिलाई १२.०७ प्रतिशत को दरमा सिमित गर्न सफल भएको छ। आ.व. २०७८/७९ को तुलनामा आ.व. २०७९/८० मा कर्जा तथा लगानीबाट प्राप्त ब्याज आम्दानी ८५.८५ प्रतिशतले वृद्धि भई रु. ३४ अर्ब ११ करोड पुग्न गएको छ भने ब्याज खर्च ८९.८७ प्रतिशतले वृद्धि भई रु. २३ अर्ब ५ करोड पुगेको छ। यस प्रकार आ.व. २०७९/८० मा बैंकको खुद ब्याज आम्दानी करिब ७७.९९ प्रतिशतले वृद्धि भई रु. ११ अर्ब ७ करोड पुगेको छ। बैंकले कर्जा, निक्षेप तथा अन्य सेवा वापत लिने फि तथा कमिसन आम्दानी आ.व. २०७९/८० मा लगभग ८४.९६ प्रतिशतले वृद्धि भई रु. १ अर्ब ५१ करोड पुग्न गएको छ भने विदेशी विनिमय आम्दानी ३.९३ प्रतिशतले कम भई रु. ३६ करोडमा सिमित भएको छ। गत वर्षको तुलनामा संम्भावित कर्जा नोक्सानी खर्च रु ७ अर्ब ३० करोडले बृद्धि भई रु ८ अर्ब १२ करोड भएको छ। यस प्रकार आ.व. २०७९/८० मा बैंकको कुल सञ्चालन आम्दानी रु.९६ करोडमा सिमित भएको छ जुन अघिल्लो आ.व. को तुलनामा लगभग ७३.१२ प्रतिशतको कम हो। यसै गरी खर्च तर्फ हेर्ने हो भने बैंकको कर्मचारी खर्च रु.२ अर्ब २० करोड रहेको छ र अन्य सञ्चालन खर्च ४५.२८ प्रतिशतले वृद्धि भई रु. १ अर्ब ७७ करोड पुगेको छ। यसरी, आ.व. २०७९/८० मा कर्जा नोक्सानी व्यवस्था अघिको बैंकको सञ्चालन मुनाफा अघिल्लो आर्थिक वर्षको तुलनामा १०८.६६ प्रतिशतले वृद्धि भई रु. ९ अर्ब १२ करोड रहेको देखिन्छ तर कर्जा नोक्सानी व्यवस्थामा भएको उच्च वृद्धिका कारण बैंकको खुद मुनाफा आ.व. २०७९/८० मा ७९.९२ प्रतिशतले कम भई रु. ५१ करोड ७९ लाखमा सिमित हुन गएको छ।

(च) कार्ड तथा प्रविधिमा आधारित सेवाहरु :

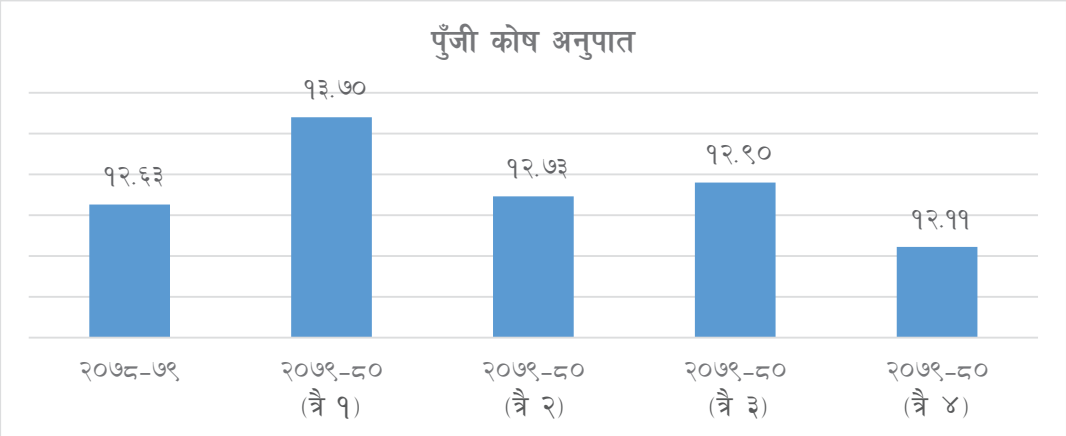

बैंकले कार्ड तथा अन्य विद्युतीय वैकल्पिक माध्यमबाट ग्राहकहरुलाई विभिन्न प्रकारका सेवा सुविधाहरु प्रदान गर्दै आइरहेको छ । बैंकबाट प्रदान गरिने सेवा सुविधाहरुको कारोबारमा विद्युतीय भुक्तानीबाट प्रदान गरिने सेवा सुविधाहरुको कारोबारमा उल्लेख्य वृद्धि भएको छ ।

समीक्षा अवधिमा एटिएमको कुल संख्या ३०७ पुगेको छ । बैंकले विभिन्न व्यापारिक केन्द्रहरुमा १,१६८ वटा Point of Sale - POS मेशीन जडान गरेको छ । जुनसुकै बैंक वित्तीय संस्थाले जारी गरेका क्रेडिट तथा डेबिट कार्ड यस बैंकको आफ्नै POS मेशीनमा प्रयोग गरी भुक्तानी गर्न सकिने छ । साना तथा मझौला व्यवसायी र अन्य विपन्न वर्गका स-साना व्यवसायीहरु समेतलाई ध्यानमा राखि भुक्तानीमा सहजता प्रदान गर्नको लागि फोन पे सँगको सहकार्यमा समीक्षा अवधिमा QR व्यवसायको लागि बैंकले २०,०७५ QR व्यवसायीहरुलाई दर्ता गर्न सफल भएको छ । समीक्षा अवधिमा बैंकले कुल २४५,१८६ डेबिट कार्ड र १५,१६६ क्रेडिट कार्ड जारी गरेको थियो । डेबिट कार्ड र क्रेडिट कार्डको कुल संख्या क्रमशः ४६२,६७३ र २२,९७४ रहेको छ । त्यस्तै २०८० आषाढ मसान्तसम्म बैंकका १,३९७,९८६ ग्राहक मोबाइल बैंकिङ्ग प्रयोगकर्ता रहेका छन् ।

(छ) पुँजी कोष पर्याप्तता :

समीक्षा अवधिको आषाढ मसान्तमा बैंकको पुँजी पर्याप्तता अनुपात (Capital Adequacy Ratio) १२.११ प्रतिशत रहेको छ ।

(ज) सरकारी राजस्वमा योगदान :

बैंकले आर्थिक वर्ष २०७८/०७९ मा नेपाल सरकारलाई रु. १ अर्ब २० करोड कर तिरेकोमा समीक्षा वर्षमा रु. ४ अर्ब ८९ करोड ३१ लाख ३९ हजार ४ सय ७१ कर (अग्रिम कर कट्टी र रिभर्स मु.अ.कर सहित) भुक्तानी गरेको छ ।

(झ) उत्पादन तथा सेवा :

बैंकले आफ्ना ग्राहकहरुको आवश्यकता तथा प्रविधिमा आएको परिवर्तनलाई मध्यनजर गर्दै समय सापेक्ष आफ्ना वस्तु तथा सेवाहरुलाई परिष्कृत तथा नयाँ वस्तु तथा सेवाहरुको विकास गर्ने गरेको छ । हाल बैंकले सञ्चालनमा ल्याएका सेवाहरु जस्तो, कुमारी परिवार सुरक्षा बचत खाता, नागरिक बचत खाता, कुमारी स्वस्थ जीवन बचत खाता, शेयर डिम्याट एकाउन्ट, ASBA प्रणाली, इन्टरनेट तथा मोबाइल बैंकिंग, प्रिपेड कार्ड, विभिन्न प्रकारका सुविधाले भरिपूर्ण विभिन्न वचत खाताहरु अत्यन्तै लोकप्रिय रहेका छन् । बैंकले कुल ३६ वटा विप्रेषण कम्पनीहरुसँग मिलेर विप्रेषण सेवा प्रदान गर्दै आएको छ । जस मध्ये १३ वटा अन्तराष्ट्रिय कम्पनीहरु छन् भने २३ वटा राष्ट्रिय कम्पनीहरु रहेका छन् । बैंकको १८,००० भन्दा बढी विप्रेषण पेआउट लोकेसन रहेका छन् ।

बैंक आफ्ना ग्राहकहरुलाई आफ्नो उत्पादन र सेवा सहज रुपमा पुऱ्याउनका लागि निरन्तर प्रयत्नशील रहेको छ । बैंकले आफ्ना ग्राहकहरुलाई वर्तमान प्रतिस्पर्धी बजारमा लाभ हुने तथा आवश्यकता अनुसारको सेवा प्रदान गर्दै आएको छ । स्थापना कालदेखि नै यस बैंकले विविध प्रकारका नवीनतम् एवं आधुनिक उत्पादन र सेवा प्रदान गर्दै आएको कुरा सर्वविदितै छ । बैंकले आफुले प्रदान गर्ने सेवामा आधुनिक प्रविधिको प्रयोगबाट वित्तीय बजारमा विशिष्ट स्थान बनाउन सफल भएको छ । हाम्रा Visa Electron, डलर डेबिट कार्डहरु नेपाल, भारत र संसारभरि नै VISA को संजाल मार्फत पहुँच भएका छन् ।

(ञ) शाखा विस्तार :

बैंकले गत आर्थिक वर्षमा थप ८ वटा नयाँ शाखा र थप दुई वटा एक्सटेन्सन काउन्टर सञ्चालनमा ल्याएको छ । आषाढ मसान्त २०८० मा बैंकको काठमाडौँ उपत्यका भित्र ७४ तथा बाहिर २२८ गरि कुल ३०२ शाखाहरु सञ्चालनमा रहेका छन् । यसै गरी बैंकका ४८ वटा एक्सटेन्सन काउन्टर तथा नेपाल भरि कुल ३०७ वटा स्वचालित टेलर मेसिनहरु (ATM) सञ्चालनमा रहेका छन् ।

(ट) संस्थागत सुशासन :

संस्थागत सुशासन तथा नैतिक आचरणलाई हामीले सधैं उच्च प्राथमिकतामा राखेका छौं । बहुसंख्यक शेयरधनी तथा निक्षेपकर्ताहरुको पैसाबाट चल्ने एउटा वित्तीय संस्थामा अनुशासन तथा नैतिक आचरण जस्ता गुणहरु अति नै आवश्यक छन् । संस्थागत सुशासन नै बैंकको प्रशासनिक काम कारवाहीको मार्गदर्शनको रुपमा रहेको तर्फ सचेत हुँदै सोही अनुरुप सञ्चालक समितिका काम कारवाहीहरु अगाडी बढाउने र बैंकको अन्य सबै क्रियाकलापहरुमा समेत बलियो एवं पारदर्शी संस्थागत सुशासनको विकास गर्न र सोको अनुभुति गराउन सञ्चालक समिति निरन्तर क्रियाशील रहेको छ ।

(ठ) जोखिम व्यवस्थापन :

बैंक तथा बैंकका सम्पादन हुने विभिन्न कार्यहरुमा अन्तर्निहित जोखिमको पहिचान गर्ने तथा भविष्यमा हुनसक्ने जोखिमको समयमै व्यवस्थापन गर्ने उद्देश्यले एउटा छुट्टै जोखिम व्यवस्थापन समिति गठन गरिएको छ ।

बैंकिङ्ग कारोबारको सिलसिलामा आएका र आउने सम्भावना भएका असंख्य जोखिमहरुको व्यवस्थापनको लागि नीति निर्देशिका समेत बनाई सोको कार्यान्वयन गरिएको छ । बैंकले आफ्नो व्यवसायमा निहित कर्जा, सञ्चालन, बजार तथा अन्य जोखिमहरुको उचित व्यवस्थापन गर्दै आन्तरिक नियन्त्रण प्रणालीलाई अझ सुदृढ तथा प्रभावकारी बनाउने नीति लिएको छ । कर्जा व्यवस्थापन, ग्राहक पहिचान, Stress Test तथा दैनिक कारोवारसँग सम्बन्धित विभिन्न विषयहरुमा आवश्यक नीति नियम, परिपत्र तयार गरी कार्यान्वयन गर्ने व्यवस्था मिलाइएको छ ।

अ. कर्जा जोखिम व्यवस्थापन :

कर्जासँग सम्बन्धित जोखिमको समयमै पहिचान गर्ने उद्देश्यले बैंकमा छुट्टै कर्जा जोखिम व्यवस्थापन विभाग खडा गरिएको छ । यस विभागले कर्जा प्रवाह गर्नु अघि कर्जासँग सम्बन्धित सम्पूर्ण जोखिमहरू, नियमक निकायले तोकेका मापदण्डहरु, बैंकको आन्तरिक नीति नियमहरुको पालना लगायत क्षेत्रगत तथा ऋणीको अधिकेंद्रित जोखिमको बिस्तृत अध्ययन गर्दछ । यस विभागले समसामयिक अवस्थाको अध्ययन गर्ने तथा भविष्यमा आउन सक्ने जोखिमको पूर्व अनुमान गर्ने र सोको आधारमा बैंकका आन्तरिक नीति नियमहरुलाई परिमार्जन गर्न सिफारिस गर्ने, कर्जा पोर्टफोलियो पुनर्गठन गर्ने र जोखिमको आधारमा कर्जा, कर्जाको क्षेत्र, ऋणी आदिको श्रेणी निर्धारण गर्ने कार्य समेत गर्दछ ।

आ. सञ्चालन जोखिम व्यवस्थापन :

बैंकिंग कारोबारमा सञ्चालन जोखिम सधैं नै बिद्यमान रहेको हुन्छ । प्रविधिको बिकाससंगै नयाँ नयाँ जोखिमहरू आउँछन, जसलाई पूर्ण रुपमा निर्मुल गर्न सकिदैन । यस्ता जोखिमहरुको उचित रुपमा व्यवस्थापन गर्नका लागि बैंकको नीति–नियम तथा आन्तरिक नियन्त्रण प्रणाली चुस्त र दुरुस्त हुनुपर्दछ । सञ्चालन जोखिम व्यवस्थापनको लागि बैंकमा बेग्लै सञ्चालन जोखिम व्यवस्थापन विभाग रहेको छ । यस विभागले बैंकको आन्तरिक प्रणाली, प्रक्रिया तथा जनशक्तिसँग सम्बन्धित सम्भावित जोखिमहरुको समयमै पहिचान गर्दै सोको न्यूनीकरणको लागि आवश्यक राय सुझाव र परामर्श उपलब्ध गराउँदै आएको छ । बैंकको सञ्चालन सम्बन्धी सम्पूर्ण कृयाकलापहरु निर्धारित नियम तथा स्पष्ट परिभाषित कार्यपद्धति र कार्यप्रवाहमा आधारित रहेका छन् । यसले गर्दा सञ्चालन जोखिम उचित रुपमा व्यवस्थापन भएको कुरामा हामी विश्वस्त छौं ।

इ. तरलता जोखिम व्यस्थापन :

बिगतमा हामीले भोगेको तरलताको अप्रत्याशित उतार चढावको अवस्था र सोको कारणले बैंकको खुद ब्याज आम्दानीमा पर्न गएको असरलाई अनुभवको रुपमा लिएर तरलताको हालको र भोलिका दिनमा हुन सक्ने अवस्थाको सुक्ष्म अध्ययन

गर्ने गरिएको र सोहि अनुरुप बैंकले निक्षेप संकलन, ब्याजदर निर्धारण तथा छोटो र लामो समयका लगानी सम्बन्धी रणनीतिहरु बनाउने गरेको छ । बैंकमा बिद्यमान रहेको ALCO/Pricing Committee ले यस किसिमको जोखिमको पुनरावलोकन गर्ने गर्दछ ।

ई. बजार जोखिम व्यवस्थापन :

बजार जोखिम सम्बन्धी बैंक संधै चनाखो रहेको छ र सम्बन्धित जोखिम तत्वहरुको बैंकले नियमित रुपमा बिश्लेषण गरि सोहि अनुरुपको रणनीति बनाउने गरेको छ । विदेशी विनिमयको सटहीदर परिवर्तनबाट हुन सक्ने जोखिमलाई न्यूनीकरण गर्न बैंकले विदेशी मुद्राको अवस्थालाई नियमित अनुगमन गर्ने नीति तथा कार्यविधि बनाएको छ । यसैगरि बजारको व्याजदरलाई समेत नियमित रुपमा पुनरावलोकन गरि आवश्यक नीति नियम बनाउने व्यवस्था मिलाइएको छ । बैंकमा बिद्यमान रहेको ALCO/Pricing Committee ले यस किसिमको जोखिमको पुनरावलोकन गर्ने गर्दछ ।

(ङ) सामाजिक उत्तरदायित्व :

बैंक व्यवसायिक उद्देश्यको साथसाथै आफ्नो सामाजिक उत्तरदायित्व प्रति पनि अति नै सचेत रहेको छ । बैंकले मुख्य ५ क्षेत्रहरुमा विशेष योगदान पुऱ्याउने गरेको छ ।

(क) शिक्षा :

- बैंकले कुमारी घर बसन्तपुरकी कुमारीको उज्वल भविष्यको लागी उच्च शिक्षामा मद्धत पुग्ने हेतुले कुमारी शिक्षा कोष खडा गरि सो कोषमा वार्षिक रु. १ लाखका दरले अनुदान सहयोग गर्ने गरेको छ ।
- कुमारी बैंकले नेपालका विभिन्न विकट क्षेत्रका सामुदायिक विद्यालयहरुको शिक्षाको गुणस्तर अभिवृद्धि गराउन तथा भौतिक पूर्वाधारको पुनःसंरचना गराउन आर्थिक सहयोग गरेको थियो ।
- शिक्षालाई सहज बनाउन बैंकको नयाँपाटी शाखाबाट Shree Bal Sudhar Secondary School का विद्यार्थीहरुलाई युनिफर्म तथा बैंकको रिडी शाखाबाट Shree Batkuwa Basic School का विद्यार्थीहरुलाई शैक्षिक सामग्री प्रदान गरेको थियो ।
- तुल्सीपुर, बिजौरी, डिल्लीबजार शाखाद्वारा ग्रामिण भेगमा गुणस्तरिय शिक्षा प्रदान गर्नको लागि "जनता क्याम्पस", "नेपाल संस्कृत विश्वविद्यालय" र "डिल्लीबजार कन्या मल्टीपल क्याम्पस" को भौतिक रुपमा सबल बनाउनका निमित्त ल्यापटप तथा प्रोजेक्टर वितरण गरियो ।
- रुकुम पश्चिममा रहेको सरस्वती उच्च माध्यमिक विद्यालयमा E-Library र ICT Lab स्थापना गर्न आर्थिक सहयोग गरेको थियो ।
- आफ्नो परिवारको आर्थिक अवस्था कमजोर भएका कारण शिक्षाको आधारभूत सुविधाबाट वञ्चित भएका बालबालिकाहरुलाई स्टेशनरी सामग्री र स्कुल ब्यागहरू उपलब्ध गराउन लायन्स क्लब इन्टरनेशनल परियोजना "One Child One Bag" मा आर्थिक सहयोग गरेको थियो ।
- नेपाल जलविद्युत एकेडेमीलाई नेपालका युवाहरुलाई तालिम प्रदान गर्न आर्थिक सहयोग गरेको थियो । यस तालिमले युवाहरुलाई जलविद्युत आयोजनामा रोजगारीको अवसर प्राप्त गर्न मद्दत गर्नेछ ।

(ख) स्वास्थ्य :

- बैंकले निःशुल्क स्यानिटरी प्याड उपलब्ध गराउन सैनिक कल्याणकारी निर्देशनालयलाई आर्थिक सहयोग गरेको थियो ।
- मुटु सम्बन्धी समस्यालाई न्यूनीकरण गर्ने र त्यस्ता उपचार आफैं गर्न कठिन हुने नेपालका सीमान्तकृत समुदायका बिरामीलाई मुटुको उपचार सहज गराउने मुख्य उद्देश्यका साथ Nepal Heart Foundation लाई दुईवटा ECG मेसिन खरिद गर्न आर्थिक सहयोग उपलब्ध गरेको थियो ।
- मारवाडी सेवा समिति नेपालमा खाँचोमा परेका बिरामीहरूलाई हेमोडायलाइसिस केन्द्रको सेवा अर्थात निःशुल्क डायलाइसिस सेवा विस्तार गर्न आर्थिक सहयोग गरेको थियो ।
- आर्थिक रूपमा कमजोर क्यान्सर पीडित बालबालिका र तिनका परिवारलाई सहयोग गर्न Wish Nepal Foundation लाई आर्थिक सहयोग प्रदान गरेको थियो ।
- नोबेल मेडिकल कलेज टिचिङ हस्पिटल प्रा. लि, विराटनगरमा निःशुल्क स्वास्थ्य शिविर आयोजना गर्न आर्थिक सहयोग प्रदान गरेको थियो ।

(ग) सम्पदा :

- बैंकले संस्कृतिको जगेर्ना गर्न विभिन्न शाखाहरुको माध्यमवाट स्थानिय क्षेत्रका विभिन्न चाड, पूजा तथा मन्दिरहरुमा आर्थिक तथा भौतिक रुपमा सहयोग गर्दै आएको छ ।
- नेपालको धार्मिक एवं पर्यटकीय क्षेत्रहरुको स्थापना, संरक्षण र प्रवद्धन गर्नका लागि आर्थिक सहयोग गर्ने गरेको छ ।
- संस्कृतिको संरक्षण गरी वर्तमान र भावी पुस्तामा पुर्याउने उद्देश्यले सुन्दरहरैचा, ऐतिहासिक संप्रदा, र कला क्षेत्रमा सहयोग गर्दै आएको छ ।

(घ) वातावरण :

- हिमालय जोगाउने प्रयासमा बैंकले "सफा हिमाल अभियान" (स्वच्छ हिमाल अभियान) लाई ध्यानमा राख्दै हिमाल सफा गर्ने लक्ष्य राखेको सैनिक कल्याणकारी निर्माणालयलाई आर्थिक सहयोग गरेको थियो ।
- वातावरण सरसफाइको उद्देश्य लिई बैंकका बिभिन्न शाखाहरुबाट शाखा रहेको ठाउंको स्थानीयहरुसंगको सहकार्यमा डस्टबिन राखियो ।
- वातावरण सरसफाइको उद्देश्य लिई बैंकको बाँसगढी शाखाले बाँसगढी खानेपानी उपभोक्ता तथा सरसफाई समितिलाई वृक्षारोपण कार्यक्रममा आर्थिक सहयोग गरेको थियो ।

(ङ) वित्तीय साक्षरता :

- वित्तीय साक्षरतामा केन्द्रित रहेको ग्लोबल मनी वीकको अवसरमा सबै प्रदेशमा आवश्यक मुद्रा व्यवस्थापन तथा आर्थिक मामिलामा चेतना अभिवृद्धि गर्न विभिन्न कार्यक्रमहरू र गतिविधिहरू आयोजना गरिएको थियो ।

(च) अन्य :

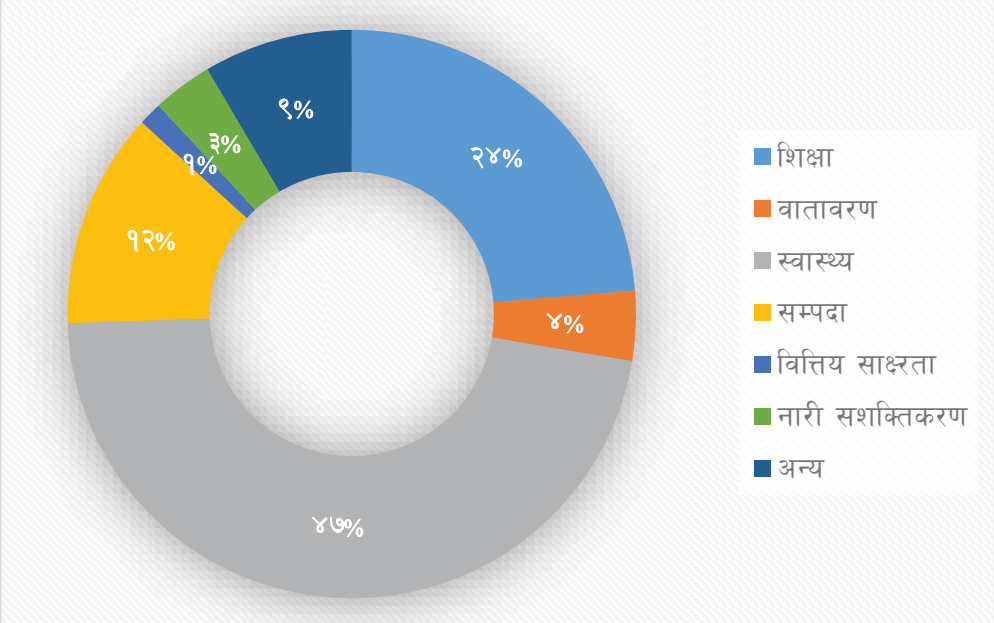

- बैंकको बाग्लुङ्ग शाखा मार्फत स्थानीय क्षेत्रमा सामाजिक सुरक्षाका लागि सिसी टिभी जडानका लागि आर्थिक सहयोग गरेको थियो ।

(ढ) सञ्चालक समितिद्वारा गठित समितिहरु :

प्रचलित कानून तथा बैंकले अख्तियार गरेको नीतिलाई मूर्त रुप प्रदान गर्नका लागि देहायमा उल्लेखित समितिहरु कायम रहेका छन् :

अ. लेखापरीक्षण समिति :

कम्पनी ऐनको दफा १६४ बमोजिम गैरकार्यकारी सञ्चालक श्री उपेन्द्रकेशरी न्यौपानेको संयोजकत्वमा सञ्चालक श्री कृष्ण ज्ञवाली सदस्य र बैंकको आन्तरिक लेखापरीक्षण विभाग प्रमुख सदस्य सचिव रहनु भएको एक लेखापरीक्षण समिति रहेको छ । बैंकको आन्तरिक लेखापरीक्षण विभागले सोझै यसै समितिलाई प्रतिवेदन पेश गर्दछ । आ.व २०७९/८० मा उक्त समितिका २० वटा बैठकहरु बसेका छन् ।

आ. मानवस्रोत समिति :

कर्मचारी छनोट, भर्ना, नियुक्ती, वृत्ति विकास, सेवा निवृतीभरण जस्ता विभिन्न विषयहरुमा आवश्यक योजना, नीति तथा मापदण्डहरु तयार गरी सञ्चालक समिति समक्ष पेश गर्न सञ्चालक श्री महेश प्रसाद पोखरेलको संयोजकत्वमा, प्रमुख कार्यकारी अधिकृत, प्रमुख वित्त अधिकृत, प्रमुख मानव स्रोत संशाधन अधिकृत सदस्य रहनु भएको एक मानव स्रोत समिति रहेको छ । आ.व २०७९/८० मा उक्त समितिका ११ वटा बैठकहरु बसेका छन् ।

इ. जोखिम व्यवस्थापन समिति :

बैंकमा निहित जोखिमहरुको सहि पहिचान गर्ने तथा आवश्यक नीति नियम बनाउने उद्देश्य अनुरुप सञ्चालक श्री ईमान सिंह लामाको संयोजकत्वमा सञ्चालक श्री उपेन्द्रकेशरी न्यौपाने, प्रमुख सञ्चालन अधिकृत सदस्य, प्रमुख जोखिम अधिकृत सदस्य सचिव र प्रमुख कर्जा जोखिम अधिकृत सचिव रहनुभएको जोखिम व्यवस्थापन समिति रहेको छ । आ.व २०७९/८० मा उक्त समितिका ८ वटा बैठकहरु बसेका छन् ।

ई. सम्पति शुद्धिकरण समिति :

बैंकको आन्तरिक जिम्मेवारी तथा कार्य बिभाजन, जोखिम मूल्याङ्कन प्रणालीको आधार तथा पद्धति, जोखिममा आधारित ग्राहक पहिचान, अद्यावधिक तथा अनुगमन पद्धतिको लागि आवश्यक नीति नियम बनाउने उद्देश्य अनुरुप सञ्चालक श्री चन्द्र प्रसाद बास्तोलाको संयोजकत्वमा सञ्चालक श्री ईमान सिंह लामा, प्रमुख जोखिम अधिकृत सदस्य, प्रमुख अनुपालन सदस्य तथा प्रमुख सम्पति शुद्धिकरण विभाग सदस्य सचिव रहनुभएको सम्पति शुद्धिकरण समिति रहेको छ । आ.व २०७९/८० मा उक्त समितिका ६ वटा बैठकहरु बसेका छन् ।

उपरोक्त सबै समितिहरुको काम, कर्तव्य र अधिकार कम्पनी ऐन, २०६३ तथा नेपाल राष्ट्र बैंकबाट जारी निर्देशिका अन्तर्गत रही सञ्चालक समितिबाट तोकेका काम, कर्तव्य र अधिकार अनुरुप रहेको छ । उल्लेखित समितिका सञ्चालक संयोजक तथा सदस्यहरुलाई सञ्चालक समितिका सदस्यहरुलाई प्राप्त हुने सरहको बैठक भत्ता बाहेक अन्य कुनै पनि अतिरिक्त पारिश्रमिक तथा सुविधाहरु प्रदान गरिएको छैन ।

उ. व्यवस्थापन तहका अन्य समितिहरु :

सञ्चालक समितिद्वारा गठित उपरोक्त समितिहरु बाहेक बैंकको काम कारवाही प्रभावकारी रुपमा सम्पादन गर्न व्यवस्थापन तहका प्रमुख कार्यकारी अधिकृतको संयोजकत्वमा व्यवस्थापन समिति, आर्थिक निर्देशन समिति, कर्जा व्यवस्थापन समिति, भवन निर्माण समिति, प्राइसिङ तथा सम्पत्ति–दायित्व व्यवस्थापन समिति (ALCO/Pricing Committee) रहेका छन् ।

यसैगरी बैंकमा पदपुर्ति समिति, श्रम सम्बन्ध समिति, अनुशासन तथा कार्यसम्पादन मूल्याङ्कन समिति तथा खरिद समिति समेत क्रियाशील रहेका छन् । उपरोक्त समितिका पदाधिकारीहरुलाई कुनैपनि किसिमको भत्ता वा अतिरिक्त पारिश्रमिक तथा सुविधाहरु प्रदान गरिएको छैन ।

(ण) मानव संशाधन :

बैंकको समग्र उन्नतीमा कर्मचारीहरुको मुख्य भुमिका रहेको हुन्छ । बैंकमा कार्यरत जनशक्तिको कार्यकुशलता, व्यवसायिक दक्षता, व्यवस्थापकिय शिप तथा उत्पादकत्व वृद्धिका लागि स्वदेश तथा विदेशमा तालिम प्रदान गर्ने र कर्मचारी भर्ना गर्दा राम्रो योग्यता र व्यवसायिक क्षमता भएका व्यक्तिहरुलाई नियुक्त गर्ने बैंकको कर्मचारी सम्बन्धी नीति रहेको छ । बैंकले विद्यमान जनशक्तिको दक्षतालाई अभिवृद्धि गर्ने र नयाँ-नयाँ शीप सिकाउने तर्फ आफ्नो ध्यान केन्द्रित गरेको छ । जसले गर्दा आगामी दिनमा समेत बैंकको जोखिम र प्रतिफल बीचमा सन्तुलन रहने कुरामा हामी विश्वस्त छौं । समीक्षा अवधिको अन्त्यमा बैंकमा स्थायी तथा करारमा गरि कुल ३,२९६ कर्मचारीहरु कार्यरत रहेका छन । समीक्षा अवधीमा हाम्रा कर्मचारीहरु विविध प्रकारका खेलकूद तथा सामाजिक गतिविधिमा समेत सहभागी भएका थिए ।

चालु वर्षको लक्ष्य, उपलब्धी तथा कार्यक्रमः

चालु आर्थिक वर्षमा निष्कृय कर्जाको असुली एवं व्यवस्थापनमा केन्द्रित रहि समग्र कर्जा गुणस्तर कायम गर्ने र Retail/SME कर्जाहरुमा मात्र वृद्धि गर्ने लक्ष्य रहेको छ । बैंकको लगानी ४५.८६ प्रतिशतले वृद्धि गरि रु. ६४ अर्ब ८८ करोड पुऱ्याउने लक्ष्य रहेको छ । यसैगरि निक्षेप तर्फ संस्थागत निक्षेपको भार कम गरि व्यक्तिगत एवं कम लागतका निक्षेप बृद्धि गरि बैंकको निक्षेप मिश्रण र लागत घटाउने लक्ष्य रहेको छ ।

प्रतिवेदन तयार भएको मितिसम्म चालु वर्षको उपलब्धि :

रकम रु. दश लाखमा

शीर्षक	२०७९/८०	२०८०/८१ पुस मसान्त सम्म
निक्षेप	३२५,२८०.६३	३३१,८८८.४७
कर्जा, सापटी तथा अधिविकर्ष	२८९,३८७.६०	२९४,१५१.९३
लगानी	४४,४८१.६१	५४,५९८.४२
खुद ब्याज आम्दानी	११,०६६.१८	५,७२५.४०
अन्य आम्दानी	१,९९१.५०	१,५२८.६८
सञ्चालन खर्च	३,९८०.२३	२,९९४.४९
कर्जा नोक्सानी व्यवस्था अघिको सञ्चालन नाफा/(नोक्सान)	९,११७.४५	२,७६६.०८
खुद मुनाफा	५१७.९२	८६७.२१
निष्कृय कर्जा अनुपात	४.९६	४.९७
प्रति शेयर खुद सम्पति	१३४.६६	१३६.८२

चालु आर्थिक वर्षको २०८० पुस मसान्तमा गत आ.व.आषाढ मसान्तको तुलनामा निक्षेप तर्फ रु. ६ अर्ब ६० करोड (२.०३%) ले वृद्धि भई रु. ३ खर्ब ३१ अर्ब ८८ करोड पुगेको छ भने कर्जा सापट तर्फ रु. ४ अर्ब ७६ करोड (१.६५%) ले वृद्धि भई रु. २ खर्ब ९४ अर्ब १५ करोड पुगेको करोड पुगेको छ । त्यसैगरी कर्मचारी बोनस तथा आयकर अघिको सञ्चालन मुनाफा रु. १ अर्ब ६७ करोड ४० लाख र खुद मुनाफा ८६ करोड ७२ लाख रहेको छ ।

चालू आर्थिक वर्ष तथा भविष्यमा सञ्चालन गरिने बैंकको योजना तथा कार्यक्रमहरुको संक्षिप्त विवरण निम्नानुसार रहेको छ :

- वित्तीय बजारको अवस्थाको सहि आंकलन गरी यसको रणनैतिक रुपमा व्यवस्थापन गर्ने ।
- निष्कृय कर्जाहरूको व्यवस्थापन र असुलीलाई उच्च प्राथमिकतामा राख्ने ।
- देशमा उद्यमशीलताको विकास गरी युवा रोजगारको प्रवर्द्धन मार्फत युवा जनशक्तिलाई स्वदेशमै आत्म निर्भर बनाउन प्रयास गर्ने ।
- कारोवार बढाउंने मुख्य श्रोत निक्षेप संकलन भएकोले निक्षेप बढाउंन र औसत ब्याजदरमा कमी ल्याउन निक्षेपका नयाँ योजनाहरू तर्जुमा गरी व्यापार प्रवद्धनका लागि ग्राहकहरुलाई आकर्षित गर्ने।
- निक्षेपका नयाँ योजनाहरु तर्जुमा गरी कार्यान्वयन गर्ने र व्यक्तिगत निक्षेपकर्ताहरुको आधार बृद्धि गर्दै लैजाने नीतिलाई निरन्तरता दिई ।
- कर्जा लगानीमा विविधिकरण गरी जोखिमलाई न्यूनिकरण गर्ने ।
- कर्जाको गुणस्तर सुधार गर्दै लैजाने र कर्जा विस्तार गर्दा साना कर्जामा लगानी बृद्धि गर्दै जाने नीति लिने ।
- गैरब्याज आम्दानी (Non Interest Income) का नयाँ स्रोतहरू पहिचान गरी बैङ्कको मुनाफामा वृद्धि गर्ने ।
- व्यवसायको दायरा बृद्धि गरी कर्जालाई आकर्षित गरी छिटो छरिटो र सुरक्षित लगानी गर्ने ।
- कर्मचारीहरुलाई उत्पादनमुलक एवं व्यवसायिक तालिम दिई ग्राहकहरुलाई छिटो र छरिटो सेवा प्रदान गर्नका लागि कर्मचारीहरुको क्षमता विकास गर्ने ।
- डिजिटल बैंकिङ्गको क्षेत्रमा विकसित नविनतम् प्रविधिलाई यस क्षेत्रमा बढ्दो जोखिमको पक्षलाई समेत विचार गरी आवश्यकता अनुसार लागु गर्ने र बैंकको आन्तरिक प्रणाली लगायत सेवा सुविधालाई यथा सम्भव डिजिटल माध्यममा परिणत गर्ने ।
- ग्राहकको सुरक्षालाई अझ मजबुत बनाउन र नयाँ सेवा सुविधा थप गर्नका लागि केन्द्रिय बैंकिङ्ग प्रणाली - फिनाकल सफ्टवेयरलाई अद्यावधिक गर्ने ।
- बैंकको आन्तरिक नियन्त्रण प्रणाली, जोखिम व्यवस्थापन, अनुपालना तथा संस्थागत सुशासनलाई अझ बढी सुदृढ गर्ने ।
- सहायक कम्पनीहरुको कारोबारको आकार वृद्धिका लागि विशेष ध्यान दिने ।
- संस्थागत सामाजिक उतरदायित्व अर्न्तगत विभिन्न थप कार्यक्रमहरु सञ्चालन गर्ने र बैंकलाई समाजको जिम्मेवार संस्थाको रुपमा परिचित गराउँदै बैकको Brand लाई थप सबल बनाउने ।

यसै गरी बैंकलाई सवल र सुदृढ बनाउन बैंकको सम्पत्तीको गुणस्तर वृद्धि गर्ने र यसलाई कायमै राख्ने, बैंकको कर्मचारीहरुको उत्पादकत्व वृद्धि गर्ने, बैंकलाई नाफामुखी बनाउनुका साथसाथै ग्राहकहरुलाई सर्वसुलभ गुणस्तरीय सेवा पुऱ्याउने यस बैंकको योजना रहेको छ । ग्राहकहरुको जीवन सरल र सुलभ बनाउन आधुनिक सेवा तथा सुविधाको विकास गरी वित्तीय क्षेत्रको सुधारमा योगदान पुऱ्याउने, वित्तीय पहुँच नभएको जनसंख्यालाई बैकिङ्ग परिधिभित्र ल्याउने, साना तथा मझौला व्यवसायहरुलाई ऋण प्रदान गरी देशको समग्र आर्थिक विकासमा टेवा पुऱ्याउने यस बैंकको कार्य योजना रहेको छ । देशको परिस्थितिलाई मध्यनजर गर्दै थप शाखाहरु विस्तार गर्दै जाने, बैंकको उपस्थिति नभएका क्षेत्रहरुमा कुमारी मोवाईल बैंकिङ्ग, शाखा रहित बैंकिङ्ग सेवा मार्फत् बैंकिङ्ग सेवा उपलब्ध गराउने, आफ्नो प्रविधि तथा सेवालाई विस्तार गरी प्रतिस्पर्धात्मक बैंकिङ्ग सेवा उपलब्ध गराउनेआदि कार्यक्रमहरु समेत चालु आर्थिक वर्षमा रहेका छन् ।

(४) कम्पनीको औद्योगिक तथा व्यवसायिक सम्बन्ध :

बैंकले व्यवसायिक कार्यलाई निरन्तरता दिदै कारोबारसँग सम्बन्धित सबै पक्षहरु ग्राहक, शेयरधनी, शुभचिन्तक, विभिन्न बैंक तथा वित्तीय संस्थाहरु लगायत अन्य औद्योगिक तथा व्यवसायिक संघ संस्थासँग पारदर्शिताका आधारमा सहकार्य गर्दै आएको छ । व्यवसायिक कार्यलाई निरन्तरता दिदै आफ्नो कारोबारका सन्दर्भमा सम्बन्धित सबैसँग अपनत्वको भावना राखी संस्थाको प्रगति, उन्नति, विकास तथा विस्तारका लागि ग्राहक, शेयरधनी, शुभचिन्तक महानुभावहरु विभिन्न बैंक तथा वित्तीय संस्थाहरु लगायत अन्य औद्योगिक तथा व्यवसायिक संघ संस्थासँग पारदर्शिताका आधारमा व्यवसायिक सम्बन्ध सुमधुर कायम रहेको छ । आफ्नो व्यवसायिक सम्बन्ध चुस्त, दुरुस्त तथा समय सापेक्ष हुनु पर्ने मान्यता अनुरुप संस्थाको व्यवस्थापन तथा सञ्चालक समिति व्यवसायिक सम्बन्ध सुदृढ राख्न प्रतिवद्ध छौं । बैंकले आफ्नो नीति तथा नियमहरु तयार गरी लागू गर्दा व्यवसायिक पक्ष र दूरगामी असरलाई मध्यनजर राखेर तयार गर्ने र त्यसलाई चुस्त, पारदर्शी एवं व्यवसायिक ढंगबाट लागू गर्ने कार्य गरी आएको छ ।

(५) सञ्चालक समितिमा भएको हेरफेर र सो को कारण :

