३८ औं वार्षिक साधारण सभामा
अध्यक्षज्यूद्वारा प्रस्तुत सञ्चालक समितिको प्रतिवेदन
(आर्थिक वर्ष २०८०/८१)

आदरणीय शेयरधनी महानुभावहरु,

यस नेपाल इन्भेष्टमेण्ट मेगा बैंक लिमिटेड (NIMB) को ३८ औं वार्षिक साधारण सभामा शेयरधनी महानुभावहरूलाई स्वागत गर्न पाउँदा हामीलाई अत्यन्त खुसी लागेको छ ।

विगत तीन दशकभन्दा लामो बैंकिङ्ग यात्रामा निरन्तर रूपले साथ दिइ यहाँहरूबाट हामीलाई प्राप्त असीम विश्वास र आत्मीय सहयोगका लागि बैंक परिवार यहाँहरू प्रति हार्दिक आभार एवं कृतज्ञता व्यक्त गर्दछ । आगामी दिनहरूमा समेत यहाँहरूको साथ निरन्तर रूपमा प्राप्त हुनेछ भन्ने हामीले विश्वास लिएका छौं ।

अब म यहाँहरू समक्ष आर्थिक वर्ष २०८०/८१ को बैंकका गतिविधिहरू, वासलात तथा नाफा नोक्सान हिसाब सहितका अन्य वित्तीय विवरण प्रस्तुत गर्दछु ।

१. **विगत वर्ष (आर्थिक वर्ष २०८०/८१) को बैंकको कारोबारको सिंहावलोकन :**

आर्थिक वर्ष २०८०/८१ गत आ.व. झै बैंकिङ्ग क्षेत्रका लागि अत्यन्त चुनौतिपूर्ण रह्यो । कोभिड महामारीको दीर्घकालीन प्रभाव, राजनीतिक अस्थिरता, देशभरका सहकारीमा परेको समस्या र घरजग्गा कारोवारमा छाएको मन्दीका कारणले वित्तीय क्षेत्रलाई नराम्ररी प्रभावित पारेको छ । आर्थिक गतिविधि सुस्त हुँदा वस्तु तथा सेवाको माग न्यून रहन गयो भने यथेष्ट लगानीयोग्य रकम र ब्याजदर घटिरहँदा समेत ऋण लगानी कमजोर रहेको छ । आर्थिक क्षेत्रमा शिथिलताका कारण बैंकका ऋणीहरूको साँवा एवं ब्याज भुक्तानी गर्ने क्षमतामा ह्रास आउँदा बैंकिङ्ग क्षेत्रको औषत निष्क्रिय कर्जामा उल्लेखनीय बढोत्तरी भएको छ भने पछिल्लो समय देशमा भएको विभिन्न खालका बैंक विरूद्ध गतिविधिले पनि निष्क्रिय कर्जा बढ्नमा मलजल गरेको छ ।

यस परिवेशमा समीक्षा आर्थिक वर्षमा यस बैंकको वासलात तर्फ कूल सम्पत्ति रू. ४५ अर्ब ३६ करोड अर्थात १०.१७ प्रतिशतले वृद्धि भई रू. ४ खर्ब ९२ अर्ब पुगेको छ । अघिल्लो वर्ष कूल सम्पत्ति रू. ४ खर्ब ४६ अर्ब थियो । बैंकले समीक्षा अवधिमा रू. ४६ अर्ब ५८ करोड निक्षेप वृद्धि गरेको छ, जुन अघिल्लो वर्षको कूल निक्षेप रू. ३ खर्ब ६० अर्ब को तुलनामा १२.९३ प्रतिशतले वृद्धि भई रू. ४ खर्ब ७ अर्ब पुगेको छ । त्यसैगरी कर्जा तथा सापटी करिब रू. ६.१० अर्ब ले वृद्धि भई २०८१ आषाढ मसान्तमा रू. ३ खर्ब १८ अर्ब कायम भएको छ, जुन अघिल्लो वर्ष रू. ३ खर्ब १२ अर्ब थियो । आर्थिक मन्दी, राजनीतिक अस्थिरता, खस्किदो लगानी वातावरण तथा ऋणीहरूको ऋण भुक्तानी गर्ने क्षमतामा ह्रास आएको कारण कर्जा असुली प्रभावित भई समीक्षा आर्थिक वर्षमा बैंकको निष्क्रिय कर्जा (NPA) ४.९१ प्रतिशत पुगेको छ । कोभिड–१९ पछि देखिएको आर्थिक मन्दीका कारणले विशेष गरी ग्रामीण क्षेत्र तथा साना-मझौला उद्योग क्षेत्रलाई परेको गहिरो प्रभाव, घरजग्गा कारोवारमा सुस्तता, आन्तरिक उपभोगमा आएको गिरावट र विभिन्न खालका बैंक विरूद्ध गतिविधिको प्रभावले

पनि बैंकको निष्क्रिय कर्जा बढ्न गएको हो । फलस्वरूप बैंकको गैर बैंकिङ्ग सम्पत्ति (NBA) पनि बढेको छ जुन समीक्षा आर्थिक वर्षको अन्त्यमा रू. ३ अर्ब १ करोड पुगेको छ । यस्ता प्रतिकुल परिस्थितिका बाबजुद बैकले विद्यमान नीति निर्देशन भित्र रही कर्जा असुलीलाई थप प्रभावकारी ढंङ्गबाट कार्यान्वयन गरी निष्क्रिय कर्जालाई वाञ्छित सिमाभित्र ल्याउन बैंक निरन्तर प्रयासरत छ ।

नाफा नोक्सान हिसाब तर्फ समीक्षा आर्थिक वर्ष २०८०/८१ मा बैंकले रू. १५ अर्ब १२ करोड खुद ब्याज आम्दानी गरेको छ । त्यसैगरी खुद शुल्क तथा कमिशन आम्दानी यस आर्थिक वर्षमा रू. १ अर्ब ७८ करोड भएको छ । विदेशी मुद्रा सटही आम्दानी रू. ४६ करोड ९५ लाख रहेको छ । त्यसैगरि अन्य सञ्चालन आम्दानी भने रू. ४० करोड ८१ लाख रहको छ । कर्जा नोक्सानी व्यवस्था तर्फ भने बैंकले आ.व. २०८०/८१ मा रू. ५ अर्ब ११ करोड थप व्यवस्था कायम गरेको छ भने गैर सञ्चालन खर्च अर्न्तगत रू. ७३ करोड २१ लाख कर्जा अपलेखन गरेको छ । समीक्षा वर्षमा बैंकको कर्मचारी खर्च तर्फ रू. ३ अर्ब ७७ करोड खर्च भएको छ भने सञ्चालन खर्च (ह्रास कट्टि सहित) रू. २ अर्ब ५० करोड रहेको छ । बैंकले सञ्चालन खर्चमा मितव्ययिता अपनाई निर्धारित लक्ष्य प्राप्त गर्ने रणनीति अवलम्बन गरेको छ ।

समग्रमा आर्थिक वर्ष २०८०/८१ मा बैंकको खुद मुनाफा रू. ४ अर्ब ११ करोड कायम रहन गयो । गत वर्ष बैंकको खुद मुनाफा रू. ३ अर्ब ७२ करोड रहेको थियो । (नोट : गत आर्थिक वर्ष २०७९/८० मा साविक मेगा बैंक नेपाल लिमिटेडसँग मर्जर भई मिति २०७९/०९/२७ बाट संयुक्त वित्तीय कारोबार शुरू भएकोले आय/व्ययका रकम अधिल्लो वर्षसँग तुलनात्मक नरहेको) ।

बैंकको वितरणयोग्य मुनाफा रू. ५ अर्ब ६९ करोड ऋणात्मक रहेको छ । गत वर्ष बाट सारिआएको सञ्चित नोक्सानी रू. ३ अर्ब ४७ करोड र समीक्षा वर्षको मुनाफाबाट बैधानिक जगेडा तथा कोषहरूमा रकमान्तर पश्चात् बाँकी नियामक समायोजन अघिको नाफा रू. २ अर्ब १८ करोडबाट कर्जा तथा सापटमा असुल गर्न बाँकी बक्यौता ब्याज बापत रू. १ अर्ब ४० करोड, गैर बैंकिङ्ग सम्पत्ति बापत रू. १ अर्ब १७ करोड, स्थगन कर सम्पत्ति (सञ्चित मुनाफा संग सम्बन्धीत) बापत रू. १ अर्ब ६३ करोड र अन्य कोषहरू (बिमाङ्की नोक्सानी र ब्याज पूँजीकरण) वापत रू. २० करोड नेपाल राष्ट्र बैंकको निर्देशन बमोजिम वितरणयोग्य मुनाफाबाट घटाई नियमनकारी कोषमा रकमान्तर गर्नाले ऋणात्मक भएको हो ।

बैंकको पूँजी पर्याप्तता अनुपात सन्तोषजनक स्तरमा कायम रहेको छ । बासल तीन (Basel III) अनुसार न्यूनतम प्राथमिक पूँजी (Tier I) ८.५० प्रतिशत आवश्यक भएपनि हाल सो अनुपात १०.१२ प्रतिशत कायम रहेको छ । त्यस्तैगरी, कूल पूँजी कोष अनुपात न्यूनतम ११.०० प्रतिशत तोकिएकोमा बैंकको कूल पूँजी कोष १२.९७ प्रतिशत रहेको छ । त्यसैगरी बैंकको कर्जा निक्षेप अनुपात (Credit-Deposit Ratio - CD Ratio) पनि सहजस्तरमा नै कायम रहेको छ । नेपाल राष्ट्र बैंकको निर्देशानुसार कर्जा निक्षेप अनुपात (कूल निक्षेप तथा ऋणपत्र) ९० प्रतिशतभन्दा बढी नहुने गरी कायम गर्नुपर्ने व्यवस्था भएकोमा बैंकको यो अनुपात ७९.२२ प्रतिशतमा कायम रहेको छ ।

समीक्षा अवधिमा बैंकले हासिल गरेको कार्यसम्पादनको झलक तल उल्लेख गरिए अनुसार छ :

२. **राष्ट्रिय तथा अन्तर्राष्ट्रिय परिस्थितिबाट कम्पनीको कारोबारलाई कुनै असर परेको भए सो असर :**

अन्तर्राष्ट्रिय मुद्रा कोषले सार्वजनिक गरेको विश्व आर्थिक परिदृश्य (World Economic Outlook) को अक्टोवर, २०२४ अंक अनुसार सन् २०२३ मा ३.३ प्रतिशतले विस्तार भएको विश्व अर्थतन्त्रको वृद्धिदर सन् २०२४ मा ३.२ प्रतिशतमा संकुचन हुने अनुमान गरिएको छ। विकसित अर्थतन्त्रको वृद्धिदर अघिल्लो वर्षको १.७ प्रतिशतको तुलनामा सन् २०२४ मा १.८ प्रतिशतले विस्तार हुने र उदीयमान अर्थतन्त्रको वृद्धिदर अघिल्लो वर्षको ४.४ प्रतिशतको तुलनामा सन् २०२४ मा ४.२ प्रतिशतमा सीमित हुने कोषको प्रक्षेपण छ। अन्तर्राष्ट्रिय मुद्रा कोषले सन् २०२५ मा विश्व अर्थतन्त्र, विकसित अर्थतन्त्र र उदीयमान तथा विकासोन्मुख अर्थतन्त्रको वृद्धिदर स्थिर रहने प्रक्षेपण गरेको छ।

केही देशहरूमा मूल्यको दबाब जारी रहेता पनि उच्च मुद्रास्फीति नियन्त्रण गर्न अवलम्बन गरिएको कसिलो मौद्रिक नीतिबाट मन्दीतर्फ धकेलिएको विश्व अर्थतन्त्र अनुमान गरिएभन्दा सुदृढ रहन गएको छ। सन् २०२२ को तेस्रो त्रैमासमा ९.४ प्रतिशतको शिखर बिन्दुमा पुगेको मुद्रास्फीति दर सन् २०२५ को अन्त्यसम्म ३.५ प्रतिशतमा रहने अनुमान गरिएको छ जुन सन् २००० देखि २०१९ सम्मको औसत ३.६ प्रतिशतभन्दा कम हो। सन् २०२४ को सुरूदेखि नै प्रमुख अर्थतन्त्रहरूको आर्थिक गतिविधी क्षमता अनुरूप चलिरहेका कारण चक्रीय असन्तुलनहरू विस्तारै घट्दो क्रममा रहेको संकेतहरू देखिएको छ। यद्यपी क्षेत्रीय द्वन्द्व विषेशगरी मध्यपूर्वमा द्वन्द्व लम्बिदा र युक्रेनमा भईरहेको युद्धले व्यापार व्यवसायलाई थप अवरोध गर्न देखिन्छ जसले गर्दा खाद्यान्न,

ऊर्जा र अन्य वस्तुहरूको मुल्यमा वृद्धि भएमा त्यसबाट मुद्रास्फीतिमा पुनः चाप पर्नसक्ने जोखिम भने रहेको छ। वस्तु मूल्यको अस्थिरताले उच्च मुद्रास्फीति निम्त्याउन सक्ने भएको कारण विशेषगरी वस्तु आयात गर्ने देशहरूमा केन्द्रीय बैंकहरूले पुनः मौद्रिक नीति मार्फत कडाई गर्न सक्छन्। फलस्वरूप बिस्तारै चलाएमान बन्दै गरेको आर्थिक गतिविधीहरू फेरी संकुचन हुन सक्नेछ ।

अन्तर्राष्ट्रिय बजारमा २०८० असार मसान्तमा प्रति ब्यारल अमेरिकी डलर ७९.९० रहेको कच्चा पेट्रोलियम (Crude Oil Brent) को मूल्य २०८१ असार मसान्तमा ८.२ प्रतिशतले वृद्धि भई अमेरिकी डलर ८६.४२ पुगेको छ। त्यसैगरी, अन्तर्राष्ट्रिय बजारमा २०८० असार मसान्तमा प्रति आउन्स सुनको मूल्य अमेरिकी डलर १,९५३.७ रहेकोमा २०८१ असार मसान्तमा २३.९ प्रतिशतले वृद्धि भई अमेरिकी डलर २,४२१.२५ कायम भएको छ। २०८० असार मसान्तको तुलनामा २०८१ असार मसान्तमा अमेरिकी डलरसँग नेपाली रूपैयाँ १.६४ प्रतिशतले अवमूल्यन भएको छ। २०८१ असार मसान्तमा अमेरिकी डलर एकको खरिद विनिमय दर रू.१३३.३६ पुगेको छ। २०८० असार मसान्तमा उक्त विनिमय दर रू.१३१.१७ रहेको थियो।