समीक्षा वर्षमा मर्जरको कारण साविक दुवै संस्थाबाट प्रतिनिधित्व रहने गरी मिति २०७९/०९/१७ गते ६ (छ) जना सञ्चालकहरु मनोनित भई नयाँ सञ्चालक समितिमा गठन भई हेरफेर भएको छ । हाल बैंकमा कम्तीमा १ जना महिला सञ्चालक र स्वतन्त्र सञ्चालक समेत ७ जनाको सञ्चालक समिति हुने नियमावलीमा व्यवस्था छ । सञ्चालक समितिले मिति २०८०/०९/११ गते एक जना स्वतन्त्र सञ्चालक नियुक्ति गरिएको व्यहोरा, बैंक तथा वित्तीय संस्था सम्बन्धी ऐन, २०७३ को दफा १४(३) बमोजिम साधारण सभाको जानकारीको लागि अनुरोध छ ।

(६) कारोबारलाई असर पार्ने मुख्य कुराहरु :

समीक्षा वर्षमा विभिन्न कारणले बैंकको व्यावसायिक गतिविधिमा असर परेको छ । मुख्य रुपमा असन्तुलित निर्यात आयात हुनु, राजनीतिक अस्थिरता बढ्नु, सरकारले समयमा पुँजीगत खर्च नगर्नु, देशको आर्थिक, मौद्रिक तथा वित्तीय नीति परिवर्तन हुनु, नेपाल सरकार र नेपाल राष्ट्र बैंकले वाणिज्य बैंक सम्बन्धी नीतिमा परिवर्तन गर्नु, विदेशी मुद्राको विनिमयदरमा परिवर्तन हुनु, आदि कारण बैंकको व्यावसायिक गतिविधिमा सोझो रुपमा नकारात्मक असर पर्न गयो । यसले गर्दा देशमा आर्थिक क्रियाकलापमा शिथिलता देखिएको र सो कारण यथा समयमा कर्जा असुली नभई कर्जा नोक्सानी व्यवस्था र निष्कृय कर्जामा वृद्धि हुँदै गएको छ । बैंकहरु बीचको प्रतिस्पर्धाका र वैकल्पिक लगानी क्षेत्रको अभाव तथा आन्तरिक बजारमा देखिएको संकुचनका कारण आम्दानीको स्रोतमा र बैंकको व्यावसायिक कारोबारमा असर परेको छ । तरलतामा हुने उतार चढावका कारणले निक्षेप तथा कर्जा लगानीको ब्याजदरमा हुने परिवर्तन तथा लगानी योग्य तरलताको अभावबाट व्यवसाय बृद्धिमा नकारात्मक असर परेको छ । हाल बढीरहेको जनशक्तिको विदेश पलायनले देशको आर्थिक एवं सामाजिक क्षेत्रमा परेको प्रभावसंगै बैंकको व्यापार-व्यवसाय र जनशक्ति व्यवस्थापनमा समेत चुनौती थपिएको छ । सूचना प्रविधिको विकास सँगसँगै यससँग जोडिएका Cyber fraud जस्ता विभिन्न प्रकारका जोखिम बैंकको लागि अर्को चूनौतिको विषय हो । अन्तर्राष्ट्रिय जगतमा देखा परिरहेको द्वन्द्वका कारण सिर्जित तनावले आर्थिक क्षेत्रमा असर परेको र नेपाली बजारमा समेत पर्न सक्ने प्रभावले पनि बैंकको व्यवसायमा असर पुग्न सक्ने देखिन्छ । यस्तै विभिन्न स्थितिका कारणले हाल बजारमा कर्जा लगानी तथा निक्षेप संकलनमा असर परेको छ । यी विभिन्न कुराहरुले बैंकको व्यावसायिक गतिविधिहरुमा प्रत्यक्ष असर पर्ने अवस्था रहेको छ ।

(७) लेखापरीक्षण प्रतिवेदनमा सञ्चालक समितिको प्रतिक्रिया :

बैंकको नियमित कारोवारको शिलशिलामा देखिएका सामान्य टिप्पणी बाहेक खास प्रतिकूल टिप्पणी लेखापरीक्षण प्रतिवेदनमा देखिएको छैन । लेखापरीक्षकले दिएको सुझाव तथा सल्लाहलाई कार्यान्वयन गर्न बैंक व्यवस्थापनलाई निर्देशन समेत

दिइसकिएको छ। आ.व. २०७९/८० को वित्तीय विवरण नेपाल राष्ट्र बैंकबाट मिति २०८०/०९/०६ मा स्वीकृत हुँदा प्राप्त टिप्पणी तथा निर्देशनहरु वार्षिक प्रतिवेदन पुस्तिकामा सम्लग्न गरेका छौं, जसको समेत सुधार तथा कार्यान्वयनका लागि बैंक व्यवस्थापनलाई निर्देशन दिईएको छ।

(८) **लाभांश बाँडफाँड गर्न सिफारिस गरिएको रकम :**

बैंकले आ.व. २०७९/८० मा कुनै लाभांश प्रस्ताव गरेको छैन।

(९) **जफत गरिएको शेयरको विवरण :**

यस प्रतिवेदन अवधि सम्ममा कुनैपनि शेयर जफत गरिएको छैन।

(१०) **बैंक र यसको सहायक कम्पनीले गरेको प्रगती :**

बैंक तथा बैंकको सहायक कम्पनीले गरेको प्रगतीको बारेमा यसै प्रतिवेदनको सम्बन्धित बुँदाहरुमा प्रस्तुत गरिएको छ।

(११) **बैंक र यसको सहायक कम्पनीले आर्थिक वर्ष २०७९/८० मा सम्पन्न गरेको प्रमुख कारोबारहरु र सो अवधिमा कम्पनीको कारोबारमा आएको कुनै महत्वपूर्ण परिवर्तन :**

बैंकले समीक्षा वर्षमा सहायक कम्पनी के. बि. एल. सेक्युरिटिज लिमिटेड मा रु. १८ करोड थप लगानी गरी रु. २० करोड पुर्याइएको छ। यसै गरि के. बि. एल. सेक्युरिटिज लिमिटेडमा प्रमुख कार्यकारी अधिकृतको रुपमा श्री विनय रेग्मीलाई नियुक्ति गरिएको तथा नयाँ सञ्चालकहरुका रुपमा श्री सीपा रेग्मी, श्री हरि प्रसाद निरौला र श्री पवन बुढाथोकी लाई नियुक्ति गरिएको छ। समीक्षा वर्षमा यस कम्पनीले नेपाल धितोपत्र बोर्ड (Securities Board of Nepal) बाट स्वीकृती पाएको र हाल नेपाल स्टक एक्चेन्ज बाट कारोबारको लागि अनुमति लिई मिति २०८० मंसिर २६ गतेदेखि सञ्चालनमा रहेको छ।

बैंकले समीक्षा वर्षमा सहायक कम्पनी कुमारी क्यापिटल लिमिटेडमा प्रमुख कार्यकारी अधिकृतको रुपमा श्री पुष्प शर्मालाई नियुक्ति गरिएको तथा श्री नमिता शाक्यलाई नयाँ स्वतन्त्र सञ्चालकको रुपमा नियुक्ति गरिएको छ।

(१२) **बैंकका आधारभूत शेयरधनीले उपलब्ध गराएको जानकारी :** सो नभएको।

(१३) **विगतका आर्थिक वर्षमा कम्पनीका सञ्चालक तथा पदाधिकारीहरुले लिएको शेयर स्वामित्वको विवरण र कम्पनीको शेयर कारोबारमा निजहरु संलग्न रहेको भए सो सम्बन्धमा निजहरुबाट कम्पनीले प्राप्त गरेको जानकारी :** सोको जानकारी नभएको।

(१४) **बैंकसँग सम्बन्धित सम्झौताहरुमा कुनै सञ्चालक तथा निजका आफन्तको व्यक्तिगत स्वार्थ सम्बन्धी जानकारी :** बैंकको जानकारीमा नआएको।

(१५) **पुनर्खरिद गरिएका शेयरहरुको विवरण :** सो नभएको।

(१६) **आन्तरिक नियन्त्रण प्रणाली सम्बन्धी जानकारी :**

बैंकमा प्रभावकारी आन्तरिक नियन्त्रण प्रणाली कायम राख्न विभिन्न आन्तरिक नीति, नियम, संयन्त्र -संरचना र विभागहरु मार्फत कर्जा, सञ्चालन तथा बजार जोखिमलाई न्यूनीकरण गर्न संधै क्रियाशील नियन्त्रण प्रणाली रहने गरि कार्य गर्दै आएको छ। आन्तरिक नियन्त्रण प्रणालीको प्रभावकारिताको पुनरावलोकन नियमित रुपमा आन्तरिक लेखापरीक्षण विभागबाट गर्ने गरेको छ।

(१७) बैंकको कुल व्यवस्थापन खर्च सम्बन्धी विवरण :

बैंकको आ.व. २०७९/२०८० को व्यवस्थापन खर्चको विवरण देहाय वमोजिम रहेको छ :-

कर्मचारी खर्च : रु. २,२०,९८,२०,६३६/– (अक्षेरुपी दुई अर्ब बीस करोड अन्ठानब्बे लाख बीस हजार छ सय छत्तिस मात्र)।
अन्य सञ्चालन खर्च रु.१,७७,०४,०५,६४३/– (अक्षेरुपी एक अर्ब सतहत्तर करोड चार लाख पाँच हजार छ सय त्रिचालिस मात्र)।

बैंकको कूल व्यवस्थापन खर्चको विस्तृत विवरण बैंकको वार्षिक प्रतिवेदनको अनुसूचि ४.३६, ४.३७ र ४.३८ मा उल्लेख गरिएको छ।

(१८) लेखापरीक्षण समिति सम्बन्धी जानकारी :

समीक्षा अवधिमा कम्पनी ऐनको दफा १६४ बमोजिम गैरकार्यकारी सञ्चालक श्री उपेन्द्रकेशरी न्यौपानेको संयोजकत्वमा सञ्चालक श्री कृष्ण ज्ञवाली (सदस्य) र बैंकको आन्तरिक लेखापरीक्षण विभाग प्रमुख श्री राज कुमार श्रेष्ठ (सदस्य सचिव) रहनु भएको एक लेखापरीक्षण समिति रहेको छ। बैंकको आन्तरिक लेखापरीक्षण विभागले सोझै यसै समितिमा लेखा परीक्षेण प्रतिवेदन पेश गर्ने गर्दछ। आ.व २०७९/८० मा उक्त समितिका २० वटा बैठकहरु बसेका छन्। सदस्य सचिव बाहेकका यस समितिका अन्य सदस्यहरुलाई सञ्चालक समितिका सदस्यहरुलाई प्रदान हुने सरहको बैठक भत्ता प्रदान गरिएको छ। यस समितिका काम कारवाहीहरु नेपाल राष्ट्र बैंकको निर्देशिका तथा कम्पनी ऐनमा भएका व्यवस्था अनुरुप भए गरेका छन्। आन्तरिक लेखापरीक्षण प्रतिवेदनमा बैंकको काम कारवाही प्रति कुनै पनि किसिमको गहन कैफियत नरहेको पाइएको छ। लेखापरीक्षण समितिले बैंकको आन्तरिक नियन्त्रण प्रणालीको पुनरावलोकन तथा यसको पालनासँग सम्बन्धित सुझावहरु नियमित रुपमा व्यवस्थापनलाई दिने गरेको छ र सोको नियमित जानकारी सञ्चालक समितिलाई समेत गराउने गरेको छ। लेखापरीक्षण समितिले दिएको सुझाव अनुरुप बैंक व्यवस्थापनले आफ्ना काम कारबाहीहरुमा नियमित रुपमा सुधार गरिरहेको छ।

(१९) सञ्चालक, प्रबन्ध सञ्चालक, कार्यकारी प्रमुख, बैंकका आधारभूत शेयरधनी वा निजका नातेदार वा निज संलग्न रहेको फर्म, कम्पनी वा संगठित संस्थाले बैंकलाई कुनै रकम बुझाउन बाँकी भएको कुरा : सो नभएको।

(२०) सञ्चालक, प्रबन्ध सञ्चालक, कार्यकारी प्रमुख तथा पदाधिकारीहरुलाई भुक्तानी गरिएको पारिश्रमिक, भत्ता तथा सुविधाको रकम :

(क) सञ्चालकहरु :

बैंकका सञ्चालकहरुलाई नियमावलीमा व्यवस्था भए बमोजिम समिति तथा समितिद्वारा गठित उप-समितिहरुको बैठकमा भाग लिए वापत अध्यक्षलाई रु. १२,०००/- (अक्षेरुपी बाह्र हजार मात्र) र सञ्चालकहरुलाई रु. १०,०००/- (अक्षेरुपी दश हजार मात्र) प्रदान गर्ने गरेकोमा मिति २०७९/१०/२२ गते बैंकको नियमावली संशोधन पश्चात बैठक भत्ता (बैठकमा भाग लिए वापत) अध्यक्षलाई रु. १६,०००/- (अक्षेरुपी सोह्र हजार मात्र) र सञ्चालकहरुलाई रु. १४,०००/- (अक्षेरुपी चौध हजार मात्र) का दरले बैठक भत्ता दिने गरिएको छ। साथै सञ्चालक समितिका अध्यक्ष तथा सदस्यहरुलाई टेलिफोन, मोबाईल र पत्रपत्रिका खर्च वापत मासिक रु. १२,०००/- (अक्षेरुपी बाह्र हजार मात्र) दिने गरिएको छ। सञ्चालकहरुलाई सो देखि बाहेक अन्य कुनै पनि सुविधा बैंकले प्रदान गरेको छैन।

(ख) प्रमुख कार्यकारी अधिकृत तथा अन्य पदाधिकारी/व्यवस्थापकहरुको आ.व. २०७९/८० को वार्षिक तलब, भत्ता तथा सुविधाहरु :

वार्षिक तलब, भत्ता तथा सुविधाहरु

रकम रु.

६. **समस्या तथा चुनौति :**

(क) समस्या तथा चुनौति

(१) आन्तरिक :-

- कुशल एवम् दक्ष जनशक्तिलाई जोगाइराख्न ।
- बढ्दो सञ्चालन खर्च ।
- अन्तर्रानिहित जोखिमलाई घटाइ संचालन क्षमता अभिवृद्धि गर्ने ।
- निष्क्रिय कर्जा व्यवस्थापन गर्ने ।

(२) **बाह्य :-**

- देशको आर्थिक तथा राजनैतिक अवस्था ।
- लगानी मैत्री वातावरणको अभाव ।
- प्रतिस्पर्धी बैंकिङ्ग बजार ।
- बढ्दो संचालन खर्चलाई आम्दानीको श्रोतद्वारा पुर्ती गर्ने ।

कोरोना महामारी पश्चात् उत्पन्न भएको स्वास्थ्य, व्यवसाय, सामाजिक कठिन अवस्था ।

(ख) त्यस्ता समस्या तथा चुनौती समाधान गर्न व्यवस्थापनले अवलम्बन गरेको रणनीति :

- बैंक कर्मचारीहरुको कार्य क्षमता एवम् दक्षताको सहि पहिचान गर्ने र निजहरुको दक्षता तथा बृत्ति विकास गर्ने ।
- मितव्ययी ढङ्गले आवश्यक्ताको सहि पहिचान गरेर मात्र खर्च गर्ने ।
- ग्राहकहरुको बदलिदो जीवनशैली तथा बजारको माग अनुसारका नयाँ सेवा तथा सुविधाहरुको विकास गर्ने ।
- Interest Sensitive सम्पत्ति तथा दायित्वको मुल्य निर्धारण बजारको तरलताको स्थिति अनुसार गर्ने ।
- कर्जालाई विविधीकरण गर्ने तथा निष्कृय कर्जाको समयमै उचित व्यवस्थापन गर्ने ।
- बैंकिङ्ग कारोबारमा अन्तरनिहित जोखिमहरुको विश्लेषण गरी समय अनुसार कार्ययोजना तयार गर्ने र त्यसको उचित कार्यान्वयन गर्ने ।
- बैंकिङ्ग कारोबार अनलाइन माध्यमलाई प्रवर्द्धन तथा विकास गर्दै डिजिटल प्रणाली अर्न्तगत कर्मचारीहरुको क्षमता बृद्धि गर्दै डिजिटल बैकिङ्ग सेवा प्रदान गर्ने ।

७. संस्थागत सुशासन :

बैंकका सञ्चालकहरु बैंकमा उच्चस्तरको संस्थागत सुशासन लागु गर्न जिम्मेबार र उत्तरदायी रहेका छन् । संस्थागत सुशासन नै बैंकको प्रशासनिक काम कारवाहीको मार्गदर्शनको रुपमा रहेको तर्फ सचेत हुदै सोही अनुरुप सञ्चालक समितिका काम कारवाहीहरु अगाडी बढाउन र बैंकको अन्य सबै क्रियाकलापहरुमा समेत बलीयो एवं पारदर्शी संस्थागत सुशासनको विकास गर्न र सोको अनुभुति गराउन सञ्चालक समिति निरन्तर क्रियाशील रहेको छ । प्रचलित कानून तथा बैंकले अख्तियार गरेको नीतिलाई मुर्त रुप प्रदान गर्नका लागि विभिन्न समिति तथा उप-समितिहरु गठन गरिएका छन् । एकआपसमा अन्तर विभागीय Conflict of Interest उत्पन्न हुने विभागहरुजस्तै कर्जा, जोखिम व्यवस्थापन, सञ्चालन विभागहरुको कार्य क्षेत्रहरुलाई स्पष्ट रुपमा छुट्याईएको छ । बैंकमा उच्चस्तरको संस्थागत सुशासन लागु गर्न नेपाल राष्ट्र बैंकबाट जारी भएको परिपत्र तथा निर्देशनहरुलाई पूर्ण रुपमा पालना गर्ने गरिएको छ ।

८. विवरणपत्रमा प्रक्षेपण गरिएका र लेखापरीक्षण भएको विवरणहरुमा बीस प्रतिशत वा सो भन्दा बढी फरक सम्बन्धी विवरण :
सो नभएको ।

९. नियम २२ को उपनियम (५) सँग सम्बन्धित विशेष घटना वा परिस्थिति सम्बन्धी विवरण :

समीक्षा वर्षमा कुमारी बैंक लि.र साविक एनसीसी बैंक लि.मर्जर भई मिति २०७९/०९/१७ गते नयाँ संचालक समिति गठन भई बैंकको संचालक समितिमा हेरफेर भएको थियो । हाल बैंकमा स्वतन्त्र संचालक सहित ७ जनाको सञ्चालक समिति हुने व्यवस्था छ । समीक्षा वर्षमा अन्य कुनै त्यस्ता विशेष घटना वा परिस्थिति देखिएको छैन ।

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF KUMARI BANK LIMITED

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Kumari Bank Limited and its subsidiaries (collectively referred to as the "Group"), which comprises the consolidated statement of financial position as at Ashad 31, 2080 (corresponding to July 16, 2023), the consolidated statement of profit or loss, the consolidated statement of other comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information prepared in accordance with Nepal Financial Reporting Standards.

In our opinion, the financial statement of the Bank and the consolidated financial statements of the Group present fairly, in all material respect, the financial position of the Bank and the Group as at Ashad 31, 2080 (July 16, 2023) and its financial performance, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flow statement for the year then ended in accordance with the Nepal Financial Reporting Standards.

Basis for Opinion

We have conducted our audit in accordance with Nepal Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Institute of Chartered Accountant of Nepal's code of ethics for professional accountants (ICAN Code) together with the ethical requirements that are relevant to our audit of the financial statements in Nepal and we have fulfilled our ethical responsibilities in accordance with these requirements and the ICAN Code. We believe that the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period and include most significant assessed risks of material misstatement (whether or not due to fraud) identified including those which has greatest effect on overall audit strategy, allocation of resources in the audit and directing effort of the engagement team. We have summarized below key audit matters, in descending order of audit significance, in arriving at our audit opinion above, together with our key audit procedures to address those matters and, as required for public interest entities, our results from those procedures. These matters were addressed in the context of our audit of the consolidated financial statements as whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How the Key Audit Matter was Addressed
a. Impairment of Loans and Advances to Customers including Interest Income on Recognized Non-Performing Loans and Advances	
Total Loans and Advances to Customers: NPR 287,103 million as on July 16, 2023 (NPR 156,411 million as on July 16, 2022) Total Impairment: NPR 16,165.65 million as on July 16 2023 (NPR 3,848 as on July 16 2022) Total Impairment Charges: NPR 8,115.8 million in FY 2022-23 (NPR 812 million in FY 2021-22) Total Accrued Interest Income is NPR 5,319.15 million in FY 2022-23 (NPR 758 million in FY 2021-22) out of Total Interest Income of NPR 34,112.24 million in FY 2022-23 (NPR 18,355 million in FY 2021-22)	
Allowances for impairment of loans and advances to customers have been made based on incurred loss model, Nepal Rastra Bank (NRB) regulations, as applicable. The Bank is required to apply its judgment and estimation to determine allowances for impairment. In addition, assessment of allowances for impairment is important as carve out provides for higher of the incurred loss model or NRB's directive.	We planned and tested the operating effectiveness of key controls established by the Bank to identify loss events and for determining the extent of provisioning required against non-performing loans and advances to customers. The testing of controls include testing of controls over correct identification and classification of non-performing loans and advances to customers on time-based criteria; control over statistical models used to calculate the incurred loss in accordance with incurred loss model; control over monitoring of loans and advances to customers with higher risk default; control

The carrying value of the loans and advances to the customers can be materially misstating if the Bank's judgment and estimation are inappropriate. In addition to above, interest income on loans and advances to customers has been recognized on accrual basis calculated by the Bank's core banking system and following the interest income recognition Guidelines 2019 issued by NRB. Though accrual basis of income recognition is prescribed in general, the guidelines require suspension of interest recognition on accrual basis for loans and advances with overdue of more than 12 months whereas for loan and advances with overdue interest/installment for 3 to 12 months, interest recognition on accrual basis is limited based on result of collateral testing as specified. Given the lack of system capability to suspend interest recognition based on overdue status of loan and fair value of collateral as well as review of fair valuation of collateral on regular basis, manual intervention will be required in interest recognition process and hence create risk of improper application of the guidelines and determination of fair value of the collateral. This may, in turn, have effect on recognition of interest income of the bank. Considering the significance of the above matter to the financial statements, we have identified this as a key audit matter for the current year audit.	over accurate computation and recording of provisions; and control over the governance and approval process related to provisions including continuous reassessment by the Bank's Management. We selected sample of loans and advances to customers, checked installments of repayments and tested classification of non-performing loans and advances to customers based on the number of days overdue; evaluated the Bank's assessment for classification of loans and advances to customers as performing and non-performing based on repayment pattern, documentation, inspection and through discussion with the Bank's Management; assessment of control over mortgage value of loans and advances to customers. We selected sample of loans and advances to customers and independently performed and reassessed whether there was a need to classify loans and advances to customers as non-performing and compared our outcome to that prepared by the Bank and challenged various assumptions and judgments which were used by the Bank's Management. We assessed the appropriateness and adequacy of disclosures against the relevant accounting standards and NRB requirements relating to allowances for impairment on loans and advances and interest recognition, and considered to be acceptable.
b. Accounting for merger with erstwhile Nepal Credit and Commerce (NCC) Bank Limited	
During the year, the bank had merged with NCC Bank as set out in note no. 3.2(a) of the financial statement. Accounting for the acquisition has involved judgement in order to: • determine the fair value of consideration transferred. • identify and measure the fair value of the identifiable assets acquired and liabilities assumed. • allocate the purchase consideration between identifiable assets and liabilities and goodwill. This is a material acquisition for the Bank and given the level of estimation, system updation and judgement required, we considered it to be a key audit matter.	Our procedures included but were not limited to: • We tested the completeness of the identified assets and liabilities acquired by bank, through discussions with the Bank. • We assessed the determination of fair value for assets and liabilities acquired and the methods used to value the underlying assets by: i. Studying the DDA reports issued by the appointed external specialist. ii. Evaluating the valuation report prepared by the appointed external valuators. • Evaluating the appropriateness of adequate disclosures in accordance with the applicable accounting standards.
c. Information Technology System and Control impacting Financial Reporting in relation to the Bank	
The Bank's Information Technology environment is complex and involves a large number of independent and inter-dependent Information technology systems used in the Bank's operations for processing and recording a large volume of transactions at numerous locations. As a result, there is a high degree of reliance and dependency on such Information technology systems for the Bank's financial reporting process. Appropriate Information technology, general controls and application controls are required to ensure that such Information technology systems are able to process	In assessing the integrity of the information technology systems, we involved our information technology experts to obtain an understanding of the information technology infrastructure and systems relevant to the Bank's financial reporting process for evaluation and testing of information technology general controls and Information technology automated controls existing in such information technology systems. Access rights were tested over applications, operating systems, networks, and databases, which are relied upon for financial reporting. We also assessed the operating effectiveness of controls over granting, removal and periodical review of access rights. We further tested segregation of duties, including

Joshi & Bhandary * Kathmandu * Chartered Accountants

the data, as required, completely, accurately and consistently for reliable financial reporting. The accuracy and reliability of the financial reporting process depends on the information technology systems and the related control environment, including: information technology general controls over user access management and change management across applications, networks, database, and operating systems; and Information technology automated application controls. Due to the importance of the impact of the information technology systems and related control environment on the Bank's financial reporting process, we have identified testing of such information technology systems and related control environment as a key audit matter for the current year audit.	preventive controls to ensure that access to change applications; the operating system or databases in the production environment were granted only to authorized personnel. Other areas that were assessed under the information technology control environment, included password policies, security configurations, and controls around change management. Bank has hired Information technology security service provider to regularly monitoring its system for any threat which we considered to be acceptable.
d. Investment Valuation, Identification, and Impairment	
Investment of the bank comprises of investment in government bonds, T-bills, development bonds and investment in quoted and unquoted securities. The valuation of the aforesaid securities has been done in compliance with NFRS 9 and Directive number 8 of Unified NRB Directive 2079. The investment in the government and NRB bonds and T-bills has been done on Amortized cost and rest have been valued through Other Comprehensive Income. Given the varieties of treatments recommended for valuation of investment based on nature of cash flow, the business model adopted, complexity of calculations and the significance of amount involved in such investments, same has been considered as Key Audit Matter in our audit.	Our audit approach regarding investment of the bank is based on the NRB Directives and NFRS issued by the Accounting Standard Board of Nepal. For the investment valuation that are done at Amortized Cost, we checked the EIR and amortization schedule on test basis. For the investment valued through OCI i.e., for quoted investment, we relied on the Last transaction price in NEPSE as on 16.07.2023. And for the unquoted investment the fair value has been taken as the NRs.100. Further the income and bonus have been cross verified from Demat statement of the bank wherever applicable.

Emphasis of Matter

We draw attention to the note 5.1.2.a of the accompanying financial statements, which describes uncertainties due to overall adverse economy, a number of the loan assets have been significantly overdue which increases the credit risk of the bank. The bank has adopted various credit recovery and risk mitigation measures, including legal recourse to mitigate adverse credit risk, however, in our judgement such measures do not completely eliminate such credit risk and impact NPA of the bank. In our professional judgement such credit related risk is fundamental to the user's understanding of financial statements. Our audit opinion is not modified with respect to this matter.

Information Other than the Consolidated Financial Statement and Auditors' Report Thereon

The Bank's Management is responsible for other information. Other information comprises information included in the Management Letter, the Board of Directors and Chairman's Statement but does not include consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read other information and, in doing so, consider whether other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work, we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Other Matters

We did not audit the financial statements and other financial information of subsidiaries Kumari Capital Limited and KBL Securities Limited, whose financial statements reflect total assets of NPR 871.59 million and NPR

Joshi & Bhandary * Kathmandu * Chartered Accountants

200.71 million and net assets of NRP 475.25 million and NPR 200.5 million respectively as at Ashad 31, 2080 (corresponding to July 16, 2023) and total comprehensive income of NRP 68.53 million and NPR 0.45 million and net cash inflows of NRP 148.15 million and NPR 180.26 million respectively for the year then ended. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the financial statements in so far as it relates to the accounts and disclosures included in respect of this subsidiary, are based solely on the report of other auditors.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Nepal Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibility for Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Nepal Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Nepal Standards on Auditing, we exercised professional judgment and maintained professional skepticism throughout the audit. We also:

- Identified and assessed the risk of material misstatement of the consolidated financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.
- Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion of the effectiveness of the Bank and its subsidiaries' internal control.
- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Concluded on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cause significant doubt on the Bank's and its subsidiaries' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosure in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank and its subsidiaries to cease to continue as a going concern.
- Evaluated the overall presentation, structure, and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identified during our audit.

We also provided those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicated with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

We have obtained information and explanations asked for which, to best of our knowledge and belief, were necessary for the purpose of our audit. In our opinion, consolidated statements of financial position, consolidated statement of profit or loss, consolidated statement of other comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows, have been prepared in accordance with the procedure and format prescribed by Nepal Rastra Bank and are in agreement with the books of account maintained by the Bank. Proper books and records have been kept as per law, so far as it appears, from our examination of those books and records of the Bank and from the reports of the other auditors.

In our opinion, so far as it appears from our examination of the books, the Bank has maintained adequate capital funds and adequate provision for possible impairment of assets.

To the best of our information and according to explanations given to us and so far as it appears from our examination of the books of account of the Bank and the audit reports issued by other auditors necessary for the purpose of our audit, we have not come across cases where Board of Directors or any employees of the Bank and its subsidiaries have acted contrary to the provisions of law or committed any misappropriation relating to the accounts or caused loss or damage to the Group or acted in a manner to jeopardize the interest and security of the Bank, its depositors and investors.

We support the long-term success of our investee companies operating in various industries by connecting them to an array of resources.	**10%**	**10%**

2. BASIS OF PREPARATION

2.1 Statement of Compliance

The Financial Statements of Bank for the year ended 16th July, 2023 comprising Statement of Financial Position, Statement of Profit or loss and Other Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and Notes to the Financial Statements (including Significant Accounting Policies), have been prepared in accordance with Nepal Financial Reporting Standards (hereafter referred as NFRS), laid down by the Institute of Chartered Accountants of Nepal and in compliance with the requirements of all applicable laws and regulations.

The bank has applied certain carve-outs which are as described in Notes to Accounts.

2.2 Reporting Period and Approval of Financial Statements

a) Reporting Period

The Bank has prepared the financial statements in accordance with NFRS depicting financial performance for FY 2022/23 and financial position of 16th July 2023 and the comparatives of FY 2021/22.

b) Responsibility for Financial Statements

The preparation and presentation of Financial Statements including consolidated financial statements is the responsibility of the Board of Directors as per the governing provisions.

c) Approval of Financial Statements by Directors

The accompanied Financial Statements have been authorized to issue by the Board of Directors vide its resolution dated 14th December 2023 and recommended for its approval by the Annual General Meeting of the shareholders.

2.3 Functional and Presentation Currency

The Financial Statements of Bank and Group are presented in Nepalese Rupees (Rs.), which is the currency of the primary economic environment in which the Bank operates. There was no change in Bank's presentation and functional currency during the year under review.

2.4 Use of Estimates, Assumptions and Judgments

The preparation of Financial Statements in conformity with Nepal Financial Reporting Standards requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ due to these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

The most significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have most significant effect in the Financial Statements are as follows:

2.4.1 Going Concern

The Directors have made an assessment of Bank's ability to continue as a going concern and satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, the Board is not aware of any material uncertainties that may provide significant doubt upon Bank's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of it. Therefore, the Financial Statements continue to be prepared on the going concern basis.

2.5 Discounting

When the realization of assets and settlement of obligation is for more than one year, the Bank considers the discounting of such assets and liabilities where the impact is material. Various internal and external factors have been considered for determining the discount rate to be applied to the cash flows of company.

Service fees charged by the bank on loans and advances unless immaterial or impracticable to determine reliably is to be considered for computation of Effective Interest Rate. However, bank has opted the Carve-out (optional) pronounced by Institute of Chartered Accountants of Nepal (ICAN) on 10th November 2018; as per the notice issued by ICAN regarding the extension of a year time for its implementation.

Defined Benefit Plan; that includes gratuity has been determined by considering discount rate as the average yield on government bonds issued during the period having maturity of five years or more.

2.6 Materiality and Aggregation

In compliance with Nepal Accounting Standard - NAS 01 (Presentation of Financial Statements), each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or functions too are presented separately unless they are immaterial. Financial Assets and Financial Liabilities are offset and the net amount reported in the Statement of Financial Position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the Statement of Profit or Loss unless required or permitted by an Accounting Standard.

2.7 Comparative Information

The Financial Statement of the Bank provides comparative information in respect of previous periods. The accounting policies have been consistently applied by Bank with those of the previous financial year in accordance with NAS 01 Presentation of Financial Statements, except those which had to be changed as a result of application of the new NFRS or expiry of the carve out period. Further, comparative information is reclassified wherever necessary to comply with the current presentation.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these Financial Statements, and deviations if any have been disclosed accordingly.

3.1 Basis of Measurement

The Financial Statements of Bank have been prepared on the historical cost basis, except for the following material items in the Statement of Financial Position:

- Available for sale investments (quoted) are measured at fair value.
- Liabilities for defined benefit obligations are recognized at the present value of the defined benefit obligation less the fair value of the plan assets.
- Financial assets and financial liabilities held at amortized cost are measured using a rate that is a close approximation of effective interest rate opting the available Carve Out pronounced by Institute of Chartered Accountants of Nepal.

3.2 Basis of consolidation

a. Business Combinations and Goodwill

Business combinations are accounted for using the acquisition method as per the requirements of Nepal Financial Reporting Standard - NFRS 03 (Business Combinations). The Bank measures goodwill as the fair value of the consideration transferred including the recognized amount of any non-controlling interest in the acquiree, less the net

recognized amount (generally fair value) of the identifiable assets acquired and liabilities assumed, all measured as of the merger date. When the excess is positive, this will result into goodwill.

During the fiscal year 2079-80, the Bank has merged Nepal Commerce and Credit Bank Limited. Accounting for merger of Nepal Commerce and Credit Bank Limited has been done as per NFRS 3 – Business Combination and Guidance Note on the same issued by ICAN dated July 31, 2022.

b. Non-controlling interest (NCI)

Non-controlling interest (NCI), also known as minority interest, is an ownership position whereby a shareholder owns less than 50% of outstanding shares and has no control over decisions.

Since, the subsidiaries are 100% owned, there is no case of NCI for the bank.

c. Subsidiaries

Subsidiaries are entities that are controlled by the Bank. The Bank is presumed to control an investee when it is exposed or has rights to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. At each reporting date the Bank reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more elements of control mentioned above.

The Financial Statements of Subsidiaries are fully consolidated from the date on which control is transferred to the Bank and continue to be consolidated until the date when such control ceases. The Financial Statements of the Bank's Subsidiaries are prepared for the same reporting period as per the Bank, using consistent accounting policies.

The cost of acquisition of a Subsidiary is measured as the fair value of the consideration, including contingent consideration, given on the date of transfer of title. The acquired identifiable assets, liabilities are measured at their fair values at the date of acquisition. Subsequent to the initial measurement, the Bank continues to recognize the investments in Subsidiaries at cost.

When a Subsidiary is acquired or sold during the year, operating results of such Subsidiary is included from the date of acquisition or to the date of disposal.

This Subsidiary of the Bank has been incorporated in Nepal.

d. Associates

An associate is an entity over which the investor has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee without the power to control or jointly control those policies.

An associate company, in its broadest sense, is a corporation in which a parent company possesses a stake. Usually, the parent company owns only a minority stake of the corporation, as opposed to a subsidiary company, where a majority stake is owned. The accounting treatment for consolidation of associates is as per Equity method while it is shown at cost in the standalone financial statement of the bank as per NAS 27.

e. Loss of Control

When the Bank loses control over a Subsidiary, it derecognizes the assets and liabilities of the former subsidiary from the consolidated statement of financial position. The Bank recognizes any investment retained in the former subsidiary at its fair value when control is lost and subsequently accounts for it and for any amounts owed by or to the former subsidiary in accordance with relevant NFRSs. That fair value shall be regarded as the fair value on initial recognition of a financial asset in accordance with relevant NFRS or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture. The Bank recognizes the gain or loss associated with the loss of control attributable to the former controlling interest.

f. Transaction elimination on consolidation

Intra group balances and transactions, any unrealized income and expenses arising from intra group transactions, are eliminating in preparing the consolidated financial statements. Unrealized gains/losses arising from transactions with equity accounted investees are eliminated against the investments to the extent of group interest of investee.

3.3 Cash and cash equivalent

Cash and Cash Equivalents include cash in hand, balances with banks, placements with banks and money at call and at short notice with original maturity less than three months from the date of acquisition date that are subject to an insignificant risk of changes in their fair value, and are used for short term commitments.

Details of the Cash and Cash Equivalents are given in Note 4.1 to the Financial Statements.

3.4 Financial Assets and financial liabilities

a. Recognition

All financial assets and liabilities are initially recognized on the trade date, i.e. the date that Bank becomes a party to the contractual provisions of the instrument. This includes 'regular way trades. Regular way trade means purchases or sales of financial assets that required delivery of assets within the time frame generally established by regulation or convention in the market place.

The classification of financial instruments at the initial recognition depends on their purpose and characteristics and the management's intention in acquiring them.

b. Classification and Measurement

Financial Assets

All financial instruments are measured initially at their fair value plus transaction costs that are directly attributable to acquisition or issue of such financial instruments except in the case of such financial assets and liabilities at fair value through profit or loss, as per the Nepal Accounting Standard - NAS 39 (Financial Instruments: Recognition and Measurement). Transaction cost in relation to financial assets and financial liabilities at fair value through profit or loss are dealt with the Statement of Profit or Loss.

Classification and Subsequent Measurement of Financial Instruments

Classification and Subsequent Measurement of Financial Assets

At the inception, a financial asset is classified into one of the following:

a. Financial assets at fair value through profit or loss
   i. Financial assets held for trading
   ii. Financial assets designated at fair value through profit or loss
b. Held to Maturity Financial Assets
c. Loans and Receivables
d. Financial Assets available for Sale

The subsequent measurement of financial assets depends on their classification.

Financial Assets at Fair Value through Profit or Loss

A financial asset is classified as fair value through profit or loss if it is held for trading or is designated at fair value through profit or loss.

i. Financial Assets Held for Trading

Financial assets are classified as held for trading if they are acquired principally for the purpose of selling or repurchasing in the near term or holds as a part of a portfolio that is managed together for short-term profit or position taking. This category also includes derivative financial instruments entered into by Bank that are not designated as hedging instruments in hedge relationships as defined by Nepal Accounting Standards NAS 39 (Financial Instruments: Recognition and Measurement).

Financial assets held for trading are recorded in the Statement of Financial Position at fair value. Changes in fair value are recognized in 'Other Operating income'. Dividend income is recorded in 'Net trading income' when the right to receive the payment has been established.

Bank evaluates its held for trading asset portfolio, other than derivatives, to determine whether the intention to sell them in the near future is still appropriate. When Bank is unable to trade these financial assets due to inactive markets and management's intention to sell them in the foreseeable future significantly changes, Bank may elect to reclassify these financial assets.

Financial assets held for trading include instruments such as government securities and equity instruments that have been acquired principally for the purpose of selling or repurchasing in the near term.

ii. Financial Assets Designated at Fair Value through Profit or Loss

Bank designates financial assets at fair value through profit or loss in the following circumstances:

- Such designation eliminates or significantly reduces measurement or recognition inconsistency that would otherwise arise from measuring the assets
- The assets are part of a group of Financial assets, financial liabilities or both, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy
- The asset contains one or more embedded derivatives that significantly modify the cash flows that would otherwise have been required under the contract.

Financial assets designated at fair value through profit or loss is recorded in the Statement of Financial Position at fair value. Changes in fair value are recorded in 'Net gain or loss on financial instruments designated at fair value through profit or losses' in the Statement of Profit or Loss. Interest earned is accrued under 'Interest income', using the effective interest rate method, while dividend income is recorded under 'Other operating income' when the right to receive the payment has been established.

The Bank has not designated any financial assets upon initial recognition as designated at fair value through profit or loss.

Held to Maturity Financial Assets

Held to Maturity Financial Assets are non-derivative financial assets with fixed or determinable payments and fixed maturities which the Bank has the intention and ability to hold to maturity. After the initial measurement, held to maturity financial investments are subsequently measured at amortized cost using the effective interest rate, less impairment. The amortization is included in 'Interest income' in the Statement of Profit or Loss. The losses arising from impairment of such investments are recognized in the Statement of Profit or Loss.

Financial Assets Available for Sale

Available for sale financial assets include equity and debt securities. Equity Investments classified as 'Available for Sale' are those which are neither classified as 'Held for Trading' nor 'Held till Maturity'. Debt securities in this category are intended to be held for an indefinite period of time and may be sold in response to needs for liquidity or in response to changes in the market conditions.

After initial measurement, available for sale financial investments are subsequently measured at fair value. Unrealized gains and losses are recognized directly in equity through 'Other comprehensive income / expense' in the 'Available for sale reserve'. Where Bank holds more than one investment in the same security, they are deemed to be disposed of on weighted average basis. Interest earned whilst holding 'Available for sale financial investments' is reported as 'Interest income' using the effective interest rate. Dividend earned whilst holding 'Available for sale financial investments' are recognized in the Statement of Profit or Loss as 'other operating income' when the right to receive the payment has been established. The losses arising from impairment of such investments are recognized in the Statement of Profit or Loss under 'Impairment charge for loans and other losses' and removed from the 'Available for sale reserve'.

In the normal course of business, the fair value of a financial instrument on initial recognition is the transaction price (that is, the fair value of the consideration given or received).

Loans and Receivables from Customers

Loans and receivables include non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than:

- Those that the Bank intends to sell immediately or in the near term and those that the Bank, upon initial recognition, designates as fair value through profit or loss
- Those that the Bank, upon initial recognition, designates as available for sale
- Those for which the Bank may not recover substantially all of its initial investment through contractual cash flows, other than because of credit deterioration.

Loans and Advances mainly represent loans and advances to customers, Banking and Financial Institutions. After initial measurement, loans and receivables are subsequently measured at amortized cost using a rate that closely approximates effective interest rate, less allowance for impairment. Within this category, loans and advances to the customers have been recognized at amortized cost using the method that very closely approximates effective interest rate method opting the Carve Out pronounced by Institute of Chartered Accountants of Nepal (ICAN); implementation of which has been extended for a year till 2022/23 by ICAN through notice issued by regarding the implementation of EIR. The amortization is included in 'Interest Income' in the Statement of Profit or Loss. The losses arising from impairment are recognized in 'Impairment charge / reversal for loans and other losses' in the Statement of Profit or Loss.

Financial Liabilities

Classification and Subsequent Measurement of Financial Liabilities

At the inception, Bank determines the classification of its financial liabilities. Accordingly, financial liabilities are classified as:

a. Financial liabilities at fair value through profit or loss
   i. Financial liabilities held for trading
   ii. Financial liabilities designated at fair value through profit or loss
b. Financial liabilities at amortized cost

Financial Liabilities at Fair Value through Profit or Loss

Financial Liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value and changes therein are recognized in profit or loss.

(i) Financial Liabilities Held for Trading

Financial liabilities are classified as held for trading if they are acquired principally for the purpose of selling or repurchasing in the near term or holds as a part of a portfolio that is managed together for short-term profit or position taking. This category includes derivative financial instrument entered into by Bank that are not designated as hedging instruments in hedge relationships as defined by Nepal Accounting Standard - NAS 39 (Financial Instruments: Recognition and Measurement).

(ii) Financial Liabilities Designated at Fair Value through Profit or Loss

Bank designates financial liabilities at fair value through profit or loss at following circumstances:

- Such designation eliminates or significantly reduces measurement or recognition inconsistency that would otherwise arise from measuring the liabilities.
- The liabilities are part of a group of Financial assets, financial liabilities or both, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy
- The liability contains one or more embedded derivatives that significantly modify the cash flows that would otherwise have been required under the contract.

Financial Liabilities at Amortized Cost

Financial instruments issued by Bank that are not classified as fair value through profit or loss are classified as financial liabilities at amortized cost, where the substance of the contractual arrangement results in Bank having an obligation either to deliver cash or another financial asset to another Bank, or to exchange financial assets or financial liabilities with another Bank under conditions that are potentially unfavorable to the Bank or settling the obligation by delivering variable number of Bank's own equity instruments.

After initial recognition, such financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Amortization is included in 'Interest Expenses' in the Statement of Profit or Loss. Gains and losses are recognized in the Statement of Profit or Loss when the liabilities are derecognized.

Reclassification

(i) Reclassification of Financial Instruments 'At fair value through profit or loss',

Bank does not reclassify derivative financial instruments out of the fair value through profit or loss category when it is held or issued.

Non-derivative financial instruments designated at fair value through profit or loss upon initial recognition is not reclassified subsequently out of fair value through profit or loss category.

(ii) Reclassification of 'Available for sale' Financial Instruments

Bank may reclassify financial assets out of available for sale category as a result of change in intention or ability or in rare circumstances that a reliable measure of fair value is no longer available.

(iii) Reclassification of 'Held to Maturity' Financial Instruments

As a result of a change in intention or ability, if it is no longer appropriate to classify an investment as amortized at cost, Bank may reclassify such financial assets as at fair value through OCI and re- measured at fair value. Any difference between the carrying value of the financial asset before reclassification and fair value is recognized in equity through other comprehensive income.

c. De-recognition

De-recognition of Financial Assets

Bank derecognizes a financial asset (or where applicable a part of financial asset or part of a group of similar financial assets) when:

- The rights to receive cash flows from the asset have expired; or
- Bank has transferred its rights to receive cash flows from the asset or
- Bank has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either Bank has transferred substantially all the risks and rewards of the asset or it has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

De-recognition of Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability.

The difference between the carrying value of the original financial liability and the consideration paid is recognized in profit or loss.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount presented in the Statement of Financial Position when and only when Bank has a legal right to set off the recognized amounts and it intends either to settle on a net basis or to realize the asset and settle the liability simultaneously. Income and expenses are presented on a net basis only when permitted under NFRSs or for gains and losses arising from a group of similar transaction such as in trading activity.

Amortized Cost Measurement

The Amortized cost of a financial asset or liability is the amount at which the financial asset or liability is measured at initial recognition, minus principal repayments, plus or minus the cumulative amortization using the effective interest method of any difference between the initial amount recognized and the maturity amount, minus any reduction for impairment.

Fair Value Measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of principal market, in the most advantageous market for asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1 - Valuation technique using quoted market price:** financial instruments with quoted prices for identical instruments in active markets.

- **Level 2 - Valuation technique using observable inputs:** financial instruments with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable.
- **Level 3 - Valuation technique with significant unobservable inputs:** financial instruments valued using valuation techniques where one or more significant inputs are unobservable.

Level 1

When available, the Bank measures the fair value of an instrument using quoted prices in an active market for that instrument or dealer price quotations, without any deduction for transaction costs.

A market is regarded as active if quoted prices are readily and regularly available and represent actual and regularly occurring market transactions on an arm's length basis.

Level 2

If a market for a financial instrument is not active, then the Bank establishes fair value using a valuation technique. Valuation techniques include using recent arm's length transactions between knowledgeable, willing parties (if available), reference to the current fair value of other instruments that are substantially the same, discounted cash flow analysis and option pricing models.

The chosen valuation technique makes maximum use of market inputs, relies as little as possible on estimates specific to the Group, incorporates all factors that market participants would consider in setting a price, and is consistent with accepted economic methodologies for pricing financial instruments.

Level 3

Certain financial instruments are recorded at fair value using valuation techniques in which current market transactions or observable market data are not available. Their fair value is determined using a valuation model that has been tested against prices or inputs to actual market transactions and using the Bank's best estimate of the most appropriate model assumptions.

The fair value of a demand deposit is not less than the amount payable on demand, discounted from the first date on which the amount could be required to be paid.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest best use or by selling it to another market participant that would use the asset in its highest and best use.

The Bank recognizes transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

d. Impairment

At each reporting date, Bank assesses whether there is any objective evidence that a financial asset or group of financial assets not carried at fair value through profit or loss is impaired. A financial asset or group of financial assets is deemed to be impaired if and only if there is objective evidence of impairment as a result of one or more events, that have occurred after the initial recognition of the asset (an 'incurred loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

Objective evidence of impairment may include: indications that the borrower or a group of borrowers is experiencing significant financial difficulty; the probability that they will enter bankruptcy or other financial reorganization; default or delinquency in interest or principal payments; and where observable data indicates that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

Impairment of Financial Assets carried at Amortized Cost

For financial assets carried at amortized cost, such as amounts due from banks, held to maturity investments etc., Bank first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant or collectively for financial assets that are not individually significant. In the event, Bank determines that no objective evidence of impairment exists for an individually assessed financial asset, financial assets in a group with similar credit risk characteristics are collectively assesses for impairment. However, assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognized are not included in a collective assessment of impairment.

If there is an objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the assets' carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not yet been incurred). The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognized in the income statement. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current rate closely approximates effective interest rate. If the Bank has reclassified trading assets to loans and advances, the discount rate for measuring any impairment loss is the new closely approximates effective interest rate determined at the reclassification date. The calculation of the present value of the estimated future cash flows of collateralized financial assets reflects the cash flows that may result from foreclosure less costs for obtaining and selling the collateral, whether or not foreclosure is probable.

Impairment of Financial Assets – Loans and Advances

The Bank review it's individually significant loans and advances at each statement of financial position date to assess whether an impairment loss should be recorded in the income statement. The bank has conducted objective evidence test for individual impairment through different parameters like inability to meet loan agreements, substantial drop in profits/ turnover, significant adverse cash flows, significant adverse net worth situation, problematic borrower financial position, etc. Mainly, management judgment is required in the estimation of the amount and timing of the expected future cash flows for determination of the impairment loss.

These estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the impairment allowance.

Loans and advances that have been assessed individually and found to be not impaired and all individually insignificant loans and advances are then assessed collectively, in groups of assets with similar risk characteristics, to determine whether provision should be made due to incurred loss events for which there is objective evidence, but the effects of which are not yet evident. The collective assessment takes in to account data from the loan portfolio such as levels of arrears, credit quality, portfolio size etc. and judgments based on current economic conditions.

Loans and advances have been impaired as the higher of amount derived as per the norms prescribed by Nepal Rastra Bank for loan loss provision and amount determined as per paragraph 63 of NAS 39, as per Carve-out pronounced by Institute of Chartered Accountants of Nepal on 20th September 2018.

The impairment loss on loans and advances is disclosed in Note 4.6 and 4.7 to the financial statements.

Individually Assessed Financial Assets

The criteria used to determine whether there is objective evidence of impairment include and not limited to:

- Known Cash Flow difficulties experienced by the borrowers:
- Past due contractual payments of either principal or interest;
- Breach of loan covenants or conditions;
- The probability that the borrower will enter bankruptcy or other financial reorganization; and
- A significant downgrading in credit rating by an external credit rating agency.

If there is objective evidence that an impairment loss on financial assets measured at amortized cost has been incurred, the amount of the loss is measured by discounting the expected future cash flows of a financial asset at its original effective interest rate and comparing the resultant present value with the financial asset's current carrying amount. The impairment allowances on individually significant accounts are reviewed more regularly when circumstances require. This normally encompasses re-assessment of the enforceability of any collateral held and the timing and amount of actual and anticipated receipts. Individually assessed impairment allowances are only released when there is reasonable and objective evidence of reduction in the established loss estimate. Interest on impaired assets continues to be recognized through the unwinding of the discount.

Loans together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realized or has been transferred to the Bank. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account. If a future write off is later recovered, the recovery is credited to the impairment charges for loans and other losses.

When impairment losses are determined for those financial assets where objective evidence of impairment exists, the following common factors are considered:

- Bank's aggregate exposure to the customer;
- The viability of the customer's business model and their capacity to trade successfully out of financial difficulties and generate sufficient cash flows to service debt obligations;
- The amount and timing of expected receipts and recoveries;
- The extent of other creditors 'commitments ranking ahead of, or pari-pasu with the Bank and the likelihood of other creditors continuing to support the company;
- The realizable value of security and likelihood of successful repossession;

Collectively Assessed Financial Assets

Impairment is assessed on a collective basis in two circumstances:

- To cover losses which have been incurred but have not yet been identified on loans subject to individual assessment; and
- For homogeneous groups of loans that is not considered individually significant.

Incurred but not yet identified impairment

Individually assessed financial assets for which no evidence of loss has been specifically identified on an individual basis are grouped together according to their credit risk characteristics for the purpose of calculating an estimated collective loss. This reflects impairment losses that the bank has incurred as a result of events occurring before the reporting date, which the Bank is not able to identify on an individual loan basis and that can be reliably estimated.

These losses will only be individually identified in the future. As soon as information becomes available which identifies losses on individual financial assets within the group, those financial assets are removed from the group and assessed on an individual basis for impairment.

The collective impairment allowance is determined after taking into account:

- Historical Loss Experience in portfolios of similar credit risk; and
- Management's experienced judgment as to whether current economic and credit conditions are such that the actual level of inherent losses at the reporting date is like to be greater or less than that suggested by historical experience.

Homogeneous groups of Financials Assets

Statistical methods are used to determine impairment losses on a collective basis for homogenous groups of financial assets. Losses in these groups of financial assets are recorded on an individual basis when individual financial assets are written off, at which point they are removed from the group.

Bank uses the following method to calculate historical loss experience on collective basis:

After grouping of loans on the basis of homogeneous risks, the Bank uses net flow rate method. Under this methodology the movement in the outstanding balance of customers into default categories over the periods is used to estimate the amount of financial assets that will eventually be irrecoverable, as a result of the events occurring before the reporting date which the Bank is not able to identify on an individual loan basis.

Under this methodology, loans are grouped into ranges according to the number of days in arrears and statistical analysis is used to estimate the likelihood that loans in each range will progress through the various stages of delinquency and ultimately prove irrecoverable.

Current economic conditions and portfolio risk factors are also evaluated when calculating the appropriate level of allowance required covering inherent loss. These additional macro and portfolio risk factors may include:

- Recent loan portfolio growth and product mix
- Unemployment rates
- Gross Domestic Production (GDP)Growth
- Inflation

- Interest rates
- Changes in government laws and regulations
- Property prices
- Payment status

But, the amount of provision to be created against Loans and Advances shall be higher of the following two amounts:

i) Impairment calculated as per Impairment Assessment Methodology as described above or,

ii) Loan Loss Provision calculated as per the provisions of Unified Directives issued by Nepal Rastra Bank.

Reversal of Impairment

If the amount of an impairment loss decreases in a subsequent period and the decrease can be related objectively to an event occurring after the impairment was recognized, the excess is written back by reducing the financial asset impairment allowance account accordingly. The write-back is recognized in the Statement of Profit or Loss.

Write-off of Financial Assets measured at Amortized Cost

Financial assets (and the related impairment allowance accounts) are normally written off either partially or in full, when there is no realistic prospect of recovery. Where financial assets are secured, this is generally after receipt of any proceeds from the realization of security.

Impairment of Rescheduled Loans and Advances

Where possible, the Bank seeks to restructure loans rather than to take possession of collateral. This may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms and the loan is no longer considered past due. Management continually reviews renegotiated loans to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subject to an individual impairment assessment, calculated using the loan's original effective interest rate (EIR).

Collateral Valuation

The Bank seeks to use collateral, where possible, to mitigate its risks on financial assets. The collateral comes in various forms such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. The fair value of collateral is generally assessed, at a minimum, at inception and based on the guidelines issued by the central bank (Nepal Rastra Bank). Non-financial collateral, such as real estate, is valued based on data provided by third parties such as independent valuator and audited financial statements.

Collateral Repossessed or Where Properties Have Devolved To the Bank

Legally Repossessed Collateral represents Non-Financial Assets acquired by the Bank in settlement of the overdue loans. The assets are initially recognized at fair value when acquired. The Bank's policy is to determine whether a repossessed asset is best used for its internal operations or should be sold. The proceeds are used to reduce or repay the outstanding claim. The immovable property acquired by foreclosure of collateral from defaulting customers, or which has devolved on the Bank as part settlement of debt, has not been occupied for business use.

These assets are shown as Legally Repossessed Collateral under "Investment Property."

Impairment of Financial Assets – Available for Sale

For financial investments measured at fair value through OCI, Bank assesses at each reporting date whether there is objective evidence that an investment is impaired.

In the case of debt instruments, Bank assesses individually whether there is objective evidence of impairment based on the same criteria as financial assets carried at amortized cost. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortized cost and the current fair value, less any impairment loss on that investment previously recognized in the Income Statement. Future interest income is based on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. If, in a subsequent period, the fair value of a debt instrument increases and the increase can be objectively related to a credit event occurring after the impairment loss was recognized, the impairment loss is reversed through the Income Statement.

In the case of equity investments classified as fair value through OCI, the impairment is adjustment through fair value movement.

Bank writes-off certain financial investments when they are determined to be uncollectible.

3.5. Trading Assets

Financial assets such as government securities, equity etc. held for short term with an intention to trade have been classified as trading assets. Trading assets are measured at fair value with any changes in fair value being recognized in Profit or Loss.

3.6. Derivative assets and derivative liabilities

Derivative financial instruments such as forward foreign exchange contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation technique is forward pricing model which incorporates various inputs including foreign exchange spot and forward premiums.

Forward contracts are the contracts to purchase or sell a specific quantity of a financial instrument, a commodity, or a foreign currency at a specified price determined at the outset, with delivery or settlement at a specified future date. Settlement is at maturity by actual delivery of the item specified in the contract, or by a net cash settlement.

All freestanding contracts that are considered derivatives for accounting purposes are carried at fair value on the statement of financial position regardless of whether they are held for trading or non-trading purposes. Changes in fair value on derivatives held for trading are included in net gains/ (losses) from financial instruments in fair value through profit or loss on financial assets/ liabilities at fair value through profit or loss.

3.7. Property and Equipment

Recognition

Property, plant and equipment are tangible items that are held for use in the production or supply of services, for rental to others or for administrative purposes and are expected to be used during more than one period. The Bank applies the requirements of the Nepal Accounting Standard - NAS 16 (Property, Plant and Equipment) in accounting for these assets. Property, plant and equipment are recognized if it is probable that future economic benefits associated with the asset will flow to the entity and the cost of the asset can be measured reliably measured.

The freehold land and buildings of the bank are measured at cost and not reflected at fair value and no revaluation has been carried at the reporting date.

Fixed assets except land are stated at acquisition cost less accumulated depreciation. Acquisition cost includes expenditures that are directly attributable to the acquisition of the assets.

Measurement

An item of property, plant and equipment that qualifies for recognition as an asset is initially measured at its cost. Cost includes expenditure that is directly attributable to the acquisition of the asset and cost incurred subsequently to add to, replace part of an item of property, plant & equipment. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to a working condition for its intended use and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalized as part of computer equipment. When parts of an item of property or equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Assets with a value less than Rs. 10,000 are charged off as a revenue expense irrespective of its useful life in the year of purchase.

Leasehold improvements are capitalized at cost and amortized over the period of five years. The amount of amortization is charged as revenue expenses.

Cost Model

Property and equipment is stated at cost excluding the costs of day–to–day servicing, less accumulated depreciation and accumulated impairment in value. Such cost includes the cost of replacing part of the equipment when that cost is incurred, if the recognition criteria are met.

Revaluation Model

The Bank has not applied the revaluation model to the any class of freehold land and buildings or other assets. Such properties are carried at a previously recognized GAAP Amount.

However, the assets and liabilities transferred from the business combination of Nepal Commerce and Credit Bank Limited is recognized at fair value.

Subsequent Cost

The subsequent cost of replacing a component of an item of property, plant and equipment is recognized in the carrying amount of the item, if it is probable that the future economic benefits embodied within that part will flow to the Bank and it can be reliably measured. The cost of day to day servicing of property, plant and equipment are charged to the Statement of Profit or Loss as incurred.

De-recognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use. The gain or loss arising from de-recognition of an item of property, plant and equipment is included in the Statement of Profit or Loss when the item is derecognized. When replacement costs are recognized in

the carrying amount of an item of property, plant and equipment, the remaining carrying amount of the replaced part is derecognized. Major inspection costs are capitalized. At each such capitalization, the remaining carrying amount of the previous cost of inspections is derecognized. The gain or losses arising from de-recognition of an item of property, plant and equipment is included in profit or loss when the item is derecognized.

Depreciation

Depreciation is calculated by on the basis of useful life of the asset on cost or carrying value of property, plant & equipment other than freehold land.

The depreciable amount of an item of property, plant and equipment is allocated on systematic basis over its useful life, under written down value method of depreciation except for Leasehold properties and is depreciated as follows:

Asset Category	Estimated Useful Life of Asset (Years) FY 2079/80	Estimated Useful Life of Asset (Years) FY 2078/79
Buildings	40 Years	40 Years
Vehicles	10 Years	10 Years
Office Equipment	8 Years	8 Years
Furniture & Fixtures (Metal & Wooden)	8 Years	8 Years
Computer Hardware	8 Years	8 Years
Battery	6 Years	6 Years
Leasehold Properties	5 Years	5 Years

Salvage Value is assumed to be 10% of the cost of the asset in case of asset depreciated on Diminishing Value Method.

Depreciation on newly acquired property and equipment are charged from the next month of booking. Depreciation of property and equipment ceases when it is derecognized at the time of its disposal. For the expenses allowance for tax purpose; depreciation is provided as per Income Tax Act. The differences in the calculation of depreciation as per financial and as per Income tax act is taken up for calculation of deferred tax.

Changes in Estimates

The asset's residual values, useful lives and methods of depreciation are reviewed, and adjusted if appropriate, at each financial year end.

Capital Work in Progress

These are expenses of capital nature directly incurred in the construction of buildings, major plant and machinery and system development, awaiting capitalization. Capital work-in-progress would be transferred to the relevant asset when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Capital work-in-progress is stated at cost less any accumulated impairment losses.

3.8. Intangible Assets

Recognition

An intangible asset is an identifiable non-monetary asset without physical substance, held for use in the production or supply of goods or services, for rental to others or for administrative purposes. An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the entity and the cost of the asset can be measured reliably. An intangible asset is initially measured at cost. Expenditure incurred on an intangible item that was

initially recognized as an expense by the Bank in previous annual Financial Statements or interim Financial Statements are not recognized as part of the cost of an intangible asset at a later date.

Computer Software

Cost of purchased licenses and all computer software costs incurred, licensed for use by the Bank, which are not integrally related to associated hardware, which can be clearly identified, reliably measured, and it's probable that they will lead to future economic benefits, are included in the Statement of Financial Position under the category 'Intangible assets' and carried at cost less accumulated amortization and any accumulated impairment losses.

Acquired computer software licenses are capitalized on the basis of cost incurred to acquire and bring to use the specific software and are amortized over their useful life estimated as 5 years from the date of acquisition.

Subsequent Expenditure

Expenditure incurred on software is capitalized only when it is probable that this expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standard of performance and this expenditure can be measured and attributed to the asset reliably. All other expenditure is expensed as incurred.

Amortization of Intangible Assets

Intangible Assets, except for goodwill, are amortized on a straight–line basis in the Statement of Profit or Loss from the date when the asset is available for use, over the best of its useful economic life based on a pattern in which the asset's economic benefits are consumed by the bank. Amortization methods, useful lives, residual values are reviewed at each financial year end and adjusted if appropriate. The Bank assumes that there is no residual value for its intangible assets.

Asset Category	For the year ended 16th July 2023	For the year ended 16th July 2022
Computer Software	5 years	5 years

De-recognition of Intangible Assets

The carrying amount of an item of intangible asset is derecognized on disposal or when no future economic benefits are expected from its use. The gain or loss arising on de recognition of an item of intangible assets is included in the Statement of Profit or Loss when the item is derecognized.

3.9. Investment Property

Investment property is property (land or a building or part of a building or both) held (by the owner or by the lessee under a finance lease) to earn rentals or for capital appreciation or both but not for sale in the ordinary course of business.

Measurement

Investment property is accounted for under Fair Value in the Financial Statements. In the absence of information related to market price of the properties, the amount outstanding at the time of settlement of loan has been considered as the fair value of the asset.

De-recognition

Investment properties are derecognized when they are disposed of or permanently withdrawn from use since no future economic benefits are expected. Transfers are made to and from investment property only when there is a change in use. When the use of a property changes such that it is reclassified as Property, Plant and Equipment, its fair value at the date of reclassification becomes its cost for subsequent accounting.

3.10. Income Tax

The Bank is subject to income tax and judgment is required to determine the total provision for current, deferred and other taxes due to the uncertainties that exist with respect to the interpretation of the applicable tax laws, at the time of preparation of these Financial Statements.

As per Nepal Accounting Standard- NAS 12 (Income Taxes) tax expense is the aggregate amount included in determination of profit or loss for the period in respect of current and deferred taxation. Income Tax expense is recognized in the statement of Profit or Loss, except to the extent it relates to items recognized directly in equity or other comprehensive income in which case it is recognized in equity or in other comprehensive income. The Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to tax authorities.

Current Tax

Current tax assets and liabilities consist of amounts expected to be recovered from or paid to Inland Revenue Department in respect of the current year, using the tax rates and tax laws enacted or substantively enacted on the reporting date and any adjustment to tax payable in respect of prior years.

Deferred Tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination, and at the time of transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carried forward unused tax credits and unused tax losses (if any), to the extent that it is probable that the taxable profit will be available against which the deductible temporary differences, carried forward unused tax credits and unused tax losses can be utilized except:

- Where the deferred tax asset relating to the deductible temporary differences arising from the initial recognition of an asset or liability in a transaction that is not a business combination, and at the time of transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in Subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary difference will be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is probable that sufficient profit will be available to allow the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Current and deferred tax assets and liabilities are offset only to the extent that they relate to income taxes imposed by the same taxation authority.

3.11. Deposits, debt securities issued and subordinated liabilities

Deposits, debt securities issued and subordinated liabilities are the Bank's sources of funding. Deposits include non-interest bearing deposits, saving deposits, term deposits, call deposits and margin deposits. The estimated fair value of deposits with no stated maturity period is the amount repayable on demand. The fair value of fixed interest bearing deposits is considered as the interest receivable on these deposits plus carrying amount of these deposits. The fair value of debt securities issued is also considered as the carrying amount of these debt securities issued. Sub-ordinate liabilities are liabilities subordinated, at the event of winding up, to the claims of depositors, debt securities issued and other creditors.

3.12. Provisions, Commitments and Contingencies

A provision is recognized if, as a result of a past event, the Bank has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. The amount recognized is the best estimate of the consideration required to settle the present obligation at the reporting date, taking in to account the risks and uncertainties surrounding the obligation at that date. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is determined based on the present value of those cash flows. A provision for onerous contracts is recognized when the expected benefits to be derived by the Bank from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured as the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

Before a provision is established, the Bank recognizes any impairment loss on the assets associated with that contract. The expense relating to any provision is presented in the Statement of Profit or Loss net off any reimbursement.

All discernible risks are accounted for in determining the amount of all known liabilities. Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefit is not probable or cannot be reliably measured. Contingent liabilities are not recognized in the Statement of Financial Position but are disclosed unless they are remote.

The Bank receives legal claims against it in the normal course of business. Management has made judgments as to the likelihood of any claim succeeding in making provisions. The time of concluding legal claims is uncertain, as is the amount of possible outflow of economic benefits.

3.13. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to Bank and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized.

Interest Income

Interest income is recognized in profit or loss for all interest-bearing instruments on an accrual basis using the method which is approximately the same with effective interest method as allowed by carve-out on NFRS. The effective interest rate is the rate that exactly discounts the expected estimated future cash payments and receipts through the expected life of the financial asset or liability. Where financial assets have been impaired, interest income continues to be recognized on the impaired value, based on the original effective interest rate.

Further, Nepal Rastra Bank had issued the Interest Recognition Guidelines, 2019 which set the framework for the recognition of interest income.

Accordingly, the Bank has recognized the interest income except for the interest accrued from following criteria as stated by the Guidelines:

a. Loans where there is reasonable doubt about the ultimate collectability of principal or interest;

b. Loans against which individual impairment as per NAS 39 or lifetime impairment as per NFRS 9 has been made;

c. Loans where contractual payments of principal and/or interest are more than 3months in arrears and where the "net realizable value" of security is insufficient to cover payment of principal and accrued interest;

d. Loans where contractual payments of principal and/or interest are more than12 months in arrears, irrespective of the net realizable value of collateral;

e. Overdrafts and other short term facilities which have not been settled after the expiry of the loan and even not renewed within 3 months of the expiry, and where the net realizable value of security is insufficient to cover payment of principal and accrued interest;

f. Overdrafts and other short term facilities which have not been settled after the expiry of the loan and even not renewed within 12 months of the expiry, irrespective of the net realizable value of collateral.

Fee and Commission Income

Fees earned for the provision of services over a period of time are accrued over the period, which include service fees and commission income. The bank has availed the option provided as per carve out of NFRS for transaction cost to be included in computing effective interest rate.

Dividend Income

Dividend income is recognized when the right to receive payment is established.

Net Trading Income

Net trading income comprises gains less losses relating to trading assets and liabilities, and includes all realized interest, dividend on financial assets held for trading and foreign exchange differences as wells as unrealized changes in fair value of trading assets and liabilities.

Net income from other financial instrument measured at fair value through Profit or Loss

Trading assets such as equity shares and mutual fund are recognized at fair value through profit or loss. No other financial instruments are designated at fair value through profit or loss. The bank has no income under the heading net income from other financial instrument at fair value through profit or loss.

3.14. Interest expense

For financial liabilities measured at amortized cost, interest expense is recognized using the EIR to the extent material and practicable. EIR is the rate that exactly discounts estimated future cash payments through the expected life of the financial liabilities or a shorter period, where appropriate, to the net carrying amount of the financial liability.

3.15. Employee Benefits

Employee benefits include:

- Short-term employee benefits such as the following, if expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related services:
  - i. Wages, salaries and social security contributions;
  - ii. Paid annual leave and paid sick leave;
  - iii. Profit sharing and bonuses, and

iv. Non-monetary benefits (such as medical care, housing, cars and free or subsidized goods or services) for current employees;

Short term employee benefits are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid under short term cash bonus or profit sharing plans if the Bank has present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

- Post-employment benefits, such as the following:

  i. Retirement benefits (E.g.: pensions, lump sum payments on retirement); and

  ii. Other post-employment benefits such as post-employment life insurance and post-employment medical care;

- Other long term employee benefits and
- Termination benefits

1. Post employments benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Bank makes fixed contribution into a separate Bank account (a fund) and will have no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employee benefits relating to employee services in the current and prior periods as defined in Nepal Accounting Standards – NAS 19 (Employee Benefits).

The contribution payable by the employer to a defined contribution plan in proportion to the services rendered to Bank by the employees and is recorded as an expense under 'Personnel Expense' as and when they become due. Unpaid contributions are recorded as a liability under 'Other Liabilities' in Notes 4.23.

Bank contributed 10% of the salary of each employee to the Employees' Provident Fund. The above expenses are identified as contributions to 'Defined Contribution Plans' as defined in Nepal Accounting Standards – NAS 19 (Employee Benefits).

Defined Benefit Plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Accordingly, staff gratuity has been considered as defined benefit plans as per Nepal Accounting Standards – NAS 19 (Employee Benefits).

- **Gratuity**

  An actuarial valuation is carried out every year to ascertain the full liability under gratuity.

  Bank's obligation in respect of defined benefit obligation is calculated by estimating the amount of future benefit that employees have earned for their service in the current and prior periods and discounting that benefit to determine its present value, then deducting the fair value of any plan assets to determine the net amount to be shown in the Statement of Financial Position. The value of a defined benefit asset is restricted to the present value of any economic benefits available in the form of refunds from the plan or reduction on the future contributions to the plan. In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirement that apply to any plan in Bank. An economic benefit is available to Bank if it is realizable during the life of the plan, or on settlement of the plan liabilities.

  The Gratuity recognition each year is as per the bank's employee bye laws which stipulates for recognition of gratuity provision / payment as per the latest staff basic remuneration; multiplied by the eligible number of years.

Bank determines the interest expense on the defined benefit liability by applying the discount rate used to measure the defined benefit liability at the beginning of the annual period. The discount rate is the average yield on government bonds issued during the period having maturity dates approximating to the terms of Bank's obligations.

The increase in gratuity liabilities attributable to the services provided by employees during the year ended 16th July, 2023 (current service cost) has been recognized in the Statement of Profit or Loss under 'Personnel Expenses' together with interest expense under the Interest Expense of bank. Bank recognizes the total actuarial gain/(loss) that arises in computing Bank's obligation in respect of gratuity in other comprehensive income during the period in which it occurs.

Other long term employee benefits

Other long term employee benefits are all employee benefits other than short term employee benefits, post-employment benefits and terminal benefits.

- **Unutilized Accumulated Leave**

  Bank's policy related to the accumulation of the leave states for accumulation of total 150 days leave (60 days annual leave and 90 days medical leave), payable on gross salary of the staff on the date of encashment. Thus the liability of the bank is provisioned as per the latest staff remuneration for the leave accumulated, Bank's liability towards the accumulated leave is treated as short term employee benefit and additional cost resulting every year from the accumulation is charged to profit and loss account as per the definition of short term employee benefit of NAS 19.

3.16. Leases

The determination of whether an arrangement is a lease or it contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset.

Finance Lease

Agreements which transfer to counterparties substantially all the risks and rewards incidental to the ownership of assets, but not necessarily legal title, are classified as finance lease.

When Bank is the lessor under finance lease, the amounts due under the leases, after deduction of unearned interest income, are included in, 'Loans& receivables from other customers', as appropriate. Interest income receivable is recognized in 'Net interest income' over the periods of the leases so as to give a constant rate of return on the net investment in the leases.

When Bank is a lessee under finance leases, the leased assets are capitalized and included in 'Property, Plant and Equipment' and the corresponding liability to the lessor is included in 'Other liabilities'. A finance lease and its corresponding liability are recognized initially at the fair value of the asset or if lower, the present value of the minimum lease payments. Finance charges payable are recognized in 'Interest expenses' over the period of the lease based on the interest rate implicit in the lease so as to give a constant rate of interest on the remaining balance of the liability.

Operating Lease

All other leases are classified as operating leases. When acting as lessor, Bank includes the assets subject to operating leases in 'Property, plant and equipment' and accounts for them accordingly. Impairment losses are recognized to the extent that residual values are not fully recoverable and the carrying value of the assets is thereby impaired. Lease payments under an operating lease are recognized as an expense as per NFRS 16 under Depreciation charge on right of use of assets and interest expense on lease liability basis over the lease term.

3.17. Foreign currency translation

All foreign currency transactions are translated into the functional currency, which is Nepalese Rupees, using the exchange rates (i.e. mid-rate) prevailing at the dates when the transactions were affected.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to Nepalese Rupees using the spot foreign exchange rate ruling at that date and all differences arising on non-trading activities are taken to 'Other Operating Income' in the Statement of Profit or Loss. The foreign currency gain or loss on monetary items is the difference between amortized cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortized cost in foreign currency translated at the rates of exchange prevailing at the end of the reporting period.

Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items in foreign currency measured at fair value are translated using the exchange rates at the date when the fair value was determined.

Foreign exchange differences arising on the settlement or reporting of monetary items at rates different from those which were initially recorded are dealt with in the Statement of Profit or Loss.

3.18. Financial guarantee and loan commitments

Contingent Liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefits is not probable or cannot be reliably measured as defined in the Nepal Accounting Standard- NAS 37 (Provisions, Contingent Liabilities and Contingent Assets).

To meet the financial needs of customers, the Bank enters into various irrevocable commitments and contingent liabilities. These consist of financial guarantees, letter of credit and other undrawn commitments to lend. Letters of credit, guarantees and acceptances commit the Bank to make payments on behalf of customers in the event of a specific act, generally related to the import or export of goods. They carry a similar credit risk to loans. Operating lease commitments of the Bank (as a lessor and as a lessee) and pending legal claims against the Bank to form part of commitments of the Bank. Contingent liabilities are not recognized in the Statement of Financial Position but are disclosed unless they are remote. But these contingent liabilities do contain credit risk and are therefore form part of the overall risk of the Bank.

Financial guarantees are initially recognized in the Statement of Financial Position (within 'other liabilities') at fair value, being the premium received. Subsequent to initial recognition, the Bank's liability under each guarantee is measured at the higher of the amount initially recognized less cumulative amortization recognized in the Statement of Profit or Loss, and the best estimate of expenditure required to settle any financial obligation arising as a result of the guarantee.

Any increase in the liability relating to the financial guarantees is recorded in the Statement of Profit or Loss under 'Impairment Charges for Loans & other losses'. The premium received is recognized in the Statement of Profit or Loss under 'Net fees and commission income' on a straight line basis over the life of the guarantee; except for the commission income up to Rs. 1,00,000, which is recognized as realized irrespective of the period of guarantee.

3.19. Share capital and reserves

Share capital and reserves are different classes of equity claims. Equity claims are claims on the residual interest in the assets of the entity after deducting all its liabilities. Changes in equity during the reporting period comprise income and expenses recognized in the statement of financial performance; plus contributions from holders of equity claims, minus distributions to holders of equity claims.

3.20. Earnings per share including diluted

Bank presents basic and diluted Earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit and loss attributable to ordinary equity holders of Bank by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting both the profit and loss attributable to the ordinary

equity holders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares, if any.

Earnings per share is calculated and presented in consolidated statement of profit or loss.

3.21. Segment Reporting

An operating segment is a component of an entity:

- that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity),
- whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and
- for which discrete financial information is available.

The bank has identified the key segments of business on the basis of nature of operations that assists the Executive Committee of the bank in decision making process and to allocate the resources. It will help the management to assess the performance of the business segments. The business segments identified are Banking (including loan, deposit and trade operations), Payment solutions (Cards), Remittance, and Treasury.

3.22. Employee Bonus

Employee bonus shall be calculated at the rate of 10% of Net Profit as per Bonus Act, 2030.

3.23. Dividend on Ordinary Shares

Dividend on ordinary shares are recognized as a liability and deducted from equity when they are approved by the Bank's shareholders. Dividend for the year that is approved after the reporting date is disclosed as an event after the reporting date.

3.24. Cash Flow Statement

The cash flow statement has been prepared using 'The Direct Method', whereby gross cash receipts and gross cash payments of operating activities, finance activities and investing activities have been recognized.

3.25. Comparative Figures

The comparative figures and phrases have been rearranged wherever necessary to conform to the current year's presentation.

वैधानिक जगेड कोष

General reserve maintained as per the regulatory requirements. The regulatory requirement to set aside 20% of net profit until the reserve is twice the paid up capital and thereafter minimum 10% of the net profit.

सटही समिकरण कोष

Exchange equalization is maintained as per requirement of NRB Directive, which is set at 25% of foreign exchange revaluation gain on the translation to the reporting currency. This reserve is accumulation of such gains over the years.

संस्थागत सामाजिक उत्तरदायित्व कोष

Corporate Social Responsibility Reserve is created as per NRB directive, which is set aside of 1% of net profit of previous year. The balance in the reserve is the amount which is not exhausted in the current fiscal year to be utilized for Corporate Social Responsibility Objective in the coming years.

पुँजी फिर्ता जगेडा कोष

Debenture Redemption Reserve shall include the statutory reserve created for making payment towards Debenture on maturity.

नियमनकारी कोष

Regulatory Reserve is created due to the changes in the NFRS conversion and adoption with effect in the retained earnings of the bank.

लगानी समायोजन कोष

Investment Adjustment Reserve is created as per the directive of NRB created against the quoted as well as unquoted investments.

फेयर मूल्य कोष

The fair value reserve is created against the valuation of the investment of the bank as per the fair valuation of the investment made, quoted as available for sale investments.

विमाङ्कित नाफा/(नोक्सान) कोष

The reserve created against the actuarial valuation of gratuity benefit to the employee of the bank.

पुँजीगत जगेडा कोष

The reserve created on acquisition against the swap ratio adjustment on paid up shares.

सम्पत्ति पूनःमूल्याङ्कन कोष

The reserve created on the basis of Fair Value of Assets Adjustment on acquisition.

अन्य कोष

Capital Adjustment Reserve is created against the income recognition by capitalization in loans, for which capitalization is allowed by NRB, but distribution is not done till the settlement of the capitalized interest part.

5. Disclosures and Additional Information

5.1. Risk Management

5.1.1.a. Risk management framework

All of the Bank's activities involve, to varying degrees, the analysis, evaluation, acceptance and management of risks or combinations of risks. The Bank has placed high importance to identification, assessment and well thought out handling of all the prominent risk that it faces or likely to face in execution of its activities. The Bank is quite aware about the risk profile of the business and is committed to establish a strong Risk Management System in the bank. An established risk management framework ensures oversight of and accountability for the effective management of risk at Country and regional business levels. For managing risks effectively, the Bank has an independent risk management department to assess its position regarding each separate risk area including Credit Risk, Market Risk, Operational Risk, Compliance & Legal Risk and Reputation Risk. The management through Risk Management Committee (RMC) comprising 6 members, 2 of which represent BOD, one of senior executive, one from Operating Unit and another two from Credit Risk. Risk management is an all-round practice in the bank. Every business unit and department is well informed about its activities and risks corresponding to those activities.

5.1.2.b. Risk appetite and tolerance limits for key types of risks

Risk appetite in the context of Kumari Bank Limited is defined as the level and nature of risk that the bank is willing to take for pursuing its mission on behalf of its shareholders, subject to constraints imposed by other stakeholders, such as debt holders, regulators, and customers. It provides a framework for strategic decision making for the Bank.

The Board of Directors of the bank is responsible for setting the bank's tolerance for the risks. The Bank sets out the aggregated level and risk types it accepts in order to achieve its business objectives in the Risk Management Policy of the Bank. Risk strategy of the bank shall reflect the Bank's business preferences and conduct, and shall be aligned with its risk tolerance capacity.

The Bank's actual performance is reported against approved risk profile and risk appetite, enabling senior management to monitor the risk profile and guide business activity to balance risk and return. The Bank shall state the business it wants to undertake sector wise, location wise and product wise. Accordingly, the Bank shall formulate a risk tolerance level or risk appetite.

Following steps shall be undertaken to formulate a risk appetite statement for the Bank:

Steps	Description
1. Identify & Classify Risks	• Identification of all material risks. • Classify the risks as acceptable or unacceptable risks.
2. Identify risk return matrices	• Identify risk and return measures based on benchmarking with the peers. • For example, proportion of NPL to total loans serves as a good measure to quantify risk appetite for credit risk
3. Identify peer group	• The peer group of the Bank shall comprise of bank's functioning in same or similar geographical regions, comparable size and business strategies
4. Analyze, measure and formulate risk appetite statements	• Measures chosen are scrutinized among the peers for identifying drivers and set tolerance limits for risk measures and target levels for return measures. • These risk appetite statements shall drive the business growth strategy of the Bank

The risk appetite is proposed by the management and reviewed by the board level risk management committee.

5.1.1.c. Stress testing

Stress Testing is the process where a number of statistically defined possibilities are determined based on the most damaging combination of events, and the loss they would produce. It is a valuable risk management tool which studies the impact of unlikely but not impossible stress events. A stress event is an exceptional but credible event to which a bank's portfolio is exposed. As a part of its risk measurement mechanism, Kumari Bank Ltd. puts an emphasis on evaluating where the Bank stands under stressful market conditions. It helps to provide information on the kinds of conditions under which strategies or position, the Bank would be most vulnerable and thus, strategies are devised such that such circumstance doesn't arise and/or to ensure least impact upon the Bank from such scenarios even if they do occur.