विश्व अर्थतन्त्रको मुद्रास्फीतिमा क्रमिक सुधार हुँदै गए सँगै विश्वका केन्द्रीय बैंकहरूले पछिल्लो समय मौद्रिक नीतिको कार्यदिशालाई खुकुलो बनाउन शुरू गरेका छन् भने नेपालको बाह्य स्थिति सुधार भएसँगै बैंकिङ्ग क्षेत्रको तरलता बढेकोले ब्याजदरहरू घटेका छन। यद्यपि यस परिवर्तनका बाबजुद पनि आन्तरिक रूपमा वस्तु तथा सेवाको माग संकुचित रहेको तथा लगानीकर्ताहरूको मनोबल कमजोर रहेका कारण अर्थतन्त्र अझै सुस्त गतिमा रहेको छ। परिणामस्वरूप बाह्य सूचकाङ्कहरू सकारात्मक देखिएता पनि आन्तरिक आर्थिक अवस्थामा सुधार आउन अझै केही समय लाग्ने देखिन्छ।

घ. मानव संसाधन :

मानव संसाधन विकास कुनै पनि संस्थाको सफलता र दिगोपनाको लागि आधारभूत तत्व हो । यसले ग्राहकहरूसँगको सम्बन्ध र बैंकको उत्पादकत्वमा महत्वपूर्ण प्रभाव पार्दछ । उत्कृष्ट, सक्षम तथा राम्रा तालिम प्राप्त कर्मचारीहरू बैंकका अमूल्य सम्पत्ति हुन् । कर्मचारीहरूलाई अद्यावधिक प्रविधि, वित्तीय ज्ञान, ग्राहक सेवा कौशलमा तालिम दिनु ग्राहकहरूको आवश्यकताहरूलाई बुझ्न र प्रभावकारी रूपमा सम्बोधन गर्न सक्षम बनाउँदछ । कर्मचारीहरूको क्षमता तथा बौद्धिकताले संगठनको प्रभावकारितामा प्रभाव पार्ने हुँदा राम्रा तथा सक्षम मानव संसाधनको निर्माणका लागि बैंकले सोही अनुसारको आवश्यक लगानी पनि गर्दै आईरहेको छ ।

हामीसँग अहिले बैंकको मूल्य, मान्यता र अभियान प्रति प्रतिबद्ध ३,१३२ जना कर्मचारीहरू छन्, जसमध्ये ४६ प्रतिशत महिला छन् । उनीहरूले हाम्रा ग्राहकहरूलाई विश्वसनीय सेवा दिने लक्ष्यका साथ सुमधुर वातावरणमा कार्य सम्पादन गरिरहेका छन् । संस्थामा १० वर्षभन्दा लामो अवधिसम्म सेवा गर्ने कर्मचारीको संख्या १०७१ रहेको छ । हामीले विश्वासिलो र सहयोगी वातावरणमा काम गर्ने संस्कारको विकास गरेका छौं ।

तीब्र बजार प्रतिस्पर्धासँग गति कायम गर्दै व्यावसायिक वृद्धि हासिल गर्न निरन्तर अध्ययन र क्षमता वृद्धि महत्वपूर्ण हुन्छ । समीक्षा वर्षमा विभिन्न कर्मचारीहरूले पेशागत विकासका अवसरका लागि जम्मा ३२८ वटा तालिम तथा गोष्ठीमा भाग लिएका थिए । मुख्यतया लक्षित क्षेत्रहरूमा सुरक्षित लगानीका लागि धितो मूल्यांकन प्रविधि, खुद्रा कर्जा र जोखिम व्यवस्थापन र कर्जा मूल्यांकन तथा वित्तिय विवरण विश्लेषण समावेश छन् जसले कर्जा व्यवस्थापन र सञ्चालन दक्षता सुदृढ बनाउने लक्ष्य राखेको थियो । नियामक र अनुपालनको आवश्यकताहरू पूरा गर्न AML/CFT (Anti-Money Laundering/Combating the Financing of Terrorism), विदेशी मुद्रा नियमन र व्यवस्थापन, र NFRS 9 अनुसारको Expected Credit Loss सम्बन्धी

तालिम प्रदान गरियो । कर्मचारीहरूलाई बैंकिङ्ग अपराध रोकथाम र पहिचान, वित्तीय संस्थाहरूका लागि वातावरणीय तथा सामाजिक जोखिम व्यवस्थापन (ESRM) र भूमी राजश्व विभाग सम्बन्धी मुद्दाहरू प्रभावकारी व्यवस्थापन बारे तालिम प्रदान गरियो । बैंकले फिनटेक र साइबर सुरक्षाको साथै डिजिटल र इलेक्ट्रोनिक बैंकिङ्ग तथा वैकल्पिक सेवा च्यानलहरू सम्बन्धी तालिममा लगानी गर्दे प्रविधिगत प्रगतिलाई आत्मसाथ गर्ने प्रतिबद्धता समेत देखाएको छ । नेतृत्व र व्यावसायिक विकासलाई सुदृढ गर्ने Emotional Intelligence र अन्य Soft Skills, Elevate Your Leadership & Your Team र HRM & Innovation सम्बन्धी तालिम प्रदान गरिएको थियो । लेटर अफ क्रेडिट प्रयोग गरी व्यापार प्रवर्द्धन, Working Capital Financing, नेपाल राष्ट्र बैंकको निर्देशिका, र CSD Excellence Program सम्बन्धी तालिमहरूले कर्मचारीहरूलाई विविध सञ्चालन र रणनीतिक चुनौतीहरूको प्रभावकारी व्यवस्थापन गर्न सक्षम बनाएको छ । मानव पूँजीको गुणस्तर सुधार्ने कुनै पनि लगानी अन्ततः संस्थाको साख वृद्धि र शेयरधनीहरूको मूल्य बढाउने कुरामा हामी विश्वास गर्दछौं । नेपाल राष्ट्र बैंकले अघिल्लो वर्षको कूल तलब भत्ता खर्चको ३ प्रतिशतले हुने रकम कर्मचारीको तालिम तथा वृत्ति विकासमा खर्च गर्नुपर्ने व्यवस्था गरे बमोजिम समीक्षा आर्थिक वर्षमा बैंकले कर्मचारीको तालिममा रू. २ करोड ९६ लाख खर्च गरेको छ ।

ङ. सामाजिक तथा सामुदायिक कार्यहरु (CSR) :

यस बैंकमा हामी विश्वास गर्दछौ कि हाम्रो भूमीका केवल वित्तीय सेवासम्म मात्र सीमित छैन । हाम्रो दायित्व भनेको हामीले सेवा गर्ने समुदायहरूमा सम्रग समृद्धि र सकारात्मक सामाजिक प्रभाव सिर्जना गर्नु हो । आफ्नो संस्कृति र राष्ट्रिय सम्पदाका संरक्षण तथा प्रवर्धन गर्नुका साथै समाजमा रहेका समाजिक-शैक्षिक संस्था, परोपकारी संस्था, मठ-मन्दिर, अस्पताल, खेलकुद र अन्य सामाजिक हितका संस्थाहरूलाई सहयोग गरेर यो दायित्व वहन गर्न सकिन्छ भन्ने हाम्रो मान्यता छ । यस बाहेक पनि गरिबी निवारण, शिक्षामा प्रोत्साहन, वातावरणीय ह्रासमा नियन्त्रण, मोफसलका युवाहरूलाई ग्रामीण उद्यमतर्फ आकर्षित गरी बेरोजगारी लगायतका समस्या समाधानमा सहभागी भएर पनि सामाजिक दायित्व निर्वाह गर्न सक्दछ । यही तथ्यलाई हृदयङ्गम गरेर बैंकले आफ्नो स्थापनाकाल देखि नै सामाजिक तथा सामुदायिक कार्य गर्दै आएको छ । समीक्षा वर्षमा CSR अन्तर्गत रू.४,३१,१६,०६९/- खर्च गरिएको छ ।

यसैगरी बैंकले समीक्षा आर्थिक वर्षमा वित्तीय, आर्थिक र औद्योगिक विकास, सामाजिक आर्थिक सशक्तीकरण, सांस्कृतिक सम्पदा संरक्षण, वित्तीय साक्षरता, स्वास्थ्य र खेलकुद, कला र शिल्प संरक्षण, शिक्षा अभिवृद्धि, सामाजिक परियोजना, लिंग समानता र महिला सशक्तीकरण जस्ता सामाजिक क्षेत्रहरूमा संस्थागत सामाजिक उत्तरदायित्व अन्तर्गत आर्थिक सहयोग प्रदान गरेको छ । वित्तीय समावेशिता सुदृढीकरण, आर्थिक वृद्धि प्रवर्धन गर्ने उद्देश्यले विभिन्न कार्यक्रमहरूलाई सहयोग पुऱ्याएका छौं जस अन्तर्गत स्वःरोजगारमूलक व्यावसायिक सिप प्रदान गर्न रू. ३४ लाख ३८ हजार आर्थिक सहयोग प्रदान गरेका छौं । यसको लक्ष्य सामाजिक सशक्तीकरणमा सीप विकास र आर्थिक स्वतन्त्रतालाई ध्यान राखी सीमान्तकृत समुदायहरूलाई उत्थान गर्नका लागि उपकरण, स्रोत र अवसरहरू प्रदान गर्ने हो । हामीले पेशागत तालिम, लघुवित्त कार्यक्रमहरू र व्यावसायिक सहयोग प्रदान गर्दै व्यक्तिहरू र समुदायहरूको सशक्तीकरणमा योगदान स्वरूप रू. ९६ लाख ३० हजार आर्थिक सहयोग प्रदान गरेका छौ । त्यसैगरी, ऐतिहासिक स्मारकहरू, परम्परागत कला र स्वदेशी

ज्ञानको रक्षा गर्न समर्पित विभिन्न परियोजनाहरूलाई वित्तीय सहयोग स्वरूप रू. १ करोड २ लाख आर्थिक सहयोग प्रदान गरेका छौ। जस अर्न्तगत गत वर्ष भकै यस आ.व.मा पनि पशुपति क्षेत्रको सरसफाई अभियानका लागि ९० लाख रकम प्रदान गरेका छौं । सार्वजनिक स्वास्थ्यको सुधार र खेलकुदको विकास हाम्रो समुदाय केन्द्रित CSR रणनीतिका प्रमुख अङ्गहरू हुन । स्वास्थ्य सम्बन्धी पहलहरूले चिकित्सा स्वास्थ्य शिविर, स्वास्थ्य शिक्षा कार्यक्रम र सार्वजनिक स्वास्थ्य समस्याहरूको बारेमा सचेतना अभिवृद्धि गर्ने कार्यक्रमहरूलाई समेटेको छ । त्यस्तै, खेलकुदमा हामीले स्थानीय क्लबहरू र एथलेटिक कार्यक्रमहरूको प्रायोजन गर्दै युवाहरूलाई खेलकुद गतिविधिहरूमा संलग्न गराउने अवसरहरू सिर्जना गरेका छौं । यस पहलमा हामीले १ करोड २२ लाख आर्थिक सहयोग प्रदान गरेका छौं । हामी परम्परागत कला र हस्तकलाको मूल्यलाई हाम्रो सांस्कृतिक पहिचानको अभिन्न अङ्गको रूपमा रहेको छ भन्ने विश्वास लिएका छौं । हाम्रा CSR गतिविधिहरूमा स्थानीय कालीगढहरूको समर्थन, स्वदेशी उद्योगहरूको प्रवर्द्धन र परम्परागत कला र हस्तकलाको संरक्षण गर्ने पहलहरू समावेश छन् र सो कार्यक्रमका लागि रू. ४ लाख आर्थिक सहयोग प्रदान गरेका छौं । शिक्षा सामाजिक विकासको प्रमुख आधार हो भन्ने हाम्रो मान्यता स्वरूप वञ्चित बालबालिकालाई गुणस्तरीय शिक्षा प्रदान गर्न शैक्षिक पहलहरूमा लगानी गरेका छौ । यी प्रयासहरूमा छात्रवृत्ति, वित्तीय साक्षरता कार्यक्रम अर्न्तगत रू.२४ लाख २६ हजार आर्थिक सहयोग प्रदान गरेका छौ । हामी विविध सामाजिक विकास परियोजनाहरूमा संलग्न रहेका छौं । जसले गरिबी निवारण, सरसफाई, स्वच्छ पानीको पहुँच र सामुदायिक पूर्वाधार जस्ता समस्याहरूलाई लक्षित गर्दै समुदायमा जीवनस्तरको समग्र सुधार गरी अत्मनिर्भरता र दिगो विकासको प्रवर्द्धन गर्दछ । यस कार्यक्रममा रू.४४ लाख ९३ हजार आर्थिक सहयोग प्रदान गरेका छौं । लैङ्गिक समानताको प्रवर्द्धन हाम्रो CSR प्रयासको एक महत्वपूर्ण अङ्ग हो । महिलाहरूको सीप विकास, व्यवसाय र नेतृत्व तालिमद्वारा सशक्त बनाउनका लागि विभिन्न कार्यक्रमहरूमा सहयोग गदै आएका छौं ।

बैंकका यी गतिविधिहरू केवल तत्कालका आवश्यकता पुरा गर्नमा मात्र सीमित नभई दिगो विकास र बहुपक्षीय योगदानको सृजनामा केन्द्रित रहेका छन् । यी प्रयासहरू मार्फत हामी समाजका लागि दीर्घकालिन महत्व सृजना गर्न, सकारात्मक परिवर्तन ल्याउन र हामीले सेवा गर्ने समुदायहरूमा समग्र विकासको लागि योगदान पुऱ्याउन प्रतिबद्ध छौं भने यसबाट बैंकको साख र व्यवसाय पनि प्रवर्द्धन हुनपुग्दछ ।

च. संस्थागत सुशासन र कानूनी परिपालना :

कुनै पनि संस्थाको सफलता मूलरूपमा त्यस संस्थाले अवलम्वन गर्ने कुशल संस्थागत सुशासनका अभ्यासहरूमा निर्भर रहन्छ । यो तथ्यसँग नेपाल इन्भेष्टमेण्ट मेगा बैंक सधै सजग र सचेत छ । त्यसैले हामीले कम्पनी ऐन, २०६३, बैंक तथा वित्तीय संस्था सम्बन्धी ऐन, २०७३ र धितोपत्र कारोबार ऐन, २०६३, श्रम ऐन, २०७४, भुक्तानी तथा फर्स्यौट ऐन, २०७५ तथा अन्य सम्बद्ध ऐन नियम, निर्देशन, परिपत्र, कार्यविधिमा भएका व्यवस्थाहरूको पालना गर्दै आएका छौं । साथै बैंकका सबै सञ्चालकहरूले समेत तोकिएको आचरण पूर्ण रूपमा परिपालना गरेका छन् ।

छ. आफ्ना ग्राहक पहिचान (KYC) र मुद्रा निर्मलीकरण (AML) :

बैंकले सम्पत्ति शुद्धीकरण (मनी लाउन्डरिङ्ग) निवारण ऐन, २०६४ यस सम्बन्धी नियमावली तथा नेपाल राष्ट्र बैंकले जारी गर्ने सम्पत्ति शुद्धीकरण नियन्त्रणसँग सम्बन्धित निर्देशिकाहरूको परिपालना गर्दै आएको छ। यसको साथै सम्पत्ति शुद्धीकरण रोकथाम गर्न बैंकका आफ्नै नीति र नियमहरू रहेका छन्। आफ्ना ग्राहक पहिचान (KYC) र सम्पत्ति शुद्धीकरणका विषयमा आफ्ना कर्मचारीलाई अद्यावधिक जानकारी दिने उद्देश्य सहित बैंकले निरन्तर तालिम पनि आयोजना गर्दै आएको छ। यही अनुरूप बैंकले आफ्ना ग्राहकहरूको विवरण अद्यावधिक नभएमा नियमित अन्तरालमा तिनीहरूको KYC विवरण अद्यावधिक गर्न अनुरोध गरिरहेको छ।

२६. धन्यवाद ज्ञापन :

यथासमयमै लेखापरीक्षण सम्पन्न गरी बैंकलाई यथोचित व्यावसायिक सुझाव प्रदान गर्ने बाह्य लेखापरीक्षकलाई सञ्चालक समितिको तर्फबाट हामी हार्दिक धन्यवाद दिन चाहन्छौं। निरन्तर सहयोग, प्रोत्साहन र मार्गदर्शन प्रदान गरी बैंकको मनोबल उच्च राख्न सहयोग गर्ने शेयरधनी महानुभावहरू प्रति हार्दिक आभार तथा कृतज्ञता प्रकट गर्न चाहन्छौं। त्यस्तै निरन्तर सहयोग र निर्देशनको लागि हामी नेपाल सरकार, अर्थ मन्त्रालय, नेपाल राष्ट्र बैंक, नेपाल धितोपत्र बोर्ड, कम्पनी रजिष्ट्रारलाई समेत धन्यवाद ज्ञापन गर्न चाहन्छौं। समर्पण र कडा परिश्रमबाट बैंकको उन्नति र प्रगतिमा साथ दिने बैंक व्यवस्थापन तथा कर्मचारीहरूलाई पनि विशेष धन्यवाद दिन चाहन्छौं।

अन्त्यमा, सेवा गर्ने महत्वपूर्ण अवसर प्रदान गर्ने हाम्रा सबै ग्राहकवर्ग प्रति पनि हार्दिक कृतज्ञता ज्ञापन गर्दछौं। उहाँहरूको प्रेरणादायी सहयोग बिना बैंकको उन्नति र व्यावसायिक वृद्धि सम्भव थिएन र छैन।

धन्यवाद।

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF NEPAL INVESTMENT MEGA BANK LIMITED

Opinion

We have audited the Consolidated Financial Statements of **Nepal Investment Mega Bank Limited ('the Bank') and its subsidiaries ('the Group')**, which comprise the Consolidated Statement of Financial Position as at Ashadh 31, 2081 (*July 15, 2024*), and the Consolidated Statement of Profit or Loss, the Consolidated Statement of Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies.

In our opinion, the accompanying Consolidated Financial statements present fairly, in all material respects, the Consolidated Financial Position of the Group as at Ashadh 31, 2081 (*July 15, 2024*), and its Consolidated Financial Performance and its Consolidated Cash Flows for the year then ended in accordance with Nepal Financial Reporting Standards [NFRS].

Basis for Opinion

We conducted our audit in accordance with Nepal Standards on Auditing [NSAs]. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the ethical requirements that are relevant to our audit of the financial statements in Nepal, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

S.N.	Key Audit Matters	Auditor's Response
a)	**Interest Income:** The interest income of the bank has been recognized on an accrual basis and following the 'Interest Income Guidelines 2019' issued by NRB. The Guidelines specify the condition for collateral testing in case of the interest overdue for 3-12 months and reversal of accrued interest on overdue for more than 12 months. Furthermore, the guidelines specify conditions for collective impairment of the loan. In case of improper application of the guidelines and determination of the Fair Value of the collateral, it imposes risk on the part of interest income. Thus, we have considered it as key audit matters.	Our audit approach included clear understanding of the Core Banking Software of the bank i.e. how the interest income is daily accrued regarding the loans and advances. Furthermore, we have relied on the engineer's valuation of the collateral for determination of fair value regarding collateral testing. Also, we have test checked the interest income booking with manual computation and we did not find any deviation.

Kamalpokhari, Kathmandu, Nepal, t: +977-1-4515682, 4515823, e: info@gpr.com.np, w: www.gpr.com.np

		Furthermore, we have test checked the haircut regarding collateral fair value as per the NRB Income recognition guidelines.
b)	**Investment valuation, identification and impairment:** Investment of the bank comprises of investment in government bonds, T-bills, development bonds and investment in quoted and unquoted securities. The valuation of the aforesaid securities has been done in compliance with NFRS 9 and NRB Directive number 8. The investment in the government and NRB bonds and T-bills has been done on Amortized cost and rest have been valued through Fair Value through Other Comprehensive Income. The valuation of the investment requires special attention and further in view of the significance of the amount of the investment in the financial statement the same has been considered as Key Audit Matters in our audit.	Our audit approach regarding Investment of the bank is based on the NRB Directive and NFRS issued by the Accounting Standard Board of Nepal. For the investment valuation that are done at amortized cost, we checked the EIR and amortization schedule on test basis. For the investment valued through OCI i.e. for quoted investment, we relied on the last transaction price in NEPSE as on 15.07.2024. And for the unquoted investment the fair value has been taken as the NRs.100. Further the income and bonus have been cross verified from Demat statement of the bank wherever applicable.
c)	**Impairment of Loans and Advances:** As per NFRS 9 (carve-out issued by ICAN), bank shall measure impairment loss on loans and advances at the higher of: a) Amount derived as per norms prescribed by NRB for loan loss provisioning and; b) Amount determined as per para 5.5 of NFRS 9 adopting the expected credit loss model. As per the norms prescribed by the NRB, provision at the prescribed rate shall be created on the loans and advances based on overdue status of loans and advances as well as utilization status of the facility, status of the security etc. As per NFRS 9, impairment of loans and advances should be made on individual impairment basis for loans and advances that are individually significant and collective impairment for homogeneous groups of loan that are not considered individually significant. On individual impairment, amount of the loss is measured as the difference between asset's carrying amount and present value of the estimated future cash flows.	Our audit approach included reviewing the overdue status of loans and advances by obtaining data from the system and matching the same with NRB 2.2 report. Sample credit files were reviewed for the purpose of assuring the utilization of loan & advances for the intended purpose, account movement and account turnover. We also assessed the expected future cash flows on the basis of the realizable value of collateral securities based on the management estimate from the individually significant loans and advances with the indication of the impairment of the assets. Similarly, homogeneous group of loans were assessed on the basis of nature and purpose of loans and data of historical loss experience in the portfolios were assessed on the basis of the past due date from the system as well as data of loan loss provision of the defined group in the past.

	Under collective impairment, loss is determined after taking into account the historical loss experience in portfolios of similar credit risk and management's experienced judgement as to whether economic and credit conditions are such that actual level of inherent losses at the reporting date is likely to be greater or less than suggested by historical experience. Given the fact that the impairment of loans and advances under incurred loss model require assessment of future cash flows as well historic loss experience of portfolios and also the impairment of loan loss under NRB norms require assessment of overdue status of loans and advances and proper utilization of loans for intended purpose. Hence assessment of availability and accuracy of required data for impairment of loans and advances under incurred loss model as well as under NRB provisioning norms is regarded as a key audit matter.	
d)	**Information Technology:** Since most of the information of the bank is digitally stored and transactions are carried out digitally/electronically in today's scenario, we have considered information technology status of the bank as our key audit areas.	Our audit process included, but was not limited to, gaining an understanding of and evaluating the bank's digital infrastructure, assessing management's risk awareness, and reviewing cybersecurity controls, including information security audits and management's responses to identified risks. Additionally, our procedures involved testing application controls, verifying system-generated key financial reports, and conducting inquiries regarding data migration, regular system updates, and user awareness of digital risks. We also reviewed the IT audit conducted by the bank. We have verified the interest income and expense recording regarding loan and deposit on test basis with the Core Banking System of the bank. Also, we have verified the provisioning of the loan and advances based on ageing on the test check basis as on 15.07.2024.
e)	**Goodwill on Merger and Acquisition** The Bank had merged with erstwhile Mega Bank Nepal Ltd and recognized	Our approach regarding recognition and impairment of goodwill on business combinations is based on NFRS and it included reviewing impairment testing

	goodwill of NRs. 917,060,811 during FY 2079-80. The Bank is required to test the goodwill for impairment annually, or more frequently if there are indicators of impairment. The impairment test involves significant judgments and estimates by the Bank, such as the future cash flows, the discount rate, and the growth rate. Thus, we identified the goodwill on acquisition as a key audit matter because of its magnitude and the significant estimation uncertainty involved in the impairment test.	of goodwill including the assumptions and other indicators taken by the bank.

Other Matter

We did not audit the Financial Statement of Subsidiaries namely NIMB Ace Capital Limited and NIMB Stock Markets Limited. The Financial Statements and other Financial Information have been audited by other auditor whose report has been furnished to us by the management. Our opinion on the Financial Statement so far as it relates to the accounts and disclosures included in respect of the subsidiary is based solely on the report of other auditors.

The auditor's report is intended solely for the intended users, and should not be distributed to or used by other parties.

Other Information

The Bank's management is responsible for the preparation of other information. The other information comprises the information included in the Annual Report but does not include the consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statement does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with NFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance whether the financial statements as a whole are free from material misstatement, whether caused due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists.

As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on company's ability to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to related disclosures in the financial statements or, if such disclosures are inadequate, to modify our audit opinion. Our conclusions are based on the audit evidences obtained up to date of our auditor's report. However, future events or conditions may cause the Group to cease as a going concern.

- Evaluate the overall presentation, structure and content of the financial statement, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient and appropriate audit evidence regarding the financial information of the Group's Activities to express an opinion on Financial Statements.

We communicate with those charged with governance, regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

We have determined to communicate following matters in accordance with the requirements of NRB Directives, Companies Act, 2063, BAFIA, 2073 and other regulatory requirements: -

- We have obtained all the information and the explanations, which, to the best of our knowledge and belief, were necessary for the purpose of our audit.

- Based on our audit, proper books of accounts as required by law have been kept by the Bank.

- The Consolidated Statement of Financial Position, the Consolidated Statement of Profit or Loss and Consolidated Statement of Other Comprehensive Income, the Consolidated Cash

Flow Statement, and the Consolidated Statement of Changes in Equity dealt with by this report are in agreement with the books of accounts maintained by the Bank.

- Returns received from the branch offices of the Bank were adequate for the purpose of our audit though the statements are independently not audited.
- The capital fund, risk bearing fund and the provisions for possible impairment of assets of the bank are adequate considering the Directives issued by Nepal Rastra Bank.
- In our opinion and to the best of our information and according to the explanations and from our examination of the books of accounts of the Bank, we have not come across any case where the Board of Directors or any office bearer of the Bank have acted contrary to the provisions of law, or committed any misappropriation or caused any loss or damage to the Bank and violated Directives issued by Nepal Rastra Bank or acted in a manner, as would jeopardize the interest and security of the Bank, its shareholders and its depositors.
- The business of the Bank has been conducted satisfactorily and operated within its jurisdiction and has been functioning as per NRB Directives.

Nepal Investment Mega Bank Limited

Notes to the Consolidated Financial Statements
For the year ended Ashad 31, 2081 (15 July 2024)

1. About Nepal Investment Mega Bank Limited

Nepal Investment Mega Bank Limited (NIMB) was established in 1986 as Nepal Indosuez Bank, a joint venture between Nepalese and French partners. The French partner Credit Agricole Indosuez, one of the largest global banking group holding the equity stake of 50%, decided to divest its investment in the bank. Consequently, in April 2002, Nepalese group of companies comprising of bankers, professional, industrialists and businessman acquired the 50% stake of divested by Credit Agricole Indosuez. The name of the bank was then changed to Nepal Investment Bank Limited, after completing all legal and regulatory formalities.

NIMB is licenced by Nepal Rastra Bank (the central bank of Nepal) as a commercial bank under Class "A" financial institution category. The registered office of the Bank is located at Durbar Marg, Kathmandu Nepal. The Bank's ordinary shares are listed in the Nepal Stock Exchange for public trading. NIMB is licenced to operate as a commercial bank under the Banking and Financial Institution Act. It provides wide arrays of banking services within the limits and parameters set by legislations and regulatory framework.

NIMB is the parent company with its subsidiary namely NIMB Ace Capital Limited and NIMB Stocks Market Limited.

NIMB Ace capital Limited is a 100% subsidiary of the bank and its business include merchant banking, depository services, asset-management of mutual fund units, portfolio management, corporate advisory, private equity and venture capital.

NIMB Stocks Market Limited (NSML) is a public limited company registered with Office of Company Registrar and licensed by the Securities Board of Nepal (SEBON). It is a wholly-owned subsidiary of Nepal Investment Mega bank Ltd. NSML offers comprehensive brokerage services and is a member of the Nepal Stock Exchange (NEPSE) with membership number 75.

The bank had acquired Ace Development Bank Ltd., a leading development bank in FY 2073-74, Jebils Finance Ltd in FY 2075-76 and City express Finance Ltd in FY 2077-78. The bank merged with another A class commercial institution namely Mega Bank Nepal Limited in FY 2079-80 after which name of the bank was changed to Nepal Investment Mega Bank Limited.

2. Basis of preparation

2.1. Statement of Compliance

The consolidated financial statements of the group and the separate financial statements of NIMB have been prepared in accordance with NFRSs as issued by the ASB-N and as endorsed by the Institute of Chartered Accountants of Nepal and Nepal Rastra Bank directives.