In conducting stress tests, the Bank gives special consideration to instruments or markets where concentrations exist as such positions may be more difficult to liquidate or offset in stressful situations. The Bank considers both historical market events as well as forward-looking scenarios and also considers worst case scenarios in addition to more probable events. Ad hoc scenarios are also prepared reflecting specific market conditions and for particular concentrations of risk that arise within the businesses. For example, credit shock scenario is measured in terms of deterioration of assets quality in terms of the adequacy of capital of the bank.

The stress testing methodology assumes that scope for management action would be limited during a stress event, reflecting the stress scenarios in Credit Shocks, Market Shocks, Liquidity Shock and other factors of stress scenarios in the banking sector. The Board of the bank has responsibility for reviewing stress exposures and, where management oversight, monitoring, evaluation and reporting at regular intervals. Regular stress test scenarios are applied and the report on regular basis reviewed by the Board of the bank along with discussions at Risk Management Committee (RMC).

The stress testing mechanism at KBL aims to address:

a) Concentration risk;

b) Illiquidity of markets in stressed market conditions;

c) Credit Shocks- CAR perspectives and NPL perspectives;

d) Market Interest rate risk scenarios;

e) Exchange rate and equity investment fluctuations risks; and

f) Other Risks

KBL's stress tests are both of a quantitative and qualitative nature, incorporating credit risk, market risk and liquidity risk aspects. Quantitative criteria identify plausible stress scenarios to which bank could be exposed. Qualitative criteria emphasize that two major goals of stress testing are to evaluate the capacity of the bank's capital to absorb potential large losses and to identify steps the Bank can take to reduce its risk and conserve capital. This assessment is integral to setting and evaluating the Bank's strategy and the results of stress testing are routinely communicated to RMC and the board of the bank.

The Bank carries out stress testing in three broad areas based on credit shocks, market shocks and liquidity shocks which are discussed below:

I. Credit Shocks:

The Bank subjects its portfolios to a series of simulated stress scenarios. The Bank stresses its portfolios with the shocks of the magnitude experienced elsewhere, even when the Bank has never been exposed to those in the past.

The Bank has formulated stress testing framework where various historical scenarios have been analyzes. The Bank carries out stress testing in line with the stress testing framework on a regular basis as prescribed by Stress Testing Framework or NRB guidelines issued from time to time, under Case basis or collective basis of CAR and NPL perspective along with Concentration stress risks.

II. Market Shocks:

In addition to the above credit shocks, the Bank has also developed stress tests which it identifies as most adverse based on the characteristics of its market portfolio. The interest rate risks, exchange rate risks and equity price risks are evaluated and the results are reviewed periodically.

III. Liquidity Shocks:

Stress test scenarios are continually reviewed and updated for the liquidity risk scenarios whereby, various factors as impact of continual withdrawals on case or collective basis on CAR and liquidity positions are stressed. Also, concentration risks are also evaluated and the various scenarios are developed to assess the risks possessed due to high level of deposit concentrations.

Results of stress testing

The result of stress testing is communicated to the Board of Directors and senior management on regular basis. The same is also discussed in detail in Risk Management Committee. The report of stress testing is also shared with Nepal Rastra Bank as per the requirement of Unified Directives issued by Nepal Rastra Bank.

Scenario analysis and Sensitivity Analysis

Scenario analysis and sensitivity analysis is conducted through the model developed by Bank Supervision Department, Nepal Rastra Bank. However, on need basis, the Bank also adopts other techniques and develops other scenarios on case to case basis.

5.1.2.a. Credit Risk

Credit risks are the risk associated with the probability of default of loan provided by the bank. Hence, the credit risks comprise of the highest risk exposure of the bank. Management of the credit risks largely signifies the risk management of the bank as whole.

Credit risk:

- Is measured as the amount which could be lost if a customer or counterparty fails to make repayments.
- Is monitored within limits, approved by individuals within a framework of delegated authorities. These limits represent the peak exposure or loss to which the Bank could be subjected should the customer or counterparty fail to perform its contractual obligations;
- Is managed through a robust risk control framework which outlines clear and consistent policies, principles and guidance for credit risk management.

5.1.2.b. Credit Risk Management

The Bank has its own Credit Risk Policy and Strategy to handle the Credit Risk Management philosophy that involves a continual measurement of probability of default/loss; identification of possible risks and mitigations. In order to manage and eliminate the credit risk, the Bank has a practice of maintaining the best quality assets in its book. The Bank's Credit Policy elaborates detailed procedures for proper risk management. The Bank has delegated credit approval limits to various officials to approve and sanction various amount of credit request based on their individual expertise and risk judgment capability.

As a check and balance mechanism, each credit case requires dual approval. Regular monitoring of the credit portfolio ensures that the Bank does not run the risk of concentration of portfolio in a particular business sector or a single borrower. Similarly, the Bank also exercises controlled investment policy with adequately equipped resource looking after the investment decisions. To cap these all, the Bank has strong Credit processing channels in place comprising of various Directors from the Board of the Bank which reviews all credit proposals beyond a specified amount.

5.1.2.c. Impairment assessment and credit risk mitigation

The Bank creates impairment allowances for impaired loans promptly and appropriately.

Impairment assessment methodology

a. Impairment of Financial Assets carried at Amortized Cost

The Bank first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant. When an account is classified as default or when the Bank no longer expect to recover the principle or interest due on a loan in full or in accordance with the original terms and conditions, it is assessed for impairment. If exposures are secured, the current net realizable value of the collateral will be taken into account when assessing the need for an impairment allowance. When the net present value of the collateral is sufficiently adequate to cover the outstanding facilities, impairment is not calculated for such cases.

In the event Bank determines that no objective evidence of impairment exists for an individually assessed financial asset, it includes the asset in a group of financial assets with similar credit risk characteristics such as collateral type, past due status and other relevant factors and collectively assesses them for impairment. However, assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognized are not included in a collective assessment of impairment.

Impairment is assessed on a collective basis in two circumstances:

- To cover losses which have been incurred but have not yet been identified on loans subject to individual assessment; and
- For homogeneous groups of loans those are not considered individually significant.

Incurred but not yet identified impairment

Individually assessed financial assets for which no evidence of loss has been specifically identified on an individual basis are grouped together according to their credit risk characteristics for the purpose of calculating an estimated collective loss. This reflects impairment losses that the bank has incurred as a result of events occurring before the reporting date, which the Bank is not able to identify on an individual loan basis and that can be reliably estimated.

These losses will only be individually identified in the future. As soon as information becomes available which identifies losses on individual financial assets within the group, those financial assets are removed from the group and assessed on an individual basis for impairment.

The collective impairment allowance is determined after taking into account:

- Historical Loss Experience in portfolios of similar credit risk; and
- Management's experienced judgment as to whether current economic and credit conditions are such that the actual level of inherent losses at the reporting date is like to be greater or less than that suggested by historical experience.

Homogeneous groups of Financials Assets

Statistical methods are used to determine impairment losses on a collective basis for homogenous groups of financial assets. Losses in these groups of financial assets are recorded on an individual basis when individual financial assets are written off, at which point they are removed from the group.

Bank uses the following method to calculate historical loss experience on collective basis:

After grouping of loans on the basis of homogeneous risks, the Bank uses net flow rate method. Under this methodology, the movement in the outstanding balance of customers into default categories over the periods are used to estimate the amount of financial assets that will eventually be irrecoverable, as a result of the events occurring before the reporting date which the Bank is not able to identify on an individual loan basis.

Under this methodology, loans are grouped into ranges according to the number of days in arrears and statistical analysis is used to estimate the likelihood that loans in each range will progress through the various stages of delinquency and ultimately prove irrecoverable.

Current economic conditions and portfolio risk factors are also evaluated when calculating the appropriate level of allowance required covering inherent loss. These additional macro and portfolio risk factors may include:

- Recent loan portfolio growth and product mix
- Unemployment rates
- Gross Domestic Production (GDP)Growth
- Inflation
- Interest rates
- Changes in government laws and regulations
- Property prices
- Payment status

But, the amount of provision to be created against Loans and Advances shall be higher of the following two amounts:

i) Impairment calculated as per Impairment Assessment Methodology as described in Pt. 5.1.2. c above or,

ii) Loan Loss Provision calculated as per the provisions of Directive No. 2, Unified Directives, 2079 and Circular issued by Nepal Rastra Bank.

Impairment calculation by following the methodology described in Pt. 5.1.2.c above

i) Firstly, top borrowers constituting around 25%-30% of total funded exposure of the Bank is subjected to Individual Impairment Testing in FY 2079-80

ii) Loans and advances as filtered out following pt-(i) were tested for individual impairment including following criteria but not limited to:
   - Known Cash Flow difficulties experienced by the borrowers:
   - Past due contractual payments of either principal or interest;
   - Breach of loan covenants or conditions;
   - The probability that the borrower will enter bankruptcy or other financial reorganization; and
   - A significant downgrading in credit rating by an external credit rating agency.
   - Bank's aggregate exposure to the customer;
   - The viability of the customer's business model and their capacity to trade successfully out of financial difficulties and generate sufficient cash flows to service debt obligations;
   - The amount and timing of expected receipts and recoveries;
   - The extent of other creditors 'commitments ranking ahead of, or pari-pasu with the Bank and the likelihood of other creditors continuing to support the company;
   - The realizable value of security and likelihood of successful repossession;

iii) As per the impairment testing conducted as per Pt. (ii), only few loans and advances were identified as individually impaired in each FY 2079-80

Amount (Rs.)

Particulars	FY 2079/80
Total Individual Impairment as per NAS 39	3,151,735,711

iv) All loans and advances were then grouped into homogenous types such as home loans, auto loans, term loans, etc. to calculate collective impairment.

v) Collective impairment was calculated following net flow rate method. Under this methodology, the movements in the outstanding balance of customers into default categories over the periods are used to estimate the amount of financial assets that will eventually be irrecoverable, as a result of the events occurring before the reporting date which the Bank is not able to identify on an individual loan basis.

vi) Collective impairment as per the method mentioned in Pt. (v) in each FY 2079-80 is shown below:

Amount (Rs.)

Particulars	FY 2079/80
Total Collective Impairment as per paragraph 63 of NAS 39	4,730,293,769

Write off of loans and receivables

Loans (and the related impairment allowance) are normally written off, either partially or in full, when there is no realistic prospect of recovery. Where loans are secured, this is generally after receipt of any proceeds from the realization of security. In circumstances where the realizable value of any collateral has been determined and there is no reasonable expectation of further recovery, write off may be earlier.

Collateral management

The Bank seeks to use collateral, where possible, to mitigate its risks on financial assets. The collateral comes in various forms such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. The fair value of collateral is generally assessed, at a minimum, at inception and based on the guidelines issued by the Nepal Rastra Bank. Non-financial collateral, such as real estate, is valued based on data provided by third parties such as independent valuator and audited financial statements.

Credit Risk Mitigants availed under CRM

Types of eligible credit risk mitigants used and the benefits availed under CRM as at 16 July 2023 are as follows:

Amount (Rs.)

Particulars	Eligible CRM
Deposit with Bank & Cash margin	3,123,953,665
Gold	15,055,247
Deposit with Other Bank / FI	-
Total	**3,139,008,912**

b. Impairment of Financial Assets – Held for Trading

For available for sale financial investments, Bank assesses at each reporting date whether there is objective evidence that an investment is impaired.

In the case of debt instruments, Bank assesses individually whether there is objective evidence of impairment based on the same criteria as financial assets carried at amortized cost. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortized cost and the current fair value, less any impairment loss on that investment previously recognized in the Income Statement. Future interest income is based on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. If, in a subsequent period, the fair value of a debt instrument increases and the increase can be objectively related to a credit event occurring after the impairment loss was recognized, the impairment loss is reversed through the Income Statement.

In the case of equity investments classified as available for sale, objective evidence would also include a 'significant' or 'prolonged' decline in the fair value of the investment below its cost. Where there is evidence of impairment, the cumulative

loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognized in profit or loss is removed from equity and recognized in the Statement of profit or loss. However, any subsequent increase in the fair value of an impaired available for sale equity security is recognized in other comprehensive income.

Bank writes-off certain available for sale financial investments when they are determined to be uncollectible.

5.1.3.a. Liquidity Risk

Liquidity is crucial to the ongoing viability of any financial institution. Liquidity risk is the potential for loss to a bank arising from either its inability to meet its obligations or to fund increases in assets as they fall due without incurring unacceptable cost or losses. Liquidity is the ability of an institution to transform its assets into cash or its equivalent in a timely manner at a reasonable price to meet its commitments as they fall due. Liquidity risk is considered a major risk for banks. It arises when the cushion provided by the liquid assets are not sufficient enough to meet its obligation. In such a situation banks often meet their liquidity requirements from market. Funding through market depends upon liquidity in the market and borrowing bank's liquidity.

Liquidity risk is:

- Measured using maturity ladder analysis
- Monitored against the Bank's liquidity risk management framework and overseen by Asset and Liability Management Committee.
- Managed on a stand-alone basis with no reliance on any related party or the Nepal Rastra Bank, unless this represents routine established business as usual market practice.

Management of liquidity risk

The board has ensured that the bank has necessary liquidity risk management framework and bank is capable of confronting uneven liquidity scenarios. The bank has formulated liquidity risk management policy, risk management policies which are recommended by senior management and approved by the Board of Directors. The bank utilizes flow measures to determine its cash position. A maturity ladder analysis estimates a bank's inflows and outflows and thus net deficit or surplus (GAP) over a time horizon. A maturity ladder is a useful device to compare cash inflows and outflows both on a day-to-day basis and over a series of specified time periods as presented in the NRB Ni.Fa.No.5.1 under NRB Directives No. 5.

Liquidity of the bank is assessed, measured and maintained by Financial Market Department by ensuring minimal compliance with Nepal Rastra Bank prescribed ratios such as CRR, SLR, and Credit to Deposit Ratio and Liquidity Coverage Ratio. The department also maintains investments over and above the prescribed limit to cope up with the unprecedented liquidity risks that the Bank is ever exposed to.

5.1.3.b. Market Risk

Market risks are the risk of losses in on-balance sheet and off- balance sheet positions arising from adverse movements in market prices. The major constituents of market risks are:

a) The risks pertaining to interest rate related instruments;

b) Foreign exchange risk (including gold positions) throughout the bank; and

c) The risks pertaining to investment in equities and commodities.

Management of Market Risk

The Bank has Asset Liability Management (ALM) Policy, Market Risk Management Policy, Investment Policy along with Treasury manuals in place, which serves as a guide to address the market risk of the Bank. As for the monitoring of market

and liquidity risk, the Bank has an active Assets and Liability Management Committee (ALCO) in place which meets regularly and takes stock of the Bank's assets and liability position and profile of assets & liabilities, monitors risks arising from changes in exchange rates in foreign currencies. All foreign exchange positions are managed by financial market consisting of front office dealers with specific dealing limits and an independent back office. The back office executes the deals made by the dealers and also monitors the liquidity position of the Bank. For the purpose of proper check and control, the front dealing room of financial market and the back office has different reporting line.

Apart from Financial Market (or front office) and back office, the bank also has Treasury Mid Office; which works as a third eye which assesses the risks and timely evaluates and report to the senior management, hose reporting chain is also separate to the front and back office.

Market Risk Assessment Methodology

Out of the various components of market risk, foreign exchange risk is the predominant risk in Nepal. Thus, a net open position approach has been adopted to measure the operational risk exposure of the bank in aggregation and the capital requirement in commensurate of the same as set out by Capital Adequacy Framework issued by Nepal Rastra Bank.

5.1.3.c. Operational Risk

Operational risks are risk of loss resulting from inadequate internal processes, people and systems, or from external events. Operational risks are highly important as it entails cent percent loss to the bank in the event of its occurrence.

Management of Operational Risk

As a part of monitoring operational risks, the Bank has devised operational manuals for various Banking functions, which are reviewed and modified time to time as per the changing business context.

The Bank has adopted dual control mechanism in its all operational activities where each and every financial and non-financial transaction is subject to approval from an authority higher than the transaction initiator. Regular review meetings are conducted to assess the adequacy of risk monitoring mechanism and required changes are made as and when felt necessary. Independent reconciliation unit is established to conduct daily reconciliation of all Nostro / agency accounts, Inter-Branch and Inter-Department account.

The Bank has independent internal audit, which reports to the Audit Committee of the Bank. The Audit Committee meets frequently and reviews the business process and financial position of the Bank. In order to have better focus on managing operational risks across branches and to monitor them from Head Office level, the Bank has separate Branch Operation Department and Operation Risk Management & Compliance Department at Head Office. The Bank has strong MIS in place to monitor the regular operational activities.

Operational Risk Assessment Methodology

Operational risks are assessed employing the Basic Indicators Approach as set out by Capital Adequacy Framework issued by Nepal Rastra Bank. The Basic Indicators Approach assesses operational risk in aggregation and is calculated by multiplying the operational risk capital charge by 10. Bank assesses the operational risk based on the past operational loss due to system failure, staff embezzlement and other external factors which is considered at the time of calculation of economic capital.

5.1.4.a. Fair value of financial assets and liabilities

Fair value is a market-based measurement, not an entity specific measurement. For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same

– to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability).

Fair values are determined according to the following hierarchy:

Level-1 inputs

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level-2 inputs

Level 2 inputs are those with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable.

Level-3 inputs

Level 3 inputs are those where at least one input, which could have a significant effect on the instrument's valuation, is not based on observable market data.

5.2. Capital Management

i. Qualitative disclosures

Capital management approach is driven by its desire to maintain a strong capital base to support the development of its business and to meet the regulatory capital requirements.

Capital planning and management is essential to ensure adequate level of capital is available at all times. In order to be prepared for distressed economic environments, capital management plan of the Bank incorporate various potential scenarios and is responsive to changes in the economy, market, competitive or political landscape, or other external factors.

Following elements are taken into consideration while devising an effective capital management plan for the Bank:

- Minimum capital requirements as per NRB
- Business growth prospects and risks
- Potential capital raising instruments such as equity, preference stocks, bonds etc
- Various stress scenarios
- Others as considered necessary by the senior management

Paid up Share Capital of the bank

Over the years the Bank has raised share capital as follows:

Fiscal Year	Cumulative Paid up Capital	Remarks
2057/58	350,000,000	
2058/59	350,000,000	
2059/60	350,000,000	
2060/61	500,000,000	Initial Public Offering of NPR. 150 million
2061/62	625,000,000	

2062/63	750,000,000	Bonus share issue of NPR. 125 million (20%)
2063/64	900,000,000	Bonus share issue of NPR. 150 million (20%)
2064/65	1,070,000,000	
2065/66	1,186,099,200	
2066/67	1,306,015,920	In the FY 2065/66, the bank had issued 10% bonus share including to those who were released from black list during the year.
2067/68	1,603,800,000	In the FY 2067/68, the bank capitalized NPR. 178,200,000 (15%) share capital, which was approved for issuance in fiscal year 2064/65. Bonus share at the rate of 8% (NPR. 118,800,000) had been proposed in the FY 2067/68.
2068/69	1,603,800,000	-
2069/70	1,828,332,000	14% bonus share of NPR. 224.532 million Issued in the FY 2069/70.
2070/71	2,431,681,560	33% bonus share of NPR. 603,349,560 issued in the FY 2070/71
2071/72	2,699,166,532	11% bonus share of Rs. 267,484,972 issued in the FY 2071/72
2072/73	3,265,991,503	21% bonus share of Rs. 566,824,971 issued in the FY 2072/73
2073/74	5,969,495,823	Share capital of Rs. 1,353,921,054 added from acquisition.
2074/75	7,163,394,973	
2075/76	8,685,573,112	21.25% of bonus share for the FY 2073-74 and 2074-75.
2076/77	12,520,049,469	10.526% of bonus share of 868,557,313 for the FY 2075-76 and with 2,965,919,029 added from acquisition.
2077/78	13,878,474,836	10.85% of bonus share of 13,584,253 for the FY 2076-77
2078/79	14,711,183,326	6% of bonus share of 8,327,084 for the FY 2077-78
2079/80	26,225,861,340	Share capital of NPR. 11,514,678,014 added from merger with NCC Bank Limited.

Core Capital Ratio - Tier 1	8.13%
Total Capital Adequacy Ratio (Tier 1 & Tier 2)	12.11%

- **Internal approach of the Bank to assess capital adequacy**

  In order to be prepared for distressed economic environments, the Bank assesses the adequacy of its capital by incorporating various potential scenarios and being responsive to changes in the economy, market, competitive or political landscape, or other external factors.

  Banks are faced with the challenge of developing internal procedures and systems in order to ensure that they possess adequate capital resources in commensuration with all material risks posed to it by its operating activities. The bank has devised Internal Capital Adequacy Assessment Process (ICAAP), which is a set of policies, methodologies, techniques and procedures to assess the capital adequacy requirements in relation to bank's risk profile and effectiveness of its risk management, control environment and strategic planning.

  Following elements are taken into consideration while assessing capital adequacy of the Bank:

  - Minimum capital requirements as per NRB
  - Business growth prospects and risks
  - Potential capital raising instruments such as equity, preference stocks, bonds etc
  - Various stress scenarios
  - Others as considered necessary by the senior management

5.4. Operating Segment information

1. General Information

a. Factors used to identify the Bank's reportable segments

The Bank has identified the key segments of business on the basis of nature of banking operations. It helps the management to assess the performance of the business segments. The business segments identified are Banking (including loans, deposits and trade operations), Cards, Remittance and Treasury.

b. Types of products and services from which each reportable segment derives its revenues

(a)	**Remittance Services**
1	Remittance fee and commission
2	Other remit related fees and commission
(b)	**Digital Banking Business**
1	Interchange Income (VISA/NIBL)
2	Credit Card
3	Debit Card
4	Prepaid Card
5	ATM Fees
6	Merchant Settlement Fees and commission
7	Other Fees and Commission
(c)	**Treasury**
1	Interest Income from placements and investments
2	Purchase and Sale of shares/bonds and other financial instruments
3	Bullion Trading Income
4	Dividend Income on Investments
5	Forex Gain
6	Rebate from Nostro Banks
7	Other Fees and Commission income
(d)	**Banking**
1	Income from Loan Products
2	Income from Bills Purchase and Discounting
3	Income from issuance of Letter of Credit
4	Income from issuance of Bank Guarantee
5	Income from Document Collection
6	Income from Bancassurance
7	Profit on sale of assets
8	Profit on sale of Non-Banking Assets
9	Income from other Banking Services

2. Information about profit or loss, assets and liabilities

In '000

Particulars		Remittance Services	Digital Banking Business	Treasury Business	Banking	Total
(a)	Revenue from external customers	68,047	674,941	2,584,482	33,101,644	36,429,113
(b)	Intersegment revenues	-	-	-	-	-
(c)	Net Revenue	68,047	674,941	2,584,482	33,101,644	36,429,113
(d)	Interest Revenue	-	9,478	2,460,340	31,642,424	34,112,242

(h)	Segment profit/(loss)	32,356	410,972	1,546,480	(988,162)	1,001,645
(i)	Entity's interest in the profit or loss of associates accounted for using equity method	-	-	-	-	-
(j)	Other material non-cash items:	-	-	-	-	-
(k)	Impairment of assets	-	46,467	-	16,297,452	16,343,919
(l)	Segment assets	63,286	225,574	58,874,302	321,361,624	380,524,787
(m)	Segment liabilities	4,051	16,525	1,581,070	343,608,338	345,209,985

3. Measurement of operating segment profit or loss, assets and liabilities

a. Basis of Accounting

All transactions between the reportable segments are accounted as separate unit and allocation is based upon use of resources and output derived from the reportable segments.

b. Nature of differences between the measurements of the reportable segments' profits or losses and the Bank's profit or loss before income tax

There is no difference between the measurement of the reportable segments' profit and the Bank's profit before income tax.

c. Nature of differences between the measurements of the reportable segments' assets and the Bank's asset

There is no difference between the measurement of the reportable segments' assets and the Bank's asset.

d. Nature of any changes from prior periods in the measurement methods used to determine reported segment profit or loss and the effect, if any

No changes are made in the measurement methods used to determine reported segment profit or loss from prior periods.

e. Nature and effect of any asymmetrical allocations to reportable segments

No asymmetrical allocations are made to reportable segments.

7. Information about major customers

None of the external customer of the Bank individually contributes 10% or more to the Bank's revenue at Ashad 31, 2080 as well as at Ashad 32, 2079.

5.5. Share options and share based payment

A share-based payment is a transaction in which the bank receives goods or services either as consideration for its equity instruments or by incurring liabilities for amounts based on the price of the entity's shares or other equity instruments of the entity.

The bank has not entered into any share option or share based payment contract as of Ashad 31, 2080.

5.6. Contingent liabilities and commitment

Contingent Liabilities:

Where the Bank undertakes to make a payment on behalf of its customers for guarantees issued, such as for performance bonds or as irrevocable letters of credit as part of the Bank's transaction banking business for which an obligation to make a payment has not arisen at the reporting date, those are included in these financial statements as contingent liabilities.

Other contingent liabilities primarily include revocable letters of credit and bonds issued on behalf of customers to customs, for bids or offers.

Commitments:

Where the Bank has confirmed its intention to provide funds to a customer or on behalf of a customer in the form of loans, overdrafts, future guarantees, whether cancellable or not, or letters of credit and the Bank has not made payments at the reporting date, those instruments are included in these financial statement as commitments.

Please refer Note No. 4.28 (including Note No. 4.28.1- 4.28.5) for detail of contingent liabilities and commitments as at Ashad 31, 2080 and Ashad 32, 2079.

5.7. Interest Income recognition with reference to Nepal Rastra Bank Guideline, 2019

Bank has adopted the guideline issued by Nepal Rastra bank issued on July 2019 for the recognition of Interest Income- the criteria for suspension of interest income and cessation of Accrued Interest. Out of total accrued interest income recognized during the year the aforementioned suspended amount has not been transferred regulatory reserve. The Net Realizable Value (NRV) of collateral which is not adequate to cover the principal and accrued interest of the borrowers with arrears of more than three months and within 12 months are not recognized as interest income. For the purpose of classification of interest income/expense to BFIs, average rate on loan/deposit to BFIs have been considered. Details of the interest that has been suspended as per NRB guideline are:

S. No.	Particulars	Amount (NPR)
a.	Opening Balance of interest suspended as on 1st Shrawan 2079	537,330,960
b.	Add: Interest Suspension of NCC bank transfer from Merger as on Poush 16, 2079	2,881,149,980
c.	Add: Addition during the period Bad Loan	290,293,488
d.	Add: Loan on which "Net realizable value" of security is insufficient	10,204,691
Closing Balance of interest suspended as on Ashad end, 2080		**3,718,979,119**

5.8. Related parties' disclosures

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions and include major shareholders, subsidiary companies, associates, retirement funds, directors and key management personnel and their close family members.

Banking transactions with the related parties are executed substantially on the same terms, including mark-up rates and collateral, as those prevailing at the time for comparable transactions with unrelated parties and do not involve more than a normal risk.

a) Subsidiary

Transactions between the Bank and its subsidiary, Kumari Capital Limited and K.B.L Securities Limited meet the definition of related party as defined under NAS-24 "Related Party Disclosures".

Transactions during the year (Kumari Capital Limited)	FY 2079-80 (Rs.)	FY 2078-79 (Rs.)
Equity Investment by Kumari Bank Limited on Kumari Capital Ltd.	-	200,000,000
Deposits held by Kumari Capital Limited at Kumari Bank Ltd.	400,290,762	131,957,923
Interest Expenses incurred by Kumari Bank Limited, which formed part of income of Kumari Capital Limited	1,417,599.32	2,195,256
Expenses of Kumari Capital Limited paid by Kumari Bank Ltd, reimbursable	-	-
RTS income of Kumari Capital Limited for the service rendered to Kumari Bank Limited (Effective from Poush 20, 2079, till Poush 19, 2080 NPR. 800,000)	1,500,000	800,000
Amount transferred in relation to Dividend Payable of Kumari Bank Limited for subsequent payment to shareholders	1,747,861,797	360,370,447

Transactions during the year (KBL Securities Limited)	FY 2079-80 (Rs.)	FY 2078-79 (Rs.)
Equity Investment by Kumari Bank Limited on K.B.L Securities Ltd.	180,000,000	-
Deposits held by K.B.L Securities Ltd at Kumari Bank Ltd.	200,333,298	20,072,719
Expenses of K.B.L. Securities Limited paid by Kumari Bank Ltd, reimbursable	-	-
Interest Expenses incurred by Kumari Bank Limited, which formed part of income of K.B.L Securities Limited	3,632,434	244,844

b) Associates

Associates are an entity over which the investor has significant influence. Where an entity holds 20% or more of the voting power (directly or through subsidiaries) on an investee, it will be presumed the investor has significant influence unless it can be clearly demonstrated that this is not the case. If the holding is less than 20%, the entity will be presumed not to have significant influence unless such influence can be clearly demonstrated. The existence of significant influence by an entity is usually evidenced in one or more of the following ways:

- representation on the board of directors or equivalent governing body of the investee;
- participation in the policy-making process, including participation in decisions about dividends or other distributions;
- material transactions between the entity and the investee;
- interchange of managerial personnel; or
- provision of essential technical information

Transactions between the Bank and its associates also meet the definition of related parties.

The Bank exercise significant influence in the financial and operating policy decisions of any of its investees as at and Ashad 31, 2080 as the bank has representation on the board of directors in case of following investees:

S.N	Associate	Representative From KBL
1	National Microfinance Laghubitta Bittiya Sanstha Limited	Mr. Kshitij Khadka
2	First Microfinance Laghubitta Bittiya Sanstha Limited.	Mr. Mukunda Subedi

c) Directors and other Key Managerial Personnel (KMP)

Key Management Personnel and their immediate family members are also considered to be related parties for disclosure purpose as per NAS-24 "Related Party Disclosures".

As per Nepal Financial Reporting Standard (NAS 24) "Related Party Disclosures", Key Management Personnel are those having authority and responsibility for planning, directing and controlling the activities of the entity. The Bank considers the members of its Board, Chief Executive Officer and all managerial level executives as Key Management Personnel (KMP) of the Bank.

Following is a list of Board of Directors and CEO bearing office at Ashad 31, 2080.

Mr. Amir Pratap J. B. Rana	Chairman
Mr. Upendra Keshari Neupane	Director
Mr. Krishna Prasad Gyawali	Director
Mr. Chandra Prasad Bastola	Director
Mr. Mahesh Prasad Pokharel	Director
Mr. Iman Singh Lama	Director
Mr. Ramesh Raj Aryal	Chief Executive Officer

Commencing on April 27, 2022, Mr. Ram Chandra Khanal assumed the role of Chief Executive Officer. However, Mr. Ramesh Raj Aryal was bank's Chief Executive Officer from January 1, 2023, following the merger with NCC Bank Limited.

Furthermore, on November 17, 2023, Mr. Ram Chandra Khanal was appointed as Chief Executive Officer following the resignation of Mr. Ramesh Raj Aryal.

Compensation to the members of the Board

All members of the Board are non-executive directors and no executive compensation is paid to the directors. Specific non-executive allowances paid to directors are as under:

Board Meeting fees Rs. 2,920,000
Other benefits Rs. 1,234,000

The Annual General Meeting of the Bank approves these allowances and benefits.

The above figures indicate the details of directors and staffs of AGM level and above and identified close family members of KMPs.

5.9. Additional disclosures of non-consolidated entities

Nepal Financial Reporting Standard (NAS 24) "Disclosure of Interests in Other Entities", is applicable when an entity has interest in any of the following:

- Subsidiaries
- Joint arrangements (joint operations or joint ventures)
- Associates
- Unconsolidated structured entities

The Bank has already disclosed its interests in subsidiaries and associates in 5.8. Related parties' disclosures. The Bank does not have any interest in any form of joint arrangements or unconsolidated structured entities as on Ashad 32, 2079 as well as Ashad 31, 2080.

5.10. Events after reporting period

Events after the reporting date are those events, favorable and unfavorable, that occur between the reporting date and the date the Financial Statements are authorized for issue.

The Bank follows NAS-10 "Events after the Reporting Period" to account for and report the events that have occurred after the reporting period.

Adjusting events after reporting period

The Bank has also availed the provision as provided by NRB directive that allows Banks to consider interest recovery made till July 31, 2023 while calculating amount to be transferred to regulatory reserve on account of interest income recognized on accrual basis but not realized for an amount of NPR. 1,109,483,869.83 till July 16, 2023.

Further, the bank has recognized the Income tax expenses amounting NPR 152,882,833 pertaining to Assessment Year 2075-76 of then NCC Bank Limited, Dev Bikas Bank Limited and Kumari Bank Limited as per finalization of amended tax assessment order as per section 102.

5.12. Availment of Carve-outs notified by Institute of Chartered Accountants of Nepal

The Institute of Chartered Accountants of Nepal has notified 2 Carve-outs in NFRS which allows alternative treatment. Out of the 2 Carve-outs, the Bank has availed following Carve-outs while preparing its financial statements for FY 2079/80:

a) Carve-Out: 1 - NFRS 9: Financial Instruments: Recognition and Measurement (Incurred Loss Model to measure the Impairment Loss on Loan and Advances)

b) Carve-Out: 2 - NFRS 9: Financial Instruments: Recognition and Measurement (Impracticability to determine transaction cost of all previous years which is the part of effective interest rate); one year extended for implementation.

i. Carve-Out: 1 - NAS 39: Financial Instruments: Recognition and Measurement (Incurred Loss Model to measure the Impairment Loss on Loan and Advances)

As per NAS-39, an entity shall assess at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets measured at amortized cost is impaired. If any such evidence exists, the entity shall apply paragraph 63 to determine the amount of any impairment loss.

The Carve-out requires Banks to measure impairment loss on loans and advances as the higher amount derived as per norms prescribed by Nepal Rastra Bank for loan loss provision and amount determined as per paragraph 63 of NAS-39; and shall apply paragraph 63 to measure the impairment loss on financial assets and other assets other than loan and advances. The Bank shall disclose the impairment loss as per the Carve-out and the amount of impairment loss determined as per paragraph 63.

If there is objective evidence that an impairment loss on financial assets measured at amortized cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition). The carrying amount of the asset shall be reduced either directly or through use of an allowance account. The amount of the loss shall be recognized in profit or loss.

The Bank has availed the Carve-out and has accordingly recognized impairment loss on loans and advances as the higher amount derived as per norms prescribed by Nepal Rastra Bank for loan loss provision and amount determined as per paragraph 63 of NAS-39. The detail of impairment loss on loans and advances are as follows:

Amount in '000

Particulars	2077/78	2078/79	2079/80
Total Loan loss provision as per norms prescribed by Nepal Rastra Bank (NRB Directive No. 2) and circular issued.	3,113,258,690	3,925,358,976	16,343,918,721
Total Impairment as per paragraph 63 of NAS 39	702,768,829	964,942,213	7,882,029,481

As, Loan loss provision as per norms prescribed by Nepal Rastra Bank is higher, impairment loss on loans and advances is made accordingly.

The Bank has classified total loan loss provision mentioned above into 2 categories viz. Individual Impairment and Collective Impairment. The Bank has classified general loan loss provision as Collective Impairment and specific loan loss provision as Individual Impairment.

ii. Carve-out: 2- NAS 39: Financial Instruments: Recognition and Measurement (Impracticability to determine transaction cost of all previous years which is the part of effective interest rate)

As per NAS-39, an entity shall estimate cash flows considering all contractual terms of the financial instrument (for example, prepayment, call and similar options) but shall not consider future credit losses while calculating the effective interest rate. The calculation includes all fees and points paid or received between parties to the contract that are an integral part of the effective interest rate (see NAS 18 – Revenue).

The Carve-out states that the effective interest rate calculation shall estimate the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call, and similar options) but shall not consider the expected credit losses. The calculation includes all fees and points paid or received unless it is immaterial or impracticable to determine reliably, between parties to the contract that are an integral part of the effective interest rate (see paragraphs BS.4.1-BS.4.3), transaction costs, and all other premiums or discounts. There is a presumption that the cash flows and the expected life of a group of financial instruments can be estimated reliably. However, in those rare cases when it is not possible to reliably estimate the cash flows or the expected life of a financial instrument (or group of financial instruments), the entity shall use the contractual cash flows over the full contractual

term of the financial instrument (or group of financial instruments). The Bank has availed this Carve-out and opted for the extended time limit for its implementation and has not considered all fees and points paid or received which are impracticable to measure reliably while determining effective interest rate.

5.13. Dividend and Bonus

Since the retained earnings up to Fiscal Year 2079/80 is negative balance, no dividend was proposed by Bank's Board of Director's meeting held on 14th December 2023.

5.14. Unpaid Dividend

Total cash dividend proposed, NPR 373,582,431 is still payable to shareholders who have not yet collected. Detail of same is as follows:

Particulars	Amount Rs.
Payable of Kumari Bank Limited	222,497,329
Payable of then NCC Bank Limited	138,755,647
Payable of then Paschimanchal Finance Co. Limited	1,136,846
Payable of then Deva Bikas Bank Limited	9,119,517
Payable of then Rising Development Bank Limited	312,158
Total Dividend Payable with Kumari Capital Limited	**371,821,498**

Total Payable in the books of Kumari Bank Limited is as follows.

Particulars	Amount Rs.
Payable of Kumari Bank Limited	876,553
Payable of then Deva Bikas Bank Limited	169,284
Payable then (Kasthamandap / Kakre Bihar / Mahakali / Paschimanchal Finance)	715,095
Total Dividend Payable in Books of Bank	**1,760,933**

As per Section 182 (9) of Companies Act, dividend amount not claimed/received by any shareholder even after the expiry of a period of five years after the date of resolution adopted by the company in its general meeting to distribute dividend shall be credited to the investor protection fund to be established under Section 183. With reference to the said requirement bank had transferred Rs. 724,367.79 to investor protection fund out of the dividend payable standing related to various prior years in FY 2079/80.

5.15. Provision for staff bonus

Provision for staff bonus has been provided at 10% of net profit before providing for income tax provision. This provision has been made as per Bonus Act 2030.

5.16. Merger/Acquisition Reserve

Along with acquisition of then Deva Bikas Bank Limited; goodwill was created amounted to NPR 88,804,041 which was placed under Share Premium in FY 2078-79. As per the Unified Directive 2080, Directive No. 4(4)(4), the same has been transferred to Merger/Acquisition Reserve during the FY 2079-80. Further, the goodwill created on merger of NCC Bank Limited during the current FY 2079-80 amounting to NPR 20,270,481 has also been credited to Merger/Acquisition Reserve. The balance in Merger/Acquisition Reserve stands at NPR 109,074,521.82 as at 31st Ashad 2080.

5.17. General Reserve

20 percent of the profit after tax is transferred to General Reserves as per Section 44 of Banks and Financial Institutions Act 2073. In FY 2079/80, the Bank has transferred NPR 103,584,322 to the General Reserve Fund from the current year's profit. Further, the general reserve has been increased by 2,582,795,086 from merger of NCC Bank Limited during the period. The balance in General Reserve Stands at NPR 5,808,948,669 as at 31st Ashad 2080.

5.18. Exchange Fluctuation Fund

25 percent of the revaluations gain on foreign exchange is transferred to exchange fluctuation fund as per Section 45 of Banks and Financial Institutions Act 2073. In FY 2079/80, the revaluation gains on foreign exchange amounts to NPR 12,741,122. Therefore, the Bank has transferred NPR 3,185,280 to Exchange Fluctuation Fund from the current year profit. Further, the exchange equalization reserve has been increased by 8,934,253 from merger of NCC Bank Limited during the period. The balance in Exchange Fluctuation Fund stands at NPR 65,575,034 as on 31st Ashad 2080.

5.19. Investment Adjustment Reserve

There is an amount of no investment adjustment reserve as at Balance Sheet date. However for other investment, no adjustment reserve has been created as per the exemption provided by Nepal Rastra Bank Directive 8 and other requirements as per the same directive as stipulated below:

Amount in NPR

Particulars	Cost Price Rs.	% Reserve	Investment Adjustment Reserve
1. Investment in Shares (unquoted)			
Credit Information Center Limited	1,424,500	Exemption by NRB	-
Nepal Clearing House Limited	5,253,500	Exemption by NRB	-

b. Capital Adjustment Reserve

Capital Adjustment Reserve is created on interest income recognized by capitalizing interest income for the loans provided under National Priority after approval for such capitalization from Nepal Rastra Bank. The total capital adjustment reserve created in the FY 2075-76 is carried forward in the current year, while no addition to the capital adjustment reserve is required to be created as per NRB directive, apart from addition due to merger.