2.2. Reporting period and approval of financial statements

The Bank follows the Nepalese financial year based on the Nepalese calendar. The corresponding dates for the English calendar are as follows:

Relevant Financial Statement	Nepalese Calendar Date/ Period	English Calendar Date/ Period
Comparative SFP Date	31 Ashad 2080	16 July 2023
Comparative reporting period	1 Shrawan 2079 – 31 Ashad 2080	17 July 2022 – 16 July 2023
Reporting SFP Date	31 Ashad 2081	15 July 2024
Reporting period	1 Shrawan 2080 – 31 Ashad 2081	17 July 2023 – 15 July 2024

2.3. Functional and presentation currency

The functional currency of the bank is Nepalese Rupees (NPR), which is also the presentation currency of the consolidated financial statements of the group.

2.4. Use of Estimates, assumptions and judgements

The preparation of financial information requires management to exercise judgements, use of estimates and make assumptions in respect of items that could materially affect the financial statements. Although these estimates are based on management's best knowledge of current events and actions, actual results may differ from these estimates. Critical accounting estimates and assumptions used that are significant to the financial statements, and areas involving a higher degree of judgements and complexity, are disclosed in the section 3.

Management's selection of the accounting policies, which contain critical estimates and judgements, is listed below; it reflects the materiality of the items to which the policies are applied, the high degree of judgement and estimation uncertainty involved:

- Impairment of loans and advances
- Valuation of financial instruments
- Provisions
- Estimation of useful lives of property and equipment and intangible assets

2.5. Changes in accounting policies

NFRS requires the company to adopt accounting policies that are most appropriate to the company's circumstances. The bank has been adopting accounting policies to ensure compliance with NFRS. Specific accounting policies have been included in the section 3 of the notes for each items of financial statements which requires disclosures of accounting policies or changes in accounting policies. Effect and nature of the changes, if any, have been disclosed wherever applicable.

2.6. New standards issued but not yet effective

NFRS 9 'Financial Instruments'

Impairment: The impairment requirements apply to financial assets measured at amortised cost and FVOCI, and lease receivables and certain loan commitments and financial guarantee contracts. At initial recognition, allowance (or provision in the case of commitments and guarantees) is required for expected credit losses ('ECL') resulting from default events that are possible within the next 12 months ('12-month ECL'). In the event of a significant increase in

credit risk, allowance (or provision) is required for ECL resulting from all possible default events over the expected life of the financial instrument ('lifetime ECL').

- Financial assets where 12-month ECL is recognised are considered to be 'stage 1';
- Financial assets which are considered to have experienced a significant increase in credit risk are in 'stage 2'; and
- Financial assets for which there is objective evidence of impairment so are considered to be in default or otherwise credit impaired are in 'stage 3'.

The assessment of whether credit risk has increased significantly since initial recognition is performed for each reporting period by considering the change in the risk of default occurring over the remaining life of the financial instrument, rather than by considering an increase in ECL. The assessment of credit risk and the estimation of ECL are required to be unbiased and probability-weighted and should incorporate all available information which is relevant to the assessment, including information about past events, current conditions and reasonable and supportable forecasts of future events and economic conditions at the reporting date. In addition, the estimation of ECL should take into account the time value of money. As a result, the recognition and measurement of impairment is intended to be more forward-looking than under incurred model. ASB endorsed NFRS 9 Financial Instruments with some exception mainly in the impairment. Currently, Incurred model as specified on para 5 of carve-out on para 5.5 of NFRS used. The ICAN, based on ASBN's recommendation, has provided carve-outs until this fiscal year for Impairment on loans and advances have been recognized as higher of the amount of impairment loss calculated as per the norms prescribed by NRB directives and para 5 of carve-out on para 5.5 of NFRS 9 issued by ICAN.

Effective Interest Rate Method: ICAN has provided the carve-out until this fiscal year to use an alternative method for calculating interest income. Consequently, the bank has been using the carve-out to continue recognising initial service fees and renewal charges during the period when such income accrue rather than being included within the component of interest income under the EIR method which differs from the method prescribed by NFRS 9.

2.7. New Standards and Interpretations not adopted

All accounting standards along with curve-outs, developed by Accounting Standards Board, Nepal (ASB-N) and pronounced by the Institute of Chartered Accountants of Nepal (ICAN) are incorporated where applicable.

2.8. Previous Year's Figures

Previous year's figures have been regrouped / reclassified wherever necessary to make them comparable with the current year's classification / disclosure. In the previous fiscal year 2079/80, the bank underwent a merger/acquisition with the erstwhile Mega Bank Nepal Limited and consequently, the financial results were incorporated into the financial statements only for the remaining period after the joint operation of that fiscal year. Therefore, the financial performance (income statement) of the previous year may not be comparable with the current year of NIMB.

2.9. Discounting

When the realisation of assets and settlement of obligation is for more than one year, the Bank considers the discounting of such assets and liabilities where the impact is material. Various internal and external factors have been considered for determining the discount rate to be applied to the cash flows of the bank. For financial instruments recognised at amortised costs that meet the 'SPPI' criteria, i.e. solely for the purpose of collecting principal and interest, the effective interest rate is considered to cover for the credit risk and time value of money, therefore further discounting is not made.

2.10. Going concern

The financial statements are prepared on a going concern basis, as the management of the Bank is satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, the Board of Directors is not aware of any material uncertainties that may cast significant doubt upon the Bank's ability to continue as a going concern. Therefore, the Financial Statements continue to be prepared on the going concern basis. In making this assessment, the Board of directors have considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.11. Materiality

The Bank for the preparation of financial statements determines materiality based on the nature or magnitude, or both. Materiality is a pervasive constraint in financial reporting because it is pertinent to all of the qualitative characteristics.

2.12. Approval of financial statements

The accompanied financial statements have been approved and authorised for issue by the Board of Directors in its meeting held on 10th January 2025.

3. Significant accounting policies

3.1. Basis of measurement

The financial information has been prepared under the historical cost convention, fair value measurement of financial assets and liabilities wherever the standard requires or provides option for such measurements.

3.2. Basis of consolidation

The group controls and consequently consolidates an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Control is initially assessed based on consideration of all facts and circumstances, and is subsequently reassessed when there are significant changes to the initial setup. Where an entity is governed by voting rights, the group would consolidate when it holds, directly or indirectly, the necessary voting rights to pass resolutions by the governing body.

In all other cases, the assessment of control is more complex and requires judgement of other factors, including having exposure to variability of returns, power over the relevant activities or holding the power as agent or principal. The cost of an acquisition is measured at the fair value of the consideration, including contingent consideration, given at the date of exchange. Acquisition-related costs are recognised as an expense in the income statement in the period in which they are incurred. The acquired identifiable assets, liabilities and contingent liabilities are generally measured at their fair values at the date of acquisition. Goodwill is measured as the excess of the aggregate of the consideration transferred, the amount of non-controlling interest and the fair value of the group's previously held equity interest, if any, over the net of the amounts of the identifiable assets acquired and the liabilities assumed.

a. Non-controlling interest (NCI): The amount of non-controlling interest is measured either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. For acquisitions achieved in stages, the previously held equity interest is re-measured at the acquisition-date fair value with the resulting gain or loss recognised in the income statement.

b. Subsidiaries

Subsidiary of Bank, NIMB Ace Capital Limited and NIMB Stocks Market Limited, have applied NFRS in preparation of their financial statements, which have been consolidated in NIMB Group consolidated financial statements under NFRS. The Financial Statements of the Bank's Subsidiaries are prepared for the same reporting period as per the Bank, using consistent accounting policies.

Associates

National Laghubitta Bittiya Sanstha Limited, M Nepal Ltd and City Tech Group Private Limited the group's associate companies have prepared its financial statements in accordance with NFRS. The Group has applied equity accounting for recognition and presentation of its associates. The Bank in its standalone financial statements has recognised its investment in associates at cost under NAS 27.

c. Loss of Control

Upon the loss of control, the Bank derecognizes the assets and liabilities of the Subsidiary, any non-controlling interests and other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognized in the Statement of Profit or loss. If the Bank retains any interest in the previous Subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as equity-accounted investee or in accordance with the Bank's accounting policy for financial instruments depending on the level of influence retained.

d. Special Purpose Entity (SPE) – The bank does not have any investment in special purpose entities.

e. All intra-group transactions are eliminated on consolidation.

Intra group balances and transactions, any unrealized income and expenses arising from intra group transactions, are eliminating in preparing the consolidated financial statements. Unrealized gains/losses arising from transactions with equity accounted investees are eliminated against the investments to the extent of group interest of investee.

3.3. Cash and cash Equivalent

Cash and cash equivalents include highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Such investments and/or placements are normally those with less than three months' maturity from the date of acquisition. Cash and cash equivalent are classified as financial assets and treated accordingly.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash and non-mandatory balances with central banks and amounts due from banks with a maturity of less than three months. Cash and cash equivalent are carried at amortized cost in the Statement of Financial Position.

3.4. Financial Instruments: Financial Assets and Financial Liabilities

Financial asset is any asset that is:

(a) cash

(b) an equity instrument of another entity;

(c) a contractual right:

i) to receive cash or another financial asset from another entity; or

ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially favourable to the entity; or

(d) a contract that will or may be settled in the entity's own equity instruments and is:

(i) a non-derivative for which the entity is or may be obliged to receive a variable number of the entity's own equity instruments; or

(ii) a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments.

Financial liability is any liability that is:

a) contractual obligation:

(i) to deliver cash or another financial asset to another entity; or

(ii) to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the entity; or

(b) a contract that will or may be settled in the entity's own equity instruments and is:

(i) a non-derivative for which the entity is or may be obliged to deliver a variable number of the entity's own equity instruments; or

(ii) a derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments.

3.4.1. Recognition

Bank / group recognises financial asset or financial liability in its statement of financial position when, and only when, it becomes a party to the contractual provisions of the instrument.

3.4.2. Classification

Financial assets are classified under three categories, namely,

- Fair Value through Profit or Loss,
- Fair Value Though Other Comprehensive Income
- At Amortised Cost

Financial liabilities are classified under two categories, namely,

- Fair Value through Profit or Loss,
- At Amortised cost

3.4.3. Measurement

At initial recognition, the bank measures financial instruments (financial assets and liabilities) at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Subsequent measurement – financial assets

- Financial assets other than recognised at amortised cost are measured and reported at fair value.
- Assets classified as held at amortised costs are carried at amortised costs using effective interest rate.

Subsequent measurement – financial liabilities

- Financial liabilities carried at fair value are measured and reported at fair value
- Other financial liabilities are carried at amortised cost.

Gain or loss

Gain or loss arising from changes in the fair value of a financial asset or financial liability are recognised, as follows.

- A gain or loss on a financial asset or financial liability classified as at fair value through profit or loss shall be recognised in profit or loss.
- A gain or loss on a financial asset or financial liability classified as at fair value through OCI shall be recognised in other comprehensive income.

3.4.4. De-recognition

Bank derecognises financial assets when, and only when:

- the contractual rights to the cash flows from the financial asset expire; or
- It transfers the financial asset and the transfer qualifies for de-recognition.
- Bank removes financial liabilities (or a part of a financial liabilities) from its statement of financial position when, and only when, it is extinguished: i.e. when the obligation specified in the contract is discharged or cancelled or expires.

3.4.5. Determination of fair value

Fair values of financial assets and liabilities are determined according to the following hierarchy:

- **Level 1 –** valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that the group can access at the measurement date.
- **Level 2 –** valuation technique using observable inputs: financial instruments with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable. For the listed securities where the bank holds promoter shares which are priced and traded differently in the market than ordinary shares, the bank has considered the valuation of promoter's shares at 50% of the price of the ordinary shares. For quoted mutual funds which are yet to be traded in NEPSE, published NAV has been considered as fair value.
- **Level 3 –** valuation technique with significant unobservable inputs: financial instruments valued using valuation techniques where one or more significant inputs are unobservable, where market prices are not available, then the bank considers the carrying value and future cash flows from the financial instruments.

3.4.6. Impairment

Impairment of financial assets held at amortised costs

Impairment of financial assets is considered when the carrying values of the assets are more than the recoverable amount from the assets. Impairment is tested for all financial assets except those measured at fair value.

Impairment of loans and advances to customers and bank and financial institutions

Losses for impaired loans are recognised promptly when there is objective evidence that impairment of a loan or portfolio of loans has occurred. Impairment allowances that are calculated on individual loans or on groups of loans assessed collectively are recorded as charges to the profit or loss and are recorded against the carrying amount of impaired loans in the statement of financial position. Losses, which may arise from future events are not recognised.

The process of impairment followed by the bank under para 5 of carve-out on para 5.5 of NFRS 9 is as under.

- Bank individually assesses for impairment of loans and advances for all loans that are overdue.
- When testing for impairment if there is no indication of impairments such loans and advances are considered for collective assessment. If there is an indication of impairment then impairment is charged to loans and advances on individual basis.
- If the loans and advances are not overdue and do not indicate any trigger events that would require detailed impairment testing such loans and advances are categorised for collective assessment of impairment.
- When triggers are identified for individually significant loans and advances they are tested for impairment.
- Impairment is specifically (individually) assessed and charged for overdue loans and advances.
- Collective assessment is based on the risk assessment, risk categories and risk classification of loans and advances.

Individually assessed loans and advances

The criteria used to make this assessment include:

- known cash flow difficulties experienced by the borrower;
- contractual payments of either principal or interest being past due for more than 90 days;
- the probability that the borrower will enter bankruptcy or other financial realisation;
- a concession granted to the borrower for economic or legal reasons relating to the borrower's financial difficulty that results in forgiveness or postponement of principal, interest or fees, where the concession is not insignificant; and
- There has been deterioration in the financial condition or outlook of the borrower such that its ability to repay is considered doubtful. For loans where objective evidence of impairment exists, impairment losses are determined considering the following factors:
  - he group's aggregate exposure to the customer;
  - the viability of the customer's business model and their capacity to trade successfully out of financial difficulties and generate sufficient cash flow to service debt obligations;
  - the amount and timing of expected receipts and recoveries;
  - the likely dividend available on liquidation or bankruptcy;
  - the extent of other creditors' commitments ranking ahead of, or paripassu with, the group and the likelihood of other creditors continuing to support the company;
  - the complexity of determining the aggregate amount and ranking of all creditor claims and the extent to which legal and insurance uncertainties are evident;

- the realisable value of security (or other credit mitigants) and likelihood of successful repossession;
- the likely costs of obtaining and selling collateral as part of foreclosure;
- the ability of the borrower to obtain, and make payments in, the currency of the loan if not denominated in local currency; and
- when available, the secondary market price of the debt.