Financial Year	Name of Borrower	Capital Adjustment Reserve Amount
2071/72	Electrocom and Research Center P Ltd	2,990,173
2072/73	Electrocom and Research Center P Ltd	14,936,857
2072/73	Nepal Health Care Co-operative Limited	4,007,609
2073/74	Nepal Health Care Co-operative Limited	8,559,593
2079/80	Transfer From NCC Bank Limited (Merger)	55,824,722
	Total Amount	**86,318,954**

c. Debenture Redemption Reserve

Debenture Redemption Reserve of NPR 1,000,000,000 has been created against the subordinated debt issued amounting to NPR. 3 Billion for **"10.25% KBL Debenture 2086",** which have maturity period of 10 years and the redemption reserve is spread over 9 years to determine the annual reserve creation for the debenture not considering first and final year of the debenture. Similarly, for **"9.50% NCC Debenture 2086"** amounting NPR. 3 Billion, no reserve has been created. Further, for subsequent years the bank shall appropriate reserve proportionately over the remaining period with reference to NRB Unified Directive. Considering the year of issue of **"11% KBL Debenture 2089"** amounting NPR. 3 billion, reserve has not been created for such debenture.

d. Assets Revaluation Reserve

Assets Revaluation Reserve of NPR 396,860,536 has been created as the fair value adjustment of net assets acquired on business combination. The details are as:

Particulars	Amount (Rs.)
Opening balance as on 1st Shrawan 2079	69,419,000
Transfer from Merger NCC Poush 16, 2079	327,441,536
Addition during the year	-
Closing balance as on 31st Ashad 2080	396,860,536

5.25. Summary of Loans and Advances Disbursed, Recovered and Principal & Interest Written-off (except for Staff Loans and advances and interest accrued)

The loan and advances disbursed, recovered and written off during the year is given below:

(Rs in million)

Particulars	Amount
Opening Loans and Advances	161,882
Loans and Advances disbursed during the year	210,709
Loans and Advances recovered during the year	83,203
Loans and Advances written off during the year	-
Closing Loans and Advances	**289,387**
Interest written off	-

5.26 Weighted Average Interest Rate Spread

Particulars	Rate (%)
Average Rate of return from loans and advances and investment	13.44
Average Rate of interest on deposits & borrowings	8.46
Net Spread	4.98

5.27 Summary of Concentration of exposure

No balance sheet and off balance sheet transaction have been highly concentrated to a single person, firm, organization or to a particular sector. Detail of highest exposure to a single person or organization is as follows:

NPR In Million

Particulars	Total Exposure	Maximum concentration to a single customer	
		Amount	%
Loans & Advances	289,387	4,100	1.42
Deposits	326,283	14,379	4.41
Off Balance Sheet Items	52,714	1,877	3.56

5.28 Other Additional disclosure

Particulars	During FY 2079/80	
	No. of Customers	Amount (Rs.)
Refinance Loan	1	100,000,000

Particulars	During FY 2079/80	
	No. of Customers	Amount (Rs.)
Subsidized Loan	5,266	9,632,625,026

5.29 Summary of Changes in deposit during the year

Growth in deposits during the year is given below:

NPR In Million

Particulars	This Year (Rs.)	Last Year (Rs)	Changes in amount
1) Current Deposit	19,189	13,360	5,829
a) Local Currency	18,911	13,231	5,680

5.365 Disclosure of Actuarial Valuation of Leave Liability

Leave Liability of the bank is governed based on Bank's Employee Service Bylaw i.e. on the basis of the number of days' staffs are entitled to. Leave encashment during the year (leave balances in excess of accumulated balances). For accumulated leave, bank's policy states for accumulation of total 150 days leave (90 days' annual leave and 60 days' medical leave), payable on gross salary of the staff on the date of encashment. Thus the liability of the bank is provisioned as per the latest staff remuneration for the leave accumulated. Liability pertaining to leave liability of bank has been assessed through actuarial valuation and has been recognized on liabilities/ asset as on year end, which governs overall liability of the bank in relation to the Leave expenses. Details related to actuarial valuation is as mentioned below:

Current Liability	86,095,633
Non-Current Liability	263,341,958
Liability/(Asset) Recognized in the Balance Sheet	349,437,591
Amount Recognized in Statement of Profit & Loss	
Current Service Cost	**55,818,465**
Interest Cost	15,972,614
Expected Return on Plan Assets	-
Past Service Cost	-
Net Actuarial Losses/(Gains)	**(60,507,504)**
Total Expense/(Income) included in "Employee Benefit Expense"	**11,283,575**

5.36 Operating Lease recognized as per NFRS 16

As per NFRS 16, Lease expense shall be recognized at the commencement date, a lessee shall recognize a right-of-use asset and a lease liability. At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

After the commencement date, a lessee shall measure the lease liability by:

(a) Increasing the carrying amount to reflect interest on the lease liability;

(b) Reducing the carrying amount to reflect the lease payments made; and

(c) Re-measuring the carrying amount to reflect any reassessment or lease modifications to reflect revised in-substance fixed lease payments

For the first time adoption of lease, the effect is recognized and restated from previous years as:

Particulars	FY 2079-80 (Rs.)
Right of Use Asset	2,845,123,786
Lease Liability	2,500,547,274
Right of Use Asset Depreciation	357,159,909
Interest Expense	67,319,014
Total Lease Expenses	**424,478,923**

5.37 Notes on Business Combination

In the reporting period, the Bank merged with former Nepal Credit and Commerce Bank Limited, a "A" Class financial institution licensed by the NRB, in order to reap synergy benefits and advance the industry. The following are the major activities that has been conducted during the process of merger.

Particulars	Date (A.D)	Date (B.S)
Memorandum of Understanding (MoU) for the merger was signed on:	26 September 2022	10 Asoj 2079
Nepal Rastra Bank granted its prior approval (Letter of Intent) on:	30 September 2022	14 Asoj 2079
Special General Meetings of both institutions to approve merger held on:	11 December 2022	25 Mangsir 2079
Nepal Rastra Bank provided the final approval of the merger deal on:	21 December 2022	6 Poush 2079
Joint operation of the bank after successful merger began on:	01 January 2023	17 Poush 2079

The Bank issued 11,514,678,014 equity shares at a swap ratio of 1:1 (1 shares of Kumari Bank Limited for every 1 shares of Nepal Credit and Commerce Bank Limited) in consideration for the merger. The explanatory notes of Institute of Chartered Accountants of Nepal (ICAN) were taken into consideration for accounting for the merger of Nepal Credit and Commerce Bank Limited in accordance with NFRS - 3 Business Combination and by recognizing Goodwill NPR 20,270,480.

NFRS 3 – Business combination has been applied for the purpose of calculating goodwill/ Gain on bargain purchase along with the explanatory notes as below:

Para 32 of NFRS 3 states that "The acquirer shall recognize goodwill as of the acquisition date measured as the excess of (a) over (b) below:

a) The aggregate of:
   i. The consideration transferred measured in accordance with this NFRS, which generally requires acquisition-date fair value,
   ii. The amount of any non-controlling interest in the acquiree measured in accordance with this NFRS; and
   iii. In a business combination achieved in stages, the acquisition-date fair value of the acquirer's previously held equity interest in the acquiree.

b) The net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed measured in accordance with this NFRS.

Accordingly, as per the standard goodwill has been recognized for the excess of the value derived as per (a) over (b).

Calculation of Goodwill of Business Combination	Amount (Rs.)
Consideration transferred by Acquirer (Kumari Bank) (A)	15,266,855,639
Business Value of Acquiree (NCC Bank) (B)	15,246,585,158
Goodwill	20,270,480

In a business combination that involved the exchange of the acquirer's equity interest, goodwill was calculated by taking into account the acquiree's business valuation, which was determined based on a due diligence audit conducted by professionals and approved by the AGMs of both the acquirer and the acquiree in order to calculate the swap ratio. Because it represents the anticipated synergies and other benefits from integrating the businesses, the excess of consideration paid by the acquirer above the business value of the acquiree has been classified as goodwill. The financial statements of the acquiree as of the acquisition date show that the assets and liabilities of the acquiree have been recorded at fair value.

5.38 Disclosure of Non-Banking Assets

As at Ashad 31, 2080, Non-Banking Assets assumed by Bank are as follows:

INDEPENDENT AUDITORS' REPORT

To the Shareholders of Nepal Credit and Commerce Bank Ltd.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Nepal Credit & Commerce Bank Limited which comprise the Statement of Financial Position as at 16th Poush 2079 (31st Dec, 2022), Statement of Profit or loss, Statement of Other Comprehensive income, Statement of Change in equity and Statement of Cash Flows for the year ended, and notes to the Financial Statements including the summary of Significant Accounting Policies.

In our opinion, the accompanying financial statements read with the Significant Accounting Policies and Notes to Accounts, present fairly, in all material respect, the financial position of the Company as at 16th Poush 2079 (31st Dec, 2022), and of its financial performance and its cash flows for the period from 1st Shrawan, 2079 to 16th Poush 2079 (17th July 2022 to 31st Dec 2022), in accordance with Nepal Financial Reporting Standards (NFRS).

Basis for Opinion

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of Financial Statements section of our report. We are independent of the company in accordance with The Institute of Chartered Accountants of Nepal's (ICAN) Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements in Nepal and we have fulfilled our ethical responsibilities in accordance with these requirements and ICAN's Code of Ethics for Professional Accountants. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note No. 3.4 of the notes to financial statements, specifically pertaining to the impairment for loan loss.

Management has determined the impairment for loan loss as on 16th Poush 2079 (31st December, 2022), based on the classification of loan as on Ashoj end 2079 (corresponding to 17th October, 2022). Our role as independent auditors is to assess the reasonableness of the accounting policies and estimates applied by management and doing so based on our professional judgment, considering the impairment for loan loss classification of loan as of Poush end 2079 represents the best estimate possible for calculating the loan loss provision as on 16th Poush 2079. The potential impact of using the impairment for loan loss classification as of Ashoj end 2079 instead of Poush end 2079 for the impairment calculation will have different impact on the financial statements than reflected.

Our audit opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters, that in our professional judgment, were most significant in the audit of the financial statements of the current period. Those matters were addressed in the context of

the audit of the financial statements as a whole, in forming our opinion thereon, and we do not provide separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. N	Key Audit Matters	Auditor's Response
1)	**Interest Recognition** The interest income has been recognized on accrual basis and following the interest income recognition guidelines issued by NRB. The guidelines require suspension of the interest recognition on accrual basis for the loans and advances with overdue of more than 12 months whereas for the loans and advances with overdue of 3-12 months, interest recognition on accrual basis is limited on the basis of collateral testing as specified. Due to the lack of system capability to suspend recognition of the interest income on the basis of overdue status of loan as well as review of fair value of the collateral on regular basis, manual intervention is required in interest recognition process and hence create a risk of improper application of the guidelines and determination of the Fair value of the collateral. This may in turn, have effect on the recognition of the interest income by the bank. Thus, we have considered it as a key audit matter.	Our audit approach included clear understanding of the core banking software of the bank i.e how the interest income is accrued regarding the loans and advances. Furthermore, we have relied on the engineer's valuation of the collateral for the determination of the fair value regarding the collateral testing. We have also test checked the interest income booking with manual computation where no deviation was noticed.
2)	**Impairment of loans and advances** As per NFRS 9 (carve-out issued by ICAN), bank shall measure impairment loss on loans and advances at the higher of: - Amount derived as per norms prescribed by NRB for loan loss provisioning and; - Amount determined as per para 5.5 of NFRS adopting the incurred loss model As per the norms prescribed by the NRB, provision at the prescribed rate shall be created on the loans and advances based on overdue status of loans and advances as well as utilization status of the facility, status of the security etc. As per NFRS 9, impairment of loans and advances should be made on individual impairment basis for loans and advances that are individually significant and collective impairment for homogeneous groups of loans that are not considered individually significant. On individual impairment, amount of the loss is measured as the difference between asset's carrying amount and present value of the estimated future cash flows. Under collective impairment, loss is determined after taking into account the historical loss experience in portfolios of similar credit risk and management's experienced judgement as to whether economic and credit conditions are such that actual level of inherent losses at the reporting date is likely to be greater or less than suggested by historical experience.	Our audit approach included reviewing the overdue status of loans and advances by obtaining data from the system and matching the same with NRB 2.2 report. Sample credit files were reviewed for the purpose of assuring the utilization of loan & advances for the intended purpose, account movement and account turnover. We also assessed the expected future cash flows on the basis of the realizable value of collateral securities based on the management estimate from the individually significant loans and advances with the indication of the impairment of the assets. Similarly, homogeneous group of loans were assessed on the basis of nature and purpose of loans and data of historical loss experience in the portfolios were assessed on the basis of the past dues date from the system as well as data of loan loss provision of the defined group in the past.

S. N	Key Audit Matters	Auditor's Response
	Given the fact that the impairment of loans and advances under incurred loss model require assessment of future cash flows as well historic loss experience of portfolios and also the impairment of loan loss under NRB norms require assessment of overdue status of loans and advances and proper utilization of loans for intended purpose. Hence assessment of availability and accuracy of required data for impairment of loans and advances under incurred loss model as well as under NRB provisioning norms is regarded as a key audit matter.	
3)	**Information Technology** Most of the information of the bank is digitally stored and transaction were carried out digitally/electronic. The various reports in compliance with the NRB guidelines and other compliances to regulators are highly dependent on the digitally stored data and other allied systems. We have considered this as key audit matter as any control lapses, validation failures, incorrect input data and wrong extraction of data may result in the wrong reporting of the data to management, shareholders and regulators.	Our audit approach regarding the Information technology of the bank is based upon the information technology guidelines issued by NRB. We understood the feeding of the data in the system and went through the extraction of the financial information and the statements from the IT system existing in the bank. The reports generated by the system were reviewed on sampling basis. The interest income and expenses booked regarding the loans and deposits were verified on the test basis. We also relied on the IT audit conducted by the bank.
4)	**Contingent liabilities related to the pending cases** The company is exposed to different laws, regulations and their interpretations thereof. In this regulatory environment there is an inherent risk of litigations and claims. Resolution of the tax and other legal proceedings may span over multiple years due to the highly complex nature and magnitude of the legal matters involved. Contingent liabilities disclosures may arise from the pending legal cases at present. These estimates could change significantly over the time as new facts emerge with each legal case progresses. Given the inherent complexity and magnitude of potential exposures and the judgement necessary to estimate the amount of the provisions required or to determine the required disclosures, this is considered as a key audit matter.	Our audit approach included gaining an understanding of the outstanding litigations against the company from the company's inhouse consultant or other key managerial personnel having the knowledge of these matters. We have read the correspondence between the company and the authorities and also tested the completeness of the litigation on a sample basis by examining the minutes of the board meetings. We also assessed the adequacy of the company's disclosure in respect of the contingent liabilities for the legal matters.
5)	**Going Concern** NCC Bank merged with Kumari Bank Ltd., and joint operations commenced on the 17th of Poush, 2079. After this date, NCC Bank is no longer legally operational. Given this situation, the question arises as to	In our audit approach concerning the going concern, the legal structure of NCC Bank has changed, but there has been no change in the substance of its business operations. However, the

	whether the concept of "Going Concern" could bt apply to NCC Bank or not.	financial statements continue to be prepared based on the assumption of a going concern.

Other Information:
Management is responsible for other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is material misstatement of the other information; we are required to report that fact.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of the Management and Those Charged with Governance for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with NFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations or has no realistic alternative but to do so.

Those charged with Governance are responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on the Legal and Regulatory Requirements

We have obtained satisfactory information and explanations asked for, which to the best of our knowledge and belief were necessary for the purpose of our audit and the returns received from the branch offices of the bank, though the statements are independently not audited were adequate for the purpose of the audit.

In our opinion, the Statement of Financial Position, Statement of Profit or loss, Statement of other Comprehensive Income, Statement of Change in equity and Statement of Cash Flows for the year then ended, and Significant Accounting Policies, Notes to Accounts and other explanatory notes have been prepared in accordance with the requirements of the Companies Act, 2063 and are in the agreement with the books of accounts maintained by the bank.

To the best of information available to us and the explanations provided during our audit, we observed that the bank has taken actions for protection of the interest of the depositors and investors, loans have been provisioned and written off as specified; the business of the bank was conducted satisfactorily and the bank's transactions were found to be within the scope of its authorities except Capital Adequacy Ratio (CAR) and Liquidity Ratio which is not maintained as prescribed by the NRB. We did not come across cases where the Board of directors or any office bearers of the bank has acted contrary to the provision of law or cause loss or damaged to the bank or committed any misappropriation or violated the directives of Nepal Rastra Bank.

कुमारी बैंक लिमिटेड
KUMARI BANK LIMITED
सबैका लागि, सधैंका लागि

NOTES TO THE FINANCIAL STATEMENTS

For the Period ended 16th Poush, 2079

1. BANK

1.1 General Information

Nepal Credit & Commerce Bank Ltd. (NCC Bank) is a public limited company established in Nepal on October 14, 1996 registered under Companies Act and licensed by Nepal Rastra Bank under Bank and Financial Institutions related Act, 2073 (then prevailing Commercial Bank Act 2031). The registered office of the Bank is at Bagbazar, Kathmandu, Nepal. The Bank carries out commercial banking activities in Nepal under license from Nepal Rastra Bank (the Central Bank of Nepal) as class `A' licensed institution. The shares of the Bank are listed with the Nepal Stock Exchange Ltd.

NCC Bank Limited has merged itself with Kumari Bank Limited and started the joint transaction from January 01, 2023. Till merger, NCC Bank Limited was providing its financial facilities and services to rural and urban areas through its 156 branches spread throughout the country. Currently after merger with Kumari Bank Limited, there are 302 Branches and 307 ATMs of Kumari Bank Limited.

This financial statement covers the period commencing from Shrawan 1, 2079 to Poush 16, 2079 (17th July 2022 to 31st December 2022).

1.2 Principal Activities and Operations

Bank

The principal activities of the Bank are to provide full-fledged commercial banking services including agency services, trade finance services, card services, e-commerce products and services, remittance services to its customers through its strategic business units, branches, ATMs and network of agents.

Subsidiary and Associates

The Bank has no any subsidiary as on reporting date but has following associates.

Associates	Principal Activities	Ownership as on:	
		16th Poush 2079	32nd Ashad 2079
Sadhana Laghubitta Bittiya Sanstha Ltd.	"D" class financial institution extending micro finance products and services to the deprived/ economically disadvantaged/ rural communities/ sectors.	9.18%	9.18%

The Bank has also appointed Mr. Laxmi Prasad Duwal as a bank's representation in the board of directors of Sadhana Laghubitta Bittiya Sanstha Ltd.

2. BASIS OF PREPARATION

The financial statements of the Bank have been prepared in accordance with the Nepal Financial Reporting Standards (NFRS) and Nepal Accounting Standards (NAS) adopted by the Accounting Standards Board of Nepal within the framework prescribed by Directive No. 4 of Unified Directive issued by Nepal Rastra Bank.

The financial statement comprises of the Statement of Financial Position, Statement of Profit or Loss and Other Comprehensive Income, Statement of changes in Equity and Statement of Cash Flows along with the Notes to Accounts and other significant disclosures required by the reporting standard as well as regulators.

The significant accounting policies applied in the preparation of financial statements are set out below in Note 3. These policies are consistently applied to all the years presented, except for the changes in accounting policies disclosed specifically.

2.1. Statement of Compliance

The financial statements of the Bank have been prepared in accordance with Nepal Financial Reporting Standards (NFRS) and carve outs issued by The Institute of Chartered Accountants of Nepal (ICAN) on 18th July 2022 on NFRS requirements which allowed alternative treatments and in compliance with other NRB Directives, Companies Act and other prevailing laws.

2.2. Reporting Period and Approval of Financial Statements

The Bank follows the Nepalese financial year based on the Nepalese calendar starting from first day of Shrawan (Mid July) of each year to the last day of Ashad (Mid July) of the next year, but for this year taken as of Poush 16, 2079 being merger with Kumari Bank Limited, the corresponding dates for the Nepalese calendar are as follows:

Relevant Financial Statement Date/Period	Nepalese Calendar Date/ Period
Reporting Date	16 Poush 2079
Comparative Reporting Date	32 Ashad 2079
Reporting Period	01 Shrawan 2079 – 16 Poush 2079
Comparative Reporting Period	01 Shrawan 2078 – 32 Ashad 2079

The accompanying financial statements have been approved and authorized for issue by the Board of Directors in meeting held on 12th October, 2023 and have been recommended for approval by shareholders in the first Annual General Meeting after the merger with Kumari Bank Limited.

2.3. Functional and Presentation Currency

The Financial Statements of Bank are presented in Nepalese Rupees (Rs.), which is the currency of the primary economic environment in which the Bank operates. There was no change in Bank's presentation and functional currency during the period under review. All the amounts have been rounded to the nearest Rupee, except when otherwise indicated.

2.4. Use of Estimates, Assumptions and Judgments

The preparation of Financial Statements in conformity with Nepal Financial Reporting Standards (NFRSs) requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ due to these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

The most significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have most significant effect in the Financial Statements are as follows:

2.4.1 Going Concern

NCC Bank Limited and Kumari Bank Limited have successfully merged, commencing joint operations as on 17 Poush, 2079. As a result of this merger, Kumari Bank Limited will persist as a "going concern" due to possessing the necessary resources and capabilities to sustain its business activities over the foreseeable future. Accordingly, the accompanying Financial Statement of NCC Bank Limited upto 16 Poush, 2079 have been prepared based on the going concern assumption, signifying the bank's commitment to maintaining uninterrupted operations and ensuring a reliable representation of its financial position and performance for stakeholders.

2.4.2 Fair Value of Financial Instruments

Where the fair values of financial assets and financial liabilities recorded in the statement of financial position can be derived from active markets, they are derived from observable market data. However, if this is not available, judgment is required to establish fair values. The valuation of financial instruments is described more detailed in Note 3.4 below.

2.4.3 Impairment of Financial Assets – Loans and Advances

The Bank review individually significant loans and advances at each statement of financial position date to assess whether an impairment loss should be recorded in the income statement. The Bank has conducted objective evidence test for individual impairment through different parameters like inability to meet loan agreements, substantial drop in profits/ turnover, significant adverse cash flows, significant adverse net worth situation, problematic borrower financial position, etc. In particular, judgment of the management is required in the estimation of the amount and timing of future cash flows while determining the impairment loss.

These estimates are based on assumptions about a number of factors and actual results may differ, resulting in future changes to the impairment allowance.

Loans and advances of major borrowers have been assessed individually and some found to be impaired and all individually insignificant loans and advances are then assessed collectively, in groups of assets with similar risk characteristics, to determine whether impairment charge should be made due to incurred loss events for which there is objective evidence, but the effects of which are not yet evident. The Bank has segregated risk assets into five groups with similar risk characteristics i.e. home loan, auto loan, personal loan, short term loan and term loan for collective impairment assessment. The collective assessment takes in to account data from the loan portfolio such as levels of arrears, credit quality, portfolio size etc. and judgments based on current economic conditions. Also the collective assessment takes into account the past nine years' data for Probability of Default (PD) computation and past nine years data for Loss Given Default (LGD) computation. Collective impairment assessment on loans and advances is derived from product of PD and LGD.

The Bank has opted to apply the carve outs on impairment of loan and advances. Accordingly, individual and collective impairment loss amount calculated as per NFRS is compared with the impairment provision required under NRB directives no. 2, higher of the amount derived from these measures is taken as impairment loss for loan and advances.

2.4.4 Impairment of Investments measured through OCI

The Bank reviews its investments classified as available for sale, at each reporting date to assess whether they are impaired. Bank records impairment charges on available for sale equity investments where there is significant or prolonged decline in fair value below their cost. The determination of what is 'significant' or 'prolonged' requires judgment. Bank generally treats 'significant' as 25% and 'prolonged' as longer than six months. In addition, the Bank evaluates, among other factors, historical share price movements, duration and extent up to which the fair value of an investment is less than its cost.

2.4.5 Taxation

Bank is subject to income tax and judgment is required to determine the total provision for current, deferred and other taxes due to the uncertainties that exist with respect to the interpretation of the applicable tax laws, at the time of preparation of these Financial Statements.

Deferred tax assets are recognized in respect of impairment allowances which will be recovered in the foreseeable future tax losses to the extent that it is probable that future taxable profit will be available against which the losses can be utilized. Judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits, together with future tax planning strategies.

Details on deferred tax assets/liability are disclosed in Note 4.15 to the financial statements.

2.4.6 Defined Benefit Plans

The cost of the defined benefit obligations and the present value of their obligations are determined using actuarial valuations.

The actuarial valuation involves making assumptions about discount rates, future salary increments, mortality rates and possible future liability increment, if any. Due to the long term nature of these plans, such estimates are subject to uncertainty.

All assumptions are reviewed at each reporting date. Bases of assumptions are as follows:

Discount rate for the valuation is based on Yield to Maturity (YTM) available on government bonds having similar term to decrement-adjusted estimated term of liabilities. In determining the appropriate discount rate, management considers the average interest rates of Nepal savings bonds.

Salary escalation rate has been based on the estimates of overall long-term salary growth rates after taking into consideration expected earnings inflation as well as performance and seniority related increases based on the past trend.

Withdrawal rate is based on the estimates of expected long-term future employee turnover based on the past trend.

The mortality rate is based on Nepali Lives Mortality tables issued by Beema Samiti, Nepal for the actuarial valuation.

2.4.7 Useful Life-time of the Property, Plant and Equipment

The Bank reviews the residual values, useful lives or depreciation rate used, methods of depreciation of property, plant and equipment at each reporting date. Judgement of the management is exercised in the estimation of these values, rates, methods and hence they are subject to uncertainty.

a) Property and Equipment

Property and Equipment except land are stated at acquisition cost less accumulated depreciation. Acquisition cost includes expenditures that are directly attributable to the acquisition of the assets.

Assets with a value less than Rs. 5,000 are charged off as an expense irrespective of its useful life in the year of purchase.

Leasehold improvements are capitalized at cost and amortized over the lease period or five years whichever is earlier. The amount of amortization is charged as expenses.

b) **Intangible Assets**

Intangible assets comprise the value of core banking software and other software for the use of the Bank. These intangible assets are carried at its cost less accumulated amortization and any accumulated impairment losses. Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates.

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate. These assets are amortized over their useful life estimated as 5 years from the date of acquisition or over the period of the license, whichever is less.

2.4.8 Commitments and Contingencies

All discernible risks are accounted for in determining the amount of all known liabilities. Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefit is not probable or cannot be reliably measured. Contingent liabilities are not recognized in the Statement of Financial Position but are disclosed unless they are remote.

2.4.9 Provisions for Liabilities and Contingencies

The Bank receives legal claims against it in the normal course of business. Management has made judgments as to the likelihood of any claim succeeding in making provisions. The time of concluding legal claims is uncertain, as is the amount of possible outflow of economic benefits.

2.5. Changes in Accounting Policies

The accounting policies adopted by the Bank are consistent with those of the previous financial year, except for the adoption of new standards as set out below in Note 2.6 and re-measurement of Assets at Fair Value (Revaluation). For the period ended on Poush 16, 2079, the bank has measured the Investment Securities, Investment Properties and Property and Equipments at Fair Value on prospective basis due to inconvenience and impracticability for prior periods. Further, detailed accounting policies have been mentioned in respective headings and financial impact due to such re-measurement has been separately disclosed in Note 3.24 below.

2.6. New Standards issued but not yet effective

Standards as pronounced by the Accounting Standards Board Nepal (ASB Nepal) have been used in the preparation of financial statements. Any departure from the requirements of NFRS, if any, has been separately disclosed in the Notes to Accounts/ Explanatory Notes.

A number of new standards and amendments to the existing standards and interpretations have been issued by International Accounting Standards Board (IASB) after the pronouncements of IFRS with varying effective dates. Those become applicable when ASB, Nepal incorporates within NFRS.

Further, The Institute of Chartered Accountants of Nepal (ICAN) issued NFRS 2018 on 2077/03/11 vide its 244th council meeting which requires NFRS 9 Financial Instruments, NFRS 15 Revenue from Contracts with Customers, NFRS 14 Regulatory Deferral Accounts, and NFRS 17 Insurance Contracts to be effective from 2021/07/16. The full application of these standards, especially NFRS 9 Financial Instruments and NFRS 15 Revenue from Contracts with Customers, may have a significant impact on financial statements, the quantification of which is yet to be made.

Provision of carve-out adapted by the Bank

The Institute of Chartered Accountants of Nepal (ICAN) issued a "Notice regarding Decision on Carve-outs in NFRS with Alternative Treatments" on various dates and alternative treatments as per carve-outs have been adapted while preparing the financial statements. The detail of carve-out provisions adapted by the Bank is given hereunder.

1. **Incurred Loss Model to measure the impairment Loss on Loan and Advances (NFRS 9: Financial Instruments, Para 5.5: Recognition and Measurement)**

   As per carve out prescribed for fiscal year 2079/80, "An entity shall assess at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets measured at amortized cost is impaired. If any such evidence exists, the entity shall apply paragraph 5 to determine the amount of any impairment loss unless the entity is bank or financial institutions registered as per Bank and Financial Institutions Act, 2073. Such entities shall measure impairment loss on loan and advances as the higher of amount derived as per norms prescribed by Nepal Rastra Bank for loan loss provision and amount determined as per paragraph 5: and shall apply paragraph 5 to measure the impairment loss on financial assets other than loan and advances. The entity shall disclose the impairment loss as per this carve-out and the amount of impairment loss determined as per paragraph 5.

   So, Bank and Financial Institutions shall measure impairment loss on loan and advances as the higher of amount derived as per norms prescribed by Nepal Rastra Bank for loan loss provision and amount determined as per paragraph 5; and shall apply paragraph 5 to measure the impairment loss on financial assets and other assets other than loan and advances. The Bank and Financial Institutions shall disclose the impairment loss as per this carve-out and the amount of impairment loss determined as per paragraph 5."

2. **Impracticability to determine transactions cost of all previous years which is the part of effective Interest rate (NFRS 9, Para 5.4: Financial Instruments: Recognition and Measurement)**

   As per carve out prescribed for fiscal year 2078/79, "Effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of a financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, an entity shall estimate the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call, and similar options) but shall not consider the expected credit losses. The calculation includes all fees and points paid or received unless it is immaterial or impracticable to determine reliably, between parties to the contract that are an integral part of the effective interest rate (see paragraphs B 5.4.1 – B 5.4.3), transaction costs, and all other premiums or discounts. There is a presumption that the cash flows and the expected life of a group of similar financial instruments can be estimated reliably. However, in those rare cases when it is not possible to reliably estimate the cash flows or the expected life of a financial instrument (or group of financial instruments) the entity shall use the contractual cash flows over the full contractual term of the financial instrument (or group of financial instruments)."

2.7. Discounting

The fair value of debt securities shall be determined by discounting by the future cash flows by the coupon interest rate. The Bank has a policy to treat share/debenture issue expenses up to 1.5% of share/debentures issue price as immaterial. Considering those expenses as immaterial and impracticable to determine reliably, same has not been considered in computation of effective interest rate as per Carve-out announcements.

An employee benefit has been determined by considering discount rate as the annual average interest rate.

2.8. Responsibility for Financial Statements

The Board of Directors is responsible for the preparation and presentation of Financial Statements as per the provisions of the Companies Act, 2063 and Bank and Financial Institutions Act, 2073.

2.9. Presentation of Financial Statements

The assets and liabilities of the Bank presented in the Statement of Financial Position are grouped in an order of liquidity.

2.10. Materiality and Aggregation

In compliance with Nepal Accounting Standard - NAS 01 (Presentation of Financial Statements), each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or functions too are presented separately unless they are immaterial. Financial Assets and Financial Liabilities are offset and the net amount reported in the Statement of Financial Position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the Statement of Profit or Loss unless required or permitted by an Accounting Standard.

2.11. Comparative Information

The Financial Statement of the Bank provides comparative information in respect of previous periods. The accounting policies have been consistently applied by Bank with those of the previous financial year in accordance with Nepal Accounting Standard - NAS 01 (Presentation of Financial Statements), except those which had to be changed as a result of application of the new NFRS. Further, comparative information is reclassified wherever necessary to comply with the current presentation.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these Financial Statements, and deviations if any have been disclosed accordingly.

3.1. Basis of Measurement

The Financial Statements of Bank have been prepared on the historical cost basis, except for the following material items in the Statement of Financial Position:

- Financial assets other than measured at amortized cost are measured at fair value.
- Derivative financial instruments are measured at fair value, if any.
- Net defined benefit liabilities are measured at Present Value of Defined Benefits Obligation less the Total Plan Assets.

3.2. Basis of consolidation

The Bank does not have control over any other entity for consolidation of financial statements. Investments in associates are accounted for in financial statements as per cost model although associate's financial statements are not prepared using uniform accounting policies for like transactions and events in similar circumstances as it is impracticable to do so.

3.3. Cash and cash equivalent

Cash and Cash Equivalents include cash in hand, balances with banks, money at call and at short notice with maturity less than three months.

Details of the Cash and Cash Equivalents are given in Note 4.1 to the Financial Statements.

3.4. Financial Assets and Financial Liabilities

a. Recognition

All financial assets and liabilities are initially recognized on the trade date, i.e. the date that Bank becomes a party to the contractual provisions of the instrument. This includes 'regular way trades'. Regular way trade means purchases or sales of financial assets that required delivery of assets within the time frame generally established by regulation or convention in the market place.

The classification of financial instruments at the initial recognition depends on their purpose and characteristics and the management's intention in acquiring them.

b. Classification and Measurement

Financial Assets

All financial instruments are measured initially at their fair value plus transaction costs that are directly attributable to acquisition or issue of such financial instruments except in the case of such financial assets and liabilities at fair value through profit or loss, as per the Nepal Accounting Standard - NFRS 9 (Financial Instruments). Transaction cost in relation to financial assets and financial liabilities at fair value through profit or loss are dealt with the Statement of Profit or Loss.

At the inception, a financial asset is classified into one of the following:

a. Financial assets at fair value through profit or loss
   i. Financial assets held for trading
   ii. Financial assets designated at fair value through profit or loss
b. Financial Assets at amortized cost
c. Financial assets at fair value through OCI

The subsequent measurement of financial assets depends on their classification.

A. Financial Assets at Fair Value through Profit or Loss

A financial asset is classified as fair value through profit or loss if it is held for trading or is designated at fair value through profit or loss.

i. *Financial Assets Held for Trading*

Financial assets are classified as held for trading if they are acquired principally for the purpose of selling or repurchasing in the near term or held as a part of a portfolio that is managed together for short-term profit or position taking. This category also includes derivative financial instruments entered into by Bank that are not designated as hedging instruments in hedge relationships as defined by Nepal Accounting Standards NFRS 9 (Financial Instruments).

Financial assets held for trading are recorded in the Statement of Financial Position at fair value. Changes in fair value are recognized in 'Net trading income'. Dividend income is recorded in 'Net trading income' when the right to receive the payment has been established.

Bank evaluates its held for trading asset portfolio, other than derivatives, to determine whether the intention to sell them in the near future is still appropriate. When Bank is unable to trade these financial assets due to inactive markets and management's intention to sell them in the foreseeable future significantly changes, Bank may elect to reclassify these financial assets.

Financial assets held for trading include instruments such as government securities and equity instruments that have been acquired principally for the purpose of selling or repurchasing in the near term.

ii. ***Financial Assets Designated at Fair Value through Profit or Loss***

Bank designates financial assets at fair value through profit or loss in the following circumstances:

- Such designation eliminates or significantly reduces measurement or recognition inconsistency that would otherwise arise from measuring the assets
- The assets are part of a group of financial assets, financial liabilities or both, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy
- The asset contains one or more embedded derivatives that significantly modify the cash flows that would otherwise have been required under the contract.

Financial assets designated at fair value through profit or loss is recorded in the Statement of Financial Position at fair value. Changes in fair value are recorded in 'Net gain or loss on financial instruments designated at fair value through profit or losses' in the Statement of Profit or Loss. Interest earned is accrued under 'Interest income', using the effective interest rate method, while dividend income is recorded under 'Other operating income' when the right to receive the payment has been established.

The Bank has not designated any financial assets upon initial recognition as designated at fair value through profit or loss.

B. Financial Assets measured at amortized cost

Held to Maturity Financial Assets are non-derivative financial assets with fixed or determinable payments and fixed maturities which the Bank has the intention and ability to hold to maturity. After the initial measurement, held to maturity financial investments are subsequently measured at amortized cost using the effective interest rate, less impairment. The amortization is included in 'Interest income' in the Statement of Profit or Loss. The losses arising from impairment of such investments are recognized in the Statement of Profit or Loss.

The Amortized cost of a financial asset or liability is the amount at which the financial asset or liability is measured at initial recognition, minus principal repayments, plus or minus the cumulative amortization using the effective interest method of any difference between the initial amount recognized and the maturity amount, minus any reduction for impairment.

Loans and Receivables from Customers

Loans and receivables include non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than:

- Those that the Bank intends to sell immediately or in the near term and those that the Bank, upon initial recognition, designates as fair value through profit or loss
- Those that the Bank, upon initial recognition, designates as available for sale
- Those for which the Bank may not recover substantially all of its initial investment through contractual cash flows, other than because of credit deterioration.

After initial measurement, loans and receivables shall be subsequently measured at amortized cost using the effective interest rate, less allowance for impairment. The losses arising from impairment are recognized in 'Impairment charge / reversal for loans and other losses' in the Statement of Profit or Loss.

However, Bank has a policy to treat loan administration fees up to 1.5% of loan amount as immaterial. Considering those fees as immaterial and impracticable to determine reliably, same has not been considered in computation of effective interest rate as per Carve-out announcement.

Staff Loans measured at fair value

The Bank has a policy to provide home loan, hire purchase loan and home loan tied up with insurance to employees at subsidized interest rate. The Bank has measured the staff loans at fair value using the fair market interest rate. The difference of book value with fair value of loans has been shown as prepaid employee benefits.

C. Financial Assets measured at fair value through OCI

Financial assets measured through OCI include equity and debt securities. Equity Investments classified as 'Fair value through OCI' are those which are neither classified as 'Held for neither Trading 'nor 'Designated. Debt securities in this category are intended to be held for an indefinite period of time and may be sold in response to needs for liquidity or in response to changes in the market conditions.

After initial measurement, available for sale financial investments are subsequently measured at fair value. Fair value is determined in reference to quoted market price in the active share market for listed ordinary shares (Level-1 hierarchy). In case of listed promoter shares not traded in the active market, fair value has been determined considering the Net Book Value (NBV) as per published quarterly financials of immediate previous quarter in accordance with Level-3 hierarchy. Unrealized gains and losses are recognized directly in equity through 'Other comprehensive income / expense' in the 'Fair value reserve'. Where Bank holds more than one investment in the same security, they are deemed to be disposed of on a first-in-first-out basis. Interest earned whilst holding 'Financial investments at fair value through OCI' is reported as 'Interest income' using the effective interest rate. Dividend earned whilst holding 'Financial investments at fair value through OCI' are recognized in the Statement of Profit or Loss as 'other operating income' when the right to receive the payment has been established. The losses arising from impairment of such investments are recognized in the Statement of Profit or Loss under 'Impairment charge for loans and other losses' and removed from the 'Available for sale reserve'.

Financial Liabilities

At the inception, the Bank determines the classification of its financial liabilities. Accordingly, financial liabilities are classified as:

a. Financial liabilities at fair value through profit or loss

   i. Financial liabilities held for trading

   ii. Financial liabilities designated at fair value through profit or loss

b. Financial liabilities at amortized cost

A. Financial Liabilities at Fair Value through Profit or Loss

Financial Liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value and changes therein are recognized in profit or loss.

(i) Financial Liabilities Held for Trading

Financial liabilities are classified as held for trading if they are acquired principally for the purpose of selling or repurchasing in the near term or holds as a part of a portfolio that is managed together for short-term profit or position taking. This category includes derivative financial instrument entered into by Bank that are not designated as hedging instruments in hedge relationships as defined by Nepal Accounting Standard - NFRS 9 (Financial Instruments).

(ii) Financial Liabilities Designated at Fair Value through Profit or Loss

Bank designates financial liabilities at fair value through profit or loss at following circumstances:

- Such designation eliminates or significantly reduces measurement or recognition inconsistency that would otherwise arise from measuring the liabilities.

- The liabilities are part of a group of Financial assets, financial liabilities or both, which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy
- The liability contains one or more embedded derivatives that significantly modify the cash flows that would otherwise have been required under the contract.

B. Financial Liabilities at Amortized Cost

Financial instruments issued by Bank that are not classified as fair value through profit or loss are classified as financial liabilities at amortized cost, where the substance of the contractual arrangement results in Bank having an obligation either to deliver cash or another financial asset to another Bank, or to exchange financial assets or financial liabilities with another Bank under conditions that are potentially unfavorable to the Bank or settling the obligation by delivering variable number of Bank's own equity instruments.

After initial recognition, such financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Gains and losses are recognized in the Statement of Profit or Loss when the liabilities are derecognized.

Reclassification

(i) ***Reclassification of Financial Instruments 'At fair value through profit or loss',***

Bank does not reclassify derivative financial instruments out of the fair value through profit or loss category when it is held or issued.

Non-derivative financial instruments designated at fair value through profit or loss upon initial recognition is not reclassified subsequently out of fair value through profit or loss category.

Bank may, in rare circumstances reclassify financial instruments out of fair value through profit or loss category if such instruments are no longer held for the purpose of selling or repurchasing in the near term notwithstanding that such financial instruments may have been acquired principally for the purpose of selling or repurchasing in the near term. Financial assets classified as fair value through profit or loss at the initial recognition which would have also met the definition of 'Loans and Receivables' as at that date is reclassified out of the fair value through profit or loss category only if Bank has the intention and ability to hold such asset for the foreseeable future or until maturity.

The fair value of financial instruments at the date of reclassification is treated as the new cost or amortized cost of the financial instrument after reclassification. Any gain or loss already recognized in respect of the reclassified financial instrument until the date of reclassification is not reversed to the Statement of Profit or Loss.

If a financial asset is reclassified, and if Bank subsequently increases its estimates of the future cash receipts as a result of increased recoverability of those cash receipts, the effect of that increase is recognized as an adjustment to the effective interest rate from the date of the change in estimate rather than an adjustment to the carrying amount of the asset at the date of change in estimate.

(ii) Reclassification of 'Financial Assets measured at fair value through OCI'

Bank may reclassify financial assets out of the available for sale category as a result of change in intention or ability or in rare circumstances that a reliable measure of fair value is no longer available.

The fair value of financial instruments at the date of reclassification is treated as the new cost or amortized cost of the financial instrument after reclassification. Difference between the new amortized cost and the maturity value is amortized over the remaining life of the asset using the effective interest rate. Any gain or loss already recognized in Other Comprehensive Income in respect of the reclassified financial instrument is accounted as follows:

1. Financial assets with fixed maturity:

Gain or loss recognized up to the date of reclassification is amortized to profit or loss over the remaining life of the investment using the effective interest rate. If the financial asset is subsequently impaired, any previous gain or loss that has been recognized in other comprehensive income is reclassified from equity to profit or loss.

2. Financial assets without fixed maturity:

Gain or loss recognized up to the date of reclassification is recognized in profit or loss only when the financial asset is sold or otherwise disposed off. If the financial asset is subsequently impaired, any previous gain or loss that has been recognized in other comprehensive income is reclassified from equity to profit or loss.

If a financial asset is reclassified, and if Bank subsequently increases its estimates of future cash receipts as a result of increased recoverability of those cash receipts, the effect of that increase is recognized as an adjustment to the effective interest rate from the date of the change in estimate rather than an adjustment to the carrying amount of the asset at the date of change in estimate.

(iii) Reclassification of 'Financial Instruments amortized at cost'

As a result of a change in intention or ability, if it is no longer appropriate to classify an investment as amortized at cost, Bank may reclassify such financial assets as at fair value through OCI and re- measured at fair value. Any difference between the carrying value of the financial asset before reclassification and fair value is recognized in equity through other comprehensive income.

However, if Bank were to sell or reclassify more than an insignificant amount of held to maturity investments before maturity [other than in certain specific circumstances permitted in Nepal Accounting Standard – NFRS 9 (Financial Instruments: Recognition and Measurement)], the entire category would be tainted and would have to be reclassified as 'Investment measured at fair value through OCI'. Furthermore, Bank would be prohibited from classifying any financial assets as 'Held to Maturity' during the following two years. These reclassifications are at the election of management and determined on an instrument by instrument basis.

c. De-recognition

De-recognition of Financial Assets

Bank derecognizes a financial asset (or where applicable a part of financial asset or part of a group of similar financial assets) when:

- The rights to receive cash flows from the asset have expired; or
- Bank has transferred its rights to receive cash flows from the asset or
- Bank has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either Bank has transferred substantially all the risks and rewards of the asset or it has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognized) and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognized in other comprehensive income is recognized in profit or loss.

When Bank has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Bank's continuing involvement in the asset. In that case, Bank also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that Bank has retained.

When Bank's continuing involvement that takes the form of guaranteeing the transferred asset, the extent of the continuing involvement is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration received by Bank that Bank could be required to repay.

When securities classified as financial instruments designated at fair value through other comprehensive income are sold, the accumulated fair value adjustment recognized in the other comprehensive income are reclassified to the income statement as gain or loss from investment.

De-recognition of Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability.

The difference between the carrying value of the original financial liability and the consideration paid is recognized in profit or loss.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount presented in the Statement of Financial Position when and only when Bank has a legal right to set off the recognized amounts and it intends either to settle on a net basis or to realize the asset and settle the liability simultaneously. Income and expenses are presented on a net basis only when permitted under NFRSs or for gains and losses arising from a group of similar transaction such as in trading activity.

d. Determination of Fair Value

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of principal market, in the most advantageous market for asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1 - Valuation technique using quoted market price:** Financial instruments with quoted prices for identical instruments in active markets.
- **Level 2 - Valuation technique using observable inputs:** Financial instruments with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable.
- **Level 3 – Valuation technique with significant unobservable inputs:** Financial instruments valued using valuation techniques where one or more significant inputs are unobservable.

Level 1

When available, the Bank measures the fair value of an instrument using quoted prices in an active market for that instrument or dealer price quotations (assets and long positions are measured at a bid price, liabilities and short positions are measured at an asking price), without any deduction for transaction costs.

A market is regarded as active if quoted prices are readily and regularly available and represent actual and regularly occurring market transactions on an arm's length basis.

Level 2

If a market for a financial instrument is not active, then the Bank establishes fair value using a valuation technique. Valuation techniques include using recent arm's length transactions between knowledgeable, willing parties (if available), reference to the current fair value of other instruments that are substantially the same, discounted cash flow analysis, and option pricing models. The chosen valuation technique makes maximum use of market inputs, relies as little as possible on estimates specific to the Bank, incorporates all factors that market participants would consider in setting a price, and is consistent with accepted economic methodologies for pricing financial instruments. Inputs to valuation techniques reasonably represent market expectations and measures of the risk-return factors inherent in the financial instrument. The Bank calibrates valuation techniques and tests them for validity using prices from observable current market transactions in the same instrument or based on other available observable market data.

The best evidence of the fair value of a financial instrument at initial recognition is the transaction price, i.e. the fair value of the consideration given or received, unless the fair value of that instrument is evidenced by comparison with other observable current market transactions in the same instrument, i.e. without modification or repackaging, or based on a valuation technique whose variables include only data from observable markets. When transaction price provides the best evidence of fair value at initial recognition, the financial instrument is initially measured at the transaction price and any difference between this price and the value initially obtained from a valuation model is subsequently recognized in profit or loss on an appropriate basis over the life of the instrument but not later than when the valuation is supported wholly by observable market data or the transaction is closed out.

Level 3

Certain financial instruments are recorded at fair value using valuation techniques in which current market transactions or observable market data are not available. Their fair value is determined using a valuation model that has been tested against prices or inputs to actual market transactions and using the Bank's best estimate of the most appropriate model assumptions. Models are adjusted to reflect the spread for bid and ask prices to reflect costs to close out positions, credit and debit valuation adjustments, liquidity spread and limitations in the models. Also, profit or loss calculated when such financial instruments are first recorded (day 1 profit or loss) is deferred and recognized only when the inputs become observable or on de-recognition of the instrument.

Fair values reflect the credit risk of the instrument and include adjustments to take account of the credit risk of the Bank entity and the counterparty where appropriate. Fair value estimates obtained from models are adjusted for any other factors, such as liquidity risk or model uncertainties; to the extent that the Bank believes a third-party market participant would take them into account in pricing a transaction.

As a Level 3 technique of Valuation for those equity investments whose shares are not frequently and freely tradeable in market, the bank has taken the Book Net Worth of immediate previous quarter of such companies.

e. Impairment

At each reporting date, Bank assesses whether there is any objective evidence that a financial asset or group of financial assets not carried at fair value through profit or loss is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. It may not be possible to identify a single, discrete event that caused the impairment. Rather the combined effect of several event may have caused the impairment. Losses expected as a result of future events, no matter how likely are not recognized. Objective evidence that a financial asset or group of assets is impaired includes observable data that comes to the attention of the holder of the asset about the following loss events:

a. Significant financial difficulty of the issuer or obligor;

b. A breach of contracts, such as a default or delinquency in interest or principal payments;

c. The lender, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider;

d. It becoming probable that the borrower will enter bankruptcy or other financial reorganization;

e. The disappearance of an active market for that financial asset because of financial difficulties; or

f. Observable data indicating that there is a measurable decrease in the estimated future cash flows from a group of financial assets since the initial recognition of those assets, although the decrease cannot yet be identified financial assets in the group, including:

   i. Adverse changes in the payment status of borrowers in the group (e.g. an increased number of delayed payments or an increased number of credit card borrowers who have reached their credit limit and are paying the minimum monthly amount); or

   ii. National or local economic conditions that correlate with defaults on the assets in the group (e.g. an increase in the unemployment rate in the geographical area of the borrowers); a decrease in property prices for mortgages in the relevant area, a decrease in oil prices for loan assets to oil producers, or adverse changes in industry conditions that affect the borrowers in the group).

Impairment of Financial Assets carried at Amortized Cost

For financial assets carried at amortized cost, such as amounts due from banks, held to maturity investments etc., Bank first assesses individually whether objective evidence of impairment exists for financial assets that are individually significant or collectively for financial assets that are not individually significant. In the event Bank determines that no objective evidence of impairment exists for an individually assessed financial asset, financial assets in a group with similar credit risk characteristics such as collateral type, past due status and other relevant factors, etc. are collectively assessed for impairment. However, assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognized are not included in a collective assessment of impairment.

Impairment of loans and advances (financial assets measured at amortized cost) has been determined as per the directive of Nepal Rastra Bank.

If there is an objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the assets' carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not yet been incurred). The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognized in the statement of profit or loss. Interest income continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

f) Individually Assessed Financial Assets

The criteria used to determine whether there is objective evidence of impairment include and not limited to:

- Significant financial difficulty of the borrowers such as adverse financial ratios of the borrower, significant adverse future outlook, etc.
- Unfavorable statutory indicators
- Breach of contract such as a default or delinquency in interest or principal payments
- Significant drop down in fair value of collateral given and other recovery issues
- Economic or legal reasons relating to the borrower's financial difficulty

If there is objective evidence that an impairment loss on financial assets measured at amortized cost has been incurred, the amount of the loss is measured by discounting the expected future cash flows of a financial asset at its original effective interest rate and comparing the resultant present value with the financial asset's current carrying amount. The impairment allowances on individually significant accounts are reviewed more regularly when circumstances require. This normally encompasses re-assessment of the enforceability of any collateral held and the timing and amount of actual and anticipated receipts. Individually assessed impairment allowances are only released when there is reasonable and objective evidence of reduction in the established loss estimate. Interest on impaired assets continues to be recognized through the unwinding of the discount.

Loans together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realized or has been transferred to the Bank. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account. If a future write-off is later recovered, the recovery is credited to the impairment charges for loans and other losses. The recoverable value of loan is estimated on the basis of realizable value of the collateral.

When impairment losses are determined for those financial assets where objective evidence of impairment exists, the following common factors are considered:

- Bank's aggregate exposure to the customer;
- The viability of the customer's business model and their capacity to trade successfully out of financial difficulties and generate sufficient cash flows to service debt obligations;
- The amount and timing of expected receipts and recoveries;
- The extent of other creditors 'commitments ranking ahead of, or pari-passu with the Bank and the likelihood of other creditors continuing to support the company;
- The realizable value of security and likelihood of successful repossession;

ii) Collectively Assessed Financial Assets

Impairment is assessed on a collectively basis on following basis:

- To cover losses which have been incurred but have not yet been identified on loans subject to individual assessment; and
- For homogeneous groups of loans those are not considered individually significant.

Incurred but not yet been identified impairments

Individually assessed financial assets for which no evidence of loss has been specifically identified on an individual basis are grouped together according to their credit risk characteristics for the purpose of calculating an estimated collective loss. This reflects impairment losses that the bank has incurred as a result of events occurring before the reporting date, which the Bank is not able to identify on an individual loan basis and that can be reliably estimated.

These losses will only be individually identified in the future. As soon as information becomes available which identifies losses on individual financial assets within the group, those financial assets are removed from the group and assessed on an individual basis for impairment.

The collective impairment allowance is determined after taking into account:

- Historical Loss Experience in portfolios of similar credit risk; and
- Management's experience and judgment as to whether current economic and credit conditions are such that the actual level of inherent losses at the reporting date is like to be greater or less than that suggested by historical experience.

Homogeneous groups of Financials Assets

Statistical methods are used to determine impairment losses on a collective basis for homogenous groups of financial assets. Losses in these groups of financial assets are recorded on an individual basis when individual financial assets are written off, at which point they are removed from the group.

Bank uses the following method to calculate historical loss experience on a collective basis:

After grouping of loans on the basis of homogeneous risks, the Bank uses net flow rate method. Under this methodology; the movement in the outstanding balance of customers into default categories over the periods; are used to estimate the amount of financial assets that will eventually be irrecoverable, as a result of the events occurring before the reporting date which the Bank is not able to identify on an individual loan basis.

Under this methodology, loans are grouped into ranges according to the number of days in arrears and statistical analysis is used to estimate the likelihood that loans in each range will progress through the various stages of delinquency and ultimately prove irrecoverable.

The Bank has categorized overall loan into 5 products namely Term Loan, Personal Loan, Home Loan, Auto loan and Short Term Loan. The loan has been classified into various buckets on the basis of due days as: 0-90 days, 90- 180 days, 180 – 365 days and over 365 days

The Loss rate on each period has been calculated by multiplying Probability of Default (PD) with Loss Given Default (LGD). Probability of Default has been calculated on the basis of probability matrix by taking loan data since Ashad end 2069 as the basis. For the purpose of calculation of Loss Given Default (LGD), the loan which has been categorized as loss as per NRB directive, has been taken and the recovery history of the same has been analyzed upon to reach the LGD. The individually impaired loan has been subtracted from the total loan and the same has been multiplied by loss rate to calculate collective impairment. Total impairment is the sum of the collective and individual impairment.

The Bank has opted to apply carve-out issued by ICAN on impairment of loans and receivables. Accordingly, individual and collective impairment loss amount calculated as per NFRS is compared with the impairment provision required under NRB directive no. 2 and higher of the amount derived from these two is taken as impairment loss for loans and receivables as tabulated below:

Particulars	16th Poush, 2079
Total Impairment on Loan and advances to customers & BFIs	1,614,789,857
Individual Impairment	884,232,287
Collective Impairment	730,557,570
Total Loan Loss provision as per NRB norms**	4,302,758,980
Higher of Total Impairment as per NFRS or Loan Loss provision as per NRB norms in accordance with carve-out issued by ICAN	4,302,758,980

** *The Bank has prepared the loan loss provision for the period ending Poush 16, 2079 based on LLP Category as of Ashoj end 2079. As on Poush 16, 2079, there was no demand for loans and advances and as per best judgement practice, the bank adopted the provision of immediate previous quarter i.e. Ashoj end, 2079.*

Reversal of Impairment

If the amount of an impairment loss decreases in a subsequent period and the decrease can be related objectively to an event occurring after the impairment was recognized, the excess is written back by reducing the financial asset impairment allowance account accordingly. The write-back is recognized in the Statement of Profit or Loss.

Write-off of Financial Assets measured at Amortized Cost

Financial assets (and the related impairment allowance accounts) are normally written off either partially or in full, when there is no realistic prospect of recovery. Where financial assets are secured, this is generally after receipt of any proceeds from the realization of security.

Impairment of Rescheduled Loans and Advances

Where possible, the Bank seeks to restructure loans rather than to take possession of collateral. This may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms and the loan is no longer considered past due. Management continually reviews renegotiated loans to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subject to an individual impairment assessment, calculated as per the central bank's directive.

Collateral Valuation

The Bank seeks to use collateral, where possible, to mitigate its risks on financial assets. The collateral comes in various forms such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. The fair value of collateral is generally assessed, at a minimum, at inception and based on the guidelines issued by the central bank (Nepal Rastra Bank). Non-financial collateral, such as real estate, is valued based on data provided by third parties such as independent valuator and audited financial statements.

Collateral Repossessed or Where Properties have devolved to the Bank

The Bank's policy is to determine whether a repossessed asset is best used for its internal operations or should be sold. The immovable property acquired by foreclosure of collateral from defaulting customers has been accounted for as an investment property or as part of the assets of the Bank in accordance with directions issued by the Nepal Rastra Bank.

Collateral repossessed are considered as Non-Banking Assets, are the assets obtained as security for loans & advances subsequently taken over by the Bank in the course of loan recovery. Such assets are valued at fair market value or total amount due from the borrower, whichever is lower and the balance loan remaining is charged to profit or loss account in the same year.

Impairment of Financial Assets measured at fair value through OCI

For financial investments measured at fair value through OCI, Bank assesses at each reporting date whether there is objective evidence that an investment is impaired.

In the case of debt instruments, Bank assesses individually whether there is objective evidence of impairment based on the same criteria as financial assets carried at amortized cost. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortized cost and the current fair value, less any impairment loss on that investment previously recognized in the Income Statement. Future interest income is based on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. If, in a subsequent period, the fair value of a debt instrument increases and the increase can be objectively related to a credit event occurring after the impairment loss was recognized, the impairment loss is reversed through the Income Statement.

In the case of equity investments classified as fair value through OCI, objective evidence would also include a 'significant' or 'prolonged' decline in the fair value of the investment below its cost. Where there is evidence of impairment, the cumulative loss measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that investment previously recognized in profit or loss is removed from equity and recognized in the Statement of profit or loss. However, any subsequent increase in the fair value of an impaired available for sale equity security is recognized in other comprehensive income.

Impairment of Non-Financial Assets

The Bank assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Bank estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or the fair value of the Cash Generating Units (CGU) fair value less costs to sell and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre–tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used.

3.5. Trading Assets

Financial assets such as government securities, equity etc. held for short term with an intention to trade have been classified as trading assets. Trading assets are measured at fair value with any changes in fair value being recognized in Profit or Loss.

3.6. Derivative assets and derivative liabilities

Derivatives are financial instruments that derive their value in response to changes in interest rates, financial instrument prices, commodity prices, foreign exchange rates, credit risk and indices. Derivatives are categorized as trading unless they are designated as hedging instruments.

Derivatives are initially recognized and subsequently measured at fair value, with revaluation gains recognized in profit or loss (except where cash flow or net investment hedging has been achieved, in which case the effective portion of changes in fair value is recognized within other comprehensive income).

Fair value may be obtained from quoted market prices in active markets, recent market transactions, and valuation techniques, including discounted cash flow models and option pricing models, as appropriate. Where the initially recognized fair value of a derivative contract is based on a valuation model that uses inputs which are not observable in the market, it follows the same initial recognition accounting policy as for other financial assets and liabilities.

3.7. Property, Plant and Equipment

Recognition

Property, plant and equipment are tangible items that are held for use in the production or supply of services, for rental to others or for administrative purposes and are expected to be used during more than one period. The Bank applies the requirements of the Nepal Accounting Standard - NAS 16 (Property, Plant and Equipment) in accounting for these assets. Property, Plant and Equipment are recognized if it is probable that future economic benefits associated with the asset will flow to the entity and the cost of the asset can be measured reliably measured.

Measurement

An item of property, plant and equipment that qualifies for recognition as an asset is initially measured at its cost. Cost includes expenditure that is directly attributable to the acquisition of the asset and cost incurred subsequently to add to, replace part of an item of property, plant & equipment. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to a working condition for its intended use and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalized as part of computer equipment. When parts of an item of property or equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Cost Model

Property and equipment is stated at cost excluding the costs of day–to–day servicing, less accumulated depreciation and accumulated impairment in value. Such cost includes the cost of replacing part of the equipment when that cost is incurred, if the recognition criteria are met.

Revaluation Model

The Bank has applied the revaluation model for freehold land. Freehold Land is revalued at Fair Value whereas remaining classes of assets were carried at Cost less applicable depreciations and other impairments, if any.

On revaluation of an asset, any increase in the carrying amount is recognized in 'Other comprehensive income' and accumulated in equity, under capital reserve or used to reverse a previous revaluation decrease relating to the same asset, which was charged to the Statement of Profit or Loss. In this circumstance, the increase is recognized as income to the extent of previous write-down. Any decrease in the carrying amount is recognized as an expense in the Statement of Profit or Loss or debited to the Other Comprehensive income to the extent of any credit balance existing in the capital reserve in respect of that asset.

The decrease recognized in other comprehensive income reduces the amount accumulated in equity under capital reserves. Any balance remaining in the revaluation reserve in respect of an asset is transferred directly to retained earnings on retirement or disposal of the asset.

Subsequent Cost

The subsequent cost of replacing a component of an item of property, plant and equipment is recognized in the carrying amount of the item, if it is probable that the future economic benefits embodied within that part will flow to the Bank and it can be reliably measured. The cost of day to day servicing of property, plant and equipment are charged to the Statement of Profit or Loss as incurred.

De-recognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use. The gain or losses arising from de-recognition of an item of property, plant and equipment is included in the Statement of Profit or Loss when the item is derecognized. When replacement costs are recognized in the carrying amount of an item of property, plant and equipment, the remaining carrying amount of the replaced part is derecognized. Major inspection costs are capitalized. At each such capitalization, the remaining carrying amount of the previous cost of inspections is derecognized. The gain or losses arising from de-recognition of an item of property, plant and equipment is included in profit or loss when the item is derecognized.

Depreciation

Depreciation is calculated by using written down value method.

The depreciable amount of an item of property, plant and equipment is allocated on systematic basis over its useful life and is depreciated as follows:

Nature of Asset	Depreciation Rate
Building	5%
Office Equipment, Computer & Accessories and Furniture & Fixtures	25%
Vehicles	20%
Leasehold Assets	Lease term or a 5 year's period, whichever is earlier

Depreciation on assets acquired during the year is computed on a proportionate basis from date of available for use, whichever is earlier.

Changes in Estimates

The asset's residual values, useful lives and methods of depreciation are reviewed, and adjusted if appropriate, at each financial year end.

Capital Work in Progress

These are expenses of capital nature directly incurred in the construction of freehold and leasehold buildings, major plant and machinery and system development, awaiting capitalization, of which final billing is yet to be obtained at reporting date. Capital work-in-progress would be transferred to the relevant asset when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management. Capital work-in-progress is stated at cost less any accumulated impairment losses, if any.

3.8. Goodwill and Intangible Assets

Recognition

An intangible asset is an identifiable non-monetary asset without physical substance, held for use in the production or supply of goods or services, for rental to others or for administrative purposes. An intangible asset is recognized if it is probable

that the future economic benefits that are attributable to the asset will flow to the entity and the cost of the asset can be measured reliably. An intangible asset is initially measured at cost. Expenditure incurred on an intangible item that was initially recognized as an expense by the Bank in previous annual Financial Statements or interim Financial Statements are not recognized as part of the cost of an intangible asset at a later date.

Computer Software

Cost of purchased licenses and all computer software costs incurred, licensed for use by the Bank, which are not integrally related to associated hardware, which can be clearly identified, reliably measured, and it's probable that they will lead to future economic benefits, are included in the Statement of Financial Position under the category 'Intangible assets' and carried at cost less accumulated amortization and any accumulated impairment losses.

Goodwill

Goodwill, if any that arises upon the acquisition of Subsidiaries is included in intangible assets. No such Goodwill arose during the reporting period ended on Poush 16, 2079.

Subsequent Expenditure

Expenditure incurred on software is capitalized only when it is probable that this expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standard of performance and this expenditure can be measured and attributed to the asset reliably. All other expenditure is expensed as incurred.

Goodwill is measured at cost less accumulated impairment losses.

Amortization of Intangible Assets

Intangible Assets, except for goodwill, are amortized on a straight–line basis in the Statement of Profit or Loss from the date when the asset is available for use, over the best of its useful economic life based on a pattern in which the asset's economic benefits are consumed by the bank. Amortization methods, useful lives, residual values are reviewed at each financial year end and adjusted if appropriate. The Bank assumes that there is no residual value for its intangible assets.

Acquired computer software licenses are capitalized on the basis of cost incurred to acquire and bring to use the specific software and are amortized over their useful life estimated as 5 years from the date of acquisition or over the period of the license, whichever is less.

De-recognition of Intangible Assets

The carrying amount of an item of intangible asset is derecognized on disposal or when no future economic benefits are expected from its use. The gain or loss arising on de recognition of an item of intangible assets is included in the Statement of Profit or Loss when the item is derecognized.

3.9. Investment Property and Non-Current Assets held for sale

3.9.1 Investment property

Investment property is the land or building or both held either for rental income or for capital appreciation or for both, but not sold in ordinary course of business.

Investment property is initially measured at cost and subsequently at cost model till the previous financial year ending 32nd Ashad, 2079. However, for the current period ended on Poush 16, 2079, the bank has re-measured the investment property on Fair Value less impairment loss, if any. The Fair Value for the same has been carried forward as per DDA report for merger between Kumari Bank Limited and NCC Bank Limited. Due to impracticable circumstances, the re-measurement of Investment Property has been carried on prospective basis and the details and impact of such re-measurement has been shown in Note 3.24 below.

Any gain or loss on disposal of an investment property is recognized in Statement of Profit or Loss. When the use of a property changes such that it is reclassified as property and equipment, its fair value at the date of reclassification becomes its cost for subsequent reporting.

Investment property also includes land, land and building acquired as non-banking assets by the Bank but not sold.

3.9.2 Non-Current Assets held for sale

Non-current assets (or disposal groups) are classified as assets held for sale and carried at lower of carrying amount and fair value less costs to sell if their carrying amount is recovered principally through a sale transaction rather than through continuing use. The assets are not depreciated or amortized while they are classified as held for sale. Any impairment loss on initial classification and subsequent measurement is recognized as an expense. Any subsequent increase in fair value less costs to sell (not exceeding the accumulated impairment loss that has been previously recognized) is recognized in the statement of Profit or Loss.

3.10. Income Tax

As per Nepal Accounting Standard- NAS 12 (Income Taxes), tax expense is the aggregate amount included in determination of profit or loss for the period in respect of current and deferred taxation. Income Tax expense is recognized in the statement of Profit or Loss, except to the extent it relates to items recognized directly in equity or other comprehensive income in which case it is recognized in equity or in other comprehensive income.

Current Tax

Current tax assets and liabilities consist of amounts expected to be recovered from or paid to Inland Revenue Department in respect of the current year, using the tax rates and tax laws enacted or substantively enacted on the reporting date and any adjustment to tax payable in respect of prior years.

Deferred Tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination, and at the time of transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carried forward unused tax credits and unused tax losses (if any), to the extent that it is probable that the taxable profit will be available against which the deductible temporary differences, carried forward unused tax credits and unused tax losses can be utilized except:

- Where the deferred tax asset relating to the deductible temporary differences arising from the initial recognition of an asset or liability in a transaction that is not a business combination, and at the time of transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in Subsidiaries, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary difference will be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is probable that sufficient profit will be available to allow the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Current and deferred tax assets and liabilities are offset only to the extent that they relate to income taxes imposed by the same taxation authority.

3.11. Deposits, debt securities issued and subordinated liabilities

Deposits, debt securities issued and subordinated liabilities have been measured at amortized cost. Bank has a policy to treat debt securities issue expenses up to 1.5% of debt securities issue price as immaterial, thus the same has not been considered in computation of fair value of debt securities.

3.12. Provisions

A provision is recognized if, as a result of a past event, the Bank has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. The amount recognized is the best estimate of the consideration required to settle the present obligation at the reporting date, taking in to account the risks and uncertainties surrounding the obligation at that date. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is determined based on the present value of those cash flows. A provision for onerous contracts is recognized when the expected benefits to be derived by the Bank from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured as the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract.

Before a provision is established, the Bank recognizes any impairment loss on the assets associated with that contract. The expense relating to any provision is presented in the Statement of Profit or Loss net off any reimbursement.

3.13. Retained Earning

Retained earnings are the amount of profit a company has left over after paying all its direct costs, indirect costs, income taxes and its dividends to shareholders. They are the accumulated profits which has not been distributed to shareholders and has been ploughed back in the licensed institution's operations and is free for distribution of dividend to the shareholders.

During the reporting period the bank has made following adjustments directly from the retained earnings related to prior period.

Particulars	Amount
Tax Assessment Settlement for FY 2074-75 (from advance deposited)	352,553,840.18
Tax Assessment Settlement for FY 2074-75 (Additional- NFRS Interest)	203,546,217.51
Tax Assessment Settlement for FY 2069-70 & FY 2070-71 (on lost cases - from advance deposited)	11,031,830.21
Tax Assessment Settlement for FY 2069-70 & FY 2070-71 (on lost cases - additional)	5,049,909.82
Tax Assessment Settlement of Supreme Dev Bank for FY 2073-74 Bakeuta No. 5301498	3,415,395.00
Tax Assessment Settlement of Supreme Dev Bank for FY 2071-72 Bakeuta No. 5300132	34,037.00
Butwal Branch - House Rent Related	-58,200.00
Non-Banking Assets KTM- Adjustment	36.47
Siddharthanagar Branch - Double entry adjustment	10,800.00
Opening lease adjustment	-275,107.25
Total Adjustments made directly from Retained Earnings	575,308,758.94

3.14. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to Bank and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized.

Interest Income

For all financial instruments measured at amortized cost, interest bearing financial assets classified as measured at fair value through OCI and financial instruments designated at fair value through profit or loss, interest income or expense is recorded using the EIR. EIR is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or financial liability.

The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options) and includes any fees or incremental costs that are directly attributable to the instrument and are an integral part of the EIR, but not future credit losses. The carrying amount of the financial asset or financial liability is adjusted if the bank revises its estimates of payments or receipts. The adjusted carrying amount is calculated based on the original EIR and the change in carrying amount is recorded as 'Interest income' for financial assets and 'Interest and similar expense' for financial liabilities. However, for a reclassified financial asset for which the bank subsequently increases its estimates of future cash receipts as a result of increased recoverability of those cash receipts, the effect of that increase is recognized as an adjustment to the EIR from the date of the change in estimate.

The Bank has a policy to treat loan administration fees up to 1.5% of loan amount as immaterial. Considering loan administration and other fees as immaterial and impracticable to determine reliably, same has not been included in computation of effective interest rate as per Carve-out pronouncements.

Once the recorded value of a financial asset or a group of similar financial assets has been reduced due to an impairment loss, interest income continues to be recognized using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

Further, as per Nepal Financial Reporting Standard, revenue shall be measured at the fair value of the consideration received or receivable. Revenue is the gross inflow of economic benefits during the period arising in the course of ordinary activities of an entity when those inflows result in increase in equity, other than increases relating to contributions from equity participants.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Revenue is recognized only when it is probable that the economic benefits associated with the transaction will flow to the entity. As per the conceptual framework, the concept of probability is used in the recognition criteria to refer to the degree of uncertainty that the future economic benefits associated with the item will flow to or from the entity. The concept is in keeping with the uncertainty that characterizes the environment in which an entity operates. Assessments of the degree of uncertainty attaching to the flow of future economic benefits are made on the basis of the evidence available when the financial statements are prepared.

Further, Nepal Rastra Bank had issued the Interest Recognition Guidelines, 2019 which set the framework for the recognition of interest income. Accordingly, the Bank has recognized the interest income except for the interest accrued from following criteria as stated by the Guidelines:

a. Loans where there is reasonable doubt about the ultimate collectability of principal or interest;

b. Loans against which individual impairment as per NAS 39 or lifetime impairment as per NFRS 9 has been made;

c. Loans where contractual payments of principal and/or interest are more than 3months in arrears and where the "net realizable value" of security is insufficient to cover payment of principal and accrued interest;

d. Loans where contractual payments of principal and/or interest are more than12 months in arrears, irrespective of the net realizable value of collateral;

e. Overdrafts and other short term facilities which have not been settled after the expiry of the loan and even not renewed within 3 months of the expiry, and where the net realizable value of security is insufficient to cover payment of principal and accrued interest;

f. Overdrafts and other short term facilities which have not been settled after the expiry of the loan and even not renewed within 12 months of the expiry, irrespective of the net realizable value of collateral.

Out of total interest accrual of Rs. 6,229,987,654 till Poush 16 2079, the Bank has not recognized interest income of Rs. 2,399,496,542 in accordance with above clause (d) and (f), of Rs. 401,813,726 in accordance with above clause (a) and of Rs. 79,839,713 in accordance with above clause (c) and (e). Accordingly, the Bank has recognized accrued interest income of Rs. 3,348,837,674 in the financial statements of FY 2079/80 upto Poush 16, 2079.

Fees and Commission Income

Fees & commission income that are integral to the effective interest rate on a financial asset are included in measurement of effective interest rate. Other fees and commission income including management fee, service charges, and syndication fee and foreign exchange transaction commission are recognized as the related services are performed.

Dividend Income

Dividend income is recognized when the right to receive payment is established.

Net Trading Income

Gain and losses arising in changes in fair value of financial instrument held at fair value through profit or loss are included in Statement of Profit or Loss in the period in which they arise.

These includes the net gain / (loss) on translation of period and balances carried in foreign exchange to the Nepalese Rupee.

Net income from other financial instrument measured at fair value through Profit or Loss

Gains and losses arising from changes in the fair value of other financial instruments held at fair value through profit or loss are included in the Statement of Profit or Loss in the period in which they arise.

3.15. Interest expense

For all financial liabilities measured at amortized cost, interest expense is recognized using the EIR. EIR is the rate that exactly discounts estimated future cash payments through the expected life of the financial liabilities or a shorter period, where appropriate, to the net carrying amount of the financial liability.

3.16. Employee Benefits

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which the Bank makes fixed contribution into a separate Bank account (a fund) and will have no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employee benefits relating to employee services in the current and prior periods as defined in Nepal Accounting Standards – NAS 19 (Employee Benefits).

The contribution payable by the employer to a defined contribution plan in proportion to the services rendered to Bank by the employees and is recorded as an expense under 'Personnel Expense' as and when they become due. Unpaid contributions are recorded as a liability under 'Other Liabilities' in Notes 4.23.

Bank contributed 10% of the salary of each employee to the Employees' Provident Fund. The above expenses are identified as contributions to 'Defined Contribution Plans' as defined in Nepal Accounting Standards – NAS 19 (Employee Benefits).

Defined Benefit Plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Accordingly, staff gratuity and leave encashment has been considered as defined benefit plans as per Nepal Accounting Standards – NAS 19 (Employee Benefits).

(a) Gratuity

An actuarial valuation is carried out every year to ascertain the full liability under gratuity. Bank's obligation in respect of defined benefit obligation is calculated by estimating the amount of future benefit that employees have earned for their service in the current and prior periods and discounting that benefit to determine its present value, then deducting the fair value of any plan assets to determine the net amount to be shown in the Statement of Financial Position. The value of a defined benefit asset is restricted to the present value of any economic benefits available in the form of refunds from the plan or reduction on the future contributions to the plan. In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirement that apply to any plan in Bank. An economic benefit is available to Bank if it is realizable during the life of the plan, or on settlement of the plan liabilities.

Bank determines the interest expense on the defined benefit liability by applying the discount rate used to measure the defined benefit liability at the beginning of the annual period. The discount rate is the average yield on government bonds issued during the period having maturity of five years or more.

The increase in gratuity liabilities attributable to the services provided by employees during the period ended Poush 16, 2079 (current service cost) has been recognized in the Statement of Profit or Loss under 'Personnel Expenses' together with the net interest expense. Bank recognizes the total actuarial gain/ (loss) that arise in computing Bank's obligation in respect of gratuity in other comprehensive income during the period in which it occurs.

The demographic assumptions underlying the valuation are retirement age, early withdrawal from service and retirement on medical grounds.

(b) Unutilized Accumulated Leave

The Bank has provision of providing annual leave and sick leave facility in accordance with Employee Bylaws of the Bank. Annual leave can be accumulated up to 90 days while sick leave can be accumulated up to the date of retirement in accordance with Employee Bylaws of the Bank. The Bank's liability towards the accumulated leave which is expected to be utilized beyond one year from the end of the reporting period is treated as other long term employee benefits. Bank's net obligation towards unutilized accumulated leave is calculated by discounting the amount of future benefit that employees have earned in return for their service in the current and prior periods to determine the present value of such benefits. The discount rate is the average yield on government bonds issued during the period having maturity of five years or more. The calculation is performed using the Projected Unit Credit method. Net change in liability for unutilized accumulated leave including any actuarial gain and loss are recognized in the Statement of Profit or Loss under 'Personnel Expenses' in the period in which they arise.

3.17. Leases

The Bank has taken on leases buildings/space in different parts of the country for operating its branches. For leases over office buildings and premises, the Bank must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease. Further, the Bank must ensure items of property, plant and equipment and incur maintenance fees on such items in accordance with the lease contracts, if any provided. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset under "Other Assets" and a lease liability under "Other liability".

Variable lease payments which do not depend on an index or a rate (such as lease payments based on a percentage of Bank revenue, etc.), if any, are excluded from the initial measurement of the lease liability and asset. The Bank classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Lease payments not recognized as a liability

The Bank has elected not to recognize a lease liability for short term leases (leases of expected term of 12 months or less) or for leases of low value assets. Payments made under such leases are expensed on a straight-line basis. In addition, certain variable lease payments are not permitted to be recognized as lease liabilities and are expensed as incurred.

Information about leases for which the Bank is a lessee is presented below:

(i) **Right-of-use assets**

Additional information on the right-of-use assets by class of assets is as follows:

Balance at Shrawan 1, 2079	1,481,585,372
Depreciation for period till Poush 16, 2079	84,848,143
Addition to Right - of - use assets	-
Deletion to Right - of - use assets	2,052,482
Balance at as Poush 16, 2079	1,396,737,230

Lease liabilities : Lease liabilities are presented in the statement of financial position as follows:

Balance at Shrawan 1, 2079	1,524,449,934
Payment of lease for till Poush 16, 2079	101,423,055
Interest expenses for till Poush 16, 2079	50,611,048
Balance as at Poush 16, 2079	1,473,637,928
Currrent lease liabilities	123,048,003
Non-current lease liabilities	1,350,589,925

ii. Amounts recognized in the statement of profit or loss

Interest expenses on lease liabilities	50,611,048
Depreciation on ROU Assets	84,848,143
Expenses relating to short-term leases	2,860,324

iii. Amounts recognized in the statement of cash flows

Total cash outflow for leases	101,423,055

3.18. CSR Expenses

The bank has recognized CSR expenses under Other Operating Expenses through Profit and Loss Statement in current period. Previously, CSR Fund was directly utilized for CSR expenses.

3.19. Foreign currency translation

All foreign currency transactions are translated into the functional currency, which is Nepalese Rupees, using the exchange rates prevailing at the dates when the transactions were affected.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to Nepalese Rupees using the spot foreign exchange rate ruling at that date and all differences arising on non-trading activities are taken to 'Other Operating Income' in the Statement of Profit or Loss. The foreign currency gains or loss on monetary items is the difference between amortized cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortized cost in foreign currency translated at the rates of exchange prevailing at the end of the reporting period.

Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items in foreign currency measured at fair value are translated using the exchange rates at the date when the fair value was determined.

Foreign exchange differences arising on the settlement or reporting of monetary items at rates different from those which were initially recorded are dealt with in the Statement of Profit or Loss. However, foreign currency differences arising on available-for-sale equity instruments are recognized in other comprehensive income.

3.20. Contingent liabilities and commitments

Contingent liabilities are possible obligations whose existence depends on the outcome of uncertain future events or those present obligations where the outflow of resources are uncertain or cannot be measured reliably. Contingent liabilities are not recognized in financial statements but are disclosed unless they are remote.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs. Details of contingent liabilities and commitments provided by the bank on the reporting date are presented in Note 4.28.

Financial guarantee and loan commitment

A financial guarantee contract is contract that requires the issuer to make specified payment to reimburse the holder for loss it incurs because a specified debtor fails to make the payment when due. Financial guarantee contracts may have various legal forms such as guarantee, some type of letter of credit, etc. Where the Bank has confirmed its intention to provide the fund to a customer or on behalf of customer in the form of loan and advances, whether cancellable or not and the Bank had not made payments at the reporting date, those instruments are included in this financial statement as commitment.

3.21. Earnings per share including diluted

Bank presents basic and diluted Earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit and loss attributable to ordinary equity holders of Bank by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting both the profit and loss attributable to the ordinary equity holders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares, if any. Basic and diluted Earnings per share (EPS) have been restated for prior period in accordance with NAS 33 - Earning per Share.

3.22. Segment Reporting

An operating segment is a component of the bank that engages in business activities from which it earns revenues and incurs expenses, including revenues and expenses that relate to transactions with any of the bank's other components, whose operating results are reviewed by the management to make decision about resource allocation to each segment and assess its performance.

Segment results that are reported to the CEO (being the Chief Operating Decision Maker) include items directly attributable to a segment as well as those that can be allocated on reasonable/ appropriate basis. Unallocated items comprise mainly common un-allocable assets/ liabilities/ expenses and tax assets/ liabilities/ expenses.

3.23. Regulatory Reserve

Regulatory Reserve include the amount allocated from the profit or retained earnings of the Bank as per NRB Directive since the implementation of NFRS. The amount allocated to this reserve shall not be regarded as free for distribution of dividend (cash as well as bonus shares).

1	Land & Building	429,846,060	856,042,227	426,196,167

ii) Adjustments made for Calculation of Taxable Income and Tax Liability

For the calculation of Taxable income as per Income tax, following impact due to merger and revaluation has been considered:

a) **Impact on Depreciation expense:**

Due to merger, the Bank has treated the transfer of Fixed Assets to merged Institution as disposal of Assets for Tax purpose due to which the Depreciation Base for calculation of Fixed Assets is NIL and it has impact of reversal of Depreciation and increase in taxable.

b) **Impact on Repair and Maintenance expense:**

For the calculation of allowable repairs and maintenance u/s 16 of Income Tax Act, 2058, the test of 7% Depreciable Tax base has not been considered and actual repair and maintenance cost has been claimed during calculation of taxable income.

c) **Impact on Asset Revaluation due to Fair Value:**

The increase in value of Assets due to measurement at Fair value has been considered as taxable income amounting to NPR. 527,015,994 and applicable tax of 30% has been calculated and provisioned during the period ending Poush 16, 2079.

S.N.	Particulars	Amount
A	Add:

	Tax Impact @ 30%	180,626,234

iii) Application for Advance Ruling related to various Tax issues related to merger

Further, Kumari Bank Limited has filed an application for Advance Ruling related with various doubtful and ambiguous provision of Income Tax Act, 2058 that is related to the financials of NCC Bank Limited and with transfer of assets and liabilities to Kumari Bank limited after merger. The application has been filed with Inland Revenue Tribunal, Lazimpat on 2079/11/11 on following issues and the bank has provided its opinion as below:

a) Section 45 (1) of Income Tax Act, 2058

If any person disposes any property by transferring it to an associated person or any other person for no consideration, the following provisions shall apply:

(a) The person who has disposed the property shall be deemed to have received the amount equal to the market value of that property at the time of disposal for the disposal, and

(b) The person who has acquired the property through disposal shall be deemed to have incurred cost in a sum equal to clause (a).

Provided that this provision shall not apply where the provision of Section 45 applies.

(c) In the case of the property transferred pursuant to sub clause (5) of clause (r) of Section 2, the costs incurred by the person transferring such property shall be deemed to be the costs incurred by the person acquiring such property.