The determination of the realisable value of security is based on the market value at the time the impairment assessment is performed. The value is not adjusted for expected future changes in market prices, though adjustments are made to reflect local conditions such as forced sale discounts. Impairment losses are calculated by discounting the expected future cash flows of a loan, which includes expected future receipts of contractual interest, at the loan's original effective interest rate and comparing the resultant present value with the loan's current carrying amount. The impairment allowances on individually significant accounts are reviewed at least quarterly and more regularly when circumstances require.

Collectively assessed loans and advances

Impairment is assessed collectively to cover losses, which have been incurred but have not yet been identified on loans subject to individual assessment or for homogeneous groups of loans that are not considered individually significant. All individually significant loans and advances and investment securities are assessed for specific impairment. Those found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Loans and advances that are not individually significant are collectively assessed for impairment by grouping together loans and advances with similar risk characteristics.

Impairment of loans and advances portfolios are based on the judgments in past experience of portfolio behaviour. In assessing collective impairment, the Bank uses historical trends of the probability of default by analyzing data of last twenty quarters, the timing of recoveries and the amount of loss incurred, adjusted for management's judgment as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends. Default rates, loss rates and the expected timing of future recoveries are regularly benchmarked against actual outcomes to ensure that they remain appropriate. When information becomes available which identifies losses on individual loans within the group, those loans are removed from the group and assessed individually.

The entire loan portfolio has been segregated into eight portfolio categories considering similar characterises, risk profile and other similar attributes of the loans. The collective impairment allowance is determined using statistical methods by calculating probability of default (PD) and Loss given Default (LGD) for each portfolio or homogeneous groups of loans not considered individually significant and not specifically impaired.

Reversals of impairment

If the amount of an impairment loss decreases in a subsequent period, and the decrease can be related objectively to an event occurring after the impairment was recognised, the excess is written back by reducing the loan impairment allowance account accordingly. The write-back is recognised in the profit and loss statement.

Write-off of loans and advances

Loans (and the related impairment allowance accounts) are normally written off, either partially or in full, when there is no realistic prospect of recovery. Where loans are secured, this is generally after receipt of any proceeds from the realisation of security. In circumstances where the net realisable value of any collateral has been determined and there is no reasonable expectation of further recovery, write-off may be earlier.

Carve out – Loans and Advances Impairment

The regulators have provided a mandatory carve-out for charging impairment of loans and advances. The carve-out provides that the bank needs to assess its impairment of loans and advances under para 5 of carve-out on para 5.5 of NFRS 9 and calculate impairment under rule based impairment model of Directive 2 of Nepal Rastra Bank. Then higher impairment of the two methods needs to be recognised in the financial statements, with additional disclosure of the loans and advances had the other methods been applied for comparison purpose. The bank for the current financial year has assessed the impairment under para 5 of carve-out on para 5.5 of NFRS 9 impairment model and under NRB Directives. Since the impairments under NRB directives are more than under para 5 of carve-out on para 5.5 of NFRS 9 the bank has recognised impairment calculated under NRB directives. Following table below depicts the calculation of impairment allowance as per NFRS and as per NRB Directives:

Loans and advances to BF/Is	As per NFRS FY 2080-81		As per NRB FY 2080-81	As per NFRS FY 2079-80	As per NRB FY 2079-80

3.4.7. Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously ('the offset criteria').

3.5. Trading Assets

Financial assets are classified as trading assets (held for trading) if they have been acquired principally for the purpose of selling in the near term, or form part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent pattern of short- term profit-taking. They are recognised on trade date, when the group enters into contractual arrangements with counterparties, and are normally derecognised when sold. They are initially measured at fair value, with transaction costs taken to the income statement. Subsequent changes in their fair values are recognised in the income statement in 'Net trading income'.

3.6. Derivative Assets and derivative liabilities

Derivatives are financial instruments that derive their value from the price of underlying items such as equities, bonds, interest rates, foreign exchange, credit spreads, commodities and equity or other indices. Derivatives are initially recognised, and are subsequently re-measured, at fair value. Fair values of derivatives are obtained either from quoted market prices or by using valuation techniques.

Embedded derivatives are bifurcated from the host contract when their economic characteristics and risks are not clearly and closely related to those of the host non-derivative contract, their contractual terms would otherwise meet the definition of a stand-alone derivative and the combined contract is not held for trading or designated at fair value. The bifurcated embedded derivatives are measured at fair value with changes therein recognised in the income statement.

3.7. Property and equipment

Property and Equipment except freehold land are stated at historical cost, or fair value less impairment losses and depreciation over their estimated useful lives. Freehold land are periodically assessed for their fair value and reported at revalued amount. The excess of fair value over the cost of freehold land is recognized in equity as revaluation reserve.

Depreciation is made on the following basis

Asset Class	Useful life / years (%)
Land	Not depreciated
Building	50 (2%)
Leasehold Properties	6.67 (15%)
Computer & accessories	10 (10%)
Vehicles	6.67 (15%)
Furniture	6.67 (15%)
Machinery	6.67 (15%)
Equipment & others	10 (10%)

Property and equipment is subject to an impairment review if their carrying amount may not be recoverable. Leasehold properties are depreciated over 6.67 years or over the remaining useful life, whichever is lower.

Low value assets costing less than NRs 15,000 each are charged as operational expenses in the year of purchase. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date. Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. In the event that an asset's carrying amount is determined to be greater than its recoverable amount it is written down immediately. The recoverable amount is the higher of the asset's fair value less costs to sell and its value in use. For the first time adoption of NFRS land properties, under the ownership and control of the bank, have been revalued to reflect the value of those properties. The excess of the carrying value and the market value is taken to the equity as revaluation reserve.

3.8. Goodwill and intangible assets

Goodwill arises on business combination, when the aggregate of the fair value of the consideration transferred, the amount of any non- controlling interest and the fair value of any previously held equity interest in the acquiree exceed the amount of the identifiable assets and liabilities acquired. If the amount of the identifiable assets and liabilities acquired is greater, the difference is recognised immediately in the profit and loss. Goodwill is allocated to cash-generating units ('CGU's) for the purpose of impairment testing, which is undertaken at the lowest level at which goodwill is monitored for internal management purposes. Impairment testing is performed at least annually, or whenever there is an indication of impairment, by comparing the recoverable amount of a CGU with its carrying

amount. The carrying amount of a CGU is based on its assets and liabilities, including attributable goodwill. The recoverable amount of an asset is the higher of its fair value less cost to sell and its value in use. Value in use ('VIU') is the present value of the expected future CGU cash flows. If the recoverable amount is less than the carrying value, an impairment loss is charged to the income statement. Goodwill is carried on balance sheet at cost less accumulated impairment losses.

As part of the merger/acquisition with erstwhile Mega Bank Nepal Limited, the bank recognise goodwill amounting to NPR 917.06 million. This goodwill represents the excess of the consideration transferred over the net identifiable asset acquired and liabilities assumed during the merger. The bank performs annual impairment testing for goodwill. During the current financial year, an impairment assessment was carried out for the goodwill allocated to the cash- generating unit (CGU) associated with the merged operations. The impairment testing concluded that the recoverable amount of the CGU exceeded its carrying amount, indicating no impairment for the current financial year.

Intangible assets are recognised separately from goodwill when they are separable or arise from contractual or other legal rights, and their fair value can be measured reliably. These intangible assets are recognised at historical cost less impairment less amortisation over their estimated useful life.

Amortisation is made on the following basis

Asset Class	Useful life
Software	10

3.9. Investment property

Land or a building or part of a building or both owned by the bank or held by the bank as the lessee under a finance lease to earn rentals or for capital appreciation or both, rather than for:

- use in the production or supply of goods or services or for administrative purposes; or
- sale in the ordinary course of business.

are classified as investment properties

Investment properties are measured initially at its cost. Transaction costs are included in the initial measurement. After initial recognition, the bank chooses the cost model to measure its investment properties in accordance with NAS 16.

3.10. Income Tax

Income tax comprises current tax and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised in other comprehensive income or directly in equity, in which case it is recognised in the same statement in which the related item appears. Current tax is the tax expected to be payable on the taxable profit for the year, calculated using tax rates enacted or substantively enacted by the reporting

date, and any adjustment to tax payable in respect of previous years. Current tax assets and liabilities are offset when the group intends to settle on a net basis and the legal right to offset exists.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the amounts attributed to such assets and liabilities for tax purposes. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which deductible temporary differences can be utilised.

Deferred tax is calculated using the tax rates expected to apply in the periods in which the assets will be realised or the liabilities settled, based on tax rates and laws enacted, or substantively enacted, by the balance sheet date. Deferred tax assets and liabilities are offset when they arise in the same tax reporting group and relate to income taxes levied by the same taxation authority, and when the group has a legal right to offset.

Deferred tax relating to actuarial gains and losses on post-employment benefits is recognised in other comprehensive income. Deferred tax relating to share-based payment transactions is recognised directly in equity to the extent that the amount of the estimated future tax deduction exceeds the amount of the related cumulative remuneration expense. Deferred tax relating to fair value re-measurements of FVTOCI investments and cash flow hedging instruments is credited or charged directly to other comprehensive income.

3.11. Deposits, debt securities issued and subordinated liabilities

a. Deposits

The Bank accepts deposits from its customers in savings accounts, current accounts, term deposits, and margin accounts, allowing money to be deposited and withdrawn by the account holder. These transactions are recorded in the bank's books, and the resulting balance is recorded as a liability for the Bank, representing the amount owed by the Bank to the customer.

b. Debt Securities Issued

Debt securities are financial instruments that represent a debt owned by the issuer to the holders, and are initially measured at fair value net of transaction costs incurred, and subsequently measured at their amortized cost using the effective interest method. It includes debentures, bonds, or other debt securities.

c. Subordinated liabilities

Subordinate liabilities are debts that ranks below other debts in term of claims on assets or earnings. In the event of a default or bankruptcy, subordinated debt holders are paid after other debt holders. The bank does not have any of such Subordinate liabilities.

3.12. Borrowings

Borrowing refer to funds that a bank has borrowed from financial institution or other sources. Borrowings that are not designated at fair value through profit or loss are categorized as liabilities under "Borrowings.". Following the initial measurement, the effective interest rate is used to measure borrowings at amortized cost.

3.13. Provisions

Provisions are recognised when it is probable that an outflow of economic benefits will be required to settle a current legal or constructive obligation, which has arisen as a result of past events, and for which a reliable estimate can be made. Judgement is involved in determining whether a present obligation exists and in estimating the probability, timing and amount of any outflows. Professional expert advice is taken on the assessment of litigation, property (including onerous contracts) and similar obligations wherever necessary.

3.14. Revenue recognition

Interest income

i. Interest income are recognised under accrual basis in the profit or loss for all interest-bearing financial instruments.

ii. The bank has recognised interest income on loans and advances as per the guidelines prescribed by Nepal Rastra Bank through NRB Circular number 1 dated 2076/04/10.

The criteria for determining when interest income recognition should be suspended as per the NRB circular are as follows:

a. Loans where there is reasonable doubt about the ultimate collectability of principal or interest;

b. Loans against which individual impairment under para 5 of carve-out on para 5.5 of NFRS 9 or life time impairment as per NFRS 9 has been made;

c. Loans where contractual payments of principal and/or interest are more than 3 months in arrears and where the “net realizable value” of security is insufficient to cover payment of principal and accrued interest;

d. Loans where contractual payments of principal and/or interest are more than 12 months in arrears, irrespective of the net realizable value of collateral;

e. Overdrafts and other short term facilities which have not been settled after the expiry of the loan and even not renewed within 3 months of the expiry, and where the net realizable value of security is insufficient to cover payment of principal and accrued interest;

f. Overdrafts and other short term facilities which have not been settled after the expiry of the loan and even not renewed within 12 months of the expiry, irrespective of the net realizable value of collateral;.

Notwithstanding anything contained in this paragraph, the suspended interest shall be recognized as income in profit or loss when the interest is receipt by the bank.

Bank shall accrue the interest on loan although it has been decided to suspend the recognition of income. However, bank shall cease to accrue interest on loan, in case where contractual payments of principal and/or interest of the loan are due for more than 12 months and the "net realizable value" of security is insufficient to cover payment of principal and accrued interest. Cessation of accrual of interest for accounting purpose shall not preclude the bank to continue to accrue interest on a memorandum basis for legal enforcement purposes unless the loan is written off.

NFRS Requirement

NFRS requires interest income to be recognised using the effective interest method, except for those classified at fair value through profit or loss. The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating the interest income over the expected life of the financial instrument. The effective interest rate is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset or financial liability. The effective interest rate is calculated on initial recognition of the financial asset or liability by estimating the future cash flows after considering all the contractual terms of the instrument but not future credit losses. The calculation includes all amounts expected to be paid or received by the Bank including expected early redemption fees and related penalties and premiums and discounts that are an integral part of the overall return. Direct incremental transaction costs related to the acquisition, issue or disposal of financial instruments is also taken into account in the calculation. Once financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is recognised using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. The ICAN has provided carve-out on EIR which is optional. Accordingly, the bank has opted for the carve-out.

Total accrued interest income accounted as per Interest income recognition guidelines issued by NRB is NPR 6,972.22 million out of which NPR 888.38 million, realized till Shrawan 32nd 2081 has been factored in computation of Regulatory Reserve as per section 3 of NRB directive number 4.

Fees and Commission Income –Fees and commissions, which are not an integral part of the effective interest rate are generally recognised when the service has been provided. Fee income is earned from a diverse range of services provided by the group to its customers. Loan commitment fees for loans that are likely to be drawn down are deferred (together with related direct costs) and recognised as an adjustment to the effective interest rate on the loan once drawn. Where it is unlikely that loan commitments will be drawn, loan

commitment fees are recognised over the life of the facility. Loan syndication fees are recognised as revenue when the syndication has been completed and the Bank retains no part of the loan package for itself or retains a part at the same effective interest rate for all interest-bearing financial instruments, including loans and advances, as for the other participants.

Dividend Income: Dividend income is recognised when the right to receive payment is established. This is the ex-dividend date for listed equity securities, and usually the date when shareholders approve the dividend for unlisted equity securities.

Net trading income comprises all gains and losses from changes in the fair value of financial assets and financial liabilities held for trading, together with the related interest income, expense and dividends.

Net income from financial instruments designated at fair value includes all

- gains and losses from changes in the fair value of financial assets and liabilities designated at fair value through profit or loss, including liabilities under investment contracts;
- gains and losses from changes in the fair value of derivatives that are managed in conjunction with financial assets or liabilities designated at fair value through profit or loss; and
- interest income, interest expense and dividend income in respect of
  - financial assets and liabilities designated at fair value through profit or loss; and
  - derivatives managed in conjunction with the above,
  - except for interest arising from the group's issued debt securities and derivatives managed in conjunction with those debt securities, which is included in 'Interest expense'.