The bank is of view that Section 45 does not apply in case of NCC Bank Limited as there is consideration during transfer of assets and liabilities to the Shareholders. The equity holders of NCC Bank Limited has obtained equal number of equity shares of Kumari Bank Limited. If any person disposes any property by transferring it to an associated person or any other person for no consideration.

b) Section 46 (3) of Income Tax Act, 2058 and Rule 16 of Income Tax Rules, 2059

The circumstances where involuntary disposal is created after substitution of one security of any entity for another security as a result of a change in the security of the interest in the entity or restructuring of the entity shall be as follows:

(1) In cases where, by virtue of the unification or restructuring of any entity, the interest of any person in any entity is replaced by another interest of that entity or by the interest of any other entity, an involuntary disposal shall be deemed to have been created.

(2) In cases where an involuntary disposal is created pursuant to Sub-rule (1), the entity or person shall submit an application to the Department for an approval.

(3) The Department may provide approval on the application submitted pursuant to Sub-rule (2).

Pursuant to the above provision, the involuntary disposal of securities of shareholders of NCC Bank Limited has occurred and also there is substitution of equity share of Kumari Bank Limited to the existing equity shareholder of NCC Bank Limited in swap ratio of 1:1 and application has been made to department for approval regarding the same. Hence, the bank is of view that Section 55 of Income Tax Act does not apply.

c) Section 59 (1a) of Income Tax Act, 2058

Amount up to five percent of the amount of loan due to be recovered kept in the risk bearing fund by the person operating banking business and amount managed for non-banking property shall be deducted as expenses, subject to the standards prescribed by the Nepal Rastra Bank.

The bank plans to transfer the Risk bearing fund to Kumari Bank Limited in same way as other assets and liabilities and consider the same for calculation of allowable loan loss provision as per Section 59(1a) of the Act.

नगद तथा नगद समान

१६ पुस २०७९

अनुसूची ४.१

Cash and Cash Equivalent comprise the total amount of cash-in-hand ,balances with other bank and financial institutions(net of allowances ,if any), money at call and short notice, and highly liquid financial assets with original maturities of three months or less from the acquisition date that are subject to an insignificant risk of changes in their fair value and cash in transit presented as follows:

General reserve is the statutory reserve. In this reserve, the amount transferred from appropriation of 20% of the net profit after tax according to the Banks and Financial Institutions Act, 2073 shall be included until the reserve fund is twice the paid-up share capital. No type of dividend (cash or bonus share) shall be distributed from the amount in general/statutory reserve. The movement in general reserve during the period is as follows:

Opening Balance	2,478,305,514
Transfer as per BAFIA	104,489,572
Closing Balance	2,582,795,086

ख) सटही समिकरण कोष

Exchange equalization reserve is a statutory reserve. The Bank has to allocate 25 percent of foreign exchange revaluation gain on foreign currency other than India currency to this reserve as per provision of the Bank and Financial Institution Act, 2073. Any amount allocated to exchange equalization reserve as per the provision of the Bank and Financial Institutions Act, 2073 shall be presented under this heading, the movement of which is as follows:

Opening Balance	6,709,198
Transfer as per BAFIA	2,225,055
Closing Balance	8,934,253

ग) संस्थागत सामाजिक उत्तरदायित्व कोष

As per NRB direction, the fund created for the purpose of corporate social responsibility by allocating 1% of the net profit each year is presented under this account head. Movement in the fund is as follows:

Opening Balance	25,350,935
Addition during the period	5,224,479
(Expenses during the period)	(4,227,628)
Closing Balance	26,347,785

घ) पुँजी फिर्ता जगेडा कोष

There is no any balance both opening and closing,and no any allocation during the period in this reserve.

ङ) लगानी समायोजन कोष

It is a regulatory reserve created as a cushion for adverse price movements in Bank's investments as directed by the Directives of Nepal Rastra Bank. The Bank had made investment of Rs. 10,800,000 in Unique Nepal Laghubitta Bittiya Sanstha Limited (unlisted company) which has commenced joint operation after merger with Ghodaghodi Laghubitta Bittya Sanstha Limited (a listed company). So investment adjustment reserve has not been created during the period.

Opening Balance	-
Transfer as per directive	-
Closing Balance	-

च) पुँजीगत जगेडा कोष

Capital reserve arising out of merger is presented under this head.There is no any balance in this reserve.

छ) सम्पत्ति पुनःमूल्याङ्कन कोष

Asset revaluation adjusts the value of a fixed asset to its existing fair value of the assets, either increasing or decreasing its carrying value. It can happen when an asset appreciates or depreciates in value or during a merger or sale. The bank has merged itself with Kumari Bank Limited and started its joint operation from Poush 17, 2079 and transferred its assets at Fair Value. Hence, asset revaluation reserve has been created from revaluation of assets during the period which is as below.

Opening Balance	-
Addition/(Reduction)	327,441,536
Closing Balance	327,441,536

ज) फेयर मूल्य कोष

The fair value reserve comprises the cumulative net change in the fair value of financial assets that are measured at fair value and the changes in fair value is recognized in other comprehensive income, until the assets are derecognised. The cumulative amount of changes in fair value of those financial assets is presented under this account head. Changes in this reserve is as follows:

Opening Balance	147,313,259
Addition/(Reduction)	(105,843,599)
Closing Balance	41,469,660

झ) लाभांश समिकरण कोष

For the purpose of maintaining uniformity in dividend payment, certain amount of profit during the period of profit making may be transferred is presented under this account head. No such fund has been maintained by the Bank.

ञ) डिवेन्चर फिर्ता जगेडा कोष

The bank has issued debentures worth Rs. 3000 million during the financial year 2077/78. So, the bank has to create the Debenture redemption reserve on all the years till maturity of debenture on proportionate basis except for the year of issue and redemption of debenture (i.e. from FY 2078/79 to FY 2085/86). However, as per NRB directive, the banks and financial institutions meeting the minimum capital requirement and having maturity period of debenture more than 5 years may not allocate the amount to debenture redemption reserve for the distribution of bonus shares for particular fiscal year and needs to allocate the amount to other remaining years proportionately. Accordingly, the bank has not allocated the amount to debenture redemption reserve for the period till Poush 16, 2079.

Opening Balance	-
Addition during the period	-
Closing Balance	-

ट) विमाङ्कित नाफा/(नोक्सान) कोष

Actuarial gain or loss that represents change in actuarial assumptions used to value employee obligations is presented under this account head. Changes in this reserve is as follows:

Opening Balance	(177,687,476)

5. Disclosures & Additional Information

5.1 Risk Management

Risk Management Function in NCC Bank has been established to ensure that all material risks, the possibility that an event will occur and adversely affect the achievement of objectives, are identified measured and managed at a reasonable level. The main objective is to achieve proper balance between risk and return based on assessment of potential risk factors in both normal and stressed conditions. Banking activities deal with different sort of risk management to a large extent they are: credit risk; market risk; operational risk; liquidity risk; compliance risk and others. Board-level Risk Management Committee oversees the risk management function of the Bank and regularly monitors stress testing and sufficiency of policies, procedures, guidelines. The Committee further instructs management to take proactive measure to minimize risks time to time.

To manage credit risk, separate Credit Risk Management Department has been established. Risk Officers are deputed to look into credit risk. All Credit files exceeding prescribed Credit Approval Discretion (CAD) limit routes through Credit Risk Management Department and those exceeding prescribed limit through Chief Risk Officer. Similarly, Collection and Recovery Department has been established to manage non-performing loan of the Bank.

Management level Risk Management Sub-Committee has been established to assess, discuss and minimize various risks associated with banking activities. Various areas such as credit risk, market risk, liquidity risk, and operation risk are discussed in the meeting and subsequently, the findings and deliberations are placed in the Board Level Risk management Committee for further advice/instruction.

Credit Risk

Credit Risk (Counterparty Risk) is the chance for loss due to the failure of borrower to meet its contractual obligation to repay debt in accordance with the agreed covenants and terms. NCC Bank has given the highest focus on effective credit risk management. Creation of credit (loans and advances), being the risk asset of the Bank, has been guided by the basic ethical business principles, risk mitigation practices, prudential banking norms and other regulatory compliances to ensure the health of the assets and sustainable growth of the Bank. The Bank has established a separate Credit Risk Management Department for analyzing/identifying inherent risk in credit. This department has been entrusted to review all credit proposals. This is an independent unit empowered to assess risk in business, suggesting ways of mitigating the risks thereby creating a good loan portfolio. Such risks are considered warranted when they are understandable, measurable, controllable, and within the Bank's capacity to readily bear adverse results. Effective credit risk management requires effective credit assessment. The Bank has adequate qualified credit risk officers to maintain the quality credit portfolio. The Bank has set the overall credit risk policy to establish sound risk environment, operating under a sound granting/lending process, maintain an appropriate credit administration/monitoring process, ensuring adequate controls over credit risk etc. for maintaining the good credit portfolio of the Bank. Following are adopted to identify and mitigate credit risk:

The credit proposals are assessed through a comprehensive credit evaluation process upon adopting the credit policies and practices of the Bank prior to the approval. Credit proposals are routed through the Credit Risk Management Department which reviews the accuracy of classification of borrowers classified by branches according to risk grade to reflect the default risk.

The performance of credit is affected by a large number of factors which are always carefully analyzed. In addition, additional securities like fixed assets collateral and personal/corporate/third party guarantee are also taken into consideration in the analysis of probability of default.

The Credit Risk Management Department identifies various risks associated with the credit proposals forwarded by the relationship managers that are duly addressed along with suggestion of mitigates prior to forwarding the credit for approval at various stages based on the credit limits proposed.

Approved credit facilities are then forwarded to the Centralized Credit Operation Department for post approval related functions like verification of security documents amongst others after which the limits are implemented in the system. The Bank has the policy of periodic review of disbursed credit facilities where the change in risk levels is determined through periodic review and monitoring.

The Bank is vigilant on identification of early warning signals in financial difficulties of the borrowers; proactive actions are initiated by the management to mitigate the risk of loss.

Regular monitoring by way of on-site inspection of the borrowers business is conducted on the basis of periodic information provided by the borrower. Past performance of the borrower as well as regularity in repayment of interest/principal obligations are also timely analyzed.

The Bank has the practice of periodic review of portfolio to track changes and quality of loan portfolio. Performance of business and quality of security are evaluated to avoid any negative downturn in the value of the properties. The lending decisions are made based on the credit portfolio to single obligor, product and segment wise exposure.

Credit Risk Grade of branches is calculated on monthly basis in accordance with "Framework for implementation of Branch Credit Risk Scoring Model" and quarterly credit risk report is prepared by Credit Risk Management Department and presented on Risk Management sub Committee.

Market risk

Market risk is the potential loss due to changes in market prices or values. Market risk basically arises on interest rates changes, stock market, currency market and commodity market. Key components of market risk are interest rate risk, currency risk and price risk. Market risk governance structure in the Bank entails Asset Liability Management Committee (ALCO) and Board level Risk Management Committee. ALCO meeting discuss the issues related with market risk and the risk identification and assessment finding shall be put further on Board level risk management committee.

Liquidity risk

Liquidity risk is a situation arising from where short-term assets values are not sufficient to match short-term liabilities or unexpected cash outflows. The Bank as per the approved guidelines from the Board has been maintaining a comfortable liquid asset to deposit ratio. This is monitored daily. The investments for liquid assets, asides from cash and Bank balances largely comprise of government securities: treasury bills and bonds. A large government securities portfolio is easily convertible into cash level funds during times of liquidity tightness. Regular stress tests have also help assess different scenarios of stresses on liquidity. ALCO is able to use this information as well as other analyses such as GAAP to manage liquidity effectively for the Bank.

Assets and Liability Committee (ALCO)

The ALCO, chaired by Chief Executive Officer, ensures functioning of the banking business in line with the set procedures and processes and recommends for necessary steps to address the risk associated with liquidity, movement in interest rate, exchange rate and equity price and other risks.

Stress Testing

Stress testing is a valuable risk management tool which tries to quantify the size of potential losses under certain stress events. A stress event is an exceptional but plausible event to which the Bank's portfolio is exposed. As a part of its risk measurement mechanism, NCC Bank Ltd. puts an emphasis on evaluating where the Bank stands under the stressful market condition.

In conducting stress tests, the Bank give special consideration to instruments or markets where concentration exist as such position may be more difficult to liquidate or offset in stressful situations. The Bank considers both historical market events as well as forward-looking scenarios and also considers worst case scenarios in addition to more probable event. The Bank conducts the stress test on quarterly basis and reports to senior management as well as to Nepal Rastra Bank.

Stress Test alerts management to be aware on adverse situation related to several risks and provides an indication of how much capital needed to absorb losses and liquidity required during the adverse situation. It is used to evaluate the potential impact on a Bank of specific event and movement is a set of financial variables and its applicants are expanding.

Internal Audit:

Internal Audit of the Bank is independent from the management and directly reports to Audit Committee, a Board level committee. Audit functions are carried out by experienced staffs and regular observation are being communicated to the related departments/braches.

Internal Audit provides value to the organization in providing objective assurance that the major business risks are being managed appropriately and providing assurance that the risk management and internal control framework is operating effectively.

5.2 Capital Management

The Bank's capital management policies and practices support its business strategy and ensure that it is adequately capitalized to withstand even in severe macroeconomic downturns. NCC Bank Ltd. is a licensed institution provides financial services therefore it must comply with capital requirement of Nepal Rastra Bank.

5.2.1 Qualitative disclosures

Nepal Rastra Bank has directed the Banks to develop own internal policy, procedures and structures to manage all material risk inherent in business for assessing capital adequacy in relation to the risk profiles as well as strategies for maintaining capital levels. This includes basic requirements of having good governance, efficient process of managing all material risks and an effective regime for assessing and maintaining adequate capital. The Bank has various BODs approved risk management policies for proper governance. The Bank has developed a comprehensive ICAAP document which is subject to review every year. The ICAAP has two major components; first is an internal process to identify measure, manage and report risks to which the bank is exposed or could be exposed in the future; and second is an internal process to plan and manage a bank's capital so as to ensure adequate capital. The Bank prepares the ICAAP report annually complying with the NRB requirement. The report is reviewed and analyzed by Risk Management Committee and Board. The report is prepared as per BASEL III norms considering various adverse scenarios. The Bank also conducts the stress testing on different unfavorable scenarios on quarterly basis and is reviewed by senior management, Risk Management Committee and Board. The Bank in line with BASEL provisions and ICAAP document assesses risk exposures and allocated sufficient capital/cushion for perceived risks. The adequacy of capital is main agenda of any ALCO, Executive Committee and board meetings.

5.2.2 Quantitative disclosures

1. Capital structure and capital adequacy

Tier 1 Capital and a breakdown of its Components:

Total	**26.44**

Total Qualifying Capital:

Particulars	NPR in Million
Tier 1 Capital	11,726.67
Tier 2 Capital	4,803.75
Total Capital	16,530.42

Capital Adequacy Ratio:

Particulars	Percentage
Tier 1 Capital to Total Risk Weighted Exposures Adjusted	6.87%
Tier 1 and Tier 2 Capital to Total Risk Weighted Exposures Adjusted	9.69%

Summary of the Bank's internal approach to assess the adequacy of its capital to support current and future activities, if applicable:

NCC Bank Ltd. adopts healthy risk management framework. The bank follows Internal Capital Adequacy Assessment Process (ICAAP) and Risk Management Guideline while taking decision on any business. It has always taken note of ICAAP and has taken steps accordingly in ensuring soundness of capital position and sustainability of the business. The Bank's policies and procedures are approved by the Board of Directors and these documents provide guidance on independent identification, measurement and management of risks across various businesses. Bank's different committees like Audit Committee, Risk Management Committee review the business and risks periodically and take account of stress test results, scenario analysis so as to align risk, return and capital in sustainable manner.

The Bank also defines risk aspects, considering domestic economic scenario, and puts in place the system to minimize and remove such risk. The risk appetite and approach towards risk taking is well discussed in management level and board level. It is always aligned with the business, its return and capital. Basel disclosures have been complied with, addressing the risks and adopting measures to minimize their impact. Increasing complexities in risks, weakness of businesses and fast changing world with intense competition pose a threat to sustainability.

Capital planning is an integral part of the bank's medium term strategic planning and annual budget formulation process. Total risk weighted exposures for the projected level of business operations is calculated, the required capital level is projected, and a plan is formulated to retain the required capital. The bank is well capitalized and able to maintain the required capital through internal generation, and equally through capital markets if needed.

Summary of terms, conditions and main feature of all capital instruments, especially in case of subordinated term debts including hybrid capital instrument:

The Bank has outstanding 9.5% NCC Debenture, 2086 amounting to NPR 3 Billion, the main features of which are as follows:

S. No	Particulars	Details
1	Name of Debenture	9.5% NCC Rinpatra 2086
2	Issue size	NPR 3 Billion
3	Interest Rate	9.5% p.a.
4	Interest Payable	Semiannually
5	No. of Units Issued	3 Million Units
6	Face Value	NPR 1,000 per unit
7	Maturity Period	10 Years
8	Maturity Date	8th April, 2031
9	Amount Eligible for Tier 2 Capital Fund	NPR 3 Billion

2. Risk exposures

Risk weighted Exposures for Credit Risk, Market Risk and Operational Risk:

Particulars	NPR in Million
Risk Weighted Exposure for Credit Risk	153,510.32
Risk Weighted Exposure for Operational Risk	6,626.74

5.4.7 Information about major customers

No revenue from transactions with a single external customer or counterparty amounted to 10% or more of the Bank's total revenue.

5.5 Share options and share based payments

A share-based payment is a transaction in which the bank receives goods or services either as consideration for its equity instruments or by incurring liabilities for amounts based on the price of the entity's shares or other equity instruments of the entity.The Bank has no any share options and share based payments as of reporting date.

5.6 Contingent liabilities and commitment

The details of contingent liabilities and commitments has been presented in notes 4.28 above.

5.7. Related Party Disclosures

A related party is a person or entity that is related to the reporting entity ("the Bank") by virtue of having control or joint control, significant influence or being key managerial personnel of the entity as defined in "NAS 24 Related Party Disclosures". The Bank has identified the following related parties and transactions with them.

5.7.1 Identification of Related Parties

a. Key Management Personnel

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly including any director (whether executive or otherwise) of that entity. The bank considers the members of its Board of Directors, Chief Executive Officer and other higher managerial level employee of the bank as Key Managment Personnel. Following is the list of Key Management Personnel as on Poush 16, 2079.

Name	Relationship
Upendra Keshari Neupane, Chairman	Director
Mohan Bahadur Basnet, Director	Director
Iman Singh Lama, Director	Director
Chandra Prasad Bastola, Director	Director
Suman Kumari Joshi, Director	Director
Rajaram Khadka, Director	Director
Ramesh Raj Aryal, Chief Executive Officer	Key Management Personnel (KMP)
Mukunda Subedi, Deputy General Manager	Key Management Personnel (KMP)
Laxmi P. Duwal, Acting Assistant General Manager	Key Management Personnel (KMP)

b. Associates

Associates are those entities over which the bank has significant influence (i.e. power to participate in the financial and operating policy decisions, but doesnot have power to control over those policies). The Bank has identified the following associate as having the significant influence through investment and appointing one of the employees to the Board of Directors of the entity.

Name	Relationship
Sadhana Laghubitta Bittiya Sanstha Limited	Associates

c. Retirement Benefit Plan

As per NAS 26, Retirement benefit plans are arrangements whereby an entity provides benefits for employees on or after termination of service (either in the form of an annual income or as a lump sum) when such benefits, or the contributions towards them, can be determined or estimated in advance of retirement from the provisions of a document or from the entity's practices. Further, as per NAS 24, If the entity is a post-employment defined benefit plan for the benefit of employees of the reporting entity, then such plan is related to reporting entity. Accordingly, the Bank has indentified the following retirement benefit plan as related party:

Name	Relationship
NCC Retirement Fund	Retirement Benefit Plan

5.7.2. Parent and Ultimate Controlling Party

The Bank does not have an identifiable parent of its own.

5.7.3. Transactions with Related Parties

The transactions and period end balance arising on account of transactions occuring with the Related Parties during the period is as follows:

Rs' 000

		Till Poush 16, 2079	2078/79
a.	**Key Managerial Personnel (KMPs)**		
	Loans & receivables closing balance	19,502	43,709
	Deposits closing balance	19,685	37,148
b.	**Associates:**		
	Sadhana Laghubitta Bittiya Sanstha Limited		
	Interest income during the period	6,754	10,787
	Interest expenses during the period	12	7
	Loans & receivables closing balance	100,175	147,815
	Deposits closing balance	2,569	20,092
c.	**Retirement Benefit Plan:**		
	Loans & receivables closing balance	-	585,000
	Investment in Debenture	350,000	350,000
	Deposits closing balance	2,739,477	2,800,062

5.7.4. Compensation to Key Management Personnels

5.7.4.1 Board Members Allowances and Facilities

The Board of Directors have been paid board meeting fees of NPR 2,922,000 during the period. There were 22 Board Meetings conducted during the period. The Chairperson and other members of the Board were paid NPR 16,000 and NPR 14,000 per meeting respectively for Board and Board Level Committees meeting. The details of number of meeting held and Meeting fees paid to the Board/ Board Level Committees are as follows:

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Kumari Capital Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Kumari Capital Limited which comprise the Statement of Financial Position as at Ashad end 2080 and the Statement of Profit or Loss and Other Comprehensive Income, Statement of Cash Flows and Statement of Changes in Equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position and performance of the Company for the period from Shrawan 1, 2079 to Ashad 31, 2080 in accordance with Nepal Financial Reporting Standards.

Basis of Opinion

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ICAN's *Handbook of Code of Ethics for Professional Accountants* together with the ethical requirements that are relevant to our audit of the financial statement in Nepal, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAN's Handbook of Code of Ethics for Professional Accountants. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We do not have any key audit matters to report this fiscal year.

Other Information

Management is responsible for other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other

G. Prakash & Associates Chartered Accountants Kathmandu

information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If based on the work we have performed, we conclude that there is material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

When we read Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the NFRS, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has realistic alternative but to do so.

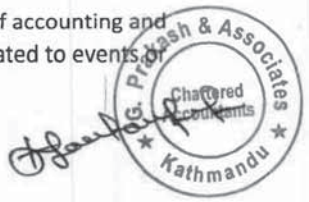

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As a part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher that for one resulting from error, as fraud may involve collusion, forgery, international omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or

conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Based on our examination of the financial statements as per the Company's Act, we report that:

a. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
b. The accounts and records of the Company have been maintained as required by law and practice in a manner to reflect the real affairs of the Company.
c. The statement of financial position, statement of Profit or Loss and other comprehensive income and the statement of cash flow dealt with by this report are in agreement with the books of account of the Company, and these statements follow prevailing accounting standards, except to the extent of matters specified on the "Report on the Audit of the Financial Statements" Section of this Auditor's Report.
d. In our opinion and to the best of our information and according to the explanation given to us we did not come across any such instances where the representative, the Board of Directors, or any employee of the Company has acted contrary to the provision of law relating to accounts or causing direct loss or damage to the Company deliberately or acting in a manner that would jeopardize the interest and security of the Company.
e. In our opinion and to the best of information provided to us, and as confirmed by the management through Management Representation Letter, we did not obtain any information that substantiate there is accounts-related forgery in the company.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Prakash Gautam.

कुमारी बैंक लिमिटेड
KUMARI BANK LIMITED
सबैका लागि, सधैंका लागि

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE ACCOUNTS

1. General Information

Kumari Capital Limited (KCL) is the subsidiary of Kumari Bank Limited (KBL) registered under Company Act, 2063, which holds 100 percent of the paid-up capital. The company has been working as Depository Participant (DP) under the license obtained by KBL which has delegated the authority to provide DP Service through an agreement signed on 2076/04/27 between KBL and KCL. The bank has received DP Registration Certificate from SEBON to operate as Depository Participants dated Ashwin 07, 2072 and membership license from the CDS and Clearing Ltd, dated Magh 15, 2072 as per the CDS Byelaws, 2058. MOU has been signed with KBL to use all of its branches as representative to provide DP services nationwide.

The company has received Merchant Banker License from SEBON on Poush 10, 2075. Under the license, the company is permitted to provide Issue Management and Underwriting Services, Registrar to Shares, Portfolio Management Services, and Corporate Advisory Services. Similarly, the company has received Fund Manager's License and Depository License from SEBON on Aswin 09, 2077. The company has also received permission from SEBON to work as Qualified Institutional Investor on Poush 23, 2077.

The company was registered at Company Registrar Office on Ashwin 06, 2074 with registration number of 176694/074/075 and registered office at Ward no: 01, Naxal, Kathmandu. It is also registered with Inland Revenue Office on Mangsir 05, 2074 with PAN registration number of 606868806.

The management of the company acknowledges the responsibility of preparation of financial statements of the company. The financial statements were authorized for issue by the Board of Directors on Shrawan 25, 2080 and have been recommended for approval by shareholders in the Annual General Meeting.

Kumari Capital Limited is a limited liability company, incorporated on Ashwin 06, 2074 and domiciled in Nepal. It is a licensed Merchant Entity as wholly owned subsidiary of Kumari Bank Limited, licensed under Securities Businessperson (Merchant Banker) Rules, 2064 from the Securities Board of Nepal (SEBON). The registered address of Kumari Capital is Kathmandu, Nepal.

Financial Statements

The Financial Statement of the company for the year ended July 16, 2023 comprises Statement of Financial Position, Statement of Profit or Loss, Statement of Other Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows, Summary of Significant Accounting Policies of the Company and Other Explanatory Notes.

Principal Activities and Operations

Kumari Capital Limited obtained license for commercial operation as a Securities Businessperson (Merchant Banker) from SEBON on Poush 10, 2075. The major activities of the company are issue management, portfolio management services, underwriting of securities, securities trustee, registrar to shares, depository participant services in a central depository services, corporate advisory services, mutual fund management service etc.

2. Basis of Preparation of Financial Statements

2.1 Statement of Compliance

The Financial Statement of the entity which comprises components mentioned above have been prepared in accordance with Nepal Financial Reporting Standards comprising of Nepal Financial Reporting Standards and Nepal Accounting Standards (hereafter referred as NFRS), laid down by the Institute of Chartered Accountants of Nepal and in compliance with the requirements of the Securities Act, 2063 and its regulation and in conformity with the Company Act 2063 and other relevant laws.

2.2 Reporting Period and Approval of Financial Statements

a. Reporting Dates

The company follows the Nepalese financial year based on the Nepalese calendar starting from first day of Shrawan (Mid July) of each year to the last day of Ashadh (Mid July) of the next year. The corresponding dates for the English calendar are as follows:

Relevant financial statements date / period	Nepalese calendar	English calendar
Reporting date	Ashadh 31, 2080	July 16, 2023
Comparative reporting date	Ashadh 32, 2079	July 16, 2022
Reporting period	Shrawan 01, 2079 to Ashadh 31, 2080	July 17, 2022 to July 16, 2023
Comparative reporting period	Shrawan 01, 2078 to Ashadh 32, 2079	July 16, 2021 to July 16, 2022

b) Responsibility for Financial Statements

The preparation and presentation of Financial Statements including consolidated financial statements is the responsibility of the management as per the governing provisions.

c) Approval of Financial Statements by Directors

The accompanied Financial Statements have been authorized to issue by the Board of Directors vide its resolution dated Shrawan 25, 2080 and recommended for its approval by the Annual General Meeting of the shareholders.

2.3 Functional & Presentation Currency

The Financial Statements of Entity are presented in Nepalese Rupees (Rs), which is the currency of the primary economic environment in which the Entity operates. Financial information is presented in Nepalese Rupees. There was no change in Entity's presentation and functional currency during the year under review.

2.4 Significant Accounting Judgments, Estimates and Assumptions

The preparation of Financial Statements in conformity with Nepal Accounting Standards requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected. Disclosures of the accounting estimates have been included in the relevant section of the notes wherever the estimates have been applied along with the nature and effect of changes of accounting estimates, if any.

The most significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have most significant effect in the Financial Statements are as follows:

2.4.1 Going Concern

The Directors have made an assessment of Entity's ability to continue as a going concern and satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, Board is not aware of any material uncertainties that may cast significant doubt upon Entity's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of it. Therefore, the Financial Statements continue to be prepared on the going concern basis.

2.4.2 Useful lives of Property Plant & Equipment

Useful life is the period over which an asset is expected to be available for use by an Entity. Various factors may limit the useful life of a vessel. These factors may be due to physical wear and tear, technological advancement, economic factors and legal factors. The entity asses the remaining useful lives of its Property Plant & Equipment at each reporting date. An assessment is made to determine whether there is any indication of impairment in each asset.

2.5 Presentation of Financial Statements

The assets and liabilities of entity presented in the Statement of Financial Position are grouped in an order of liquidity. An analysis on recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in the Note.

The statement of profit or loss has been prepared using classification 'by nature' method.

The cash flows from operation within the statement of cash flows have been derived using the indirect method.

The accounting policies have been consistently applied by entity with those of the previous financial year in accordance with NAS 01 Presentation of Financial Statements, except those which had to be changed as a result of application of the new NFRS. Further, comparative information is reclassified wherever necessary to comply with the current presentation.

2.6 Materiality & Aggregation

In compliance with Nepal Accounting Standard - NAS 01 Presentation of Financial Statements, each material class of similar items is presented separately in the Financial Statements. Items of dissimilar nature or functions too are presented separately unless they are immaterial.

Financial Assets and Financial Liabilities are offset and the net amount reported in the Statement of Financial Position only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the Statement of Profit or Loss unless required or permitted by an Accounting Standard.

2.8 Discounting

When the realization of assets and settlement of obligations is for more than one year, the company considers discounting of such assets and liabilities where the impact is material.

2.7 Comparative Information

The comparative information is re-classified wherever necessary to conform with the current year's classification in order to provide a better presentation. The details of such re-classifications have been provided in Notes to the financial statements.

3. Summary of Significant Accounting Policies

3.1 Basis of Measurement

These are prepared under accrual basis of accounting in accordance with the historical cost convention, except for certain items as follows:

a. Investment in equity instruments and units of mutual fund are measured at fair value.

b. Liability for defined benefit obligations is recognised at present value of the defined benefit obligation as determined by actuary.

The principle accounting policies are adopted in preparation of financial statements, which have been consistently applied unless otherwise stated.

3.2 Revenue Recognition

Revenue is recognized on accrual basis and is measured at the fair value of the consideration received or receivable net of sales returns, trade discounts and revenue related taxes. The management of the Company determines the amount of revenue based on the applicable service agreement. Fees and commission arising from transactions are recognized on basis of completion of underlying transaction. Accounting policies, estimates and judgments used by management for each item of revenue is detailed below:

3.2.1 Issue Management Fees

The issue management fee is recognized when the related service as specified in the agreement is performed. The management also considers the degree of recoverability and probability that the economic benefit will flow into the company.

3.2.2 ASBA Fee and Other Collection Commission

The ASBA fee and other collection commission is recognized as revenue after the allotment is completed.

3.2.3 Underwriting Fee

The issue management fee is recognized when the related service as specified in the agreement is performed. The management also considers the degree of recoverability, non-refundability and probability that the economic benefit will flow into the company.

3.2.4 RTS/RTS Fee

The Registrar to Shares (RTS) fee is recognized as income on an accrual basis over the period covered by the related agreement.

3.2.5 Depository Participant (DP) Fee

The income related to DP service is recognized on cash basis. This is because of the high uncertainty on recoverability of DP income. The management estimates that the income when recognized on cash basis shall provide reliable and more relevant information about the effects of transactions, and conditions of financial performance of the company.

3.2.6 Annual Fee and Performance Fee from Portfolio Management Service

The annual fee and performance fee is recognized on cash basis. This is because of impracticability to reliably measure the amount of fees to be received. The fee is calculated based on the value of portfolio of the client as on the date of one-year completion after the execution of PMS agreement with the client. As the value of the portfolio for future date cannot be measured reliably, the fee cannot be measured reliably as on the financial statement date.

3.2.7 Dividend Income

Dividend income is recognized in profit or loss on an accrual basis when the Entity's right to receive the dividend is established.

Dividends are presented as net realized gain/ (loss) on Financial Assets held at fair value based on the underlying classification of the equity investment along with the trading gain/(loss) from financial assets measured at fair value through profit & loss account.

3.2.8 Interest Income

Interest income are recognized in profit or loss using the effective interest rate. The "effective interest rate" is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset or financial liability (or, where appropriate, a shorter period) to the carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates future cash flows considering all contractual terms of the financial instrument, but not future credit losses.

The calculation of the effective interest rate includes transaction costs and fees and points paid or received that are an integral part of the effective interest rate. Transaction costs include incremental costs that are directly attributable to the acquisition or issue of a financial asset.

Interest income on all trading assets are considered to be incidental to the Entity's trading operations and are presented together with all other changes in the fair value of trading assets in net trading income.

3.2.9 Gain on Disposal and Fair valuation of FVTPL Financial Instruments

Gain on disposal of "FVTPL Financial Investments" comprises realized trading gains on disposal of government securities, quoted shares and listed debentures, are presented in statement of profit and loss as net gain/(loss) from financial investments.

Fair valuation changes on "FVTPL Financial Investments" comprises unrealized gains on fair valuation (marked to market valuation) of government securities, quoted shares, investment in unit trust and listed debentures, are presented in profit or loss as Net Unrealized gain/(Loss) on Financial Assets held at fair value in the statement of profit or loss.

3.2.10 Other Income

Other incomes are recognized when it is probable that consideration associated with the transaction will flow to the company and the amount of revenue can be measured reliably.

3.3 Interest Expenses

The interest expense on financial liabilities measured at amortized cost is recognized using the effective interest rate. The "effective interest rate" is the rate that exactly discounts the estimated future cash payments through the expected life of the financial asset or financial liability (or, where appropriate, a shorter period) to the carrying amount of the financial liability.

3.4 Income Tax

Income tax expense comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to items recognized directly in equity or in Other Comprehensive Income (OCI).

Current tax assets and liabilities and deferred tax assets and liabilities are offset only to the extent that they relate to income taxes imposed by the same taxation authority, there is a legal right and intentions to settle on a net basis and it is allowed under the tax law of the relevant jurisdiction.

Current Tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted on the reporting date, and any adjustment to tax payable in respect of previous years.

Provision for taxation is based on the profit for the year adjusted for taxation purposes in accordance with the provisions of the Income Tax Act, 2058 and the amendments thereto.

Deferred Tax

Deferred taxation is computed for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the tax base of assets and liabilities, which is the amount attributed to those assets and liabilities for tax purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted on the reporting date.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

3.5 Foreign Currency Transactions

Transactions in foreign currencies are translated into the respective functional currency of Entity at the spot exchange rates at the date of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the spot exchange rate (Closing rate) at that date. The foreign currency gain or loss on monetary items is the difference between the amortized cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortized cost in the foreign currency translated at the spot exchange rate at the end of the year.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the spot exchange rate at the date on which the fair value is determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated using the spot exchange rate at the date of the transaction.

Foreign currency differences arising on translation are generally recognized in profit or loss.

3.6 Financial Instrument

Recognition

The company initially recognizes a financial asset or a financial liability in its statement of financial position when, and only when, it becomes party to the contractual provisions of an instrument. The company initially recognizes loans and advances, deposits and debt securities/subordinated liabilities issued on the date that they are originated which is the date that the company becomes party to the contractual provisions of the instruments. The investments in equity instruments, units of mutual funds, bonds, debenture, government securities and NRB bond are recognized on trade date at which the company commits to purchase/acquire the financial assets. Regular purchase and sale of financial assets are recognized on trade date.

Classification

The company classifies its financial assets and financial liabilities as per NFRS 9 into the following measurement categories:

Financial assets

a. Financial assets held at fair value through profit or loss;
b. Financial assets held at fair value through other comprehensive income, and
c. Financial assets held at amortized cost.

Financial liabilities

a. Held at fair value through profit or loss, or
b. Held at amortized cost.

Financial assets

The company classifies the financial assets as subsequently measured at amortized cost or fair value on the basis of the company's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Interest income from these financial assets is included in Interest Income using the effective interest rate method. The two classes of financial assets are as follows:

a. Financial assets recognized at amortized cost

The company classifies a financial asset measured at amortized cost if both of the following conditions are met:

i. The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and;

ii. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets recognized at fair value

Financial assets other than those measured at amortized cost are measured at fair value. Financial assets measured at fair value are further classified into two categories as below:

i. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are classified as FVTPL if they are held for trading or are designated at fair value through profit or loss. Upon initial recognition, transaction costs that are directly attributable to the acquisition are recognized in profit or loss as incurred. Such assets are subsequently measured at fair value and changes in fair value are recognized in statement of profit or loss.

ii. Financial assets at fair value through other comprehensive income (FVTOCI)

Investment in an equity instrument that is not held for trading and at the initial recognition, the company makes an irrevocable election that the subsequent changes in fair value of the instrument is to be recognized in other comprehensive income are classified as FVTOCI. Such assets are subsequently measured at fair value and changes in fair value are recognized in other comprehensive income.

Financial Liabilities

The company classifies financial liabilities as follows:

a. **Financial liabilities recognized at fair value through profit or loss (FVTPL)**

Financial liabilities are classified as FVTPL if they are held for trading or are designated at fair value through profit or loss. Upon initial recognition, transaction costs that are directly attributable to the acquisition are recognized in statement of profit or loss as incurred. Subsequent changes in fair value is recognized at statement of profit or loss.

b. **Financial Liabilities recognized at amortized cost**

All financial liabilities other than measured at fair value though statement of profit or loss are classified as subsequently measured at amortized cost using effective interest method.

Measurement

a. **Initial Measurement**

Financial assets and financial liabilities are recognized when the company becomes party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities unless the same is measured at fair value through profit or loss. The transaction cost of financial assets and financial liabilities measured at fair value through profit or loss are expensed in profit or loss.

b. **Subsequent Measurement**

A financial asset or financial liability is subsequently measured either at fair value or at amortized cost based on the classification of the financial asset or liability.

Financial asset or liability classified as measured at amortized cost is subsequently measured at amortized cost using effective interest rate method. The amortized cost of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured at initial recognition minus principal repayments, plus or minus the cumulative amortization using the effective interest rate method of any difference between that initial amount and the maturity amount, and minus any reduction for impairment or non-collectability.

Further, once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is thereafter calculated by applying effective interest rate to the gross carrying amount of a financial asset. Interest income on financial assets which has been individually impaired are not recognized.

Financial assets classified at fair value are subsequently measured at fair value. The subsequent changes in fair value of financial assets at fair value through profit or loss are recognized in statement of profit or loss whereas of financial assets at fair value through other comprehensive income are recognized in other comprehensive income.

De-recognition

a. **De-recognition of Financial Assets**

Financial assets are derecognized when the right to receive cash flows from the assets has expired, or has been transferred, and the company has transferred substantially all of the risks and rewards of ownership. Financial assets are also derecognized upon write off. Any gain or loss arising on the disposal or retirement of an item of financial asset is determined as the difference between the sales proceeds and its carrying amount and is recognized in the statement of profit or loss. The cumulative gain or loss that was recognized in other comprehensive income, is recognized to statement of profit or loss except for investment in equity instruments measured at fair value through other comprehensive income.

b. **De-recognition of Financial Liabilities**

A financial liability is derecognized when, and only when it is extinguished (i.e. when the obligation specified in contract is discharged, cancelled or expired). If the liability is renegotiated with the original lender on substantially different contractual terms, the original liability is derecognized and new liability is recognized.

The difference between the carrying amount of a liability (or portion) extinguished or transferred to another party (including related unamortized cost) and the amount paid for it (including any non-cash assets transferred or liability assumed), are included in statement of profit or loss.

Determination of Fair Value

"Fair value" is the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the company has access at that date.

The fair value of a liability reflects its non-performance risk. When available, the scheme measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there is no quoted price in an active market, then the company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The fair value measurement hierarchy is as follows:

Level 1: These are quoted prices in active markets for identical assets or liabilities that the company can access at the measurement date. For the majority of its investments, the company relies on information provided by independent pricing services for the valuation of its investments.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from NEPSE and are traded frequently i.e. traded within 30 days.

Level 2: These are the inputs other than quoted prices that are observable for the assets or liabilities, either directly or indirectly. These would include prices for the similar, but not identical, assets or liabilities that were then adjusted to reflect the factors specific to the measured asset or liability.

Level 3: These are unobservable inputs for the assets or liability.

The best evidence of the fair value of a financial instrument at initial recognition is normally the transaction price i.e. the fair value of the consideration given or received. Where available, the company measures the fair value of an instrument using quoted prices in an active market for that instrument. If a market for a financial instrument is not active, the company, establishes fair value using an appropriate fair valuation technique.

For all unquoted investment in equity instruments, their cost has been considered as their fair value and accordingly these are recognized at cost, net of impairment if any.

Impairment

At each reporting date, the company assesses whether there is objective evidence that a financial asset or group of financial assets not carried at fair value through the Statement of Profit or Loss are impaired.

A financial asset or a group of financial assets is impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset(s), and that the loss event has an impact on the future cash flows of the asset(s) that can be estimated reliably.

Objective evidence that financial assets are impaired can include significant financial difficulty of the borrower or issuer, default or delinquency by a borrower, restructuring of a loan or advance by the company on terms that the company would not otherwise consider, indications that a borrower or issuer will enter bankruptcy, the disappearance of an active market for a security, or other observable data relating to a group of assets such as adverse changes in the payment status of borrowers or issuers in the group, or economic conditions that correlate with defaults in the group.

In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

a. Impairment of financial assets measured at amortized cost

Impairment of financial assets measured at amortized cost is based on the judgments of past experience of the assets' behavior. In assessing collective impairment, the company uses historical trends of the probability of default, the timing of recoveries and the amount of loss incurred, adjusted for management's judgment as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends. Further, management has taken additional external risk (inflation, market risk and risk of data incompleteness) for the impairment of loans and advances.

Default rates, loss rates and the expected timing of future recoveries are regularly benchmarked against actual outcomes to ensure that they remain appropriate. Impairment losses on assets measured at amortized cost are calculated as the difference between the carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate. Loans together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realized or has been transferred to the company.