3.15. Interest expense

Under NFRS Interest expense are recognised in the profit or loss for all interest-bearing financial instruments using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating the interest expense over the expected life of the financial instrument.

3.16. Employee benefits

3.16.1. Current employee benefits costs

Short-term employee benefits, such as salaries, paid absences, performance-based cash rewards and social security costs are recognised over the period in which the employees provide the related services.

3.16.2. Post-employment benefits

The bank operates a number of post-employment benefit plans. These plans include both defined benefit and defined contribution plans.

Defined contribution plan

Payments to defined contribution plans where the bank's obligations are equivalent to a contribution to the defined contribution plan. These are charged as an expense as the employees render service. The bank operates provident fund scheme under Defined contribution plan. A percentage of basic pay is paid on monthly basis to the plan. The bank has no further obligation to pay after such contribution even if the plan assets may not be sufficient to pay out to the employees. The plan is managed by a separately registered retirement benefit plan managed by the employees of the bank. Any further income on such fund belongs to the employees.

Defined benefit plan

The defined benefit plan includes gratuity and accumulated leave compensation payment at the time of retirement. The present value of defined benefit obligations are calculated at the reporting date by the actuaries. The net charge to the profit and loss comprises the service costs and the net interest on the net defined benefit liability and is presented under staff cost.

The past service cost, which is charged immediately to the income statement, is the change in the present value of the defined benefit obligation for employee service in prior periods resulting from a plan amendment (the introduction or withdrawal of, or changes to, a defined benefit plan) or curtailment (a significant reduction by the entity in the number of employees covered by a plan). A settlement is a transaction that eliminates all further legal and constructive obligations for part or all of the benefits provided under a defined benefit plan, other than a payment of benefits to, or on behalf of, employees that is set out in the terms of the plan and included in the actuarial assumptions.

Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in other comprehensive income. Actuarial gains and losses comprise experience adjustments (the effects of differences between the previous actuarial assumptions and what has actually occurred), as well as the effects of changes in actuarial assumptions.

The defined benefit asset or liability represents the present value of defined benefit obligations reduced by the fair value of plan assets. Any net defined benefit surplus is limited to the present value of available refunds and reductions in future contributions to the plan.

Sick Leave and Accumulative Leave

Sick Leave and accumulated leave has been defined as long term employee benefit. Expense relating to leave benefits, including actuarial gain or loss are charged to profit and loss.

Staff Loans:

The bank provides under listed types of loans to its staffs at the rates mentioned below as per the provisions of employees' bylaws of the bank. The staff loans are shown at fair value in the financial statements considering the base rate of the bank. The subsidized interest is shown as expense in the staff costs in the income statement.

Land Loan (LASFL): 5%

Social Loan (LASSL): Base rate

Vehicle Loan Previous NIBL (LASFV): 4%

Vehicle Loan Previous Mega Bank (LASVL): Average cost of fund +1%

Vehicle Loan (LASVL): Base rate

Housing Loan after merger (LASFV): Average cost of fund + 1% (Tied up with Insurance Policy)

Housing Loan EMI (HLTRL): Average cost of fund + 2%

Overdraft (ODSTF): Base rate

3.17. Right of Use Assets / Leasehold Properties

Initial Recognition and Measurement.

Lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments in the Statement of Financial Position.

Lessee measures right-of-use assets similarly to other non-financial assets (such as Property, Plant and Equipment) and lease liabilities similarly to other financial liabilities. Consequently, a lessee recognises amortisation of the right-of-use asset and interest on the lease liability.

Assets and liabilities arising from a lease are initially measured on a present value basis. The initial lease asset equals the lease liability in most cases.

At lease commencement, a lessee accounts for two elements:

(a) Right-of-use asset: Initially, a right-of-use asset is measured in the amount of the lease liability and initial direct costs. Then it is adjusted by the lease payments made before or on commencement date, lease incentives received, and any estimate of dismantling and restoration costs.

(b) Lease liability: The lease liability is in fact all payments not paid at the commencement date discounted to present value using the interest rate implicit in the lease or incremental borrowing rate if the implicit rate cannot be determined. These payments

may include fixed payments, variable payments, payments under residual value guarantees, purchase price if purchase option will be exercised.

Subsequent Measurement

After commencement date, lessee needs to adjust both elements recognised initially. Lessee accretes the lease liability to reflect interest and reduce the liability to reflect lease payments made.

Right-of-Use Asset Lessee shall measure the right-of-use asset using a cost model under NAS 16 - "Property, Plant and Equipment" and to depreciate the asset over the lease term on a straight-line basis. The resulted depreciation amount is charged to the Profit or Loss.

Lease Liability Lessee shall recognise an interest on the lease liability and the lease payments are recognised as a reduction of the lease liability. Interest on lease liability is charged to the Profit or Loss.

Lessee shall re-measure the lease liability upon the occurrence of certain events (e.g.; change in the lease term, change in variable rents based on an index or rate), which is generally recognised as an adjustment to the right-of-use asset.

3.18. Foreign currency translation

Transactions in foreign currencies are recorded in the functional currency at rate of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the buying rate of exchange at the balance sheet date. Any resulting exchange differences are included in the profit or loss. Non-monetary assets and liabilities that are measured at historical cost in a foreign currency are translated into the functional currency using the rate of exchange at the date of the initial transaction. Non-monetary assets and liabilities measured at fair value in a foreign currency are translated into the functional currency using the rate of exchange at the date the fair value was determined.

3.19. Financial Guarantee and loan commitments

Financial guarantees, which are not classified as insurance contracts, are the contingent liabilities, which include certain guarantees and letters of credit pledged as collateral security as well as contingent liabilities related to legal proceedings or regulatory matters are possible obligations that arise from past events whose existence will be confirmed only by the occurrence, or non-occurrence, of one or more uncertain future events not wholly within the control of the group; or are present obligations that have arisen from past events but are not recognised because it is not probable that settlement will require the outflow of economic benefits, or because the amount of the obligations cannot be reliably measured. Contingent liabilities are not recognised in the financial statements but are disclosed unless the probability of settlement is remote.

Loan Commitments

These include the amount of loans approved by the bank but are not yet disbursed /utilised. These include for example overdraft / crash credit limits given to the customers in excess of already utilised balances where customers can draw down credit facilities, within the limit, without going through any further approval process of the bank.

3.20. Share capital and reserves

Financial instruments issued are classified as equity when there is no contractual obligation to transfer cash, other financial assets or issue a variable number of own equity instruments. Incremental costs directly attributable to the issue of equity instruments are shown in equity as a deduction from the proceeds.

Reserves

- **Share Premium**: Any premium collected on issue of shares to the public is credited to this reserve. This reserve is utilised only for issue of the bonus share capital.
- **Retained Earnings**: Earning made during the current and previous years not distributed has been credited to this reserve.
- **General Reserve**: There is a regulatory requirement under Bank and Financial Institutions Act to set aside 20% of the net profit after tax every year as general reserve to build up the capital until the general reserve fund balance is twice the paid up share capital. This is the restricted reserve and cannot be freely used. The Bank appropriates 20% of the regulatory net profit every year and transfers to the general reserve fund.
- **Exchange equalization reserve:** Central bank's regulatory directives require banks to transfer 25% of the revaluation gain as at the year end to this reserve account. Thus, 25% of such gains are transferred to the exchange equalization reserve.
- **Assets Revaluation Reserve:** Bank has revalued its land properties as on the date of transition to NFRS. The upward movement in the value of the land is adjusted by creating an equivalent amount of revaluation reserve. Bank periodically reviews the fair value of freehold land, as entire class of the assets, and makes changes in the recognised value. Professional valuations are used to assess the fair value changes.
- **Fair value Reserve:** Net change in fair value of equity instruments that are measured at fair value and the changes in fair value is presented under this reserve.
- **Debenture Redemption Reserve:** The Bank sets aside a portion of its profit to create a reserve for repayment of debenture liabilities when they mature. On maturity and settlement of the debentures there reserves will be available as free reserve.

- **Other reserves**
  - ***CSR Reserve:*** Bank has regulatory requirement to set aside 1% of the net profit of previous year for corporate social responsibility activities. The amount spent in the year is written back from the reserve to retained earnings.
  - ***Staff Training Reserve:*** Bank has regulatory requirement to set aside the shortfall between amount spent for training and amount calculated at 3% of the previous year's staff cost. Such shortfall amount if any is set aside in the reserves. In case where the amount spent exceeds 3%, the excess is written back from the reserve.
  - ***Special Reserve:*** *During FY 2072/73, the Bank (erstwhile Mega) in compliance with NRB Circular 12/72/73 had set aside an Interest Capitalization Reserve of Rs. 2,593,372/-. Since the loans & advances qualifying under this provision of the circular (interest capitalization relaxation provision) have not been fully settled during this fiscal year, Interest Capitalization Reserve has not been changed.*
  - *Other Reserve includes reserve for goodwill created during merger.*
- ***Investment Adjustment reserve****: 100% reserve is created on investments in equity instruments that are not listed and are not exempted by NRB.*
- **Regulatory reserves: Includes**
  - Accrued Interest Receivable Reserve
  - Capital Reserve
  - Deferred Tax Reserve
  - Interest Capitalized Reserve
  - Non-banking Asset Reserve
  - Actuarial Loss Reserve and
  - Other reserves as prescribed by NRB

3.21. Earnings per share including diluted

Basic earnings per share are calculated by dividing the net profit attributable to equity shareholders by the weighted average number of ordinary shares in issue during the year. For the calculation of diluted earnings per share the weighted average number of ordinary shares in issue is adjusted to assume conversion of all dilutive potential ordinary shares that arise in respect of convertible instruments, if any.

3.22. Segment reporting

The bank's business segments are basically identified as banking operations, treasury functions, trade finance business, remittance business and card operations. Measurement

of segmental assets, liabilities, income and expenses is in accordance with the bank's accounting policies. Branch networks are under regional demarcation for supervision, monitoring and control. The bank does not have transfer pricing adjustments between its segments and branches /units for allocating costs and revenues. After the restructuring of Nepal under federal constitution, the bank is considering realigning its management under provincial lines.

Bank's established departmental operation also allows the management to monitor the bank's business under the product /service lines. However the costs and revenues are not passed on between the intra-product & service lines.

Bank applies following principles for reporting operating segments

- An operating segment is a component of the bank (geographical or product/service line):
- That engages in business activities from which it may earn revenues and incur expenses
- Whose operating results are regularly reviewed by the Banks's seniors management team which is also the chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance
- For which discrete financial information is available.

3.23. Investment in associates and joint ventures

Investments in which the bank, together with one or more parties, has joint control of an arrangement set up to undertake an economic activity are classified as joint ventures. The group classifies investments in entities over which it has significant influence, and that are neither subsidiaries nor joint ventures, as associates. Investments in associates are recognised using the equity method for reporting under the NIMB Group. Under this method, such investments are initially stated at cost, including attributable goodwill, and are adjusted thereafter for the post-acquisition change in the group's share of net assets. Goodwill arises on the acquisition of interests in joint ventures and associates when the cost of investment exceeds the group's share of the net fair value of the associates or joint venture's identifiable assets and liabilities.

An investment in an associate is tested for impairment when there is an indication that the investment may be impaired. Goodwill on acquisitions of interests in joint ventures and associates is not tested separately for impairment.

Profits on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in the respective associates or joint ventures. Losses are also eliminated to the extent of the group's interest in the associates or joint ventures unless the transaction provides evidence of an impairment of the asset transferred.

For standalone financial statement of the bank the investments in associates have been carried at cost.

5. Disclosure and Additional Information

5.1 Risk Management Framework

Overview of Risk

Risk may be defined as possibility of loss due to uncertainty, which may be financial loss or loss to the image or reputation of the Bank. Risk management of the Bank has the practice of identifying potential risks in advance, analyzing them and taking precautionary steps to reduce/mitigate various types of risks that the Bank is exposed to.

Risk management is an integral part of the Bank's culture, strategy, and day-to-day business operations. Keeping in mind that risk management in the banking is a key to link to financial system stability as well as to optimize return to its stakeholders, the Bank tries to ensure that the risk taking is informed and prudent. It uses varieties of assessment tools to measure and predict various types of risk. Moreover, Board of Directors (BOD) as well as senior management constantly overviews the overall risk governance of the bank.

Active Board and Senior Management Oversight

BOD have ultimate responsibility for the level of risk taken by the Bank. Accordingly, overall business strategies, risk appetite, risk tolerance to take and manage risks are formulated by active involvement of BOD and senior level management of the bank.

The role of BOD is limited to oversight of various types of risks that the Bank is exposed to. Without becoming directly involved in managing such risks, BOD plays active role by:

- Assessing risk on an ongoing basis and developing policies and procedures that are consistent with the organization's strategy and risk appetite.
- Regularly monitoring for effective implementation of such policies and procedures by updating itself through various reports on regular interval.
- Giving regular feedbacks and instructions for taking steps to mitigate risk.

Senior management is actively involved in implementation of approved policies and procedures at all levels in the Bank. It creates and fosters the environment within the Bank for effective implementation of policies and procedures by timely communicating at each level and through constant interaction with key department heads. Further trainings are provided to the staff for creating risk awareness within the Bank. It also helps to develop effective internal controls with high ethical standards for effective implementation of such policies and procedures.

Risk Governance

The ideologies of risk management followed by the Bank include:

- Reviewing/studying changes in micro/macroeconomic of the country that could have a significant impact on the financial performance of the Bank and suggest/recommend appropriate policies/processes to adopt to mitigate such impacts.
- Supporting the Board in its implementation, review and approval of the governance framework which includes the bank's risk culture, risk appetite, risk limits.
- Establishing trigger system to avoid breaches of the bank's risk appetite, tolerance limits.

- Taking calculative business risk and optimizing return.

Risk Management Department

The risk management system ensures that the bank takes well-calculated business risks while safeguarding the bank's capital, its financial resources and return to its stakeholders. The Integrated Risk Management Department directly reports to the Board level committees. The Board of Directors of the Bank recognizes that a critical factor in the Bank's continued growth, profitability and stability lies in its effective risk management capabilities and efficient risk return trade-off.

Perceptions and behaviors towards risk are ever changing. The Bank has well established system, policies and procedural guidelines in place for comprehensive identification, assessment, monitoring, controlling and reporting of all material risks which are timely identified, controlled and managed in an efficient manner. It has adequate risk management processes commensurate with the nature, scope, scale and the degree of complexity of its business operations.

Risk Management Department is an integrated department comprising of:

- Credit Risk Management Unit
- Market & Liquidity Risk Management Unit
- Operation Risk Management Unit
- IT Risk Management Unit

a. Credit Risk Management

The goal of credit risk management is to maximize the Bank's risk adjusted rate of return by maintaining credit risk exposures within acceptable parameters. The Bank has formulated tools to evaluate credit risk of the Bank. Credit Risk Management Unit reviews the credit proposals and assigns independent risk rating before processing for credit decisions to the concerned authorities. Five pillars of credit namely Industry Environment, Financial Indicators, Management Quality, Conduct of Account and Security Realization are taken into consideration while assigning risk for Corporate Credit & SME whereas, four pillars of credit namely Borrower's Competency, Financial & Repayment Capacity, Conduct of Account and Security Realization are taken into consideration while assigning risk for Personal/Consumer Loan. Credit quality, credit performance, emerging business trends, expected level of credit losses are reviewed on periodic basis. Credit Risk reports are thoroughly discussed and reviewed by Credit Risk Management Sub-Committee and presented to BOD level Risk Management Committee which is further appraised to BOD on periodic basis for formulating necessary guidelines.

Based on thorough analysis and discussion, necessary strategies, policies and action plans are formulated. Such policies and action plans are clearly communicated for effective implementation.

Management of Environment and Social Risk

Environment and Social Risk are also a part of credit assessment tool wherein relation of business with locales / society, its labor, environmental impact are assessed while taking credit decision.

b. Market & Liquidity Risk Management

The Bank is required to identify all the market risks that it faces and the same are monitored centrally. Risk identification requires a thorough analysis of the Bank's activities, its business units, regulatory and market environment, historical scenarios, etc. Risk identification extensively covers interest rate risk, foreign exchange rate risk, liquidity risk and counterparty risk.

Market risk is assessed and monitored using the measures such as: Net Open Position, Gap Analysis, Stress Testing, internal risk limits and parameters as prescribed in the internal and regulatory policies. In order to monitor market and liquidity risk, Assets Liability Committee (ALCO) within the management level manages the Bank's asset and liability position. ALCO meets on a regular basis to review the liquidity ratios, asset and liability position, interest rate trend in the market, foreign exchange exposures, lending and placements, the Bank's position to internal risk tolerance/appetite, regulatory ratio requirements and general domestic & international economic and financial market conditions. The Risk Management based Treasury Middle Office manages and monitors the market, liquidity and treasury specific risks of the Bank. It regularly monitors the Bank's adherence to various integral internal and regulatory limits as well as counterparty limits. TMO reviews and monitors daily positions and gaps in the balance sheet. It prepares various assets and liability oriented reports detailing and analyzing the loan and deposit exposures and interest rate movements providing comparisons and behavioral trends and key risk issues, periodic stress testing, financial performance analysis of the Bank and its peer banks.

Market and Liquidity Risk reports are discussed and reviewed by ALCO and presented to BOD level Risk Management Committee which is further appraised to BOD on periodic basis for formulating necessary guidelines.

Based on thorough analysis and discussion, necessary strategies, policies and action plans are formulated. Such policies and action plans are clearly communicated for effective implementation.

b.1. Management of Interest Rate Risk:

The Bank classifies its rate sensitive assets and liabilities into respective maturity bands to perform Maturity Gap Analysis for measuring and managing the Interest Rate Risk. The Gap is then used as a measure of interest rates sensitivity of the assets and liabilities to analyze the impact of changes in the interest rate on the Net Interest Income and Net Interest Margin of the Bank. Change in interest rates are periodically reviewed and published as per change in the base rate in line with NRB guidelines. Cost of fund, interest yield and base rate are monitored for maintaining optimum interest spread. Interest rate movement in the market is closely monitored. It is ensured that proper mechanisms are in place to comply with regulatory and internally defined target/tolerance limits.

b.2. Management of Foreign Exchange Risk

The Bank operates with a full- fledged Treasury department within the consideration of the foreign exchange rules and regulations under the guidance of Nepal Rastra Bank (NRB). The department updates the exchange rates daily as per the market movement. The foreign currency position is maintained as per the need of the Bank. Most

currencies are squared off at day end to minimize the risks related to exchange rate fluctuations. The department is equipped with suitable operating procedures, MIS system and monitoring system.

b.3. Management of Liquidity Risk

The liquidity profile is analyzed on a static basis by tracking all outflows and inflows in the maturity ladder based on the expected occurrence of cash flows. "Statement of Structural Liquidity" is prepared by classifying all assets and liabilities under different maturity bands according to their respective residual maturity periods. Liquidity risk is monitored by conducting behavioral analysis of non-maturity products. The renewal pattern and premature withdrawals of deposits and drawdown of un-availed credit limits are captured through historical and behavioral studies. The concentration of large institutional and individual deposit is monitored on a periodic basis. The Bank ensures that adequate level of assets are maintained in cash and equivalents. Liquidity Contingency Funding Plan is prepared entailing actions to respond and manage potential adverse liquidity events faced by the Bank.

c. Operational Risk Management

Operational risk is the risk of loss resulting from inadequate internal processes, people, and systems from external events including legal risks. Losses from these operational risk cannot be determined in monetary terms only but can also adversely impact the overall business and reputation of the Bank. With the principle that the operational risk cannot be fully eliminated but it can be mitigated by taking proactive approach, the Bank has adopted the following:

- Proper segregation of duties and responsibilities to ascertain checks and balances has been established in the Bank.
- Regular trainings on bank's policies, procedures.
- Central Operation Unit for strengthening documentation, data quality and bringing in uniformity of practices.
- Onsite and offsite branch monitoring to identify risk
- Regular monitoring regarding adherence to the Bank's policies and procedures.

Operational risks are monitored and controlled through branch monitoring, incident reporting, review of audit observation, whistle blowing system and MIS reports. It uses effective tools to analyze the adverse incidents, near to missed events, grievance lodge records in the Bank and formulates policies and action plans to minimize such events. The Bank has developed a robust framework for managing operational risks to evaluate the adequacy of the capital covering the Bank's appetite and tolerance for operational risk. The Bank assigns various risks grades based on the functions, products and its people to determine Key Risk Indicators (KRI) and Key Performance Indicators (KPI).

Operational risk reports and operational loss data records are discussed and reviewed by Operation Risk Management Sub Committee and presented to BOD level Risk Management Committee which is further appraised to BOD on periodic basis for formulating necessary guidelines.

Based on thorough analysis and discussion, necessary strategies, policies and action

plans are formulated. Such policies and action plans are clearly communicated for effective implementation.

c.1. IT Risk management

Information Technology (IT) has an important role and is an integral part of the organization to run and meet the business requirement. All-encompassing use of IT can provide significant benefits to an organization, but also has a unique characteristics that may increase an organization's overall risk profile and the level of risks associated with traditional financial services, particularly strategic, operational, legal, and reputation risks. IT Risk can occur with both uncertain frequency and magnitude, and it creates challenges in meeting strategic goals and objectives. Hence, effective and timely management and mitigation of IT Risk is necessary and it should be treated like any other business risk. IT Risk Management provides the guidance on the systematic process for the management of IT Risk so that bank is well informed about the extent of the risk and ultimately allows banks to make an appropriate risk-aware decision. It provides adequate security for NIMB information and systems through implementation of proper risk response strategies. It also provides the stable,

yet flexible, cost effective catalogue of security controls to meet current information protection needs and the demands of future protection needs to be based on changing threats, requirements, and technologies. Risk reports related to IT Risk are reviewed by Operation Risk Management Sub Committee, IT Steering Committee, IT Strategy Committee and presented to Risk Management Committee to be further appraised to BOD and seek for necessary instructions.

c.2. Other Risk

Strategic Risk

The Board of Directors and the Senior Management are proactively involved in providing strategic direction to the Bank's business. At the start of each fiscal year, the strategic plans are detailed along with the business targets. The Bank has also formulated long term strategies for showing clear road map for the bank. The Bank has developed a system for internal communication and free flow of information so that these strategies are timely and effectively communicated to the concerned department and branches for effective implementation. Further, the Bank has the practice of monitoring and reviewing its achievements in line with its long term and short term strategies.

Human Resource Risk

The Bank has well-defined HR policies and practices, which are revised and reviewed on a periodic basis. It also has a separate HR Software having comprehensive data of all employees. At every key level position, successor is identified and appropriately placed to avoid any succession planning risk. For all functional positions at all levels, adequate talent pool is maintained through regular promotions and trainings. The Bank has promotion and transfer procedure to ensure implementation of timely promotions and transfers to keep the employees motivated and for capacity building.

Compliance & AML/CFT Risk

Compliance department ensures that the Bank's overall operation comply with

the Bank's internal policies, procedures and instructions, statutory and regulatory requirements like NRB directives & circulars, Companies Act, BAFIA, FATF etc. Further it ensures compliance of Corporate Government Policy of the Bank. It coordinates with all departments and branches to ensure that overall compliance issues are identified and are timely resolved. It conducts branches/department visits to review and ensure compliance issues are addressed on a regular basis. It recommends and reports to the management on the overall compliance aspect of the Bank. Any suspicious transaction/activity is reported from AML Cell to FIU/NRB in a prescribed format as per NRB. AML policy and procedural guideline is well defined to identify and mitigate AML/CFT risk. Such risks are discussed in BOD level AML Committee & Risk Management Committee which is further appraised to BOD on periodic basis for formulating necessary guideline.

Internal Control

Various policies, procedures, SOP and manuals duly approved by the Board, are in place to implement internal control mechanism in the bank. Similarly, both on-Site and off-Site monitoring of branches are conducted on regular basis. It uses various MIS data for detailed off –site monitoring.

The Bank has robust internal control systems with well-defined responsibilities at each level. The Internal Audit Department (IAD) of the Bank perform audit of all the branches and departments as per audit plan approved by the Audit Committee. IAD is functionally independent. It reports directly to the Audit Committee of the Bank's Board. IAD follows risk based audit in the bank.

Monitoring and Reporting

The Bank has established an adequate system for monitoring and reporting risk exposures and assessing how the Bank's changing risk profile affects the need for capital. The Bank's senior management or Board of Directors receives on a regular basis reports on the Bank's risk profile and capital needs. These reports allow senior management to:

- Evaluate the level and trend of material risks and their effect on capital levels:
- Evaluate the sensitivity and reasonableness of key assumptions used in the capital assessment measurement system;
- Determine that the bank holds sufficient capital against the various risks and is in compliance with established capital adequacy goals; and
- The Bank conducts periodic reviews of its risk management process to ensure its integrity, accuracy, and reasonableness.

d. Fair value of financial assets and liabilities

Fair values of financial assets and liabilities are determined according to the following hierarchy:

- **Level 1 –** valuation technique using quoted market price: financial instruments with quoted prices for identical instruments in active markets that the group can access at the measurement date.
- **Level 2 –** valuation technique using observable inputs: financial instruments

with quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in inactive markets and financial instruments valued using models where all significant inputs are observable. For the listed securities where the bank holds promoter shares which are priced and traded differently in the market than ordinary shares the bank has considered the valuation of similar promoters shares traded in the market which approximates to 50% of the price that the ordinary shares are traded. For quoted mutual funds which are yet to be traded in NEPSE, published NAV has been considered as fair value.

- **Level 3 –** valuation technique with significant unobservable inputs: financial instruments valued using valuation techniques where one or more significant inputs are unobservable. where market prices are not available then the bank considers the carrying value and future cash flows from the financial instruments.

5.2 Capital Management

(i) Qualitative disclosures

The bank manages and maintains its capital considering the business and associated risks. The regulator also has set the minimum capital requirements, under Basel III norms, which the bank has been complying duly. In addition bank has implemented Internal Capital Adequacy Assessment Policy (ICAAP) that assesses capital requirements in accordance with the bank's strategy and the market conditions. The purpose of Nepal Investment Mega Bank Ltd. Capital management practice is to ensure that NIMB has sufficient capital at all times to cover the risks associated with the bank's business. Further, NIMB has clearly defined its risk appetite and has set its risk tolerance limit. Periodic review of these limits are conducted and if required necessary corrective action plans are formulated on timely manner.

ICAAP is understood as bank's internal assessment of capital that it considers adequate to cover all material risks to which it is exposed. The objective is to determine the economic capital required to cover all risks faced. A sound risk management framework, which includes Board oversight, risk assessment, monitoring and reporting processes, and regular independent review of all activities carried out by the risk function, is the major building block of an ICAAP.

ICAAP document is reviewed annually based on the strategy of the Bank covering the capital assessment and projection for the next year, to enable collation and presentation of comprehensive ICAAP to the Board.

The ICAAP document contains a comprehensive assessment of identified risks and estimates Bank's capital requirement, as applicable, on account of those risks. It also details controls, monitoring and reporting measures for various risks and hence is a valuable source for effective risk management.

The following measures are being taken to ensure use of the ICAAP within the Bank:

- The Bank has adopted a conservative approach for evaluating the capital buffer based on the ICAAP.
- Regular interactions are held with key departments of the Bank during the course of the ICAAP exercise to sensitize them to various risks and management of risks.
- Copies of ICAAP documents are sent to functional head of the various departments to ensure dissemination of information contained in the document among the operating functionaries.
- Other measures include – improving risk management practices, inculcating risk awareness/culture amongst the operating functionaries by suitable training programs, constant monitoring, and stress testing of portfolios.
- The ICAAP review committee reviews ICAAP annually and adequacy of capital under various stress conditions and scenarios. ICAAP review committee meets at quarterly intervals and any key findings is appraised to BOD through risk management committee.
- NIMB Board is responsible for setting the risk appetite and risk tolerance limit. NIMB has a separate independent Risk Management Department (RMD), Internal Audit Department and Risk Management Committee chaired by a director to monitor and assess risk appetite and risk tolerance.

The ICAAP guidelines ensure that the Senior Management:

- Establishes detailed set of policies that place effective controls on the Bank's activities ensuring consistency with its risks appetite.
- Effectively communicates these policies.
- Recognizes the severity of the risks and its impact on operational activities.
- Assessing the various risks.
- Develops a system to relate risk to the capital level.
- Establishes strong internal control mechanisms and a method for monitoring compliance with internal policies.

- Establishes strong internal control mechanisms and a method for monitoring compliance with internal policies.

Stress Testing

Stress test scenarios have been developed for credit risk, market risk, operational risk, and other risks. Individual scenarios for the aforesaid risks are detailed in respective risk reviews. Bank analyzes the result of Stress Testing and systematically assesses its impact on the financial position, profitability, liquidity and bank's available capital on a periodic basis and adopts necessary strategies.