If in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account. If a write off is later recovered, the recovery is recognized in the 'recovery of loan written off'.

b. Impairment of investment in equity instrument classified as fair value though other comprehensive income

Objective evidence of impairment of investment in an equity instrument is a significant or prolonged decline in its fair value below its cost. Impairment losses are recognized by reclassifying the losses accumulated in the fair value reserve in equity to profit or loss. The cumulative loss that is reclassified from equity to profit or loss is the difference between the acquisition cost, net of any principal repayment and the current fair value, less any impairment loss recognized previously in profit or loss.

3.7 Derivative assets and derivative liabilities

The company does not have any derivative assets and liabilities.

3.8 Trade and Other Payables

Amounts payable to creditors, TDS Payable, amounts refundable to investors, RTS and custodial dividend payable, Advance received/ transfer from DP clients are categorized as trade and other payables.

3.9 Cash and Cash Equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks and other short-term investments in an active market with original maturities of three months or less and bank overdrafts.

3.10 Property, Plant and Equipment

Property, plant and equipment are tangible items that are held for use in the production or supply of goods or services or for administrative purposes and are expected to be used during more than one period.

Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Purchased software that is integral to the functionality of the related equipment is capitalized as part of that equipment.

If significant parts of an item of property or equipment have different useful lives, then they are accounted for as separate items (major components) of property and equipment.

Any gain or loss on disposal of an item of property and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognized within other income in profit or loss.

The low value minor equipment below NRs 5,000 are not booked as Property, Plant and Equipment to ease record keeping and is shown under Office Accessories & Equipment's under Other Administrative Expenses in Explanatory Notes 4.31 as the cumulative impact of such amount is considered immaterial.

Subsequent Costs

Subsequent expenditure is capitalized only when it is probable that the future economic benefits of the expenditure will flow to the Entity. Ongoing repairs and maintenance are expensed as incurred.

Depreciation

Depreciation is calculated to write off the cost of items of property and equipment less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognized in profit or loss. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Entity will obtain ownership by the end of the lease term. Land is not depreciated.

The estimated useful lives of significant items of property and equipment lives for the current and comparative periods are as follows are as follows:

Asset Type	Useful Life Time (Years)
Laptop and Computers	8 Years
Furniture & Fixtures	8 Years
Office Equipment	8 Years
Motor Vehicles	10 Years
Other Office Equipment	8 Years
Leasehold Developments	As estimated by the management, or within the lease period where applicable. The lease period of current lease agreement is 10 years.

De-recognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from de-recognition of an item of property, plant and equipment is included in profit or loss when the item is derecognized.

3.11 Intangible Assets

Software

Software acquired by the Company is measured at cost less accumulated amortization and any accumulated impairment losses.

Subsequent expenditure on software assets is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

Software is amortized on a straight-line basis in profit or loss over its estimated useful life, from the date on which it is available for use. The estimated useful lives for the current and comparative periods are as follows:

Asset Type	Useful Life Time (Years)
Software	5 years or license period whichever is earlier

Amortization methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

3.12 Assets held for sale and discontinued operations

Non-current assets (such as property) and disposal groups (including both the assets and liabilities of the disposal groups) are classified as held for sale and measured at the lower of their carrying amount and fair value less cost to sell when:

i. their carrying amounts will be recovered principally through sale;
ii. they are available-for-sale in their present condition; and
iii. their sale is highly probable.

Immediately before the initial classification as held for sale, the carrying amounts of the assets (or assets and liabilities in a disposal group) are measured in accordance with the applicable accounting policies described above.

There are no assets that meet the recognition criteria for assets held for sale and discontinued operation.

3.13 Provisions

A provision is recognized if, as a result of a past event, the Entity has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

3.14 Commitments & Contingencies

All discernible risks are accounted for in determining the amount of all known liabilities.

Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefit is not probable or cannot be reliably measured. Contingent liabilities are not recognized in the Statement of Financial Position but are disclosed unless they are remote.

3.15 Employee Benefits

Short-term Employee Benefit

Short-term employee benefits are those expected to be settled wholly before twelve months after the end of the annual reporting period during which employee services are rendered, but do not include termination benefits. Salaries, leave benefits, bonus to be paid under Bonus Act, 2030 and non-monetary benefits paid to current employees.

The undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in an accounting period is recognized in that period. The expected cost of short-term compensated absences is recognized as the employees render service that increases their entitlement or, in the case of non-accumulating absences, when the absences occur, and includes any additional amounts an entity expects to pay as a result of unused entitlements at the end of the period.

Defined Contribution Plan

A defined contribution plan is a post-employment plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay a further amount. Obligations for contributions to defined contribution plans are recognized as expense in the profit or loss as and when they are due.

a. Employee's Provident Fund

The company and employee contribute 10% of basic salary (including grade) of each employee to an approved retirement fund.

b. Gratuity

The company contributes 8.33% of basic salary (including grade) of each employee to an approved retirement fund.

Other Long-term Employee Benefits

Other long-term employee benefits are employee benefits other than short-term employee benefits and long-term employee benefits.

a. Leave Encashment

The company's liability towards the accumulated leave (Annual and Sick Leave) which is expected to be utilized beyond one year from the end of the reporting period is treated as other long-term employee benefits. The company's net obligation towards unutilized accumulated leave is calculated by discounting the amount of future benefit that employees have earned in return for their service in the current and prior periods to determine the present value of such benefits. The calculation is performed by a qualified actuary using the projected unit credit method.

The Company recognizes all re-measurement gains and losses including all service cost and interest cost related to other long term employee benefits are expensed in profit or loss account.

3.16 Statement of Cash flows

The Statement of Cash Flow has been prepared using the "Indirect Method" of preparing Cash Flows in accordance with the Nepal Accounting Standard - (NAS 7) "Statement of Cash Flows".

Cash and cash equivalents comprise short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of changes in value.

3.17 Events after Reporting Period

Events after the reporting period are those events, favorable and unfavorable, that occur between the reporting date and the date the Financial Statements are authorized for issue.

All material and important events that occurred after the reporting date have been considered and appropriate disclosures if any are made in Note to the Financial Statements.

3.18 Earnings per Share (EPS)

The company presents basic and diluted Earnings per share (EPS) for its ordinary shares. Basic EPS is calculated by dividing the profit and loss attributable to ordinary equity holders of Bank by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting both the profit and loss attributable to the ordinary equity holders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares, if any. Earnings per share is calculated and presented in statement of comprehensive income.

3.19 Segmental Reporting

The company is organized for management and reporting purposes into segments such as: Merchant Banking and Fund Management. The segmental information is disclosed in notes.

3.20 Leasehold Assets

The company holds Leasehold Developments on the building leased to it.

4. Other Explanatory Notes

4.1 Property, plant and equipment

Details of property, plant and equipment are presented as follows:

Amount in NPR

	Leasehold Development	Computers & Accessories	Office Equipment	Furniture & Fixture	Electric Equipment & ACs	Vehicles	Total
1. Cost							
a. Opening Balance	**4,494,298**	**3,115,088**	**1,323,712**	**474,322**	**856,055**	**6,896,369**	**17,159,844**

4.3 Deferred Tax Asset/Liability

The details of Deferred Tax Asset/Liability is presented are as follows:

S.N.	Particulars	Carrying Amount	Tax Base	Temporary Difference
A. Assets				
1	Property and Equipment	13,948,223	13,631,338	316,885
2	Intangible Assets	2,505,040	1,176,129	1,328,911
3	Financial Assets Held at FVTPL	52,494,299	55,826,450	(3,332,150)
	Taxable/(Deductible) Temporary Difference on assets			**(1,686,354)**
B. Liabilities				
1	Provision for leave	1,266,550	-	(1,266,550)
	Taxable/(Deductible) Temporary Difference on liabilities			**(1,266,550)**
	Net Taxable/(Deductible) Temporary Difference			**(2,952,904)**
	Current Tax Rate			30%
	Deferred Tax Liability as of Ashadh 32, 2079			**(885,871)**
	Opening Deferred Tax (Assets)/Liability			**(3,736,561)**
	Deferred Tax (Income)/Expenses			**2,850,689**

4.4 Financial Assets measured at Amortized Cost

The financial assets measured at amortized cost include investment in fixed deposits and investment in bond and debentures. The details have been presented as below:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Fixed Deposits with Banks	200,932,067	175,000,000
2	Investment in Debentures	157,883,000	157,883,000
	Total	**358,815,067**	**332,883,000**

The investments have been classified to current and non-current assets as below:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Current Assets	115,000,000	115,000,000
2	Non-current Assets	243,815,067	217,883,000
	Total	**358,815,067**	**332,883,000**

4.5 Financial Assets measured at Fair Value through Profit and Loss (FVTPL)

The details of investment and analysis within the fair value hierarchy at reporting period end have been presented as below:

Investment in:	FY 2079/80				FY 2078/79			
	Fair Value as on Ashadh 31, 2080	L1	L2	L3	Fair Value as on Ashadh 32, 2079	L1	L2	L3
Mutual Fund Units	4,763,000	4,763,000	-	-	5,069,000	5,069,000	-	-
Equity Instruments	47,731,299	40,061,299	7,670,000	-	43,641,851	43,641,851	-	-
Total	**52,494,299**	**44,824,299**	**7,670,000**	-	**48,710,851**	**48,710,851**	-	-

The investment has been classified to non-current assets.

4.6 Inventories

Inventories include stock of stationery to be used in the ordinary course of business.

S.N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Inventories	109,455	88,114
Total		**109,455**	**88,114**

4.7 Trade and Other Receivables

These current assets include the assets directly held for the ordinary purpose of business. Following is the details:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Account Receivable	12,506,381	6,925,450
2	Less: Impairment	-	-
3	Prepaid Expenses	1,576,675	1,817,322
4	Security Deposit	70,000	70,000
5	Staff Loan	14,600,341	7,848,159
6	Employee Advance	278,000	10,000
7	Other Receivable	3,404	13,364
8	Prepaid Employee Benefit Cost	1,210,354	-
9	Other Assets	478	-
	Total	**30,245,155**	**16,684,294**

4.8 Current Tax Assets/(Liabilities)

The current tax assets include advance tax paid by the company and the tax deducted from payment made to the company by various parties (withholding tax). Similarly, tax liabilities include tax payable by the company computed as per the provision of Income Tax Act, 2058.

The details of current tax assets are presented as follows:

Particulars	Ashadh 31, 2080	Ashadh 32, 2079
Current Tax Assets		
Opening Balance (Net offset with current tax liabilities)	2,426,038	408,994
Add: Tax Receivable during the year	29,580,690	15,694,490
Closing balance	**32,006,729**	**16,103,484**
Current Tax Liabilities		
Opening Balance (Net offset with current tax assets)	-	-
Add: Current tax payable during the year	26,678,308	13,677,446
Closing balance	**26,678,308**	**13,677,446**
Net Current Tax Assets / (Liabilities)	**5,328,421**	**2,426,038**

4.9 Cash and Cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call accounts with banks, other short-term investments in an active market with original maturities of three months or less and bank overdrafts. The details of cash and cash equivalents are presented as follows:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Cash in Hand	880	15,000
2	Cash at Bank	408,144,316	259,975,955
	Total	**408,145,196**	**259,990,955**

The cash and cash equivalents as presented above also includes restricted cash balances. Restricted cash balances are those which are not available for use by the company. Those includes amounts collected from investors during issue management, dividends uncollected by the investors, and right share amount yet to be refunded.

Following is the details of amount not available for use at reporting period end:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Uncollected Dividend	373,568,295	119,942,903
2	Right Share Refund Payable	288,800	289,800
3	IPO Refund Payable	160,488	125,306,433
	Total	**374,017,583**	**245,539,136**

4.10 Provision for Accumulated Leave Encashment

In order to fully provide for the liabilities against staff accumulated leave encashment, the company has made a provision of NPR. 1,266,550 up to July 16, 2023. The details have been presented as follows:

4.10.1 Amount Recognized in Profit and Loss Account

Particulars	FY 2079/80	FY 2078/79
Current Service Cost	433,881	320,534
Interest Cost	72,959	33,740
Expected Return on Plan Assets	-	-
Past Service Cost	-	-

Other Long-term Benefit		865,746	404,194
Plan Assets		-	-
(Surplus)/Deficit		865,746	404,194
Exp. Adj. - Plan Assets Gain/(Loss)		-	-
Assumptions (Gain)/Loss		-	-
Exp. Adj. - Plan Liabilities (Gains)/Loss		165,889	186,605
Total Actuarial (Gain)/Loss		**165,889**	**186,605**

4.10.5 Actuarial Assumptions

a. Financial Assumptions

Particulars	FY 2079/80	FY 2078/79
Discount Rate	10%	9%
Salary Escalation Rate	6%	6%
Expected Return on Assets	0%	0%

b. Demographic Assumptions

Particulars	FY 2079/80	FY 2078/79
Mortality Table *	Nepali Assured Lives Mortality (2009)	Nepali Assured Lives Mortality (2009)
Withdrawal Rate	4%	4%
Retirement Age	60 years	60 years

*Mortality Rates: Representative mortality rates from Nepali Assured Lives Mortality (2009) are given in the table below.

c. Timing Related Assumptions

Time of Retirement	Immediately on achieving normal retirement
Salary Increase frequency	Once a year

4.10.6 Other Disclosures

Recognition of Actuarial Gain / Loss	FY 2079/80	FY 2078/79
Actuarial (Gain)/Loss arising on DBO	4,142	165,889
Actuarial (Gain)/Loss arising on Plan Assets	-	-
Total (Gain)/Loss recognized during the period	4,142	165,889
Unrecognized Actuarial (Gain)/Loss, End of Year	-	-

4.11 Trade and other payables

Trade liabilities include the current liabilities directly related to the operating income or expenses.

Details of trade and other payable are presented as follows:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Accounts Payable	5,656,788	2,656,310
2	Employee Payable	12,553	2,937
3	Gratuity Payable	-	50
4	Provident Fund Payable	-	120
5	TDS Payable	414,673	325,117
6	Other Payables	3,505,103	1,137,688
7	Dividend Payable	373,568,295	119,942,903
8	Right Share Refund Payable	288,800	289,800
9	IPO Refund Payable	160,488	125,306,433
10	Advance Received	12,750	9,000
11	Staff Bonus Payable	10,895,222	3,447,088
12	VAT Payable	2,036	6,249
13	Debenture Interest Refund Payable	433,570	-
Total		**394,950,278**	**253,123,696**

4.12 Provisions

The details of provision are as follows:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Provision for Expenses	31,363	-
	Total	**31,363**	**-**

4.13 Deferred Revenue

Deferred revenue is the revenue already received but related service is yet to be performed. The details are as follows:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	RTS Fee Received in Advance	801,693	123,500
2	Debenture Trusteeship Fee Received in Advance	179,673	201,667
	Total	**981,365**	**325,167**

4.14 Share Capital

The capital structure of the company is presented as follows:

Particulars	Value per Share	Ashadh 31, 2080		Ashadh 32, 2079	
		No. of Shares	Amount	No. of Shares	Amount
Authorized capital	100	5,000,000	500,000,000	5,000,000	500,000,000
Issued and subscribed capital	100	4,000,000	400,000,000	4,000,000	400,000,000
Paid-up capital	100	4,000,000	400,000,000	4,000,000	400,000,000

Following is the reconciliation of outstanding number of shares at the reporting period end.

Particulars	Ashadh 31, 2080	Ashadh 32, 2079
Number of paid-up outstanding shares at beginning	4,000,000	2,000,000
Add: Additional issue of equity instruments	-	2,000,000
Add: Issue of bonus shares	-	-
Number of paid-up shares outstanding at period end	**4,000,000**	**4,000,000**

4.15 Reserve and Surplus

All accumulated profit reduced by distribution is represented under Reserve and Surplus. Following is the details of Reserve and Surplus:

Particulars	Ashadh 31, 2080	Ashadh 32, 2079
Opening Balance	26,719,171	23,028,210
Add/(Less): Restatement/ Adjustment	-	-
Add: Net profit during the year	68,528,000	21,690,961
Less: Distribution during the year	(20,000,000)	(18,000,000)
Closing Balance	**75,247,171**	**26,719,171**

4.16 Income from Merchant Banking Activities

The income from merchant banking activities comprises income from RTS/RTS, income from depository participant (DP), income from issue management and underwriting and Income from Portfolio Management. The following table summarizes the income earn from each of these activities:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	**Income from Share Registrar**	**2,325,835**	**1,577,110**
	Other Income from RTS	116,125	28,128
	RTS Fee	1,491,304	882,318
	Debenture Trusteepship Fee	30,110	10,000
	Bonus/Right Share Credit Charge	688,296	656,664
2	**Income from DP**	**28,148,259**	**20,218,259**
	Account Opening Fee	947,555	4,696,810
	Account Operation Annual Fee	19,317,276	7,209,800
	Mero Share Registration Fee	412,450	1,776,400
	Mero Share Renewal Fee	3,789,865	2,228,900
	Other Income from DP	44,238	10,774
	Securities Transfer Fee	3,485,575	3,966,125
	Pledge Acceptance Fee	133,750	276,450
	Pledge Set-up Fee	17,550	53,000
3	**Income from Issue Management and Underwriting**	**8,100,069**	**6,506,522**
	ASBA Fee	74,868	1,333,300
	Issue Management Fee	1,267,023	3,562,681
	Underwriting Fee	6,516,910	1,610,541
	Auction Management Fee	196,268	-
Grand Total		**38,574,163**	**24,208,269**

4.17 Income from Mutual Fund Operations

It includes the income earned from mutual fund schemes managed by the company. The company also earns income for providing depository service to the schemes. The details are presented as below:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Fund Management Fee	36,114,308	17,515,497
	Fund Management Fee from Kumari Equity Fund	15,640,648	16,009,964
	Fund Management Fee from Kumari Dhanabriddhi Yojana	19,001,509	1,505,533
	Fund Management Fee from Kumari Sunaulo Lagani Yojana	1,472,151	-
2	Depository Fee	4,815,241	2,335,400
	Depository Fee from Kumari Equity Fund	2,085,420	2,134,662
	Depository Fee from Kumari Dhanabriddhi Yojana	2,533,535	200,738
	Depository Fee from Kumari Sunaulo Lagani Yojana	196,287	-
Total		**40,929,549**	**5,808,647**

4.18 Income from Portfolio Management Services

It includes the income earned from portfolio management service which includes entry fee, exit fee, fixed annual management fee and performance based management fee. The details are presented as below:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	PMS Entry Fee	21,000	42,850
2	PMS Exit Charge	17,850	84,155
3	Performance Fee	237	399,538
4	Annual Fee	717,825	735,349
Total		**756,913**	**55,581**

4.19 Interest Income

It includes the interest income earned from Fixed Deposits, Bond and Debentures and Call Accounts maintained with various banks and financial institutions. The details are presented as below:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Interest Income from Fixed Deposits	40,613,073	20,676,201
2	Interest Income from Call Deposit	11,971,785	5,449,605
3	Interest Income from Bond and Debenture	14,140,445	8,100,889
Total		**66,725,302**	**16,629,320**

4.20 Net gain/ (loss) on Financial Assets held at fair value

It includes the capital gain/(loss) realized on disposal of investment made in equity instruments including mutual fund units and the dividend income earned from such investments:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Gain on Disposal of Financial Assets held at fair value	1,937,434	(2,493,959)
2	Dividend Income	664,094	2,200,046
Total		**2,601,528**	**8,901,528**

4.21 Net Unrealized gain/(Loss) on Financial Assets held at fair value

Following table summarizes the change in fair value of FVTPL Financial Assets:

Investment in:	Ashadh 31, 2080			Ashadh 32, 2079		
	Cost	Fair Value	Gain/(Loss)	Cost	Fair Value	Gain/(Loss)
Mutual fund units	5,069,000	4,763,000	(306,000)	7,373,900	5,069,000	(2,304,900)
Equity Investments	46,970,784	47,731,299	760,515	56,554,590	43,641,851	(12,912,739)
Total	**52,039,784**	**52,494,299**	**454,515**	**63,928,490**	**48,710,851**	**(15,217,639)**

4.22 Other Income

The details of other income are presented as below:

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Miscellaneous Income	520,636	2,320
2	Interest on Staff Loan	648,132	380,055
3	Fund Raising Fee	378,000	-
4	Valuation Fee	20,000	-
Total		**1,566,768**	**147,041**

4.23 Merchant Banking Related Expenses

These expenses represent the expenses directly related to the merchant banking service of the company.

S. N.	Particulars	Ashadh 31, 2080	Ashadh 32, 2079
1	Issue Management & Underwriting Expenses	-	-

i. Corporate Social Responsibility (CSR) Fund

The company has expensed Rs. 280,297 on activities relating to CSR during the year. Hence, the amount has been transferred from CSR Fund created in previous year to Accumulated Profit/Loss in the current year.

The company has created additional amount of Rs. 685,280 to CSR Fund being 1% of net profit after tax pursuant to Section 30Ka(2) of Securities Businessperson (Merchant Bankers) Regulation, 2064. The fund so created shall be used for CSR activities in the next fiscal year.

The total movement of Corporate Social Responsibility Fund has been presented in the Statement of Changes in Equity.

4.33 Related Party

A person or entity is considered a related party if it:

a. controls or has significant influence to the Company
b. is subsidiary, joint venture, associates or in which the Company can have significant influence
c. is member of key management personnel of the company or its parent.

Directors and other Key Management Personnel (KMP)

The key management personnel are those persons having authority and responsibility of planning, directing and controlling the activities of the entity, directly or indirectly including any director. The key management of the company includes members of its Board of Directors, Chief Executive Officer and other higher level employee(s) of the company. The name of the key management personnel who were holding various positions in the office during the year were as follows:

Member of Board of Directors:

Name	Designation
Mr. Bikas Khanal	Chairman
Mr. Chandan Karki	Director
Mr. Rohit Singh	Director
Mr. Anil Joshi	Independent Director
Ms. Namita Shakya	Independent Director
Mr. Puspa Sharma	Acting Chief Executive Officer
Mr. Bikranta Koirala	Company Secretary
Mr. Hari Prasad Wagle*	Former Independent Director

Resigned from the post of chairman and director w. e. f. 2079/06/25.

Other Key Management Personnel:

As of FY 2079/80, the Company has revised its definition of Key Management Personnel (KMP) for disclosure in the financial statements. Previously, only the Chief Executive Officer (CEO) and Company Secretary was considered as KMP. However, starting from the FY 2079/80, the definition has been expanded to include all staff holding positions of and above the level of Assistant Manager and/or staff acting as head of the department.

The revised definition of KMP now includes individuals who have the authority and responsibility for planning, directing, and controlling the activities of the Company. This change has been made to enhance transparency and align with corporate governance best practices.

As a result of the change, the number of Key Management Personnel has increased from two in FY 2078/79 to five in FY 2079/80.

Name	Designation
Mr. Puspa Sharma	Act. Chief Executive Officer
Mr. Bikranta Koirala	Company Secretary
Mr. Kaji Thebe	Head – Finance, Admin & HR
Mr. Sabin Budhathoki	Head – Merchant Banking
Mr. Mamin Shakya	Head – Investment Banking

Holding Company

Kumari Bank Limited (KBL)

A. Key Management Personnel Compensation

As per the provision of Articles of Association of the company, the directors are entitled to meeting allowance at Rs. 5,000 per meeting and the company secretary is entitled to Rs. 2,500 per meeting. The details relating to compensation paid to the directors are as follows:

Particulars	FY 2079/80	FY 2078/79
Meeting Allowance	380,000	270,000
Total	**380,000**	**270,000**

B. Compensation to other Key Management Personnel

The compensation paid to other member(s) of KMP is governed by Employee Service Byelaw of the company and the decisions made by the management from time to time.

In FY 2078/79, the Company reported the compensation of Key Management Personnel (KMP) based on the previous definition of KMP, which included only the Chief Executive Officer (CEO) and Company Secretary. As disclosed above, the definition of KMP has been revised FY 2079/80 to include all staff holding positions of and above the level of Assistant Manager and/or staff acting as head of the department.

Due to the change in the definition of KMP, the compensation paid to Key Management Personnel for the previous year has been reevaluated and adjusted accordingly. The details relating to compensation paid to other key management personnel along with the revised disclosure of KMP compensation for the previous year are as follows:

Additionally, the company has not recognized any expenses for bad or doubtful debts related to these outstanding balances. Furthermore, no guarantees have been obtained by the company in connection with these transactions.

4.34 Events after Reporting Period

There have been no events after reporting period that have come to our attention.

4.35 Operating Segment Information

A. General Information

The company has identified the reportable segment as the business activities from which it earns revenues and incurs expenses, whose operating results are reviewed by the management to make decision about the allocation of resources to each segment and assess its performance.

The following are the major business segments identified based on the nature of products and services:

i. Mutual Fund Management
ii. Merchant Banking
iii. Portfolio Management
iv. Investment

The segment results that have been reported include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Factors that management used to identify the entity's reportable segments

i. Mutual Fund Management

This segment includes fund management and depository service being provided to the mutual fund schemes operated under Kumari Samuhik Lagani Kosh. The segment generates revenue in the form of fund management fee and depository fee from the mutual fund schemes managed by it.

ii. Merchant Banking

This segment includes issue management and underwriting, registrar to the shares, depository services. The segment generates revenue from issue management and underwriting service, share/debenture registrar service, registration of demat account and meroshare account etc.

iii. Portfolio Management

This segment includes management of investment portfolio on behalf of the clients. This segment generates revenue from entry and exit fee, fixed annual management fee and management fee based on performance.

iv. Investment

This segment includes activities relating to investment/trading in equity instruments, investment in debentures and placement of fund in fixed deposits. The segment generates its revenue from the interest on debentures and fixed deposits, and gain on trading of equity instruments.

B. Information about profit or loss, assets and liabilities

Particulars	Amount
Total liabilities for reportable segments	377,113,315
Unallocated amounts	20,116,240
Entity's Liabilities	**397,229,556**

D. Information about products and services

Revenue from each type of product and services described in point no. B above:

Particulars	Amount
Mutual Fund Management	40,929,549
Merchant Banking	38,574,163
Portfolio Management	756,913
Investment	57,809,561
Total	**138,070,187**

4.36 Earnings per share (EPS)

i. Basic Earnings per Share (BEPS)

Particulars	FY 2079/80	FY 2078/79
From continuing operations attributable to the ordinary equity holders of the company	17.13	6.04
From discontinued operation	-	-
Total basic earnings per share attributable to the ordinary equity holders of the company	17.13	6.04

ii. Diluted Earnings per Share (DEPS)

Particulars	FY 2079/80	FY 2078/79
From continuing operations attributable to the ordinary equity holders of the company	17.13	6.04
From discontinued operation	-	-
Total basic earnings per share attributable to the ordinary equity holders of the company	17.13	6.04

iii. Reconciliations of earnings used in calculating earnings per share

For Basic Earnings per Share

Particulars	FY 2079/80	FY 2078/79
Profit attributable to the ordinary equity holders of the company used in calculating basic earnings per share: - From continuing operations - From discontinuing operations	68,528,000	21,690,961 -
Total	**68,528,000**	**21,690,961**

For Diluted Earnings per Share

Particulars	FY 2079/80	FY 2078/79
Profit attributable to the ordinary equity holders of the company used in calculating basic earnings per share: - Used in calculating basic earnings per share - Adjustments for income or expenses that would result from conversion of dilutive potential ordinary shares	68,528,000- 	21,690,961 -
Total	**68,528,000**	**21,690,961**

iv. Weighted average number of shares used as the denominator

Particulars	FY 2079/80	FY 2078/79
Weighted average number of ordinary shares used as the denominator in calculating basic earnings per share	4,000,000	3,590,164
Adjustments for calculation of diluted earnings per share	-	-
Weighted average number of ordinary shares and potential ordinary shares used as the denominator in calculating diluted earnings per share	4,000,000	3,590,164

4.37 Interim Financial Reporting

NAS 34, "Interim Financial Reporting" doesn't mandate Kumari Capital Limited to publish interim financial reports. Since, the shares of KCL are not listed and is wholly owned by Kumari Bank Limited, KCL is not required by any regulatory or other bodies which may govern its operating activities to publish interim financial reports.

4.38 Risk Management

The Board of Directors has the overall responsibility for the establishment and oversight of the company's risk management framework. The wide-ranging risk categories that include Market, Liquidity, Credit, and Operational Risk are reviewed, measured, monitored and controlled.

A. Market Risk

Market risk is the risk that changes in market prices, interest rate, foreign exchange rate will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

B. Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the company. The company manages the credit quality of financial assets using internal credit ratings. The company's exposure and the credit rating of its counterparties are continuously monitored.

C. Liquidity Risk

Liquidity risk is the risk that the Entity will not have adequate financial resources to meet Entity's obligations as when the fall due. This risk arises from mismatches in the timing of cash flows. The management of liquidity risk includes taking steps to ensure, as far as possible, that it will always have adequate financial resources to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

D. Operational Risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Entity's involvement with financial instruments, including processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. The company's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the business reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity. The compliance with company's internal controls and procedures is supported by a program of periodic reviews undertaken by internal audit. The results of internal audit reviews are discussed with the management of the business units with summaries submitted to the Audit Committee.

4.39 Proposed Dividend

The Board of Directors meeting of Kumari Capital Limited held on Shrawan 25, 2080 has proposed cash dividend amounting to NPR 600,00,000 (15% of paid-up capital) including tax from retained earning including current year profit.

4.40 Reclassification, and Rounding Off

The previous year figure has been reclassified wherever found necessary for better presentation of Financial Statements. Certain reclassifications have been made to the prior year's financial statements to enhance comparability with the current year's financial statements.

As a result, certain line items have been amended in the statement of profit or loss and other comprehensive income, and the related notes to the financial statements. Comparative figures have been adjusted to conform to the current year's presentation.

The items were reclassified as follows:

Particulars	Previously Reported	After Reclassification
PMS Administrative Expenses	37,857	19,580
SEBON Fee on PMS Income	19,580	37,857

The figures presented in financial statements have been rounded off to the nearest rupee.

Independent Auditor's Report

To

The shareholders K.B.L. Securities Ltd.

Naxal, Kathmandu

We have audited the accompanying Statement of Financial Positon of the M/s. K.B.L. Securities Ltd. as of Ashad 31, 2080 (July 16, 2023) and the related Statement of Income, Statement of Other Comprehensive Income, Statement of Cash Flow, Statement of Changes in Equity and Notes to Financial Statements for the year Ashad 31, 2080.

Directors and management's responsibilities for the Financial Statements:

The management of the Company is responsible for the preparation and fair presentation of these financial statements in accordance to relevant financial accounting standards and Acts. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility:

Our responsibility is to express an opinion on these financial statements based on our audit.

Basis for Opinion:

We have conducted our audit in accordance with the generally accepted auditing principles, circulars and directives issued under relevant Act. Our objective was to obtain reasonable assurance whether those guidelines and standards are followed and are free of material misstatement. An audit is based on test, sampling test, checking of supporting and disclosure in financial statements as we considered necessary in the circumstances.

Opinion:

1. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
2. The Statement of Financial Positon, Statement of Income and the Statement of Cash Flow dealt with by this report are in the agreement with the books of account maintained and have been prepared as per the Company Act 2063.

Tower B-506, Suncity Apartment, Pepsicola, Kathmandu, Tel: 01-5150128, 9851170538
E-mail: sunischit7@gmail.com

3. In our opinion and to the best of our information and according to the explanation given to us, members of the Board of Directors and any employees of the Company has not acted contrary to the legal provisions relating to accounts nor committed any misappropriation or cause loss or Damage to the Company.
4. In our opinion, except for the effects of the adjustments on the financial statements, if any, as mentioned in the preceding paragraph and notes to financial statements, the financial statement gives a true and fair view as at 31 Ashad 2080.

कुमारी बैंक लिमिटेड
KUMARI BANK LIMITED
सबैका लागि, सधैंका लागि

Significant Accounting Policies

1. Reporting Entity

K.B.L Securities is incorporated on 2076/4/26, vide registration no 221079/076/077. under the Nepal Companies Act, 2063 having its registered Office at Naxal, Kathmandu. The company is registered at Inland revenue department with the PAN No 609514456 with the objective of dealing with brokerage of stock. K.B.L. securities Limited is fully owned subsidiary of Kumari Bank Limited. The company registered from SEBON as limited transaction broker on 23rd Jestha 2080 and is on process of getting approval from NEPSE for brokerage operation business.

2. Basis of Preparation

The financial statements are prepared on accrual basis in accordance with Nepal Financial Reporting Standards (NFRS) pronounced by Accounting Standard Board of Nepal as effective on September, 13, 2013 and the manner required by the Nepal Companies Act.

The financial statements comprises the Statement of Financial Position, Statement of Income and Statement of Other Comprehensive Income, the Statement of Changes in Equity, the Statement of Cash Flows and the Notes to the Accounts.

2.1 Statement of Compliance

The financial statements of the company have been prepared in accordance with Nepal Financial Reporting Standards (NFRS), as pronounced by the Institute of Chartered Accountants of Nepal (legally delegated authority under Companies Act to do so) issued by the Accounting Standard Board of Nepal so far as applicable. The applicable laws; Company Act, 2063 and Nepal Accounting Standards issued by ICAN, Bonus Act, Labour Act and other applicable laws.

The principal accounting policies adopted in the preparation of these financial statements are presented below and apply to the company. These policies have been consistently applied to all years presented, unless otherwise stated.

2.2 Reporting Period and Approval of Financial Statements

2.2.1 Reporting Period

The company follows the Nepalese financial year based on the Nepalese calendar. The reporting period for the financial statement is 2079.04.01 to 2080.03.31.

2.2.2 Responsibility for Financial Statements

The Board of Directors acknowledges the responsibility for the preparation and fair presentation of the financial statements of "K.B.L Securities Limited" in accordance with NFRS.

2.2.3 Approval of Financial Statements

The accompanied financial statements for the year ended on 16 July 2023 (Ashadh 31, 2080) have been adopted by the Board of Directors vide resolution passed through meeting held on 24/07/2023.

2.3 Functional and Presentation Currency

The financial statements are presented in Nepalese Rupees (Rs) which is the functional and presentation currency. All financial information presented in NPR has been rounded to the nearest rupee except where indicated otherwise.

2.4 Use of Estimates, Assumptions and Judgments

The company, under NFRS, is required to apply accounting policies to most appropriately suit its circumstances and operating environment. Further the company is required to make judgement in respect of items where the choice of specific policy, accounting estimate or assumption to be followed could materially affect the financial statements. This may later be determined that a different choice could have been more appropriate.

NFRS requires the company to make estimates and assumptions that will affect the assets, liabilities, disclosure of contingent assets and liabilities, and profit or loss as reported in the financial statements.

The company applies estimates in preparing and presenting the financial statements. The estimates and underlying assumptions are reviewed periodically. Revision to accounting estimates are recognized in the period in which the estimates are revised and are applied prospectively.

Disclosures of the accounting estimates have been included in the relevant sections of the notes wherever the estimates have been applied along with the nature and effect of changes of accounting estimates, if any.

2.5 Going Concern

The financial statements are prepared on a going concern basis, as the Board of the company is satisfied that the company has the resources to continue in business for the foreseeable future. In making this assessment, the Board of Directors have considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.6 Changes in Accounting Policies

The company has applied unifrom accounting policy as permited by NFRS and applying NFRS in measurement of recognised assets and liabilities.

3. Significant Accounting Policies

3.1 Basis of Measurement

The company, while complying with the reporting standards, makes critical accounting judgement as having potentially material impact on the financial statements. The significant accounting policies that relate to the financial statements as a whole along with the judgements made are described herein.

Where an accounting policy is generally applicable to a specific item, the policy is described within that relevant note. NFRS requires the company to exercise judgement in making accounting estimates. Description of such estimates has been given in the relevant sections wherever they have been applied.

3.2 Cash and Cash Equivalent

Cash and cash equivalents include cash in hand, balances with BFIs, money at call & short notice and highly liquid financial assets with original maturities of three months or less from the acquisition dates that are subject to an insignificant risk of changes in their fair value and are used by the company in the management of its short-term commitments.

3.3 Income tax

Tax expenses comprises of current tax and deferred tax and are recognised in profit and loss except to the extent that they relate to items recognised directly in equity or in other comprehensive income.

A. Current Tax

Current tax is the expected tax payable or recoverable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. Current tax payable also includes any tax liability arising from the declaration of dividends.

B. Deferred Tax

Deferred income tax is provided in full on all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. However, if the deferred income tax arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction

affects neither accounting nor taxable profit nor loss, it is not accounted for. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted at the reporting date and are expected to apply when the related deferred income tax liability is settled. Deferred income tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilized. Deferred income tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary difference is controlled by the company and it is probable that the temporary difference will not reverse in the foreseeable future.

The measurement of deferred tax reflects the tax consequences that would flow from the manner in which the company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if certain criteria are met.

3.4 Provisions

A provision is recognized when as a result of a past event, the licensed institution has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

A) Provision for Redundancy

It shall include benefits payable as a result of employment being terminated or based on a dismissal plan of the licensed institution. It also includes provision for employees' termination benefits like voluntary retirement scheme.

B) Provision for Restructuring

Restructuring includes sale or termination of a line of business, closure of business locations or relocation in a region, changes in management structure, fundamental reorganizations that restructuring that is recognized as per the requirement of NFRSs. Provision for the same shall be done.

C) Pending Legal Issues and Tax Litigation

It includes provisions for pending legal issues and tax litigation.

3.5 Revenue Recognition:

Revenue are recognized on an accrual basis when the service has been provided or significant act performed whenever the benefit exceeds cost in determining such value.

3.6 Share capital and reserves

Financial instruments issued are classified as equity when there is no contractual obligation to transfer cash, other financial assets or issue available number of own equity instruments. Incremental costs directly attributable to the issue of new shares are shown in equity as deduction net of taxes from the proceeds.

Dividends on ordinary shares and preference shares classified as equity are recognised in equity in the period in which they are declared.

Incremental costs directly attributable to the issue of an equity instrument are deducted from the initial measurement of the equity instruments considering the tax benefits achieved thereon.

The reserves include retained earnings and other statutory reserves such as general reserve,assets revaluation reserve, capital reserve and other reserve etc.

Notes to the Financial Statements

4.1 Cash & Cash Equivalent

Cash & Cash Equivalent has been shown at carrying value which is fair value. Balance with B/FIs includes balance maintained at various banks and financials institutions. कुमारी बैंक लिमिटेड,
टंगाल, काठमाडौं

विषय: वित्तीय विवरण प्रकाशन सम्बन्धमा ।

महाशय,

त्यस बैंकबाट पेश गरिएका वित्तीय विवरण तथा अन्य कागजातका आधारमा यस बैंकद्वारा जारी गरिएको एकीकृत निर्देशन नं. ४/०८० को बुँदा नं.१(झ) मा भएको व्यवस्था बमोजिम आ.व. २०७९/८० को वार्षिक हिसाब वार्षिक साधारण सभामा स्वीकृतिको लागि पेश गर्ने प्रयोजनार्थ देहायका निर्देशन सहित सार्वजनिक गर्न सहमति प्रदान गरिएको व्यहोरा निर्णयानुसार जानकारी गराउँदछु ।

१. लेखापरीक्षण प्रतिवेदनमा उल्लेख गरिएका कैफियतहरु पूर्ण रुपले सुधार गर्न तथा त्यस्ता कैफियतहरु पुनः दोहोरिन नदिने व्यवस्था मिलाउनु हुन ।

२. बैंकले FVTOCI मा मूल्याङ्कन गरिएको शेयर(इक्विटी) मा भएको लगानीको लेखाङ्कन गर्दा लगानीको Fair Value मा वृद्धि भई सृजित हुने कुल Fair Value Change को ७० प्रतिशतले हुन आउने रकम Fair Value Reserve मा राख्नुपर्नेमा रु. ४१४,६९,६६० ले कम लेखाङ्कन गरेकोले सो बराबरको रकम सञ्चित मुनाफा खाताबाट Fair Value Reserve मा रकमान्तर गर्नुहुन ।

३. यस बैंकबाट जारी एकीकृत निर्देशन नं. १६ को बुँदा नं.५ बमोजिम डिबेञ्चर/अन्य ऋण उपकरण जारी गर्ने बैंक तथा वित्तीय संस्थाले निष्काशन गरिएको आर्थिक वर्ष र भुक्तानी हुने आर्थिक वर्ष बाहेकका प्रत्येक वर्ष वार्षिक मुनाफाबाट समानुपातिक आधारमा रकम भुक्तानी कोष (Capital Redemption Reserve) अनिवार्य रुपमा राख्नु पर्ने व्यवस्था भएकोमा यस आ.व. मा बैंकले **"9.50% NCC Debenture 2086"** वापत राख्नुपर्ने रु. ३७,५०,००,००० बराबरको रकम Capital Redemption Reserve मा रकमान्तर नगरेकोले आ.व. २०८०/८१ मा सो रकम थप गरी रकमान्तर गर्नुहुन ।

उपरोक्त निर्देशनहरुलाई त्यस बैंकको वार्षिक प्रतिवेदनको छुट्टै पानामा प्रकाशित गर्नुहुन ।

भवदीय,

(आकृति के.सी)
सहायक निर्देशक

बोधार्थ
१. नेपाल राष्ट्र बैंक, बैंक तथा वित्तीय संस्था नियमन विभाग ।
२. बैंक सुपरिवेक्षण विभाग, प्रतिवेदन कार्यान्वयन इकाई, कुमारी बैंक लिमिटेड ।

बैंकको प्रतिक्रिया:
बैंकले उपरोक्त निर्देशनहरुको कार्यान्वयनको व्यवस्था गरिसकेको व्यहोरा जानकारीका लागि अनुरोध गर्दछौं ।