Bank does not possess any innovative complex or hybrid capital instruments. Bank's capital comprises of fully paid up share capital and retained earnings and reserves.

5.4 Segmental Reporting

5.4.1 General Information

The bank is managed through central operation. All policies and operations are controlled and directed from the head office. NIMB operates in single jurisdictional area. The management of the bank is on the basis of various types of operations supported by ancillary support services. Bank has identified banking operation (which includes basically deposit lending and cash operation related activities), treasury function, trade finance business, card operation and remittance business as its major business segments. None of the segments have been identified as a single cost centre. Therefore there is no inter-unit cost transfer mechanism within the bank.

Banking Operations primarily includes deposit, lending and other cash and transfer managements related services.

Treasury: The Treasury business basically includes services such as foreign currencies exchange (Buy/ Sell), money market operations as well as specific services such as foreign currency forward contracts, placements of funds, inter bank borrowings, investments in securities and government bonds and instruments.

Trade Finance: The function basically involves issuance of letters of credit and bank guarantees. Letter of credit is an undertaking/promise given by a Bank on behalf of the Buyer/Importer to the Seller/Exporter to make or receive payments upon the receipt of LC documents. Bank guarantee is an undertaking/promise given by a Bank on behalf of the applicant and in favor of the Beneficiary.

Card business basically involves providing various type of card services like debit card credit card, prepaid card POS terminal etc.

Remittance: The business basically involves receiving remittances money from remitters outside Nepal and within Nepal. It is a means of money transfer between two persons. Remitters can send money to NIMB from any part of the globe through our correspondent banks, exchange houses and banks in the Middle East and using Prithivi Express, our in-house remittance software. NIMB is the authorized agent of leading remittance companies of the world including UAE, Qatar, Saudi Arabia, Malaysia, United States and United Kingdom.

Notes

1. Revenue from external customers: the revenue from external customers have been segregated in accordance with the nature and the type of the segment.
2. Inter segment revenue: Bank does not have inter unit cost charging mechanism therefore inter segment revenue is not disclosed
3. Net Revenue: Net revenue is same as the revenue from external customers as there is no intersegment revenue.
4. Interest Revenue: Total interest income is bifurcated into those from the loans and advances to the customers and interest earned from investments.
5. Interest Expense: Interest expense has been apportioned on the basis of the interest revenue

6. Net interest revenue: Net interest revenue is Interest revenue less interest expense
7. Depreciation and amortisation: Bank's assets are managed centrally, depreciation and amortisations are apportioned according to income generation capacity of segments.
8. Segment Profit / Loss: the profit before tax has been apportion on the basis of the net revenue from external customers in absence of cost allocation data for each of the reported segment
9. Profit from associates under equity method has been shown separately
10. Other material non-cash items: - Bank does not have basis of allocation non-cash assets to the segments, as it operates as a single comprehensive business unit.
11. Impairment of assets: has been allocated to the specific segment assets
12. Segment Assets: Segment assets have been allocated in accordance with the nature of the assets

Risk Management Process

Nepal Investment Mega Bank has tailored its risk management program to its needs and circumstances. Regardless of the risk management program design, each program should cover:

Risk identification

In order to properly manage risks, an institution must recognize and understand risks that may arise from both existing and new business initiatives; for example, risks inherent in lending activity include credit, liquidity, interest rate and operational risks. Risk identification should be a continuing process, and should be understood at both the transaction and portfolio levels.

Risk Measurement

Once risks have been identified, they should be measured in order to determine their impact on the banking institution's profitability and capital. This can be done using various simple models. Accurate and timely measurement of risk is essential to effective risk management systems. An institution that does not have a risk measurement system has limited ability to control or monitor risk levels. Banking institutions should periodically test their risk measurement tools to make sure they are accurate. Good risk measurement systems assess the risks of both individual transactions and portfolios.

Risk Monitoring

Institutions should put in place an effective management information system (MIS) to monitor risk levels and facilitate timely review of risk positions and exceptions. Monitoring reports should be frequent, timely, accurate, and informative and should be distributed to appropriate individuals to ensure action, when needed.

Risk Control

After measuring risk, an institution should establish and communicate risk limits through policies, standards, and procedures that define responsibility and authority. These limits should serve as a means to control exposure to various risks associated with the banking institution's activities. Institutions may also apply various mitigating tools in minimizing exposure to various risks. Institutions should have a process to authorize and document Exceptions or changes to risk limits when warranted.

A sound risk management system should have the following elements:

- Active board and senior management oversight; (BMO)
- Adequate policies, procedures and limits; (PPL)
- Adequate risk measurement, monitoring and management information system (MIS); and Comprehensive internal controls. (ICs)

Active Board and Senior Management Oversight

Boards of directors have ultimate responsibility for the level of risk taken by Nepal Investment Mega

Bank Limited. Accordingly, they should approve the overall business strategies and significant policies of NIMB, including those related to managing and taking risks, and should also ensure that senior management is fully capable of managing the activities that NIMB undertake. While all boards of directors are responsible for understanding the nature of the risks significant to NIMB and for ensuring that management is taking the steps necessary to identify, measure, monitor, and control these risks.

Senior management is responsible for implementing strategies in a manner that limits risks associated with each strategy and that ensures compliance with laws and regulations on both a long-term and day-to-day basis. Accordingly, management should be fully involved in the activities of NIMB and possess sufficient knowledge of all major business lines to ensure that appropriate policies, controls, and risk monitoring systems are in place and that accountability and lines of authority are clearly delineated. Senior management is also responsible for establishing and communicating a strong awareness of and need for effective internal controls and high ethical standards.

Strategies and Processes

Credit risk process is a joint effort between its marketing and credit areas. Relationship managers and account officers on one hand, and the credit officers on the other are engaged in analyzing inherent risks in the customer's business, ability to repay and structure a facility that simultaneously accommodates the financing needs, while assuring seniority, protection and control of the Bank's assets and collateral.

The Structure and Organization of the Relevant Risk Management Function

The Board of Directors (BOD) is the ultimate authority in the decision making process. The process, however, is initiated at the business unit officers / business unit heads / ALCO level, Risk Management department and goes through the Chief Executive Officer, Risk management committee and the BOD. The risk management stops at different levels depending on the Bank's policy relating to approval discretions. Further policy manuals on credit, asset liability, information technology & operations are also available to guide the staff on day to day business.

The Scope and Nature of Risk Reporting and / or Measurement Systems

INDEPENDENT AUDITOR'S REPORT
TO THE SHAREHOLDERS OF NIMB ACE CAPITAL LIMITED

Report on the audit of the financial statements

Opinion

We have audited the financial statements of **NIMB ACE Capital Limited** (the Company), which comprise the statement of financial position as at Ashad 31, 2081 (July 15, 2024), and the statement of profit or loss and other comprehensive income, the statement of changes in shareholders' equity, the statement of cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at Ashad 31, 2081 (July 15, 2024), and its financial performance and its cash flows for the year then ended in accordance with Nepal Financial Reporting Standards (NFRSs).

Basis for opinion

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics for professional accountant issued by Institute of Chartered Accountants of Nepal (ICAN) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2063 and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAN's Code of Ethics for professional accountants. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the year ended on Ashad 31, 2081 (July 15, 2024). These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matters	***How our audit addressed the key audit matter***
Investments *(Refer Note 14 "Financial instruments and fair value measurement" and Note 15 "Investments" of the financial statements)*	
Investment of the Company comprises of quoted and unquoted marketable equity shares of various companies, fixed deposits in various banks and financial institutions, investment in mutual funds as seed capital, investment in marketable mutual funds, private equity and debentures. The valuation of the investments is done in compliance with Nepal Financial Reporting Standards (NFRS) – 9: Financial Instruments. Investment in marketable equity securities and mutual funds are valued at fair value through profit and loss (FVPL). The investment in debentures and fixed deposits with various banks and financial institutions are valued at amortized cost.	Our audit procedures included the following: ▪ Tested the design implementation and operating effectiveness of key controls over valuation process of investments. ▪ Assessed appropriateness of the valuation techniques with reference to NAS 39 – Financial Instruments: Recognition and Measurement read together with NFRS 9 – Financial Instruments along with the Company's own valuation policy. ▪ We have agreed a sample of year-end investment holdings to external valuations and custody sources to verify the valuation and existence of these investments. ▪ Obtained an understanding of price verification control, which is designed to

Key audit matters	*How our audit addressed the key audit matter*
The valuation of the investment requires special attention and further in view of the significance of the amount of the investment in the financial statements, the same is considered a key audit matter in our audit.	review the appropriateness of valuation methodologies to derive model inputs. ▪ Based on our audit procedures performed, we concluded that the valuation of level 1 and level 3 financial instruments is appropriate.
Revenue Recognition *(Refer Note 3 "Revenue" and Note 3.1 "Revenue from operation" of the financial statements)*	
Revenue comprises of issue and sales management income, underwriting fee, share registrar income, portfolio management service income, fund management fee, mutual fund depository fee, DP income, collection commission income, advisory income and other operating income. The Company also recognizes net changes in gain / (losses) on financial assets and liabilities at FVPL as a part of revenue in its financial statements. Since the management considers revenue as a key measure of evaluation of performance, there is a risk of revenue being recorded before service is rendered and is not recognised in the correct period.	Our audit procedures included the following: ▪ Obtained and read the Company's revenue accounting policy on revenue recognition in accordance with the requirements of NFRS 15 – Revenue from Contracts with Customer. ▪ Understood and tested the design, implementation and operating effectiveness of key controls over revenue generation and its recognition. ▪ Obtained clear understanding of the process of operating and deriving income from mutual funds and portfolio management services as per directives issued by the Securities Board of Nepal (SEBON) and understood the process of booking such revenue. ▪ Tested on a sample basis the recorded revenue to ensure that the revenue is recorded when the right to receive has been established and the management is certain to receive such an amount. ▪ Verified on a sample basis the related documents include portfolio management service income calculations and mutual fund management fee income therein as per regulatory requirements and internal policies of the Company along with cash receipt with special attention to the timestamp thereto so as to ascertain the correctness of period of revenue recognition. ▪ Based on our audit procedures performed, we concluded that the revenue from merchant banking operation recognition is appropriate.

Information other than the financial statements and auditor's report thereon

The management of the Company is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement therein, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

The management of the Company is responsible for the preparation and fair presentation of the financial statements in accordance with NFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with NSAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

We report that:

a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.

b. In our opinion, proper books of account as required by law have been kept by the Company, so far as it appears from our examination of those books.

c. The enclosed statements of financial position, statements of profit or loss and other comprehensive income and statement of cash flows have been prepared in conformity with the provision of the Company Act, 2063 and the same are in agreement with the books of account maintained by the Company.

d. In our opinion and to the best of our information and according to the explanations given to us, the board or any member thereof or any employee of the Company has not acted against the provision of law relating to the accounts nor caused loss or damage to the Company or misappropriated the funds of the Company.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF N.I.M.B STOCK MARKETS LIMITED

Reports on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **M/s N.I.M.B. Stock Markets Limited** (hereinafter referred to as "the Company"), which comprises statement of financial position as at Ashadh 31, 2081 (corresponding to July 15, 2024), statement of profit or loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended and notes to the financial statements including a summary of significant accounting policies.

In our opinion, the accompanying financial statements gives a true and fair view, in all material respect, the financial position of the Company as at Ashadh 31, 2081 and its financial performance and its cash flows for the year then ended in accordance with Nepal Financial Reporting Standards (NFRS) and comply with Companies Act, 2063.

Basis for Opinion

We conducted our audit in accordance with Nepal Standards on Auditing (NSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of financial statements section of our report. We are independent of the Company in accordance with the code of ethics for the professional accountant issued by The Institute of Chartered Accountants of Nepal together with the ethical requirement that is relevant to our audit of the financial statements under the provisions of the Company Act, 2063, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAN code of ethics for professional accountants. We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended on Ashad 31, 2081 (corresponding to July 15, 2024). These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key matter to be communicated in our report.

Key audit Matter	How our audit addressed the key audit matter
1. Revenue from Operation(Note 14a) Revenue from Operation (hereinafter referred to as "Revenue") for brokerage services (e.g., trading commissions, investment advisory fees, portfolio management) can involve complex estimations, especially for contingent or performance-based fees. The timing of revenue recognition is relevant to the reported performance of the Company. The management considers revenue as key measure of evaluation of performance.	Our audit procedures including following: • Assessed the Company's accounting policies on revenue recognition in line with NFRS 15 (Revenue from Contract with Customer) and tested thereof. • Evaluated the integrity of the Company's general information and technology control environments and tested the operating effectiveness of IT application control over the revenue recognition. • Performed detailed analysis of revenue, tested the timing of the recognition and accuracy of the amounts recognized and verification of the supporting information of the Revenue transactions. • Tested the supporting documents for selected sample of service transactions recoded during the period closer to the year end and subsequent to the year end to evaluate whether Revenue was recognized in the correct period.

Information Other Than the Financial Statements and Auditor's Report Thereon

The management of the Company is responsible for the other information. The other information comprises the information included in the annual report, but does not included the financial statements and our auditor's report thereon.
Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.
If, based on the work we have performed, we concluded that there is a material misstatement therein, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements
Management of the Company is responsible for the preparation and fair presentation of the financial statements in accordance with the NFRS, and for such internal control as management determines is necessary to enable preparation of the financial statements that are free from material misstatements, whether due to fraud or error.
In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with NSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
As part of an audit in accordance with NSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidences that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statement or, if such disclosure are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements. We are responsible for the direction, supervision, and performance of the Company audit. We remain solely responsible for our audit opinion.

We communicated with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit finding, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters were of most significant in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweight the public interest benefits of such comment.

Report on Other Legal and Regulatory Requirements

On the basis of our examination, we would like to report that:

a. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose for our audit.
b. The enclosed statement of financial position, statement of profit or loss and other comprehensive income and statement of cash flow have been prepared as per the Company Act, 2063 are in agreement with the books of account maintained by the Company.
c. In our opinion, proper books of accounts as required by law have been kept by the Company, so far as appears from our examination of those books.
d. In our opinion and to the best of our information and according to the explanations given to us and from our examination of the books of account of the Company, we have not come across the cases where the Board of Directors or any member thereof or any employee of the Company has acted contrary to the provisions of law or caused loss or damage to the Company relating to the accounts of the Company
e. We have not come across any fraudulence in accounts, so far as it appeared from our examination of books of accounts.
f. The operation of the company has been found satisfactory.
